Can't access your account?	

## On Phone

4. After you enter your password, you will be presented with this window in your computer's browser:

5. Tap the push notification to input the code from your PC into the Microsoft Authenticator app on your phone.

6. Enter the code from your computer's browser into the Microsoft Authenticator app, then tap "Yes".

7. After entering the code on your phone, your browser will automatically display the following window, asking if you would like to stay signed in. Click "Yes" if you would like to be automatically signed in when you use the current browser, or "No" if you would like to be prompted to sign in every time you use Microsoft Office 365.
