Accreditation
Victoria College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and associate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of Victoria College.

Documentation of Victoria College's accreditation is located in the Office of the Vice President of Instruction and may be reviewed by all interested parties.

Interested constituents may contact the Commission on Colleges to learn about the accreditation status of the institution for alleged noncompliance with a standard or requirement. The Commission is to be contacted only if there is evidence that appears to support an institution's significant noncompliance with a requirement or standard. Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to Victoria College and not to the Commission's office.

Statement of Nondiscrimination
Victoria College does not discriminate on the basis of race, color, religion, national origin, gender, pregnancy, age, disability, genetic information, marital status, amnesty, veteran's status, or limited English proficiency. It is our policy to comply, fully, with the nondiscrimination provision of all state and federal rules and regulations.
VC Mission, Vision, & Values

Vision

Our Community, Our College: Improving Lives, Strengthening Communities

Empowering each student to achieve excellence in an environment that cultivates personal relationships among students, faculty, and staff.

Being the catalyst for educational attainment, economic growth, and cultural enrichment in partnership with business, industry, community groups, and all levels of education.

Mission

Victoria College is a public, open-admission college. Our mission is to provide educational opportunities and services for our students and the communities we serve. Victoria College provides:

Associate Degrees and Certificates – Programs leading to the Associate of Arts, Associate of Science, Associate of Applied Science, and Certificates that meet the needs of the students and communities within our service area.

University Transfer – Academic courses that apply to baccalaureate degrees and meet the educational needs of students planning to transfer to a university.

Career & Technical Education – Credit courses and programs designed to satisfy local and regional employer demands and meet individuals' workforce training needs.

Academic Foundations – Compensatory education courses consistent with open-admission policies designed to prepare students effectively for success in college-level studies.

Continuing Education – Noncredit courses and programs that meet the immediate technical and occupational skills needs of employers and the individual, and fulfill the personal enrichment and cultural needs of the individual and the community.

Adult Education – Adult education, basic skills, and English as a second language instructional programs that meet the specific educational needs of our adult constituency.

Student Support – Services and activities that support student success, including academic guidance and counseling services.

Cultural and Intellectual Outreach – Educational activities and events that enhance our community's quality of life.
Values
Victoria College’s commitment to its mission is guided by the following values:

We value integrity. Victoria College will foster an environment of respect, honesty, openness, and fairness and will promote responsible stewardship of resources and public trust.

We value respect for the unique characteristics and abilities of individuals. Victoria College will welcome and promote diversity among students, faculty, staff, and our community, while cultivating a respectful, collegial, and accessible working and learning environment.

We value student achievement and student success. Victoria College will create learning opportunities that challenge our students and help them meet their educational goals.

We value excellence. Victoria College will strive to achieve the highest standards of performance in teaching and in the services we offer students, colleagues, and our community.

Please Note
Information in Victoria College’s 2016-2017 Catalog is accurate as of July 1, 2016.

Please refer to the Victoria College website at VictoriaCollege.edu for current information.

While the College endeavors to provide current and accurate information in this catalog, information contained herein is for informational purposes only and is subject to change without notice. Courses, faculty assignments, prerequisites, graduation or completion requirements, standards, tuition and fees, policies, practices, and programs may be changed from time to time. Courses may not be offered each semester or each year. If you have any questions, you may contact the appropriate department or unit at the contact numbers in this catalog.

Notwithstanding the information provided in this catalog, the College retains the exclusive right to judge academic proficiency and may decline to award any degree, certificate, or other evidence of successful completion of a program, curriculum, or course of instruction based thereupon. The College retains the exclusive right to interpret this catalog; to amend, modify, suspend, or cancel any of the policies, programs, or practices in this catalog; and to take any action in the administration of the policies, programs, or practices in this catalog that the College deems appropriate.

Admission to College

Equal Educational Opportunity
Victoria College does not discriminate on the basis of race, color, religion, national origin, gender, pregnancy, age, disability, genetic information, marital status, amnesty, veterans status, or limited English proficiency. It is our policy to comply fully with the nondiscrimination provision of all state and federal rules and regulations.

Required State Testing
Texas Success Initiative (TSI)
Texas Administrative Code Title 19, Part 1, Chapter 4, Subchapter C requires that all students entering Texas public institutions of higher education are assessed by a state-approved test in the areas of reading, math, and writing to ensure that basic skills are met before enrolling in college-level courses. This includes all full-time and part-time students. Performance on the test will not be used as a condition of admission.

Assessment Test for TSI Completion:
The Texas Higher Education Coordinating Board (THECB) has established the TSI Assessment as the sole instrument for measuring TSI completion. THECB has determined the following scores for determining college readiness.

TSI Assessment:
Reading: 351
Math: 350
Writing: At least a 350 and essay score at least a 5; OR At least a 363 and an essay score of 4; OR Less than a 350 and an ABE Diagnostic at least a 4 and essay score of at least a 5.

TSI Completion:
TSI Completion is achieved by one or more of the following conditions:

- Meeting minimum standards in reading, math, and writing on the TSI assessment
- Earning an SA, SB, or SC in the appropriate level academic foundations course for area(s) not meeting minimum standards on an assessment test
- Other institutional criteria – Students who entered Victoria College in Spring 2004 and after who were assessed and earned college credit prior to Fall 1989 will be required to contact Advising & Counseling Services to receive individual determination concerning assessment and placement. TASP exemptions made prior to Spring 2004 for students who earned 3 hours or more before Fall 1989 will be honored
- Producing evidence of an established exemption (see exemptions page 21)
Exemptions:

a. The following students shall be exempt from the requirements of this title:

(1) For a period of five (5) years from the date of testing, a student who is tested and performs at or above the following standards:
   (A) American College Test (ACT): composite score of 23 with a minimum of 19 on the English test and/or the mathematics test shall be exempt for those corresponding sections;
   (B) Scholastic Assessment Test (SAT): a combined critical reading and mathematics score of 1070 with a minimum of 500 on the critical reading test and/or the mathematics test shall be exempt for those corresponding sections; or

(2) For a period of three (3) years from the date of testing, a student who is tested and performs on the Texas Assessment of Academic Skills (TAAS) with a minimum scale score of 1770 on the writing test, a Texas Learning Index (TLI) of 86 on the mathematics test and 89 on the reading test.

(3) For a period of three (3) years from the date of testing, a student who is tested and performs on the 11th grade exit-level Texas Assessment of Knowledge and Skills (TAKS) with a minimum scale score of 2200 on the math section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3, shall be exempt from the assessment required under this title for those corresponding sections.

(4) A student who has graduated with an associate or baccalaureate degree from an institution of higher education.

(5) A student who transfers to an institution from a private or independent institution of higher education or an accredited out-of-state institution of higher education and who has satisfactorily completed college-level coursework as determined by the receiving institution.

(6) A student who has previously attended any institution and has been determined to have met readiness standards by that institution.

(7) A student who is enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent) at a public junior college, a public technical institute, or a public state college.

(8) A student who is serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment.

(9) A student who on or after August 1, 1990, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States.

b. An institution may exempt a non-degree-seeking or non-certificate-seeking student.

c. Any student who has been determined to be exempt in mathematics, reading, and/or writing under subsection (a) or (b) of this section shall not be required to enroll in developmental coursework and/or interventions in the corresponding area of exemption.

d. A student who successfully completes (makes at least a 70 or higher on the final exam) a college preparatory course is exempt from the TSI requirements with respect to the content area of the course. An exemption to TSI is not the same as completing TSI requirements according to the rules and regulations of House Bill 5. This exemption applies only at Victoria College.
**Immunizations**

**Bacterial Meningitis (Senate Bill 1107) Effective January 1, 2012**

During the 82nd Texas Legislative session, Senate Bill 1107 was passed. This bill requires all new students, transfer students, and returning students who have had a fall or spring semester break in their attendance at an institution of higher education to provide proof of bacterial meningitis vaccination (or a booster dose) **10 days prior to the first class day** of the entering semester. Without the evidence of vaccination, a student **cannot register for classes**. This law became effective January 1, 2012.

1. This bill applies to:
   a. New student--a first-time student of an institution of higher education or private or independent institution of higher education, including a student who transfers to the institution from another institution;
   b. Returning student--a student who previously attended an institution of higher education or private or independent institution of higher education before January 1, 2012, and who is enrolling in the same or another institution of higher education or private or independent institution of higher education following a break in enrollment of at least one fall or spring semester.

2. Evidence of Vaccination--Acceptable evidence of vaccination or receiving a booster dose includes:
   a. the signature or stamp of a physician or his/her designee or public health personnel on a form which shows the month, day, and year the vaccination dose or booster was administered;
   b. an official immunization record generated from a state or local health authority; or
   c. an official record received from school officials, including a record from another state.

3. **Exceptions**
   a. A student is not required to submit evidence of receiving the vaccination against bacterial meningitis or evidence of receiving a booster dose if:
      1. the student is 22 years of age or older by the first day of the start of the semester in which they will be attending classes, or
      2. the student is enrolled only in online or other distance education courses and is not required to attend any course meetings, including final exams, on campus; or
      3. the student is enrolled in a continuing education course or program that is less than 360 contact hours, or workforce & continuing education corporate training; or
      4. the student is enrolled in a dual credit course which is taught at a public or private K-12 facility not located on a higher education institution campus; or
      5. the student is incarcerated in a Texas prison.

   b. A student, or a parent or guardian of a student, is not required to submit evidence of receiving the vaccination against bacterial meningitis if the student, or a parent or guardian of a student, submits to the institution:
      1. an affidavit or a certificate signed by a physician who is duly registered and licensed to practice medicine in the United States, in which it is stated that, in the physician's opinion, the vaccination required would be injurious to the health and well-being of the student; or
      2. an affidavit signed by the student stating that the student declines the vaccination for bacterial meningitis for reasons of conscience, including a religious belief.
Application for Admissions

Prospective students apply for admission to Victoria College by completing an online application at ApplyTexas.org. Admission to Victoria College does not guarantee admission to specific courses or programs. Admission requirements for certain programs differ from general admission requirements. Students should refer to the specific Allied Health or Career and Technical degree plan for selective admission requirements.

Methods of Admission

Beginning Freshmen

a. High School Graduates: Graduates from an accredited high school must have an official copy of their school transcript showing a graduation date on file before final admission is granted.

b. Home School Graduate: Graduates from a home school must have an official copy of their school transcript showing a graduation date on file before admission is granted. Home Schooled students must complete the Home School Verification Form with Admissions.

c. GED: Applicants who successfully complete the General Education Development (GED) Test and receive the Certificate of High School Equivalency must have their test scores and Certificate of Equivalency on file with the Admissions & Records Office before final admission can be granted.

d. Nonaccredited High School Graduate: Students who are under 18 years of age and who are applying for admission based on the completion of an independent study equivalent to the high school level in a nontraditional setting rather than through a public high school, accredited private high school, or home school may be admitted on an individual approval basis provided that they:
   1. Present a notarized record of the high school equivalent work completed and the date of successful completion. This work should be consistent with Texas Education Agency minimums for high school completion;
   2. Comply with institutional testing requirements;
   3. Agree to limitations or conditions of admission established by the institution.

e. Dual Credit/Early Admission: All students eligible for dual credit/early admission enrollment must submit an application to Victoria College and schedule an appointment with a College Recruitment Specialist for information on additional required documents. To schedule an appointment, contact the Victoria College Pre-College Programs Office at (361) 485-6823.

f. Transfer Students: Students who have attended another college must present an official transcript from each college attended as well as assessment scores (for students who are not assessment exempt). An official high school transcript or GED certificate is also required for transfer students who have earned less than 12 hours of credit. The record of work done at another institution will be evaluated according to the minimum standards in effect. All admission documents should be sent to the Admissions & Records Office prior to registration. For transfer credit information, see Transfer Credit Policy on page 57 in the Victoria College Catalog.

g. Transient Students: Students who attend another institution of higher education that is considered their home institution. Students may take up to three courses per semester at Victoria College with the approval of their home institution. Students are required to submit required immunization records, an application to Victoria College via Applytexas.org, and a completed Victoria College Transient Approval Form signed by the student's home institution's Registrar/designee.

h. Foreign Students: Victoria College recognizes three categories of noncitizen students. The following admission requirements apply to students who are not U.S. citizens:
   1. Permanent Residents: Submit a copy of the I-797 and green card, and then meet the same admission requirements as a U.S. citizen.
2. Refugee: Submit a copy of form I-94 indicating refugee status and then meet the same admission requirements as a U.S. citizen.

3. Nonimmigrant: The following requirements apply to all applicants holding a nonimmigrant visa issued by the U.S. Bureau of Citizenship and Immigration Service (USCIS):
   • Completed Application for Admission
   • Completed Application for I-20
   • Transcripts – Translated and evaluated by an approved Evaluation Service*
   • Official TOEFL Score
     Report with minimum score requirement of 500 for paper version; 173 for computer-based version; 61 for Internet-based version (www.toeflgoanywhere.org)

4. Requirements for students transferring from another U.S. college or university:
   • Official transcript from transfer school, copy of I-20 from that school, and advisor’s report
   • Financial documents – letter of financial backing and bank statement(s)/bank letter showing U.S. equivalency
   • Texas Success Initiative (TSI) Assessment Exam (THEA, Compass, Accuplacer, Asset, etc.). Students applying for an F-1 Visa (student visa) will need to have an I-20 application form completed and returned to the Admissions & Records Office. The I-20 may be processed after all of the above requirements have been met. Requests for I-20’s should be made at least 60 days prior to the semester in which the student plans to enroll. Once the I-20 has been issued, the prospective student must also complete an I-901 form and submit with appropriate fee via internet, telephone, or mail to USCIS.

i. Individual Approval: Applicants not meeting the requirements for admissions listed above will be required to provide evidence they can complete college-level work. An Individual Approval form (www.VictoriaCollege.edu/Images/Files/StudentServices/Individual_Approval_Form.pdf) must be completed and the Registrar or the Vice President of Instruction or designee will determine eligibility for admittance to Victoria College.

*Victoria College accepts foreign transcripts evaluated by an approved evaluation service. The current list of approved evaluation services can be located at: www.VictoriaCollege.edu/InternationalStudents
Conditional Admission
Students who submit an application to the College must meet the requirements described in the METHODS OF ADMISSION sections. Students will be accepted and admitted conditionally for one semester. Students will only be allowed until the end of the first semester they are enrolled to submit all required documentation. Students who do not provide the required documentation will not be allowed to re-enroll until all documents are received. Students who have an administrative hold on their records will not be able to obtain a copy of their transcript.

Residency Requirements
Each student must show proof of both Texas and Victoria College District residency in order to pay resident and in-district tuition and fees. If, after submitting an application to Victoria College, there remain questions as to the student’s proper residency classification, the student must provide a copy of one or more appropriately dated documents which will establish Texas or in-district residency. The student is responsible for enrolling under the proper residency classification and for providing documentation as required by the institution. If there is any question about classification as a resident of Texas, the student must seek clarification from the Admissions & Records Office.

Transcripts
Transcripts must bear the college seal, date, and appropriate signature and arrive at the Admissions & Records Office in their original sealed envelope to be considered official. All transcripts delivered electronically directly to Victoria College via a secure transcript delivery system are considered official. Transcripts that indicate coursework in progress will not satisfy the requirement for an Official Transcript.

Submitted Documents
Students are responsible for submitting the required documents to the Admissions & Records Office. All documents submitted become the property of Victoria College and cannot be returned to the student. Students who need copies of submitted documents should contact the issuing institution, agency, etc. directly. This includes college and high school transcripts, GED records, immunization records, etc.

Determining State Residency
The rules for determining state residency are:
- Individuals 18 years of age or over who lived in Texas 12 months before enrolling are entitled to classification as a resident.
- For dependents over 18, residency is determined by the parent who claims the student for federal income tax purposes both at the time of enrollment and for the tax year preceding enrollment.
- Persons classified as nonresident students upon first enrollment are presumed to be nonresident for the period during which they continue as students.
- Students enrolling before having resided in the state for 12 months immediately preceding time of enrollment are classified as nonresidents for tuition purposes.
The following are some of the documents that can be used to provide evidence of Texas residency:

1. A transcript showing graduation from a Texas high school within the 12 months before enrollment
2. A permanent Texas driver’s license issued at least 12 months prior to the time of enrollment
3. A W-2 form or pay statement showing employment in Texas at least 12 months preceding enrollment
4. Purchase of a homestead at least 12 months preceding enrollment
5. Voter registration card issued at least 12 months prior to the time of enrollment

Determining In-District Residency
Once students have met the state residency requirements, they can verify their in-district (Victoria County) residency of at least six months by presenting one or more of the following types of documentation. This documentation must show an in-district address for the six months immediately prior to enrollment:

1. A permanent Texas driver’s license with current address
2. A lease agreement which includes the student’s name
3. A utility bill
4. A voter registration card
5. A payroll check stub
6. A property tax statement showing payment of Victoria College District taxes
7. A notarized statement which includes student’s name and address (from a third party)

The Board of Trustees of Victoria College authorizes the waiver of the difference in the rate of tuition for the out-of-county or nonresident and in-county student or his/her dependent(s), who owns property purchased by or before time of enrollment which is subject to ad valorem taxation by the Victoria County Junior College District. The individual, or his/her dependents, applying for such waiver shall verify property ownership by presentation of an ad valorem tax statement or receipt, issued by the tax office of the District; or by presentation of a deed, property closing statement, or other appropriate evidence of ownership of property which is subject to ad valorem taxation by the District. This must be done prior to registration.

Military Personnel and Dependents
Persons in military service are presumed to maintain during their entire period of active service the same legal residence which was in effect at the time of entering the service. Education Code 54.058(b) provides that military personnel assigned to duty within the state of Texas, their spouses and their dependent children, shall be entitled to pay the same tuition as a resident of Texas regardless of the length of their physical presence in the state. To be entitled to pay resident tuition, military personnel shall submit at initial time of enrollment a statement from their commanding officer regarding their military status. This statement also must be obtained if active duty members seek resident tuition for their spouses or dependents. This statement is valid for one academic year. Each fall semester begins a new academic year at which time another form must be submitted.

Academic Fresh Start
An applicant for admission who is a Texas resident may seek to enter Victoria College pursuant to the Academic Fresh Start statute, Texas Education Code, 51.931. The applicant must complete the Academic Fresh Start Petition and submit it to the Admissions & Records Office prior to registration. Under the provision of this statute, the institution will not consider academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute may not receive any course credit for courses taken 10 or more years prior to enrollment. For more information, contact the Admissions & Records Office. Academic Fresh Start clears only your academic record. When deciding your eligibility for financial aid, the Financial Aid Office must still count all prior credits earned.
Requesting a Victoria College Transcript
Upon graduation, a student may request up to two official printed transcripts at no charge. After the second request for an official printed transcript, the cost will be $10 per printed transcript.

To request an official transcript, visit the Welcome Center or complete the form available at www.VictoriaCollege.edu/TranscriptRequest.

Please note: Any student who has an administrative hold in the college information system will not be able to view grades, receive refund checks, enroll for a consecutive semester, or receive transcripts.

Pirate Orientation
Orientation is designed to acquaint new students with the Victoria College campus and the various resources that can enhance both personal development and academic success. All incoming freshmen are required to participate in a Pirate Orientation prior to registration for courses. Failure to do so will result in a hold on the student's account. Established dates and times for Pirate Orientation can be located within the Pirate Portal Registration folder.

In order to participate in a Pirate Orientation students must:
1. Complete a Victoria College Application for Admission,
2. Submit assessment scores (unless exempt), and
3. Submit an official high school transcript.

Once students have completed these admission requirements, registration can be completed in the Victoria College Advising & Counseling Services Office or through web registration (if eligible).

For additional information, call (361) 582-2400.

Learning Frameworks
All incoming freshmen with fewer than 13 hours are required to enroll in SDEV 0301. EDUC 1300 may be substituted for SDEV 0301.

Health Career Programs
Applicants for any health career, fire science, or emergency medical services programs must meet special entrance requirements and complete a departmental application form, in addition to completing the general Victoria College application for admission and meeting general admission requirements.

ACT, SAT, or TEAS V exam scores may be required for admission. The Department of State Health Services and Victoria College require that these students receive adequate immunization prior to clinical learning experiences.

Students’ Right to Review Information
With a few exceptions, students have the right to request, receive, review, and correct information collected on the application for admission. Each semester, students participating in advisor-assisted registration and self-registration have an opportunity to review, correct, and verify application information as part of the registration process. For more information regarding 20 USC 1232G – Family Educational Rights and Privacy Act, visit http://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html.
Curriculum

Field of Study Curriculum
The Field of Study Curriculum is a set of courses that will satisfy the lower-division academic requirements for a bachelor’s degree in a specific academic area. All public four-year/upper level institutions are required to accept the Field of Study Curriculum in fulfillment of those lower-division courses required in majors that correspond to the field of study. Approved Field of Study Curriculum is defined by the Texas Higher Education Coordinating Board. Information concerning approved Field of Study Curriculum can be found at www.thecb.state.tx.us. Victoria College does not offer all Field of Study courses. More information is also available through Advising & Counseling Services.

General Education
As an institution of higher education, Victoria College embraces the philosophy that a well-educated person understands multiple perspectives about the individual and the world in which he or she lives; discusses and reflects upon individual, political, and social aspects of life so as to understand ways in which to exercise responsible citizenship; and integrates knowledge and understands the interrelationships of the disciplines.

The Victoria College Core Curriculum is designed to provide students with the general education expected of any well-educated person.

Core Curriculum
The core curriculum is a set of courses in the liberal arts, humanities, sciences, and political, social, and cultural histories that all undergraduates of an institution of higher education are required to complete before receiving a degree. **Completion of the core curriculum DOES NOT complete the requirements for an associate's degree.** In order to fulfill the College's academic standards and in an attempt to help the students become well-rounded, educated individuals, the core curriculum on page 32 is required.

If a student successfully completes the core curriculum at an institution of higher education, that block of courses may be transferred to any other institution of higher education and must be substituted for the receiving institution's core curriculum. A student shall receive academic credit for each of the courses transferred and may not be required to take additional core curriculum courses at the receiving institution unless the Texas Higher Education Coordinating Board has approved a larger core curriculum at that institution.

Full degree requirements can be found on pages 33-36.
A student who completes the Core Curriculum at Victoria College will have acquired the knowledge and skills necessary to gain a foundation of knowledge of human culture and the physical and natural world; develop principles of personal and social responsibility for living in a diverse world; and advance intellectual and practical skills that are essential for all learning.

**Demonstrate critical thinking**, including the ability to
- conduct an inquiry into a concept by close examination or analytical interpretation,
- examine evidence, explanations, and/or problem-solving methods,
- synthesize individual argument components into a meaningful, coherent whole, and
- create an artifact that uses evidence to form a coherent conclusion or by taking an innovative approach to a given task.

**Communicate effectively**, including the ability to
- produce an artifact for the intended audience that includes word choice, tone, and sentence length and structure;
- produce an artifact with organized ideas, logical flow, transitions, and appropriate format;
- develop the idea or content with relevant research, reasoning, evidence, and detail; and
- utilize conventions appropriately which may include punctuation, capitalization, spelling, documentation, etc.

**Utilize empirical and quantitative skills**, including the ability to
- identify the information that is being sought and the type of analysis required,
- assimilate the information required for analysis in an organized manner,
- analyze the relevance and/or logic of the steps taken toward achieving the desired outcomes, the clarity within the methods, and the consistency and accuracy of the information; and
- present the outcome of the analysis in which a clear conclusion is conveyed.

**Demonstrate teamwork**, including the ability to
- contribute to the completion of the given assignment through materials, effort, and/or leadership;
- cooperate with the group to finalize ideas and plans of actions while demonstrating a good attitude, sharing information, acknowledging a shared purpose, and problem-solving techniques; and
- manage him/herself in regard to work ethic, ability to meet deadlines, ability to prioritize projects, and ability to focus on the task at hand.

**Demonstrate social responsibility**, including the ability to
- acknowledge the presence of different cultures,
- compare and/or contrast cultures within the United States and other parts of the world, and
- analyze and examine elements of citizenship within the cultures of the United States and other parts of the world.

**Demonstrate personal responsibility**, including the ability to
- identify the factors that create an ethical dilemma,
- identify and analyze the actions taken by those individuals and/or societies facing an ethical dilemma, and
- identify and/or predict logical consequences that arise from action(s).
Each component area of the Core Curriculum achieves the above listed competencies through the foundational component area outcomes listed below:

**Communications** focuses on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

1. Demonstrate writing or speaking processes.
2. Write or speak to an appropriate audience, for a specific purpose, and select appropriate communication choices.
3. Use appropriate evidence and reasoning to support claims.

**Mathematics** focuses on quantitative literacy in logic, patterns, and relationships. Courses involve the understanding of key mathematical concepts and the application of appropriate mathematical tools to the everyday experience.

1. Apply appropriate mathematical methods (e.g. arithmetic, algebraic, geometric, or statistical methods) to model and solve real-world situations; when appropriate, use technology.
2. Represent and evaluate basic mathematical information in written forms (e.g. numerically, graphically, or symbolically).
3. Use mathematical reasoning skills by interpreting mathematical models (e.g. formulas, graphs, tables, or illustrations) and draw inferences to develop convincing mathematical arguments.

**Language, Philosophy, and Culture** focuses on how ideas, values, beliefs, and other aspects of culture express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.

1. Demonstrate awareness of the scope and variety of works in the humanities.
2. Evaluate those works as expressions of individual and human values within an historical and social context.
3. Respond critically to works in the humanities.

**Creative Arts** focus on the appreciation and analysis of creative artifacts and works of the human imagination. Courses involve the synthesis and interpretation of artistic expression and enable critical, creative, and innovative communication about works of art.

1. Identify three period artistic styles.
2. Critically analyze two elements of works in the arts.
3. Identify terminology and principles that guide or govern the arts.

**Life and Physical Sciences** focus on describing, explaining, and predicting natural phenomena using the scientific method. Courses involve the understanding of interactions among natural phenomena and the implications of scientific principles on human experience.

1. Understand and apply method and appropriate technology to the study of life and/or physical science.
2. Collect data, use the data in calculations, interpret the data, and be able to present conclusions based on the data analysis.
3. Understand the interdependence of science and technology and their influence on, and contribution to, modern culture.
Social/Behavioral Sciences focuses on the application of empirical and scientific methods that contribute to the understanding of what makes us human. Courses involve the exploration of behavior and interactions among individuals, groups, institutions, and events, examining their impact on society and culture.

1. Employ the appropriate methods, technologies, and/or data that social and behavioral scientists use to investigate the human condition.
2. Examine institutions and/or processes across a range of historical periods, social structures, or cultures.
3. Use and critique alternative explanatory systems or theories.

American History focuses on the consideration of past events relative to the United States, with the option of including Texas history for a portion of this component area. Courses involve the interaction among individuals, communities, states, the nation, and the world, considering how these interactions have contributed to the development of the United States and its global role.

1. Examine social institutions and processes across a range of historical periods.
2. Analyze the effects of historical and global forces on the area under study.
3. Assess and analyze historical evidence.

Government/Political Science focuses on consideration of the Constitution of the United States and the constitutions of the states with special emphasis on that of Texas. Courses involve the analysis of governmental institutions, political behavior, civic engagement, and their political and philosophical foundations.

1. Analyze the effects of historical, social, political, economic, cultural, and global forces on the area under study.
2. Comprehend the origins and evolution of U.S. and/or Texas political systems, with a focus on the growth of political institutions, the constitutions of the U.S. and/or Texas, federalism, civil liberties, and civil and human rights.
3. Analyze, critically assess, and develop creative solutions to public policy problems.
4. Recognize and assume one's responsibility as a citizen in a democratic society by learning to think for oneself, by engaging in public discourse, and by obtaining information through the news media and other appropriate information sources about politics and public policy.

* Additional hours fall to Component Area Option or will fulfill degree requirements.
* Associate of Arts Degree – completion of two science courses with at least one course being a lab science course (may be used to satisfy core requirements).
* Associate of Science Degree – completion of two lab science courses (may be used to satisfy core requirements).
Degree/Certificate Requirements

Victoria College grants the following:
• Associate of Arts Degree
• Associate of Science Degree
• Associate of Applied Science Degree
• Certificates for selected
  Allied Health Programs
  Career & Technical Education Programs

Graduation Application

A student who is a candidate for graduation may apply at the Welcome Center. Victoria College will award degrees when earned as determined by a curriculum audit against the student's declared major.

Graduates with a Level 1 Certificate or higher are eligible to participate in the graduation ceremony.

Course Substitutions

Course substitutions may be considered for an Associate of Applied Science Degree or for the Certificate for selected Career, Health, and Technical Programs. Substitutions must be initiated with the appropriate department chair or dean. Career & Technical Education courses may not be substituted for general education courses.

Transfer Courses

If a student successfully completes the core curriculum at a Texas public institution of higher education, or receives a bachelor's degree from a regionally accredited college or university, that block of courses may be transferred to Victoria College and may be substituted for the Victoria College Core Curriculum. A student shall receive academic credit for each of the courses transferred and may not be required to take additional courses to complete the Victoria College Core Curriculum. Please visit the Advising & Counseling Services Office for more information.
Associate of Arts Degree – General Studies
Associate of Science Degree – General Studies

The Associate of Arts (AA) and Associate of Science (AS) degrees are the foundation of a Bachelor of Arts (BA) or Bachelor of Science (BS) degree. With careful planning, an AA or AS can fulfill the freshman and sophomore requirements for the BA or BS. Students who plan to transfer to a university after completing an AA or AS should meet with one of VC’s academic advisors to create an AA or AS customized to fit the requirements of the university to which they want to transfer. In addition to meeting transfer requirements, an AA or AS is often an appropriate degree for immediate entry into the workforce. Students should meet with an academic advisor to determine the best route to meeting your career goals.

*See Core Curriculum – Students should choose the specific course(s) required by the university department (major) to which you are planning to transfer.

*A minimum of 60 credit hours are need for completion. Please see your advisor to determine if these elective hours are needed.

1 Required for all first-time-in-college students.

Associate of Arts Degree

To earn an associate of arts degree, students must complete the following requirements:

1. Unconditional admission or the removal of all entrance conditions.
2. Completion of a minimum of 60 semester credit hours with at least a 2.0 grade point average. Only Victoria College courses will be used in grade point average calculation.
3. Completion of at least 25 percent of semester credit hours earned through instruction at Victoria College.
4. Meet minimum standards of all areas of the assessment test to satisfy the Texas Success Initiative or meet exemption requirements.
5. Completion of Core Curriculum (42 hours). See page 32.
6. Completion of either ENGL 1302 or ENGL 2311
7. Completion of BCIS 1305 or COSC 1301
8. Completion of one literature course (3 hours) in addition to core requirements. Select one course: ENGL 2322, 2323, 2327, 2328, 2332, 2333
9. Completion of two science courses with at least one course being a lab science course (may be used to satisfy core requirements).

¹ See Core Curriculum – Students should choose the specific course(s) required by the university department (major) to which you are planning to transfer.

¹ Required for all first-time-in-college students.

### Associate of Science Degree

To earn an associate of science degree, students must complete the following requirements:

1. Unconditional admission or the removal of all entrance conditions.
2. Completion of a **minimum of 60 semester credit hours** with at least a 2.0 grade point average. Only Victoria College courses will be used in grade point average calculation.
3. Completion of at least 25 percent of semester credit hours earned through instruction at Victoria College.
4. Meet minimum standards of all areas of the assessment test to satisfy the Texas Success Initiative or meet exemption requirements.
5. Completion of Core Curriculum (42 hours). See page 32.
6. Completion of either ENGL 1302 or ENGL 2311
7. Completion of BCIS 1305 or COSC 1301
8. Completion of one mathematics course (3-4 hours) in addition to core requirements. Select one course: MATH 1314, 1316, 1324, 1325, 1332, 1342, 2312, 2413, 2414.
9. Completion of two lab science courses (may be used to satisfy core requirements).
Associate of Applied Science Degree

To earn an associate of applied science degree, students must complete the following requirements:
1. Unconditional admission or the removal of all entrance conditions.
2. Completion of a minimum of 62 semester credit hours with at least a 2.0 grade point average. Only Victoria College courses will be used in grade point average calculation.
3. Completion of all courses in the program of study as outlined in the catalog.
4. Completion of at least 25 percent of major-field courses plus the capstone course, if any, earned through instruction at Victoria College. Exceptions for work/life experience may be granted for those seeking degrees in Fire Science or Criminal Justice provided all other requirements have been satisfied.
5. Meet minimum standards of all areas of the assessment test to satisfy the Texas Success Initiative or meet exemption requirements.

Certificate in a Career & Technical Program

Victoria College grants a certificate in a variety of Career & Technical Education programs. To earn a Certificate of Completion, students must complete the following requirements:
1. Unconditional admission or the removal of all entrance conditions.
2. Completion of the minimum semester credit hours as outlined in the program of study in the catalog with at least a 2.0 grade point average. Only Victoria College courses will be used in the grade point average calculation.
3. Completion of at least 25 percent of major-field courses plus the capstone course, if any, earned through instruction at Victoria College.

Certificate in an Allied Health Program

Victoria College grants a certificate in Vocational Nursing. To earn a Certificate of Completion in the Vocational Nursing (VN) Program, students must complete the following requirements:
1. Completion of all semester credit hours outlined in the VN Program of Study in the catalog with a grade of C or better in each course.
2. Completion of at least 25 percent of the VN courses including the capstone course earned through instruction at Victoria College.
3. See the Vocational Nursing Program of Study in this catalog for information regarding admission to the program.

Academic Transfer

Liberal arts and sciences courses at VC are designed to transfer to a four-year university and are central to completing an Associate of Arts or Associate of Science degree. Students who earn a degree in general studies at VC and then transfer will have completed all of the core lower division requirements for any public university in Texas. The following areas of study are popular choices among VC students who plan to transfer to a university.

- Art & Design
- Biology
- Business Administration
- Chemistry
- Computer Science
- Criminal Justice
- Economics
- Engineering
- English
- Geography
- Geology
- Government
- History
- Interdisciplinary Studies
- Mathematics
- Music
- Physics
- Pre-Dental/Pre-Medical/Pre-Pharmacy/Pre-Veterinary
- Pre-Law
- Psychology
- Sociology
- Spanish
- Speech

Students should visit with one of VC’s academic advisors to create a transfer plan customized to fit the requirements of any university they choose.
Academic Foundations
Victoria College Academic Foundations

Victoria College faculty, staff, and administration are committed to the success of every student enrolled at Victoria College. Some courses at Victoria College require students to demonstrate appropriate reading, writing, and/or mathematics skills prior to enrollment in those courses.

When placement scores indicate that students need additional preparation to transition into college-level courses, Victoria College requires them to enroll in academic foundations courses. An Academic Foundations Plan (AFP) will be prepared for each student targeting the courses which correct the areas of need. Students are required to enroll in academic foundations courses in those areas identified each semester until the AFP is complete.

Victoria College provides an academic foundations course, Integrated Reading and Writing (INRW 0301) for those students whose AFP requires reading and writing. Students are assigned to this course based on their lowest score in either reading or writing on the Texas Success Initiative (TSI) Assessment. Students enrolled in INRW 0301 can progress to college-level courses by earning a grade of SA, SB, or SC in the course.

Victoria College provides two levels of academic foundations courses for those students whose AFP requires mathematics, Foundations of Mathematical Reasoning (MATH 0402) and Intermediate Algebra (MATH 0303). Foundations of Mathematical Reasoning (MATH 0402) is the first level in the academic foundations mathematics sequence. It provides readiness skills for MATH 0303, MATH 1332, and MATH 1342. This course must be completed with an SA, SB, or SC. Intermediate Algebra (MATH 0303) is required in order to demonstrate readiness for MATH 1314 and must be completed with an SA, SB, or SC.

A grade of SA, SB, SC, or UF will be assigned accordingly in all Academic Foundations Integrated Reading and Writing and math courses. These grades are not used for graduation purposes and the courses do not apply to the number of credits required for a degree or certificate.

Students who are not college-ready in both areas will be required to enroll in a student success class as part of their AFP regardless of the number of credit hours that have been completed.

Please refer to the Required Testing section of this catalog (page 20) for additional information about the Texas Success Initiative and college readiness.

Victoria College Adult Education

Victoria College Adult Education provides noncredit, free, high-quality educational programs that focus on:
- Adult literacy
- GED preparation
- Workforce training
- English proficiency for speakers of other languages
- Workforce training

Registration
Registration and enrollment are provided on a regularly scheduled basis. Instructional periods are approximately four weeks. Applications for enrollment are accepted daily. The enrollment process includes assessment for skill levels and advising to determine services. The enrollment process must be completed with all required paperwork in place before receiving education services. Off-campus class hours vary. Call (361) 573-7323 or visit www.VictoriaCollege.edu/AdultEducation for more information.

Note: This program exists to serve undereducated adults. Adults scoring higher than a 12.9 (grade equivalency) on the state-mandated assessment instrument Test of Adult Basic Education (TABE) are not eligible to attend Adult Basic Education classes.

Classes are also periodically offered in nearby counties: Calhoun, DeWitt, Goliad, Gonzales, Jackson, and Lavaca. Individuals seeking information about classes are welcome to stop by the Adult Education Office located in the Continuing Education Center, Suite 107 or call (361) 573-7323 (573-READ).

Adult Basic Education (ABE)
Adult Basic Education offers classes in the core academic subjects such as reading, writing, math, science, and social studies.
Curriculum is structured within a real-world context and emphasizes life skills. Students also receive instruction to improve their workplace skills including job attainment, retention, and advancement.

Students set their own educational goals and work at their own pace. Basic skills classes may be useful for GED, college, or employment preparation or for personal or family educational advancement.

**Students Accelerating through Integrated Learning (SAIL)**

Earn your GED and get job training in a short amount of time. Get help with tuition, books, and supplies. Choose from the following:
- Electrical
- Nursing
- Welding

**Who can be in the program?**

Students who want to improve basic skills and meet the following criteria:
- Score below 12.9 in Reading, Language, or Math on the Test of Adult Basic Education (TABE)
- Are at least 18 years of age
- Are eligible to work in Texas

**Want to learn more?**

Information sessions are every Wednesday at 9 a.m. at the Continuing Education Center.

---

**Scholastic Probation**

Students at Victoria College are expected to make and maintain a cumulative grade point average of 2.0.

The grade point average will be determined by considering all courses taken except those courses in which grades of Q, W, S, SA, SB, SC, U, or UF were received.

**Students on scholastic probation may remove their probationary status** by increasing their GPA to a 2.0 or above the following semester.

**English as a Second Language (ESL):**

ESL classes are available to individuals with limited English proficiency. An emphasis is placed on:
- Reading/Writing
- Speaking/Listening
- Attaining citizenship

ESL instruction is goal-oriented and self-paced. ESL curriculum is also structured within a real-world context.

**Eligibility for ABE and ESL:**

Any adult aged 18 or older and 16-17 years old under special provision (call for information) with basic education needs.
Enforced Withdrawal

Student who are on scholastic probation and fail to increase their GPA to a 2.0 or above the following semester will be placed on enforced withdrawal.

Students placed on enforced withdrawal:
- Will not be permitted to return to Victoria College until one semester (fall or spring or summer) has elapsed.
- Have the right to appeal for readmission to the Director of Advising & Counseling Services.

The procedure for the appeal is as follows:

1. The student must submit the completed appeal form to the Advising & Counseling Services Office no later than five working days (M-F) prior to the first day of class.

2. If the Director of Advising & Counseling Services or his/her designee decides that the appeal will not be granted, the student will be notified in writing of the denial. The student has no further right of appeal.

3. If the Director of Advising & Counseling Services or his/her designee decides to consider the appeal, the student will be contacted by phone to set up a personal interview.

4. At the time of the personal interview, topics of discussion will include further explanation of the appeal and the conditions to which the student agrees (student is allowed to repeat a maximum of two courses in which grades of D or F were earned), provided the student is readmitted. If the student is readmitted, he/she will be required to enroll in EDUC 1300 if the course has not been completed in a previous semester.

5. Students who are granted readmission will sign an Agreement of Understanding for Enforced Withdrawal.

Grades

The grades used in Victoria College records and reports are:

- **A** (90-100, excellent)
- **B** (80-89, good)
- **C** (70-79, average)
- **D** (60-69, poor—lowest passing grade)
- **F** (59 and below, failure)
- **FX** (59 and below, failure due to non-attendance)
- **S** Satisfactory
- **SA** Satisfactory
- **SB** Satisfactory
- **SC** Satisfactory
- **U** Unsatisfactory
- **UF** Unsatisfactory
- **W** Withdrawn (indicates an official withdrawal from a course by a student or administrative action)
- **I** Incomplete
- **Q** Insufficient cause drop

The grade of I (incomplete) is given at the instructor’s discretion when extenuating circumstances cause a student to be unable to finish the semester (validity of extenuating circumstances is determined by the instructor). The student must make arrangements with the instructor prior to the final exam to award the incomplete. In order to receive an “I” the faculty member and the student must sign an Agreement of Settlement of I Grade form. An incomplete (I) will be changed to a letter grade (A,B,C,D,F,SA,SB,SC,UF) if the student takes the final exam or makes up the work that is prescribed by the instructor. An incomplete not removed within 90 calendar days after the completion of the semester/term is changed to an F or UF. Only the instructor of the course may grant an extension of time.

Students who believe they have not received grades based upon a fair and just evaluation as measured by the standards written on the syllabus given by the instructor at the first or second class meeting must report the matter in writing to the appropriate dean no later than 10 days after the first class day of the next semester. For further information, refer to the VC Student Handbook.
Grade Points
A four-point system for expressing in numerical terms the quality of academic scholarship achieved by the student is used in determining eligibility for honors, probation, enforced withdrawal, financial aid, membership in student organizations, etc. The system is as follows:

Each grade of **A** earns **4 grade points** for each semester hour of the course.

Each grade of **B** earns **3 grade points** for each semester hour of the course.

Each grade of **C** earns **2 grade points** for each semester hour of the course.

Each grade of **D** earns **1 grade point** for each semester hour of the course.

Each grade of **F** earns **0 grade points** for each semester hour of the course.

Each grade of **FX** earns **0 grade points** for each semester hour of the course.

Grades of **W**, **S**, **SA**, **SB**, **SC**, **U**, **UF**, **I**, **Q** are not awarded grade points and, therefore, these hours are not used in the computation of a grade point average.

Grade Point Average (GPA)
Cumulative Grade Point Average
• Beginning with the Spring 2010 semester, a single cumulative GPA is computed using only credit hours in which a grade of **A, B, C, D, F, or FX** was earned. This cumulative GPA is used for determining scholastic probation/enforced withdrawal and financial aid warning/suspension status.

• Repeating a Course(s) – Only the most recent grade earned in a course taken and repeated at Victoria College is used in the computation of the cumulative grade point average (Effective with 1992 Summer School I session).

Grade Reports
Electronic grade reports are available in the Pirate Portal.

Eight and Five Weeks Report
Unsatisfactory grades (D, F, FX, or UF) are made available to the student at the end of the first eight weeks for courses lasting 16 weeks for the fall and spring semesters only. Midterm grades for courses lasting fewer than 16 weeks are not posted. GPA calculations, including eight and five-week courses, are computed in May and December.

Semester Report
Final grades are available through the Pirate Portal at www.VictoriaCollege.edu. Students’ login and passwords are required to access grades.
Registration

Advisor-assisted Registration
The College calendar (see pages 12-13) designates the dates for registration at the beginning of each session. The class schedule is posted each semester in the Pirate Portal and at www.VictoriaCollege.edu/ClassSchedule which lists detailed dates and procedures as well as any revisions or adjustments. Inquiries about advising should be directed to the Advising & Counseling Services Office at (361) 582-2400.

During the registration process, prospective students:
1. Complete application process
2. Develop a schedule and register for classes
3. Pay tuition and fees

Students will not be officially enrolled until all tuition and fees have been paid in full or students have made arrangements with the Payments Office to utilize the installment plan. The Payments Office is located in the Student Services Building and can be contacted at (361) 485-6840.

Web Registration
A student may register using web registration if the following requirements are met:

1. Scores are on file on all parts of an assessment test or students are exempt.
2. There are no holds on record (admissions, library, parking, etc.).
3. The student is a returning VC student or a transfer student who has completed the application process and is eligible to register.
4. The student is not on enforced withdrawal.

A username and password can be retrieved through the Pirate Portal once the application process has been completed. For assistance with login and password retrieval, contact the Help Desk at (361) 582-2509. This login information will be used as a security measure each time a transaction takes place and should be known only by the student.

Semesters, Sessions and Credit
The College operates on the following plan:

- **Fall and spring semesters** of 14 weeks or 16 weeks
- **Fast-Track classes of five-week or eight-week terms** throughout the fall and spring semesters
- **May Interim session** of ten days available over a three-week period between the end of the spring semester and the beginning of the first summer session
- **Summer session** divided into two terms of approximately five weeks each and one term of eight weeks

The unit of credit in college is the semester credit hour, which is the credit earned by passing a lecture course which meets one hour per week for a semester or a lab class which meets three hours per week for a semester. The normal load for a student varies from twelve to eighteen semester credit hours.

In the summer session, a full-time student normally earns twelve semester hours in two terms. The Association of Texas Colleges sets fourteen semester hours as the maximum which may be earned in a summer.

Course Load

Course Load Per Semester/Session

- **Fall and/or spring semesters**
  Students may enroll in a maximum of 18 hours.

- **Summer sessions**
  Students may enroll in six semester credit hours per five-week summer session. Summer Term exceptions (such as 2 three-hour courses in addition to a physical education course) must be approved by the Director of Advising & Counseling Services.

- **Interim Session**
  Students may enroll in a maximum of one course. Students may be granted permission to enroll in excess of the allowable number of courses by the Director of Advising & Counseling Services.
Course Definitions

In addition to fall, spring, summer, and fast track courses, the following are available:

• **Block Scheduling**
The legislation requires a block scheduled program to allow a full-time student to enroll in a defined block of courses, such as a morning, full-day, afternoon, evening, or weekend to provide course scheduling predictability from semester to semester. In addition, the block scheduled program should allow the students to enroll in a block of courses rather than individual courses and for the college to provide the schedule for the next semester in advance. Limited programs are available that follow block schedule program rules.

• **Course Pairing**
An instructional strategy whereby students are enrolled simultaneously in a developmental education course and/or intervention and the entry-level freshman course of the same subject matter within the same semester. The developmental component provides support that advances students' success in the entry-level freshman course.

• **Non-Course Competency-Based Option and Intervention (also known as NCBO)**
Interventions that use learning approaches designed to address a student's identified weaknesses and effectively and efficiently prepare the student for college-level work. These interventions must be overseen by an instructor of record, must not fit traditional course frameworks, and cannot include advising or learning support activities already connected to a traditional course; interventions may include, but are not limited to, tutoring, supplemental instruction, or labs.

• **Open Entry/Defined Exit (OE or GO)**
Open Entry/Defined Exit (OE or GO) courses are self-paced classes designed to allow students more flexibility in completing their coursework. Courses offered in this format are designated in the course schedule with an OE# or GO#. An Open Entry/Defined Exit course allows the student to complete the course within the semester in which the student registers. Students may register at any time up to the ninth week of the semester; however, the student will begin the course the next odd week. Students must engage in at least one instructional activity within the first week of enrolling in the course to maintain academic progress. After that, students should work to complete the coursework as quickly as they are able. (Financial Aid students, please see special note below for requirements.) Open Entry/Defined Exit courses do not extend into the following semester.
• **Grading**
  An OE# or GO# (Open Entry/Defined Exit) course must be completed by the end of the semester, regardless of when the student enrolled for the course. The grade earned will be recorded on the student’s transcript.

• **Withdrawal/Drop from an OE/GO Course**
  Students may withdraw from an OE# or GO# course with a “W” up through 65% of the allotted completion time of the course. Students should consult the College's web site for specific dates.

• **Special Note for Financial Aid Students Enrolled in Open Entry Courses**
  Students using financial aid to pay for an Open Entry course must register during the regular semester registration period at the beginning of the semester in order for these classes to be included in their financial aid package. Students MUST begin work on their Open Entry course before the financial aid for the class will be released to the student’s account. Students must continue regularly participating in the class to maintain academic standards of progress for the course. If students do not continue working on the course, (more than two weeks with no class activity) through at least the 60% point of the semester in which they enrolled, the financial aid award will be recalculated and possibly reduced, which could result in the student owing the College or the Department of Education for previously awarded financial aid.
Credit by Exam

Victoria College recognizes that students, by reasons independent of the college environment, may already have achieved college-level proficiency in credit courses. Therefore, students at Victoria College may receive credit for this achievement (1) through national standardized testing and/or (2) through a local subject area exam. The examinations that comprise the basis of the Victoria College program are: College Level Examination Program (CLEP), College Board Advanced Placement (AP) Examinations, Enhanced American College Testing (ACT) Program, College Board (SAT) Program, International Baccalaureate Diploma (IBD) Program, and the Victoria College Departmental Course Examinations.

To have credit by exam posted on their permanent record, students must complete the Petition to Record Credit by Examination available in the Admissions & Records Office or in the Welcome Center.

Credit earned by examination will be awarded after official enrollment and completion of at least three hours at Victoria College in a credit course. Credit will be granted only for courses in which a student has neither a passing nor a failing grade. Credit by exam will be accepted as “credit only” (CR) and will not affect a student's grade point average.

Credit by exam can be used to meet prerequisites for higher level courses.

Credit by exam satisfies degree requirements in the same way as credit earned by passing courses.

Credit by exam performance standards are set by the department in which the courses are taught and are subject to change at the department's discretion.

*Exam is written and “hands-on” welding skills.
**Exam is written only.

Advanced Placement (AP) exams are offered once each year in May, usually in high schools that offer college-level courses based on AP course descriptions.
Locally Articulated Credit

Students who took selected technical courses at certain area high schools will have their credit held in escrow at Victoria College for 24 months after the date of the students’ high school graduation. The students will receive their college credit from Victoria College when they complete the following steps:

1. The student must have an 80 (3.0) final average or better in the high school course for which credit is requested.
2. The student must have an official high school transcript forwarded to Victoria College.
3. The student must successfully complete six hours of credit at Victoria College.
4. Upon successful completion of the above requirements, students must fill out a petition for award of locally articulated credit in the Admissions and Records Office in order to have the appropriate courses posted to their academic transcript.

Locally articulated credit added to Victoria College transcripts will be entered as Articulated Credit.

Locally articulated credit will result in credit only. Grade point average will not be affected. For a current list of locally articulated classes, please see the college website.

Transfer of Credits

It is the responsibility of the student to familiarize himself or herself with the course requirements of the college or university to which he or she plans to transfer and to make certain the choice of courses and the required grades in those courses are satisfied. Please contact Advising & Counseling Services for additional information.

A university is authorized by the Association of Texas Colleges to accept 66 semester hours from a community college. Students with acceptable grades do not experience any difficulty in transferring 66 hours from Victoria College to senior colleges that are members of the Southern Association of Colleges and Schools Commission on Colleges or other regional accrediting associations.

Students planning to transfer to another educational institution are encouraged to work closely with an advisor from both institutions.

Classification of Students

Full-time, Half-time, and Part-time Students

| Full-time students | Fall and Spring Semesters: Students enrolled for twelve hours or more  
|                   | Summer Sessions: Students enrolled for six hours or more  
| Half-time students | Fall and Spring Semesters: Students enrolled for six hours  
|                   | Summer Sessions: Students enrolled for three hours  
| Part-time students | Students enrolled for less than full-time are considered part-time students.  
| Freshman students | Students who have earned 0 – 29.99 credit hours.  
| Sophomore students | Students who have earned 30 – 59.99 credit hours.  

VICTORIA COLLEGE 2016-2017 CATALOG
Auditing a Class

Students who wish to sit in a class without earning credit may do so on a space-available basis under the Audit policy.

Students must:
1. Meet all prerequisites for the class or have instructor approval.
2. May not register to audit a class until the last registration period.
3. Pay the audit fee of $100 per course (in place of tuition) plus all other course fees.

Courses that are audited do not earn credit and may not be changed to a credit course at a later date. No Senior Citizen Discount can be utilized when auditing a course.

45-Hour Limit

Senate Bill 345 of the 76th Texas Legislature amended the Texas Education Code to limit the number of semester credit hours per undergraduate student that institutions of higher education may submit for state funding. Specifically, higher rates of tuition may be charged to students who exceed the number of hours required for their degree by 45 semester credit hours. This ruling applies to students who first enroll in college in the Fall 1999 semester or later. Credit hours for academic foundations and technical courses are not counted in the 45-hour limit.

Legislation Concerning Physical Education Courses

An appropriations rider (Special Provisions Relating Only to State Agencies of Higher Education, Sec. 44, Funding for Physical Education Courses) which became effective in the Fall 1999 semester states that colleges and universities will not receive funds for students who enroll in a physical education course if: 1) it is the only course being taken that semester; 2) the student is non-degree seeking; and 3) the course (same activity) has already been taken. Students falling into this category will be charged additional tuition (approximately $80.00 per credit hour). If this additional charge is not made at registration, it may be collected during the semester. Failure to pay this charge (if student is notified during the semester rather than at registration) will result in a hold being placed on the student’s record. Students can take the same physical education course twice for a maximum of two physical education credits.

Fall 2006 and after Beginning Freshmen (30-Hour Rule)

HB 1172 and SB 1528 of the 79th Texas Legislature amended the Texas Education Code (Sections 54.014 (54.068 renumbered in 2005)) to limit the number of semester credit hours per undergraduate student that institutions may submit for state funding. This ruling applies to students who first enroll in college in the Fall 2006 semester or later. Additional tuition will be charged to students who have attempted 30 or more credit hours beyond their degree’s requirement at Texas public colleges or universities. (This does not include credit hours for which the student paid out-of-state tuition, courses designated as academic foundations, any hours removed under Academic Fresh Start, or hours accumulated toward a previous baccalaureate degree.) Students who entered higher education for the first time prior to Fall 1999 while classified for tuition purposes as a Texas resident are exempt.
Legislation Concerning Courses Attempted More Than Twice

HB 994, passed during the 79th Texas Legislature, allows public junior colleges to charge a student a higher rate of tuition for a course attempted more than twice beginning with Fall 2002 coursework. Public junior colleges do not receive state funds for these types of courses. See the Non-State Funded Course Fee.

Schedule Changes

Students currently enrolled may initiate a schedule change in the Advising & Counseling Services Office during designated schedule change dates.

Dropping a Course

If a student registers for classes but does not attend or stops attending, regardless if the student has paid or not, the student must officially drop or withdraw through the Advising & Counseling Services Office. The student must complete the Online Drop Request Form, located in the Pirate Portal, prior to the last drop date. Failure to do so may result in an F on the student's transcript for each incomplete class.

Six Drop Rule

Beginning with the 2007-2008 academic year, students enrolling at any college or university for the first time may not drop a total of more than six courses without consequence for other than good cause (as defined below). This total includes any course a student transferring to Victoria College has dropped at another college or university with the exception of private and/or out-of-state colleges/universities. Students transferring to Victoria College from another institution will not be permitted to drop a class for any reason other than good cause until official transcripts from the transferring institution have been received in the Victoria College Admissions & Records Office.

In order to drop a course for good cause, students must provide the appropriate documentation, as described below, to the Advising & Counseling Services Office: Good cause can include but is not limited to:

1. a severe illness or other debilitating condition that affects the student's ability to satisfactorily complete the course (a doctor's note verifying the condition will be required);

2. responsibility for the care of a sick, injured, or needy person if the provision of that care affects the student's ability to satisfactorily complete the course (a doctor's note verifying the student is the caregiver will be required);

3. the death of a person who is considered to be a member of the student's family or who is otherwise considered to have a sufficiently close relationship to the student (a copy of the death certificate will be required);

4. the active duty service as a member of the Texas National Guard or the armed forces of the United States of either the student or of a person who is considered to be a member of the student's family or who is otherwise considered to have a sufficiently close relationship to the student that the person's active military service is considered to be a showing of good cause (a copy of the military member's orders will be required);

5. the change of a student's work schedule that is beyond the control of the student and that affects the student's ability to satisfactorily complete the course (a letter from the employer verifying the change in work schedule); or

6. other good cause as determined by the Vice President of Instruction or Vice President of Student Services, or designee.
### FAQs – Six Drop Rule

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>I dropped a course on the second day of the semester; will this count against me?</td>
<td>No, as long as you drop a 16-week course before the 12th class day of the semester, the course will not count as one of the six. If the course meets fewer than 16 weeks, the College will determine the deadline based on course length.</td>
</tr>
<tr>
<td>I’m taking a science class that has a lab. If I drop the lecture and the lab, will it count as 2 classes?</td>
<td>No. Lab courses taken concurrently with lecture courses where enrollment in the lab course is required in order to enroll in the lecture course are not considered part of the six course drop limit.</td>
</tr>
<tr>
<td>I dropped a course in the summer of 2006. Will that count as one of the six?</td>
<td>No, the six drop limit applies only to students who are taking classes for the first time in the fall of 2007.</td>
</tr>
<tr>
<td>I am dropping all of my classes because I am moving. Will they be counted as part of the six course drop limit?</td>
<td>No. Courses dropped in order to withdraw completely from the College are not considered as part of the six course drop limit for the purposes of this policy.</td>
</tr>
<tr>
<td>What happens if I drop seven classes?</td>
<td>The college will not allow you to drop seven classes. The grade you have earned in the seventh course will be recorded on your transcript. If you stop attending class, that grade will be an F.</td>
</tr>
<tr>
<td>I’m going to a four-year university in the fall. If I return to take classes at Victoria College next summer and decide to drop one of those classes, will the university count the VC class as one of my six?</td>
<td>Yes. A total of six courses can be dropped. The six can come from multiple colleges and universities.</td>
</tr>
<tr>
<td>I need to drop a course for good cause but I don’t see my good cause reason listed. What do I do?</td>
<td>Make an appointment to talk with either the Vice President of Instruction or the Vice President of Student Services or their designee.</td>

FAQs – How do I drop a class?

<table>
<thead>
<tr>
<th>If you are dropping a class*:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do one of the following:</td>
</tr>
</tbody>
</table>

1. Stop by the Advising & Counseling Services Office  
   Available Monday-Thursday 7:30 a.m. – 6 p.m. and Friday 7:30 a.m. – 5 p.m.  
   Please visit www.VictoriaCollege.edu for summer hours.

2. Submit an online request form completed within the Pirate Portal.  
   Pirate Portal > Student Resources menu > Advising & Counseling Services link

* Beginning with the 2007-2008 academic year, students enrolling in a college or university for the first time may not drop a total of more than six courses for other than good cause. If you are dropping for “Good Cause,” please be sure to include documentation supporting this type of drop. Unless the course is dropped for good cause, the dropped course will count toward the six course drop limit.

* Students in selective admission programs must follow drop procedures established by the specific program. Students receiving Financial Aid must contact a Financial Aid Counselor prior to withdrawing from the College.
How do I completely withdraw from the college?

If you are withdrawing from the college*:

Do one of the following:

1. Stop by the Advising & Counseling Services Office  
   Available Monday-Thursday 7:30 a.m. – 6 p.m. and Friday 7:30 a.m. – 5 p.m.  
   Please visit www.VictoriaCollege.edu for summer hours.

2. Submit an online request form completed within the Pirate Portal.  
   Pirate Portal > Student Resources menu > Advising & Counseling Services link

* Students in selective admission programs must follow withdrawal procedures established by the specific program. Students receiving financial aid must contact a Financial Aid Counselor prior to withdrawing from the College.

Effects of Course Load Reduction/Total Withdrawals

1. All withdrawals through the Friday of the 10th week of classes during the fall and spring semesters will result in a course grade of W or Q. Unless the course is dropped for good cause, the withdrawal will count toward the six course drop limit and will be noted as Q. Courses dropped for good cause will be noted on the transcript as a W.

2. After the tenth (10th) week of classes, NO WITHDRAWALS will be permitted. Students on financial aid should check with the Financial Aid Office prior to dropping a course to determine the effects of the course load reduction on financial aid eligibility. Student receiving Title IV Federal Funds please note the following:

   **Withdrawing from Classes** – Students who withdraw completely from all classes may be responsible for the repayment of some or all of the financial aid they received. Any nonrefundable tuition and fees originally paid for with financial aid may also be owed. Students should consult with a Financial Aid counselor prior to withdrawing from classes.

   **Failing all classes** – Students who fail all classes OR have a combination of withdrawal(s) and/or failing grade(s) may be responsible for the repayment of some or all of the financial aid they have received.

   **IMPORTANT:** If sufficient financial aid (Pell, SEOG, Direct Loans, TPEG, Scholarships) has been awarded to pay all fees, awards will automatically be used to offset those fees on the date they are due.

   **NOTE:** A Federal Refund Regulation will apply to all students receiving Federal Title IV funding who withdraw from the College before 60% of the period of enrollment has been completed. The law requires that when a student withdraws during a period of enrollment, the amount of financial aid earned up to that point is determined by a specific formula. A student’s withdrawal date is the last date of attendance as determined by the instructor roster. Based on the last date of attendance, if the student received less assistance than the amount earned, he or she will receive those additional funds. If the student received more assistance than was earned, the excess funds must be returned.

Distance Education

Distance education course standards, college credit, content, and transferability are the same as traditional courses offered on campus. Students have the same rights, privileges, and responsibilities as on-campus students. Distance education courses are transcripted the same as on-campus courses. The registration process and Texas Success Initiative requirements for distance education courses are the same as for all other Victoria College courses.

**COURSES**

Online courses are courses in which the content is delivered completely over the Internet. Students may need to come on campus several times as determined by the course instructors for specific activities or for testing. Hybrid courses are courses in which the content is delivered through a combination of online and on-campus instruction. To take an online or hybrid course, students will need access to a computer with an Internet connection. Students can use any of the on-campus computers in the open computer labs or the library to complete their coursework. An online or hybrid course may require certain minimum hardware and software configurations on a student's machine. Those requirements are the responsibility of the student. Interactive Television (ITV) courses are courses in which students and faculty meet in an interactive television classroom and interact with other students and/or faculty at a remote location.

**TESTING**

Some online courses may require one to five proctored (supervised) exams during the semester. Proctored exams may be accomplished in the Testing Center on the main campus, the Gonzales Center, or an approved off-campus testing site at the discretion of the course instructor. All final exams for online classes must be proctored. Each instructor determines the need for additional proctored exam or exams.
ORIENTATION SESSIONS
All new students are required to attend a Pirate Orientation that explains how to use Victoria College's current Online Course Management System (Canvas/Blackboard). In addition, the Distance Education department holds Canvas/Blackboard Orientation sessions. These sessions do not cover course-specific material but are designed to explain how to use the technology so that students can spend their time concentrating on the course content. All students regardless of whether they are taking an online course or not are welcome to attend. Online and hybrid instructors may hold online or on-campus orientation sessions specific to their courses.

VIRTUAL COLLEGE OF TEXAS (VCT)
The Virtual College of Texas is a collaboration of the Texas community and technical colleges. Although VCT courses may originate from any one of the more than 40 public college participants in the state, they have the same tuition, admission procedures and requirements, Texas Success Initiative requirements, and appear on an academic transcript like any other Victoria College courses. If a Victoria College course is not offered online or if the Victoria College online course is full, students may look for the course on the VCT website (http://www.VCT.org). Each course requested must be reviewed and approved by the appropriate dean to ensure that it meets the same course guidelines as the matching Victoria College course. Additionally, the course instructor must meet the credential requirements as specified in the Faculty Credentials and Qualifications Handbook.

Final Exams
1. Semester Final Examinations
Examinations are normally given at the end of each semester/term according to a schedule prepared by the Admission & Records Office. Classes with a schedule that deviates from the normal semester schedule will be given final exams when those classes end. All final examinations must be proctored, and no student is exempt from taking the exam. In general final exams are not given early, but on a case-by-case basis the division dean may allow the final exam to be given prior to the scheduled time.

2. Online Final Examinations
Proctored examinations, which are not to exceed three hours, will be offered during the week of final exams in either an online environment in a Testing Center or face-to-face using the same format as traditional class finals. Students should not be required to take exams during times that conflict with the final exam schedule prepared by the Admissions & Records Office.

3. Postponed Examination
If a student is unable to take an exam as scheduled, the student must petition the instructor in writing prior to scheduled time of the final in order to reschedule the exam.

Dean’s List
Students will be listed on the Dean’s List for a given semester if they meet the following criteria: complete at least 12 semester hours during that semester (excluding academic foundations courses), earn a 3.50 or higher semester grade point average on graded courses, and have no grades of U or F for that semester.
Catalog Year Designation for Degree and/or Certificate Requirements

It is the responsibility of the student to know and to satisfy all of the requirements listed under his or her specific catalog if the student intends to graduate from Victoria College. Since requirements and programs are subject to change, students should be aware of current regulations and requirements at all times.

Catalog year designations are made according to the following guidelines:

- **First Time VC Student** – Students entering Victoria College for the first time are assigned to the catalog in effect at the semester and/or session of entry. These students must follow the degree and/or certificate requirements as specified in that catalog, or any subsequent catalog of their choice, as long as the length of time of a student’s enrollment does not exceed five years.

- **VC Student whose enrollment exceeds five years** – Students whose enrollment at Victoria College exceeds five years will forfeit the initial catalog designation. These students must then meet the degree and/or certificate requirements specified in a catalog no more than five years old.

- **Student not enrolled for two or more consecutive semesters** – Students who are not enrolled for two or more consecutive regular (fall or spring) semesters must meet the degree and/or certificate requirements of the catalog in effect at the time of reentry, or any catalog thereafter, not to exceed five years.

- **Degrees and certificates will be awarded from only one catalog.**

- **Students who are admitted or readmitted into selective admission programs** – Students who are admitted or readmitted into selective admission programs must meet the curriculum requirements in the current catalog. If curriculum changes have occurred since the student entered the program of study, the student should contact the program director for guidance.

Graduation Participation and Honors

Participation in graduation ceremonies is optional for those candidates who have met the minimum degree or certificate requirements for:

- the Associate of Science
- the Associate of Arts
- the Associate of Applied Science or
- the Certificate

Candidates eligible for graduation should complete a Graduation Application in the Welcome Center or the Admissions & Records Office located in the Student Services Building. It is preferred that the Graduation Application be completed within the first two weeks of the semester/term in which the candidate plans to graduate. The highest honor (GPA) graduate(s) for an Associate Degree as well as the highest honor (GPA) graduate(s) for a Certificate will be recognized during the commencement ceremony. Graduation with honors is noted on the official student transcript.

Graduating With Honors

To graduate with honors, a candidate must have a 3.5 Victoria College cumulative grade point average, excluding academic foundational course work. Candidates will not be considered for honors unless they have been in attendance at Victoria College for a minimum of two semesters and completed a minimum of 24 semester credit hours in residence.

**Honor designations are as follows:**

- 3.5 – 3.69 Cum Laude
- 3.7 – 3.89 Magna Cum Laude
- 3.9 – 4.0 Summa Cum Laude
Victoria College Transfer Credit Guarantee

Victoria College guarantees the transferability of course credits to any state-supported Texas college or university. If such courses are rejected by the receiving institution, the student may take courses tuition-free at Victoria College which are acceptable to the receiving institution, under the following conditions:

1. Transferability means the acceptance of credits toward a specific major and degree. Courses must be identified by the receiving institution as transferable;

2. Limitations of total number of credits accepted in transfer, grades required, relevant grade point average, and duration of transferability apply as stated in the catalog of the receiving institution; and

3. The guarantee applies exclusively to courses included in a written advising plan, which includes the institution to which the student will transfer, the major and degree sought, and the date that the educational goal was made. This information must be filed with Victoria College.

The Texas Higher Education Coordinating Board distinguishes between transfer problems and transfer disputes.

Transfer problems may include, but are not limited to, the following:

- A student may lose credit hours or have to take additional lower-level courses when he or she changes majors.
- A student may not decide which upper-level/senior institution he or she will attend to complete his or her degree until after he or she has completed significant lower-level coursework. Courses taken may not apply or transfer to the institution selected.
- A student may take more than 66 lower-level credit hours.
- A student may have received unsatisfactory grades in lower-level courses.
- The student may take vocational, technical, or academic foundations courses that are not defined as general academic courses.
- Compliance with external accrediting agencies, newly enacted legislation, and changes in Texas Education Agency or Coordinating Board regulations may invalidate courses students have already completed.
- Students may take more credit hours in a course category than will transfer. Examples include activity hours in physical education, choir, band, etc.
- Institutions may not accept work that is considered too old based on college or program policy.
- The student may repeat courses to raise grade point averages. Duplicate credit will not be accepted.

Transfer Disputes

Transfer disputes may arise when a Texas institution of higher education does not accept lower-division course credit. To qualify as a dispute, the course(s) in question must be offered by the institution denying the credit (receiving institution), or in the case of upper-level institutions, must be published as a lower-division course accepted for fulfilling lower-level requirements. For community colleges, the course(s) must be listed in the Community College General Academic Course Guide Manual, and be offered at the receiving institution. Additionally, the sending institution must challenge the receiving institution's denial of credit.

Instructions for Completing the Transfer Dispute Resolution Form, Rules and Regulations of The Texas Higher Education Coordinating Board, Chapter 5, Subchapter S 5.393:

a. Public institutions of higher education shall follow the following procedures in the resolution of credit transfer disputes involving lower-division courses:

1. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied.
2. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with THECB rules and/or guidelines.

3. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student receives written notice of denial, the institution whose credit is denied for transfer shall notify the Commissioner of Higher Education of the denial.

b. The Commissioner of Higher Education or the Commissioner's designee shall make the final determination about the dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

c. All public institutions of higher education shall publish the procedures described in subsections (a) and (b) of this section in their undergraduate course catalogs.

d. All public institutions of higher education shall furnish data to the Board on transfer disputes as the Board may require in accord with its statutory responsibilities under Section 61.078(e) of the Education Code.

e. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should notify the Commissioner of Higher Education. The Commissioner may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

Transfer Credit Policy

Victoria College accepts academic college-level courses completed with a grade of D or better from accredited colleges and universities. Degree applicable credit is only awarded in academic subjects with a corresponding Victoria College discipline and only for those courses in which a grade of C or better was earned. Courses in which a letter grade lower than C was earned and courses for which there is no corresponding VC discipline will be accepted as elective credit.

Official transcripts, including military transcripts, and official score reports for standardized exams such as AP, IB, CLEP, etc. must be submitted to the Admissions & Records Office.

Military Physical Education (PE) Credit:
Requests for PE credit will be evaluated by the Admissions & Records Office. 1 PE credit will be granted for every six months of active duty service not to exceed four credits.

International Transcripts:
Coursework from institutions outside the U.S. will be considered on a case by case basis, and these students will be required to furnish an evaluation of their courses. See Methods of Admission: Foreign Students on page 23 for a list of approved evaluation agencies.

A course by course evaluation is not required for Texas Success Initiative (TSI) completion.

Experiential Learning:
Victoria College does not grant credit for experiential learning.

Evaluation Process of Transfer Credit

Initial evaluation of transfer credits is made in the office of Advising & Counseling Services. College courses on transcripts from other colleges and universities with the Texas Higher Education Coordinating Board (THECB or the Board) common number are accepted as comparable courses. Courses without the THECB common number are evaluated by reviewing catalog descriptions and in some cases, course syllabi. It is the students’ responsibility to provide the academic advisor (advisor) with course descriptions and/or syllabi.

Below are the transcript evaluation steps:
1. Advisor conducts initial transcript evaluation by reviewing course description and syllabi
2. Advisor electronically forwards recommendation with supporting documentation to appropriate dean
3. Dean reviews recommendation in consultation with discipline expert
4. Dean approves/declines advisor recommendation and forwards decision to advisor
5. Advisor completes transfer credit form and submits to Vice President of Instruction for final approval
6. Vice President of Instruction reviews and approves/declines recommendation; forwards form to Director of Advising & Counseling Services, College Registrar and academic advisor
7. Transfer credit form is filed in student’s permanent electronic record.

Transcript evaluation requests submitted at least four weeks prior to the end of the semester will be completed by the end of the semester in which the transcript evaluation request is made. Every effort will be made to complete late submissions prior to the end of the semester; however, no guarantee that the evaluation will be completed is made or implied.

**Job Competency Guarantee**

If an employer finds an Associate of Applied Science graduate lacking in technical job skills identified as exit competencies for his/her specific degree program, Victoria College will provide up to nine tuition-free credit hours of skill training under the conditions of the policy.

Conditions which apply to the guarantee are as follows:

1. The graduate must have earned the AAS degree beginning May 1993 or thereafter in a technical/vocational program identified in the college catalog.

2. The graduate must have completed the AAS degree at Victoria College (with a majority of Career & Technical Education/Specialty credits being earned at Victoria College) and must have completed the degree within a four-year time span.

3. Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the Vice President of Instructional Services.

4. Employment must commence within three months of graduation.

5. The employer must certify in writing that the employee is lacking entry-level skills identified by Victoria College as the employee's program competencies and must specify the areas of deficiency within 90 days of the graduate's initial employment.

6. The employer, graduate, and assigned representative(s) of the college will develop a written educational plan for retraining.

7. Retraining will be limited to nine credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.

8. Students must complete retraining within a calendar year from the time that the retraining plan is signed.

9. The student’s sole remedy against Victoria College and its employees for skill deficiencies shall be limited to nine credit hours of tuition and selected expense-free education under the conditions described above. Selected expenses are limited to in-county or out-of-county, registration, building use, student service, and laboratory fees. The graduate and/or employer is responsible for the cost of books, insurance, uniforms, and other course-related expenses.

The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.
General Regulations
Student Conduct

The Code of Student Conduct is designed to ensure that students have an environment that is conducive to learning and to protect student rights as well as the rights of the College. This publication of the rules governing student conduct ensures that students know the circumstances and manner in which disciplinary power will be exercised and advises students that disciplinary rules will be enforced.

General Regulations – The rules, procedures, rights (including appeal process) and responsibilities, and policies which govern student conduct and student activities are located in the Victoria College Student Handbook.

Disciplinary offenses include the following:

1. Academic Misconduct
   • Cheating – Cheating includes, but is not limited to, students wrongfully giving, taking, or presenting any information or material not their own with the intent of aiding themselves or others with any academic work or misrepresenting their own or others’ work product or knowledge.
   • Plagiarism – All academic work, written or otherwise, submitted by a student to an instructor or other academic supervisor is expected to be the result of the student's own thought, research, or self-expression. In cases in which students feel uncertain about a question of plagiarism, they are obliged to consult the instructor on the matter prior to submitting any work. When students submit work purported to be their own but which in any way borrows ideas, organization, wording, or anything else from another source without appropriate acknowledgment, they are guilty of plagiarism.
   • Failure to comply with Course/Program Requirements – Students enrolled in courses offered within the College’s various areas of study are provided standards of classroom conduct within the course syllabus at the discretion of the course instructor. Additionally, students enrolled in a selective admissions program are provided a program handbook(s) which sets forth rules and regulations which detail a student’s responsibilities and conduct within the program. In both instances, the standards of conduct are specifically related to, and intended to ensure compliance with the academic requirements and goals of the course or program. Students must adhere to these conduct guidelines, as well as those outlined in the VC Student Code of Conduct. Students found guilty of violating course or program specific rules and regulations, or for not attaining or demonstrating designated benchmarks as outlined in each program’s student handbook, may be subject to academic misconduct sanctions to include possible withdrawal from the program.

2. Actions Against Members of the College Community
   • Interference, coercion, disruption, or reckless behavior which impedes, impairs, or disrupts the College mission, processes, or functions or which endangers others or interferes with the rights of others
   • Harassment, including, but not limited to, sexual or racial harassment, via any means, including email
   • Abusive, drunken, violent, or excessively disruptive behavior
   • Lewd, indecent, or obscene behavior
   • Hazing in any form

3. Abuse of the Discipline System
   • Knowingly giving false testimony, or other evidence at any official hearing of the College or knowingly giving false information to any faculty or staff member acting in the performance of their duties
   • The threat or commission of physical violence against any College employee for the purpose of influencing the employee’s official actions
   • Bribing any College employee
   • Violation of conditions imposed in connection with one or more of the sanctions enumerated in the Code of Student Conduct
4. Alcohol, Drugs, and Narcotics
   • Use, possession, or distribution of alcohol or illegal drugs in violation of the College's policy on drugs and alcohol, or in violation of state or federal law;

5. Failure to Comply
   • Failure to comply with directions of College officials acting in the performance of their duties

6. Financial Irresponsibility
   • Passing a worthless check to the College or to a member of the College community acting in an official capacity

7. Firearms, Weapons and Explosives
   • Possessing a firearm, ammunition, illegal knife (including switchblade or butterfly knife), club, explosives, or a chemical dispensing device

8. Providing False Information
   • Falsifying, altering, or forging any official College records or documents, employing official College documents or records for purposes of misrepresentation, or causing any official College documents or records to be falsified by means of any misrepresentation

9. Theft, Damage, or Unauthorized Use
   • Possessing stolen property
   • Defacing, disfiguring, damaging, or destroying public or private property
   • Stealing any item of tangible or intangible public or private property
   • Lifting, taking, or acquiring possession of, without permission, any academic material (tests, information, research papers, notes, books, periodicals, etc.) from a member of the College community (including the theft of instructors’ or other students' books and/or material for resale to the Bookstore).
   • Unauthorized access to or misuse of College computers, computing programs, or service and/or failure to comply with Victoria College Computer Use Policies and Regulations, located in the Victoria College Student Handbook.

10. Unauthorized Entry, Possession, or Use
    • Unauthorized entry or use of College facilities in violation of College policy or local, state, or federal law

11. Violation of Federal, State, or Local Law
    • The threat or commission of physical violence against any person, not including acts of self-defense
    • The commission of acts which constitute a violation of local, state, or federal law and which interfere with, are detrimental to, or incompatible with the College's educational mission as set forth in its mission statement, policies, rules, and regulations

12. Violation of Published College Mission Statement, Policies, Rules, or Regulations
    • Acts of misconduct which interfere with, are detrimental to, or incompatible with, the College's educational mission as set forth in its mission statement, policies, rules, and regulations

Please see the Victoria College Student Handbook for complete information on rules governing student conduct.

Attendance

Attendance will be taken for every class meeting. The method by which attendance is taken will be determined by the faculty member and clearly outlined in the class syllabus. Regular and prompt class attendance is expected of every student. A student's absence means that the student is not able to participate in the class.

Faculty members are not obligated to provide opportunities for a student to make up missed assignments and tests as a result of a student’s absence from class. If a student stops attending class, it is the student’s responsibility to withdraw from the class. If the student does not attend class and does not withdraw from the class, the student will receive a grade of F or UF in the class. Labs are counted as a class meeting.

Please see the Victoria College Student Handbook for the policy regarding absences for military service.
Instructor-Initiated Withdrawals (Drops)

While it is the final responsibility of the student to drop a class that she/he is no longer attending, instructors:

**must** drop a student who has not logged into an online class or physically attended a face-to-face or hybrid class prior to the Official Reporting Date (ORD). Instructors must initiate ORD drops by the published deadlines.

**cannot** drop a student with an average of D/SC or better.

after following established division retention practices, **may**, at their discretion, drop a student who is not passing without consultation with the student when absences exceed 20% of the scheduled class meetings. For classes that include a separate laboratory, a student may be dropped when absences exceed 20% of the laboratory meetings or 20% of the lecture meetings.

**must** drop a student who is not passing when absences exceed 40% of the scheduled class meetings unless said excessive absences accrue after the 65% drop date.

**cannot** drop a student after 65% of class instruction has been completed.

Excused Absences for Religious Holy Days

For observance of a religious holy day, students may take an examination or complete an assignment scheduled for that day within a reasonable time if:

The student notifies the instructor of each class scheduled on the date that the student would be absent for a religious holy day no later than the 15th day after the first day of the semester. (In accordance with Texas Education Code 51.911).

The notice must be in writing and must be delivered by the student either:

a. personally to the instructor of each class, with receipt of the notification acknowledged and dated by the instructor or

b. by certified mail, return receipt requested, addressed to the instructor of each class.

A “religious holy day” means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

A student who is excused under this section may not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination within a reasonable time after the absence. Such provisions must be communicated to the student by the instructor when the student notifies the instructor of a planned absence under this section.

Family Education Rights and Privacy Act of 1974

Victoria College complies with the Family Education Rights and Privacy Act (FERPA) of 1974, which was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the FERPA Office concerning alleged failure by the institution to comply with the Act. For additional information, please contact the Admissions & Records Office.

Victoria College considers students to be independent of their parents in regard to their education records. However, information may be disclosed to the parents only by obtaining the students’ written consent to do so. FERPA Release Forms are available at the Welcome Center.
Directory Information

The College will release the following items of directory information (as defined by the Family Education Rights and Privacy Act) without the written consent of the student: name, address, telephone number, date of birth, major, dates of attendance, degrees awarded, honors and awards, full and part-time status, enrollment and withdrawal verifications, student classification, and most recent previous institution attended. The College reserves the right, under the Family Education Rights and Privacy Act, to publish this information and routinely furnishes it to loan agencies, insurance companies, prospective employers, family members, etc. Students are responsible for informing the Admissions & Records Office in writing each semester if the above information is not to be released.

Confidentiality and Access of Student Records

The Admissions & Records Office maintains permanent education records of both credit and noncredit courses. The permanent record for credit courses contains the following: student’s name, social security number, address, sex, date of birth, mode of admission, TSI or alternative exam scores, academic work undertaken, grades and grade points and credit hours earned, scholastic standing, and degrees and/or certificates awarded. The permanent record for noncredit courses from 1990-present contains the following: student’s name, address, social security number, date of birth, sex, courses taken, satisfactory or unsatisfactory completion, CEU’s earned, and contact hours. Student records are released only for use by faculty and professional staff for authorized college-related purposes. The release of student records (transcripts) for off-campus use occurs only with the student’s knowledge and consent, or where required by law. Students may obtain an official or unofficial student copy of the permanent record in the Welcome Center or the Admissions & Records Office only with appropriate ID unless the student properly authorizes a third party.

Transcripts

Official transcripts will be issued only with a written, signed request by the student with the exception of requests for transcripts to be sent to other colleges or universities. The student may obtain transcripts in the Welcome Center or the Admissions & Records Office with proper identification. There will be a $10 charge for official printed transcripts. Upon graduation, two free transcripts will be provided. The Registrar may deny a student’s request for a copy of the permanent record if there is a hold on the record.

Name, Social Security Number, Contact Information Changes

Name changes and social security number changes can be made at the Welcome Center. Contact information may be updated through the Pirate Portal or at the Welcome Center. Name changes will be made at the end of each semester.

Messages and Deliveries to Students

The College does not deliver messages to students unless they involve a family, medical, or personal emergency. In certain situations that necessitate a family member or individual contacting the college to notify of a personal or medical emergency regarding the student, the Advising & Counseling Services Office should be contacted at (361) 582-2400.
Graduation, Employment, and Licensure Exam Pass Rates

Crime Awareness and Prevention Programs

Students: Victoria College students are informed in detail about campus security policies and procedures during Pirate Orientation. In addition, copies of the Victoria College Campus Security Crime Statistics brochures are distributed to all students during all registration periods and information can be accessed at www.VictoriaCollege.edu/images/AdministrativeServices/CampusPolice/AnnualCampusCrimeReport.pdf.

Employees: Copies of the Victoria College Campus Security and Crime Statistics brochure are distributed annually to all employees and can also be accessed at www.VictoriaCollege.edu/CampusPoliceSecurity.

Students and Employees: Campus Police personnel will post alert bulletins via the Pirate Portal and email to inform employees and students to watch for and report similar activities if a trend of serious or illegal incidents are recorded. All students and employees are encouraged to become safety conscious and to develop habits, that if employed, will help to safeguard both personal and college property.

Clery Act Report

The Jeanne Clery Act, originally known as the Campus Security Act, requires all colleges and universities throughout the United States to disclose information about crime on and around their respective campuses.

The Department of Police and Campus Safety, in accordance with the requirements of the Clery Act, compiles and publishes the annual security report by October 1 of each year. Statistics for the report are obtained from Victoria College’s Police & Campus Safety Department, Victoria Police Department, Hallettsville Police Department, Cuero Police Department, Gonzales Police Department, and the Port Lavaca Police Department.

Victoria College provides Vocational Nursing Training programs in Hallettsville, Cuero, and Gonzales and as such, incidents occurring on those sites must be included in the annual report. The Victoria College Gonzales Center and classes offered in Port Lavaca are also included in the annual reports.

A copy of the report may be obtained in the Police & Campus Safety Office (Academic Building, Room 210) during normal business hours or at www.VictoriaCollege.edu > Student Rights to Know link > Campus Crime Statistics link.

Illegal Drugs or Alcohol

Victoria College specifically prohibits the use, possession, or distribution of illegal drugs and alcohol on college property.

Disciplinary actions are described in the Victoria College Code of Student Conduct in the Student Handbook. VC may prosecute as allowed by state statutes.

Victoria College Police & Campus Safety strictly enforces all laws and college regulations pertaining to illegal drugs and alcohol beverages on campus.

**ALL TUITION AND FEE RATES ARE SUBJECT TO CHANGE WITHOUT NOTICE.**

**ALL TUITION AND FEES MUST BE PAID BEFORE ATTENDING CLASS.**

Note: Certain programs may be subject to an additional per credit hour differential tuition. See page 70 for program-specific additional differential tuition rates.

Tuition and fees can be paid using the payment plan. There is a $20 nonrefundable service fee to use the payment plan. Under this option, one-half of the tuition and fees must be paid at the time of registration with the balance due in one or two payments, depending on the semester. During certain early VIP registrations, the College will offer a payment plan that requires one-fourth down and three installment payments. The payment plan may be initiated online through the Pirate Portal or in person at the Payments Office located in the Student Services Building.

Residency Definitions for Tuition and Fees Purposes

A Texas resident is defined as a U.S. citizen (or dependent of a U.S. citizen for the current and preceding year) who has resided continuously in Texas for at least 12 months immediately preceding registration.

A. A county resident is a resident of the state of Texas who:
   (1) has resided continuously in Victoria County for a period of at least six months immediately preceding registration and who was not claimed as a dependent for federal income tax purposes by the individual's parent or guardian for the current tax year or for the preceding year in which the individual registers. A residence change from Victoria County to outside of the county during the first 12 class days of the fall or spring semester (first four class days of the summer sessions) will result in the student being charged the additional out-of-county tuition fees.
   OR
   (2) is a dependent of a Texas resident (claimed as a dependent for federal income tax purposes by the individual's parent or guardian at the time of registration and for the preceding tax year) whose parent or guardian has resided continuously in Victoria County for a period of at least six months immediately preceding registration.

B. An out-of-county resident is a resident of the state of Texas who:
   (1) has not resided continuously in Victoria County for a period of at least six months immediately preceding registration and is independent for income tax purposes for the current year and preceding tax year; or
   (2) is a dependent of a Texas resident (claimed as a dependent for federal income tax purposes by the individual's parent or guardian at the time of registration and for the preceding tax year) whose parent or guardian has not resided continuously in Victoria County for a period of at least six months immediately preceding registration.

C. A resident alien is a student living in the United States under a visa permitting permanent residence and has the same privilege of qualifying for Texas resident status for tuition purposes as do United States citizens. Under this status, the Resident Alien card or appropriate documentation indicating that the student has filed an I-485 form with the Immigration and Naturalization Service must be submitted before the student may register. Students who fail to present the Resident Alien card or appropriate documentation during the registration process will be required to pay nonresident tuition. Resident aliens wishing to be classified as Texas residents must also verify that they have resided in the state at least 12 months prior to registration.

D. A nonresident is someone who does not live in Texas but is a citizen of the United States who:
   (1) has not resided continuously in the state of Texas for a period of at least 12 months immediately preceding registration and is independent for income tax purposes for the current year and preceding tax year; or
   (2) is a dependent (claimed as a dependent for federal income tax purposes by the individual's parent or guardian at the time of registration and for the preceding tax year) whose parent or guardian has not resided continuously in the state of Texas for a period of at least 12 months immediately preceding registration.

The Board of Trustees of Victoria College authorizes the waiver of the difference in the rate of tuition for the out-of-county or nonresident and in-county student or his/her dependent(s), who owns property purchased by or before time of enrollment which is subject to ad valorem taxation by the Victoria County Junior College District. The individual, or his/her dependents, applying for such waiver shall verify property ownership by presentation of an ad valorem tax statement or receipt, issued by the tax office of the district; or by presentation of a deed, property closing statement, or other appropriate evidence of ownership of property which is subject to ad valorem taxation by the district. This must be done prior to registration.

E. An alien or foreign student is defined as a student who is a citizen of any country other than the United States of America.
Residency Verification Requirements

New students, as well as returning students who were not enrolled the previous semester, are required to submit proof of their Texas residence and Victoria County residence (when applicable). For information regarding the appropriate documentation for verifying residency, contact the Welcome Center.

Verifications should be submitted when application is submitted or during registration. Failure to provide residence verification or failure to pay the additional fees owed will result in denial of future registrations as well as a hold being placed on the student record.

Students planning to apply for a partial tuition refund by providing residence documentation that will result in a residence status change must do so before the official reporting date (as set by the Coordinating Board of Texas) for the current semester. Such refunds will be made for the current semester only and not for prior semesters attended.

Official reporting dates are as follows:
- Fall and spring semesters: 12th class day
- Summer sessions: fourth class day
- Classes of varying lengths: pro-rated accordingly (See page 48 for more details)

If an error is detected in residency determination—either by administrative staff or by erroneous information on the residence portion of the application—additional tuition may be charged during the semester. Failure to pay the additional charges will result in a hold being placed on the student record.
Tuition Rebate

The following Tuition Rebate policy has been set by the Texas Higher Education Coordinating Board.

Sec. 54.0065. TUITION REBATE FOR CERTAIN UNDERGRADUATES. (a) A qualified student is eligible for a rebate of a portion of the undergraduate tuition the student has paid if the student:

(1) is awarded a baccalaureate degree from a general academic teaching institution; and

(2) has attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree, including transfer credits and course credit earned exclusively by examination.

(b) The amount of tuition to be rebated to a student under this section is $1,000, unless the total amount of undergraduate tuition paid by the student to the institution of higher education awarding the degree was less than $1,000, in which event the amount of tuition to be rebated is an amount equal to the amount of undergraduate tuition paid by the student to the institution. However, a student who paid the institution awarding the degree an amount of undergraduate tuition less than $1,000 may qualify for an increase in the amount of the rebate, not to exceed a total rebate of $1,000, for any amount of undergraduate tuition the student paid to other institutions of higher education by providing the institution with proof of the total amount of that tuition paid to other institutions of higher education.

(c) A student who has transferred from another institution of higher education shall provide the institution awarding the degree an official transcript from each institution attended by the student in order that the total number of hours attempted by the student can be verified.

(d) To qualify for a rebate under this section, the student must have been a resident of this state and entitled to pay tuition at the rate provided by this chapter for a resident student at all times while pursuing the degree.

(e) All institutions of higher education shall notify each first-time freshman student of the tuition rebate program.

(f) The institution awarding the degree shall pay the rebate under this section from local funds.

(g) If a student entitled to a rebate under this section has an outstanding student loan, including an emergency loan, owed or guaranteed by this state, including the Texas Guaranteed Student Loan Corporation, the institution shall apply the amount of the rebate to the student’s loan. If a student has more than one outstanding loan, the institution shall apply the amount of the rebate to the loans as directed by the student or, if the student fails to provide timely instructions on the application of the amount, the institution shall apply the amount of the rebate to the loans according to priorities established by the Coordinating Board. If the amount of the rebate exceeds the amount of the loan indebtedness, the institution shall pay the student the excess amount.

(h) The Legislature shall account in the General Appropriations Act for the rebates authorized by this section in a way that provides a corresponding increase in the general revenue funds appropriated to the institution. It is the intent of the Legislature that rebates authorized by this section shall be financed by savings to the state resulting from reductions in the number of courses taken by undergraduate students.

(i) The Coordinating Board, in consultation with the institutions of higher education, shall adopt rules for the administration of this section.
Refund Policy

The 74th Legislature assigned the Coordinating Board the duty of establishing a uniform refund policy for public community and technical colleges in Texas. The following is the refund policy adopted by the Coordinating Board in January 1996.

I. REGULAR SEMESTER LENGTH COURSES
In order for a student withdrawing from regular semester length courses to be entitled to a refund, the student must officially withdraw from Victoria College by obtaining a withdrawal form from Advising & Counseling Services located in the Student Services Building, or by submitting a written request via email to CounselorHelp@VictoriaCollege.edu. Students who drop a course(s) or totally withdraw from Victoria College will have their tuition and mandatory fees refunded according to the following schedule:

Total Withdrawals and Course Load Reductions for Fall and Spring Semesters
*Prior to the first class day ...................... 100%
During the first 15 class days.................... 70%
During the 16th through 20th class days ..25%
After the 20th class day .........................None

Total Withdrawals and Course Load Reductions for Summer Sessions
*Prior to the first class day ...................... 100%
During the first five class days ................. 70%
During the sixth and seventh class days... 25%
After seventh class day .........................None

NOTE: State law requires Victoria College to apply refunds for tuition and fees paid by a sponsor, donor, or scholarship to the source rather than directly to the student who has withdrawn if the funds were made available through the institution.

II. Non-Semester-Length and Flex Entry Courses
The student must officially withdraw from Victoria College by contacting the department with which he/she registered to be entitled to a refund.

Total Withdrawals for flex entry and non-semester-length courses
*Prior to the first class day ..................... 100%
After classes begin, see table on the next page.

*Class days refer to the number of calendar days the institution normally meets for classes, not the days a particular course meets.

Refunds for Noncredit Courses

Students will receive a 100% refund if a withdrawal request is received before the class begins. If the class is cancelled by the College, no refund is issued. Law Enforcement Academy students will receive an 80% refund if the withdrawal is completed during the first five calendar days after the first class meeting.

Federal Financial Aid Return of Title IV Funds Policy

The term “Title IV Funds” refers to the Federal Financial Aid Programs authorized under the Higher Education Act of 1965 and includes the following: Federal Family Education Loan Program, Federal Direct Loans, Federal Perkins Loans, Federal PLUS Loans, Federal Pell Grants, and Federal SEOG.

A federal refund policy will apply to all enrolled students receiving Federal Title IV funding and withdrawing from the College before 60 percent of the period of enrollment has been completed. Students earn their Title IV federal financial aid by attending class in person or participating in online classes. The law requires that when a student withdraws during a period of enrollment, the amount of financial aid that the student has earned up to that point is determined by a specific formula. A student’s withdrawal date is the student’s last date of attendance and for online classes, the last date of documented participation. Participation in an online class must be more than signing on. It can be assignment completions, group discussions, or discussions with the instructor. Based on the last date of attendance as determined by the instructor roster or by some type of participation in the class as noted by the instructor – if the student received less assistance than the amount that the student earned, the student will be able to receive those additional funds.

This is called a post-withdrawal disbursement. If the student received more assistance than the student earned, the excess funds must be returned. The amount of assistance that a student has earned is determined on a pro-rata basis. For example, if the student completed 30 percent of the payment period of
enrollment – as determined by either attending class or participating in some manner that the instructor is able to document – the student earns 30 percent of the assistance the student was originally scheduled to receive. Once the student has completed 60 percent of the period of enrollment, the student earns all of the student’s assistance. If a student received excess funds that must be returned, the College must return a portion of the excess equal to the lesser of the student’s institutional charges multiplied by the unearned percentage of funds, or the entire amount of the excess funds.

If a student is eligible for any post-withdrawal disbursement, this will be made from available grant funds before available loan funds. Any amounts that have not been disbursed will be used in the Return to Title IV Calculation as the Amount that Could Have Been Disbursed. Please see the Treatment of Title IV Funds at http://ifap.ed.gov/fsahandbook/1213FSAHbkVol5.html

Withdrawal Information: Please see page 50 for withdrawal procedures and dropping classes, and their requirements. Students are subject to a limit for withdrawals and must contact the Advising & Counseling Services Office for procedures for and consequences of withdrawing from all classes. From a financial aid standpoint, students cannot earn all of their financial aid unless they attend and participate in class for at least 60 percent of the term. This calculation counts all calendar days, including the first and last day of each term, weekends and holidays. Breaks of one week or more are not included in the calculation. Students must stay in school through the 60 percent mark to avoid possible repayment of unearned financial aid.

**Module Classes**: Module classes are defined as any class that does not span the entire length of the term. These classes may also be referred to as “part of term,” “fast track,” or “short term” classes.

**Federal regulation**: Any student who is enrolled in at least one class that is less than the length of the term is classified for that term as a “module student.” This means that even if the student enrolls in and passes a module class or classes, then drops or stops attending remaining full-term classes, he/she may be subject to a TIV Return calculation (a charge to the student’s account for return of unearned tuition) if the total number of days attended in the term is less than 60 percent.

The portion of financial aid grants and loans funded, excluding Federal Work-Study, which must be returned to financial aid programs, will be based on the following components:

<table>
<thead>
<tr>
<th>Date of withdrawal as determined by the College based on the following:</th>
<th>• The date the student last attended class as reported by the instructor. For online classes, the last date of documentable participation. This must be more than signing into the class. Submitting assignments, group discussions, and discussions with instructor may count as attendance. • If the instructor has no documented attendance records, it will be determined the student never attended and will not have earned ANY Title IV funds.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Percentage of the enrollment period earned:</td>
<td>• Divide the number of days attended by the number of days in the term (including weekends and holidays). • If last date of attendance occurs after the 60 percent date, the student has earned all of the financial aid received and no refund will be required.</td>
</tr>
<tr>
<td>Subtract the percentage earned from 100 percent to determine the percentage unearned.</td>
<td>• Multiply the total federal aid received by the calculated percentage unearned. This reflects the total amount of unearned federal aid.</td>
</tr>
<tr>
<td>Calculation of Institutional Return</td>
<td>• Multiply the percent unearned by the institutional costs to determine the unearned institutional return. Requires student repayment to Victoria College</td>
</tr>
<tr>
<td>Calculation of Student Return</td>
<td>• Subtract institutional return from the total amount of unearned federal aid. Requires student repayment to Department of Education or Lender.</td>
</tr>
</tbody>
</table>
Financial Aid implications:
Example of a student in module classes:

- Student enrolls in two module classes, both spanning the first five weeks of the term, and one full term class.
  
  CLASS A
  3 credits  MODULE Final grade-B
  
  CLASS B
  3 credits  MODULE Final grade-A
  
  CLASS C
  4 credits  FULL TERM
  Withdrew on the 33rd day of the term

- Student finishes the module classes, but drops the full-term class the same day the module classes ended.

- Term length is 77 days x 60% = 47 days

- Module classes were 33 days in length (33/77 = 42.9%)

- Earned tuition is 42.9%, unearned is 57.1%

- Student is subject to a TIV Return calculation because he or she earned less than 60% of his tuition.

- SAP status – will be reviewed at end of term, regardless of repayment of Title IV funds

Unearned Title IV funds are returned to Title IV programs based on a federally mandated formula. Under this formula, institutions are obligated to return unearned funds collected for institutional charges to the US Department of Education and/or the student loan lender. Students are obligated to return unearned funds beyond the institutional charges to the Department of Education.

When institutions have to return unearned Title IV funds from institutional charges, the money is returned to programs in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, PLUS Loans, Pell Grant, Academic Competitiveness Grant, and FSEOG. These unearned Title IV funds are posted to the student's Victoria College account and must be repaid.

When a student has to return unearned Title IV funds that he/she received beyond the institutional charges, the money is returned to programs in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, PLUS Loans, Pell Grant (50%), and FSEOG (50%). Note that student's responsibility for repayment of unearned Title IV grant money is reduced by half.

If a student owes unearned Title IV funds from a federal loan, the money is repaid to the lender in accordance with the terms and conditions of the promissory note.
State of Texas
Tuition Exemption/Waiver Program

Certain tuition exemption/waiver programs are available for reduced tuition and/or fees. For more information about the specific requirements to qualify for a program, review the list at the Texas Higher Education Coordinating Board website at www.CollegeForTexans.com or contact the Admissions & Records Office located in the Student Services Building. There are time limits for qualifying for certain exemptions or waivers. Texas Education Code 54.2001 requires that a student receiving a state exemption or waiver must meet the institution's minimum grade point average requirement for making Satisfactory Academic Progress (SAP) in accordance with the institution's eligibility for receiving financial aid. For Victoria College, that requirement is a cumulative Grade Point Average (GPA) of 2.0 or higher. Students with a cumulative GPA less than 2.0 and students who have exceeded maximum hours will not be eligible for a state exemption or waiver. Appeals may be made to the Satisfactory Academic Progress Appeals Committee.
Financial Aid
Financial Aid

The purpose of the Victoria College Financial Aid Office is to assist students in obtaining the financial aid necessary to attend college. Assistance is available in the form of grants, loans, student employment, and scholarships. All students who feel that they need financial assistance are strongly encouraged to visit the Financial Aid Office to learn about the various sources of funds and to determine their eligibility.

Students who wish to apply for any type of financial aid (except merit-based scholarships and non Work-Study student assistant positions) must:

1. be enrolled in classes that pertain toward their degree plan each semester.
2. complete and submit a Free Application for Federal Student Aid (FAFSA). The FAFSA application is available through the FAFSA web site located at www.fafsa.ed.gov. After submission of the FAFSA to the Federal Processor, students will subsequently receive a Student Aid Report (SAR).

In order to complete their financial aid file, students must:

1. submit a copy of their high school transcript showing graduation date or submit verification of a GED to the Admissions & Records Office.
2. complete admissions application and be an admitted student to Victoria College.
3. submit ALL official transcripts from each college attended if they are transfer students.

If the student's file is selected for verification, the following will be required:

1. IRS tax transcript, if data retrieval method was not selected when completing the FAFSA on line. Copies of tax returns will no longer be allowed.
2. a verification worksheet (found at www.VictoriaCollege.edu/FinancialAidForms)
3. any other forms requested.

Federal Ability-to-Benefit Law

High School Graduates or GED Certificates

All students who apply for financial aid must submit a copy of their completed high school transcript or their GED certificate to the Admissions & Records Office. Placement tests will no longer be allowed in lieu of high school diploma or GED.

A student who enrolls for summer sessions and whose high school has not yet had the opportunity to issue transcripts will be allowed to temporarily substitute a letter from the high school registrar which states that the student has completed all requirements for graduation, including passing all sections of the high school exit test. This letter must be submitted in a sealed envelope and must include the following:

- Student's Social Security number
- Confirmation that the student has successfully completed all requirements for graduation, date of graduation, and type of program
- Date issued and
- Original signature of the school official

Students who enroll using this type of verification must follow up and furnish the Admissions & Records Office with an official copy of their transcript. These regulations were developed to ensure compliance with federal law. Students who have not met these requirements will NOT be awarded Title IV federal financial aid. No exceptions will be made to this policy.

The Director of Financial Aid, under the direction of the Vice President of Student Services, administers the financial aid program. Financial Aid staff members are available to answer questions and to provide assistance with completing applications. Additional information may be obtained by visiting the Financial Aid Office or by calling or writing:

Scholarships

A wide variety of scholarships are available at Victoria College (VC). Scholarships include those awarded and administered by the Victoria College Foundation (VCF) as well as those awarded by community and civic organizations. In addition, Victoria College awards Institutional Scholarships for various programs of study and academic merit. The criteria for receiving a scholarship varies according to standards set by donors. Scholarships may be awarded based on GPA, financial need, or a combination of other criteria.

The Victoria College Foundation administers over 100 scholarships for students attending Victoria College. Students must apply and receive acceptance to VC prior to completing the VCF scholarship application. Once students have received acceptance to VC, they will have access to the VCF scholarship application in the Pirate Portal > Financial Aid & Scholarships folder > Scholarship Application link > Scholarship Application link. Change in GPA, major, Satisfactory Academic Progress (SAP) or other factors may affect the status of scholarship awards.

Additional scholarships are available for Dual Credit, Workforce & Continuing Education, Allied Health Continuing Education as well as Gonzales Center students. Scholarships are also available for other college initiatives.

Victoria College also advertises outside scholarships awarded by various community and civic organizations. These scholarships may require additional paperwork to be completed by the student and submitted directly to the donor.

The following endowment and scholarship funds are administered by the Victoria College Foundation. Please contact the College Advancement & External Affairs Office for complete information.

**Institutional Scholarships**

Victoria College Beat The Odds Scholarship
Victoria College Music Scholarship

*Endowment & Scholarship listing as of June 6, 2016*
**Valedictorian**
A tuition scholarship is awarded to the highest-ranking graduate of each accredited high school in Texas. Exemption is valid for tuition during both semesters of the freshman year immediately following the student's high school graduation. Fees are not covered and funds may not be used to pay tuition for continuing education classes. The student should send the letter of certification from his/her high school indicating he/she is the highest ranking high school graduate for that high school to the registrar of the college he/she attends.

**Top 10 Percent**

*Program Purpose*
The purpose of the Top 10 Percent Scholarship Program is to encourage outstanding high school graduates who graduate within the top 10 percent of their high school graduating classes to attend a public college or university in Texas.

*Initial Eligibility Requirements:*
1. Be a Texas resident;
2. Graduate from an accredited public or private high school in Texas (home-based private high schools are not currently accredited by TEA or one of TEA's accrediting agencies);
3. Complete the recommended or distinguished achievement curriculum (or the equivalent) at an accredited public high school in Texas, or the equivalent at an accredited private high school in Texas (see the Texas Private High School Certification section below);
4. Rank in the top 10 percent of the high school graduating class as of the seventh semester, or the sixth semester if the college uses that semester to determine admission to the institution;
5. Submit the Free Application for Federal Student Aid (FAFSA) in time to generate the CPS results in a non-rejected status by March 15, or submit the Texas Application for State Financial Aid (TASFA) to the Financial Aid Office by March 15;
6. Register with Selective Service, or be exempt;
7. Enroll full-time in the Fall 2014 semester in a Texas public 2-year or 4-year college or university immediately after graduation from high school and maintain full-time enrollment through the census date of the semester; and
8. Demonstrate financial need (to be determined by the Financial Aid Office). See need determination below.

*For renewal eligibility, contingent upon available funding, students must:*
1. Receive an initial year Top 10 Percent Scholarship in a previous year;
2. Submit the Free Application for Federal Student Aid (FAFSA) in time to generate the CPS results in a non-rejected status by March 15, or submit the Texas Application for State Financial Aid (TASFA) to the Financial Aid Office by March 15;
3. Demonstrate financial need;
4. Enroll full-time in the fall semester in a Texas public 2-year or 4-year college or university immediately after graduation and maintain full-time enrollment through the census date of the semester;
5. Complete at least 30 semester credit hours in the previous year;
6. Complete at least 75% of the hours attempted in the previous year; and
7. Maintain a cumulative 3.25 GPA*.

* If a student has taken courses at another institution which are not included in the cumulative GPA calculation, the student has the right to appeal by presenting transcripts from the other institution(s). In this situation, an overall GPA must be calculated counting all classes and grade points earned. If the resulting GPA meets the program's requirements, the student is eligible.

**College for All Texans**
Please refer to www.collegeforallt texans.com, Apply for Colleges and Financial Aid > Types of Financial Aid for a complete listing of financial aid offered through the state of Texas.
Grants
Victoria College participates in several need-based grant programs, which provide funds that do not have to be repaid. Students who wish to apply for any grant must submit a FAFSA. Proceeds from grants are intended to provide assistance with tuition, fees, books, and living expenses.

Federal Pell Grants
The Federal Pell Grant program is regulated by the federal government and is an important source of financial assistance for eligible students. It is recommended that students applying for a Federal Pell Grant be enrolled for six or more hours. However, a Federal Pell Grant may be available to students who enroll for less than half-time (please contact the Financial Aid Office for additional information concerning less-than-half-time Federal Pell Grants). The amount of the Federal Pell Grant award will vary with the number of semester hours carried and the financial need demonstrated by the student. Students who have demonstrated eligibility and have completed the review process with the Financial Aid Office may use Federal Pell Grant funds at registration. Any additional amount due the student will be paid later in the semester.

If students are enrolled in courses that do not count toward their degree/certificate, those hours cannot be included in determining their enrollment status. Duration of Pell eligibility is reduced to the equivalent of 12 full-time semesters instead of 18 full-time semesters. The reduction affects all students beginning with 2013-14 award year. No students are grandfathered. For the 2015-2016 aid year the maximum Pell grant is $5,775.

Books and Supplies for Title IV (Pell Grant, SEOG, Direct Loans) Recipients
Students may charge at the Victoria College Bookstore for books and supplies once they have registered and the Pell Grant funds are authorized to the student account. The student’s tuition and fees will be deducted from the authorized aid and the remaining balance will be available to charge against. There are cut-off dates for charging. Please contact the Bookstore for specific schedules. The Bookstore is located in the Student Center, and can be reached at (361) 572-6430. Any unused funds will be refunded to the student approximately 14 days after the term Official Reporting Date (ORD).

Retaking Coursework
New federal regulations limit students’ eligibility for federal aid with regards to repeated courses. Students may not receive federal aid (Pell Grant and Stafford Loans) for courses that were previously taken and passed beyond the first retake. Note: Repeat courses still count toward students’ attempted hours for financial aid purposes.

For example, suppose a student takes a course and receives a grade of D. This student needs a C in this course to count for the requirements of the degree. The student takes the course again, receives aid, and earns another D. The student needs to retake the course again, but is no longer eligible for federal aid for that class. Additionally, the student cannot use that course toward enrollment for financial aid purposes. If the student is taking 12 credits, the repeated 3 credit course is no longer eligible. The student’s actual enrollment for financial aid purposes must be listed as 9 credits.

Recalculating Pell Grant for changes to Student’s Cost, Estimated Family Contribution (EFC), or Enrollment Status.
Victoria College allows for recalculations of a student’s Pell Grant after the initial calculation or disbursement, to account for changes to the student’s costs, EFC, or enrollment status.

Change in the EFC
If the student’s EFC changes due to corrections, updating, or an adjustment, and the EFC change would change the amount of the Pell award, the Financial Aid Office must recalculate the Pell award for the entire award year. If, as a result of the recalculation, the student has received more than his or her award amount, then the student has received an overpayment. In some cases, the Financial Aid Office may be able to adjust an award by reducing or canceling later payments to the student in the same award year.

Change in enrollment status between terms
In a term program that uses credit hours, the Financial Aid Office must calculate a student’s payment for each term based on the enrollment status for that term. If a student attended full-time for the first term and then enrolled half-time in the second term, half-time enrollment status must be used to calculate the student’s payment for the second term.
Student does not begin attendance in all classes within a term
If the student does not begin attendance in all of his or her classes, resulting in a change in the student's enrollment status, the Financial Aid Office will recalculate the student's award based on the lower enrollment status. A student is considered to have begun attendance in all of his or her classes if the student attends at least one day of class for each course in which that student's enrollment status was determined for Federal Pell Grant eligibility. A student is considered not to have begun attendance in any class in which the school is unable to document that attendance.

Change in enrollment status within a term
It is Victoria College policy to recalculate Pell awards only for enrollment changes that occur up to the Official Reporting Date (ORD) of a term.

The Financial Aid Office will use the student's effective enrollment status on the date of the initial calculation, and there will be no recalculation of the student's Pell Grant for the term due to a subsequent change in enrollment status, assuming the student began attendance in each class. If the student's payment for the term is being disbursed in a subsequent payment period, the Financial Aid Office will pay the student only for the coursework completed in the term. In the case of programs offered with compressed coursework or modules within the terms, Victoria College will not allow any subsequent adjustments to enrollment status once the ORD calculation has been determined.

For example, suppose a student was determined to be registered in 9 credit hours at ORD, and the Pell calculation was performed for three-quarter status. The student then registers during a subsequent registration period for another 3 credit hours. The student is still considered to have a three-quarter time enrollment status and is not eligible for any additional Pell for this term.

Federal Supplemental Educational Opportunity Grant (SEOG)
Federal SEOG is a federally funded program that provides additional grant funding for students receiving Federal Pell Grants. Students who have completed the application for financial aid by the priority deadlines will be given first consideration for these funds. After this deadline, funds will be awarded on a first-come, first-served basis until all monies are exhausted.

Texas Public Education Grant (TPEG)
The TPEG Grant is funded by Victoria College from tuition set aside. Awards are made to students who have completed their application for financial aid by the priority deadline. Funds will be awarded on a first-come, first-served basis until all monies are exhausted. Funds are awarded using a need-based formula of Federal Pell Grant applicants. Certain Continuing Education courses may also qualify for the TPEG award. Please contact the Financial Aid Office for more information.

Toward Excellence, Access & Success Grant (TEXAS Grant)
Beginning with the 2014-2015 year, institutions may not make initial year Texas Grant awards. Institutions may request renewal year Texas Grant funds for eligible students who received in initial year award prior to Fall 2014 either through Victoria College or another public institution. The Texas Higher Education Coordinating Board funds the TEXAS Grant. This grant is aimed at assisting students who have graduated from a Texas high school and completed the recommended high school program or the distinguished achievement program. Eligible students must have financial need and be enrolled either full-time or three-quarter time at an eligible institution within 16 months of high school graduation to receive this grant. Contact the Financial Aid Office for additional eligibility requirements.

Texas Educational Opportunity Grant (TEOG) (formerly known as TEXAS Grant II)
The Texas Higher Education Coordinating Board funds the Texas Educational Opportunity Grant. This grant is aimed at assisting students who have a high school diploma or GED. Eligible students must have financial need and be enrolled at least half-time at an eligible institution within the student's first 30 credit hours to receive this grant. Contact the Financial Aid Office for additional eligibility requirements. For a complete list of exemptions and grants, go to www.collegeforalltexans.com, Apply for Colleges and Financial Aid > Apply for Financial Aid > Types of Financial Aid.
Loans

Federal Student Loan Programs

Victoria College participates in the William D. Ford Federal Direct Loan Program (DL). The program provides low-interest loans to eligible students enrolled at least half-time in an institution of higher education. Repayment may be deferred until a student ceases to be enrolled at least half-time in an institution of higher education.

All students who wish to apply for DL must meet the following requirements:

1. Students must be currently enrolled for at least 6 credit hours.
2. Students must declare a major with the Registrar’s Office.
3. Students must be enrolled in courses that count toward their degree plan or certificate program.
4. Courses that do not count toward the degree plan or certificate program cannot be included in the enrollment status of students for the purpose of determining whether students are full-time or part-time. Repeat courses that are not part of the student's enrollment status (refer to Repeat coursework under Federal Pell Grant section) cannot be included for the purpose of determining whether students are full-time or part-time.
5. Students must meet the requirements of the Satisfactory Academic Progress (SAP) requirements to be eligible to receive any type of financial aid (loans, grants, work-study, etc.)
6. All students obtaining a Direct Loan from Victoria College for the first time will be required to attend the face-to-face entrance counseling session.
7. Students must complete a loan request form each academic year and a separate summer loan request if needing loans for the summer. Forms can be found at www.VictoriaCollege.edu/FinancialAidForms
8. Students must complete an MPN with the Department of Education at www.StudentLoans.gov. MPNs are good for 10 years.
9. Students must accept loans through the Pirate Portal > Financial Aids & Scholarship folder > Financial Aid Awards link

Students’ loan eligibility amount will be calculated based on financial need, the number of semester credit hours the student is enrolled in and eligible for (see Repeat Coursework section) each semester (as of the 12th class day during the fall and spring semesters and the fourth class day during summer semesters); the amount of other financial aid (grants, scholarships, work-study, WIA benefits, tuition waivers, etc.) the student may receive; and grade level.

Loan funds are available to cover initial payment of tuition/fees and purchase of books. The first disbursement of loan checks is mailed approximately 30-35 days after the first day of class during the fall and spring semesters and approximately 17-20 days after the first class day during the summer semesters (first-time borrowers must wait 30 days before loans can be disbursed, due to federal regulations.) The student’s correct mailing address must be on file in the Admissions & Records Office. Loans will be disbursed in the form of a check or direct deposit to the student’s bank account. The student is responsible for setting up direct deposit. It is not College policy to allow students to pick up their checks. Loans are disbursed in two equal payments in accordance with federal regulations. For loans covering one semester, the second disbursement cannot be made until at least 50-percent of the student’s enrollment has elapsed.

If anything about the student’s financial circumstances change (including the receipt of additional financial aid funds, such as scholarships, grants, work-study, WIA benefits, tuition waivers, etc.) the amount of his/her loan eligibility may change.

Loan recipients must complete Loan Exit Counseling before transferring to another college or university, graduating from Victoria College, dropping below half-time status, or withdrawing. Loan Exit Counseling is available at StudentLoans.gov.
PROVISIONS AFFECTING DIRECT LOANS ONLY:

- Interest subsidies during the six month grace period are eliminated for new Stafford Loans made on or after July 1, 2012. The repayment period still begins six months after the student is no longer enrolled at least half-time, but interest accrued during those six months will be payable by the student rather than subsidized by the federal government.

- The interest rates for Direct Loans can be found at this website: http://www2.ed.gov/offices/OSFAP/DirectLoan/calc.html.

- First-time borrowers on or after July 1, 2013 have a limit on the maximum time period that they can receive Direct Subsidized Loans. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. A student may not receive Direct Subsidized Loans for more than 150 percent of the published length of a program. A two year associate degree program has a maximum period for which a student can receive Direct Subsidized Loans of three years. This includes Direct Subsidized Loans received from another program. See http://StudentAid.ed.gov/Types/Loans/Subsidized-Unsubsidized for more details.

Student Employment

Federal Work-Study Program

The Federal Work-Study Program (FWS) provides funding for campus jobs for students who demonstrate financial need. Students may work up to 19 hours per week. Interested students must complete an application for financial aid prior to being employed as a FWS student. All students interested in participating in the FWS for this year must first apply for the Federal Pell Grant and have received an award letter from the Victoria College Financial Aid Office. Applications for employment in the FWS Program are available in Human Resources.

Student Assistant Employment Program

A limited amount of institutional funds are available for employing individuals who are not eligible for the Federal Work-Study Program. Students are encouraged to apply for the Student Assistant Employment Program as soon as possible. Please contact Human Resources for more information.
Satisfactory Academic Progress (SAP) Policy

Federal regulations mandate a student receiving financial assistance under Title IV programs must maintain satisfactory academic progress in his/her course of study regardless of whether or not financial aid is awarded each semester. Title IV funds include Pell Grant, SEOG, Direct Loans, and Federal Work Study.

Financial Aid SAP standards are not the same as the Victoria College Academic Standards.

Although students may be granted an Academic Fresh Start, the Financial Aid Office is required to include all prior credits completed or attempted, including prior grade point averages (GPA), when determining eligibility for financial aid. Student financial aid, as defined in this policy, specifically applies to all federal, state, and certain institutional aid programs. Federal guidelines stipulate that this policy applies to ALL enrollment periods, regardless of whether students have received financial aid.

NECESSARY REQUIREMENTS FOR SATISFACTORY ACADEMIC PROGRESS

Qualitative Standards – Students will be expected to maintain the minimum academic standards as outlined in the Academic Regulations in the Victoria College Catalog and established by the Admissions & Records Office. Students must maintain a cumulative GPA of at least 2.0. This will not include any foundational classes.

Quantitative Standard – Students must complete 67% of their cumulative attempted hours. This number will not be rounded up or down. The quantitative standard is used to measure a student’s pace in a program. A student may be on pace for the semester but not be on pace when calculating the cumulative hours. Pace is measured by dividing the cumulative number of hours the student has successfully completed by the cumulative number of hours the student has attempted. Keep in mind attempted means all the hours a student registered for, even those for which he/she may have received any of the following grades: “W, F, FX, S, SA, SB, SC, T, U, UD, UF, I and Q.” Completed means those hours for which a student has registered and received a grade sufficient for graduation.

Foundational coursework is included in this calculation as well as transfer credits accepted by Victoria College.

Maximum Time Frame – Victoria College is a two year public community college with certificate and associate degree programs. Students must complete their program of study within 150% of the length of the program. Maximum time frame is measured by dividing the number of credit hours the student has attempted by the number of credit hours required to complete the student’s program of study. If the student will exceed 150% by the end of the program, the student will be placed on Financial Aid suspension. The time frame requirement applies to certificate programs, as well as associate degree and applied science degrees. Transfer course work accepted by Victoria College and courses with a grade of F, FX, W, S, SA, SB, SC, T, U, UD, UF, I and Q will be included in the calculation.

Some examples of maximum time frame are:

<table>

</tbody>
</table>

FAILURE TO MEET MINIMUM REQUIREMENTS

Financial Aid Warning is a status assigned to a student who fails to make Satisfactory Academic Progress at the end of a payment period and will be allowed to continue to receive aid for one payment period. There is no warning period for maximum time frame.

Financial Aid Probation is a status assigned to a student who fails to make Satisfactory Academic Progress for a subsequent payment period and who has appealed and has had eligibility for aid reinstated. A student on Financial Aid Probation may receive Title IV funds for one payment period. At that point, the student must meet the school’s SAP standards or the requirements of the established individual academic plan to maintain Title IV eligibility.
Financial Aid Suspension is a status assigned to a student who has not met the requirements for Satisfactory Academic Progress and has not been granted an appeal or a student who was on Financial Aid Probation and failed to meet Satisfactory Academic Progress or the requirements of the established academic plan and will not be eligible to receive Title IV funds.

**APPEAL PROCESS**
Students who have not made satisfactory academic progress after being placed on warning status may file an appeal to the Satisfactory Academic Progress Appeals Committee (SAPAC).

A student can appeal if:
- There is a death of a relative
- An injury or illness occurred
- Other special circumstances

How to appeal:
- Complete a SAP appeal application (available in the Financial Aid Office or at www.VictoriaCollege.edu/FinancialAidForms)
- Appeal is due to the Financial Aid Office the Friday prior to the committee’s meeting. The Appeals Committee meets once a month. Contact Financial Aid for specific meeting dates.
- Student will need to meet with an Academic Advisor to determine an Academic Plan for future semesters. You must take courses that are part of your declared degree program.

If your appeal is approved:
- You will be placed on Financial Aid Probation/PLAN
- You must meet the Satisfactory Academic Progress minimum requirements as outlined above.
- You must meet the minimum requirements EVERY semester
- You will be evaluated at the end of each semester to determine whether you continue to be eligible for Title IV funds.

If your appeal is denied:
- A student has the right to appeal to the Vice President of Student Services. The appeal packet for the Vice President of Student Services is available in the Financial Aid Office or at www.VictoriaCollege.edu/FinancialAidForms. The packet is also available in the Office of the Vice President of Student Services.
- The decision made by the Vice President of Student Services is final and no other appeal exists.

If you fail to meet minimum standards while on Financial Aid Probation/PLAN
- You are not eligible to appeal any further for GPA/PACE suspension
- You will not receive any Financial Aid funds
- If you are on suspension for GPA/PACE, then you must get back into Good Standing on your own
- If you are on suspension for Maximum Time Frame, you must meet cumulative GPA/PACE requirements for a subsequent payment period before you may be eligible to appeal.

**ADDITIONAL INFORMATION**
- Financial Aid recipients who withdraw from classes or stop attending classes before completing at least 60% of the semester may have to pay back a portion of their grant and/or loan money. The 60% completion rate will be determined by the attendance as submitted by the instructors. This is known as a Return to Title IV calculation (R2T4). This includes all grades of W, Q, U, UD, UF, F, and FX. The amount of financial aid that you have earned up to the last attendance date is determined by a specific federal formula
- A maximum of 30 foundational hours may be taken and paid for with Title IV funds
- Students may not receive federal aid for courses that were previously taken and passed beyond the first re-take. Repeat courses still count toward your attempted hours for Financial Aid purposes. Other restrictions may apply in regard to repeat courses. Check with the Financial Aid Office for clarification
- A student on Warning or Probation will not be eligible for any TPEG funds for Continuing Education (CE) courses
- A student on Suspension will not be eligible to receive TPEG funds for Continuing Education (CE) courses
- Pell Lifetime Limits – the Department of Education limits the student’s eligibility for Pell Grant to 600% or 12 full-time awards
- Loan Aggregate Limits – the Department of Education limits loan awards based on student status: dependent/independent, undergraduate/graduate
- A student must be in Good Standing or on Academic Plan to receive institutional scholarships or childcare assistance
Repeating Courses Procedures

A new federal regulation limits the number of times a student may repeat a course and receive financial aid for that course (Effective July 1, 2011).

If a student gets a ‘W’, ‘Q’, ‘F’, or an ‘FX’ in a course, that student is allowed to repeat the course and receive financial aid (assuming he/she is meeting Satisfactory Academic Progress) until he/she receives a ‘D’ or better. Once the student has received a ‘D’ grade or better, he/she can repeat the course a second time and still receive federal aid. A student is allowed one repeat after passing a course. The third time the student repeats a course in which he/she has earned a ‘D’ or better, the Financial Aid Office cannot provide federal funding for that repeated course.

Listed below are a few scenarios for example purposes:

<table>
<thead>
<tr>
<th>Grades Received</th>
<th>Result</th>
</tr>
</thead>
<tbody>
<tr>
<td>D, F</td>
<td>If the student repeats the course a third time, that course is not eligible for aid.</td>
</tr>
<tr>
<td>F, F, D, W, F</td>
<td>If the student repeats the course a sixth time, that course is not eligible for aid.</td>
</tr>
<tr>
<td>F, F, D, D</td>
<td>If the student repeats the course a fifth time, that course is not eligible for aid.</td>
</tr>
<tr>
<td>UF, W, C, D</td>
<td>If the student repeats the course a fifth time, that course is not eligible for aid.</td>
</tr>
</tbody>
</table>

This rule applies whether or not the student received aid for earlier enrollments in the course.

**All repeated courses affect financial aid Satisfactory Academic Progress calculations.** A repeated course, along with all the other attempts, must be counted as attempted credit hours. If the course replaces a previous course, such as a student retaking for a higher grade, only the included courses count in the completion ratio. All students must successfully complete 67 percent of cumulative attempted hours by the end of each term.

SALT

Victoria College has partnered with American Student Assistance to provide a unique online financial resource for students. SALT is the membership program that teaches students how to take control of their finances. SALT helps students and alumni develop financial skills for life by delivering vital information and support in a way that is simple, useful, and motivating. The program includes financial education, debt management, and ongoing resources. Students are encouraged to register at: http://www.SaltMoney.org/Register/.
Veterans Benefits

Veterans are admitted on the same basis as other students. Victoria College is approved by the Texas Workforce Commission programs taken under Title 38 of the U.S. Code. Veterans Affairs (VA) Certifying Officials are located in the Advising & Counseling Services Office. Students seeking veterans’ educational benefits must contact a VA Academic Advisor six weeks prior to their registration period. All benefit recipients (excluding Chapter 31, 33 and Hazlewood) are required to pay their educational costs up front. Funding will be paid directly to students by the Department of Veterans Affairs.

Eligible veterans will receive monthly payments for their entitlement based on the coursework for which they enroll. Courses should be selected with care. Students should make certain that each course meets the requirements. The course must be a requirement for graduation in the veteran’s declared degree program or completion of a certificate program. A course for audit credit will not be certified for payment. Students who are enrolled in Victoria College and are certified to receive veterans’ benefits are expected to make a grade point average of 2.0 on all work attempted. Students who are enrolled for six or more semester hours and fail to make a 2.0 grade point average will be placed on scholastic probation which could affect future eligibility to receive benefits.

In addition to the academic progress, the following is also reviewed by the Department of Veterans Affairs:

- All withdrawals, enforced withdrawals, and reductions in class load will be reported to the Department of Veterans Affairs.
- Repeats of classes where D’s or above were earned will not be covered for veterans’ benefits.

The Montgomery GI Bill

The Montgomery GI Bill (Chapter 30) – Active Duty program provides up to 36 months of education benefits. These benefits may be used for degree and certificate programs, apprenticeship/on-the-job training, and correspondence courses. Foundational, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 10 years following the student’s release from active duty.

The Montgomery GI Bill (Chapter 1606) – Selected Reserve program may be available to a student if he/she is a member of the Selected Reserve. The Selected Reserve includes the Army Reserve, Navy Reserve, Air Force Reserve, Marine Corps Reserve, Coast Guard Reserve, the Army National Guard, and the Air National Guard.

Students may use this education assistance program for degree programs, certificate or correspondence courses, cooperative training, independent study programs, or apprenticeship/on-the-job training. Foundational, refresher, and deficiency training are available under certain circumstances.

Eligibility for this program is determined by the Selected Reserve components. The student is responsible for paying tuition and fees at the time of registration. VA makes the payments to the student for this program upon verification of enrollment certification which must be completed each semester.

The student may be entitled to receive up to 36 months of education benefits. His/her benefit enrollment entitlement ends 10 years from the date of his/her eligibility for the program, or on the day he/she leaves the Selected Reserve.

The following documents are needed to apply for The Montgomery GI Bill benefits:

- Copy of DD-214 for Active Duty Program
- Letter of eligibility from Selected Reserve Unit for Selected Reserve Program
- VA Form 22-1990 (Application for Veterans’ Educational Benefits) or VA Form 22-1995 (Request for Change of Place of Training or Program) if the student has previously used VA benefits at another institution or has not attended for one semester
- Victoria College Veteran’s Enrollment Record
- All prior academic transcripts and military transcripts

Veterans’ Educational Assistance Program (VEAP)

VEAP is available if the student elected to make contributions from his/her military pay to participate in this education benefit program. The government matches student contributions on a $2 for $1 basis. The student may use these benefits for degree, certificate, correspondence, or apprenticeship/on-the-job training programs. In certain circumstances,
foundational, deficiency, and refresher courses may also be available.

Benefit entitlement is 1 – 36 months depending on the number of monthly contributions. The student has 10 years from his/her release from active duty to use VEAP benefits.

The following documents are needed to apply for VEAP benefits:
- Copy of DD-214 for Active Duty Program
- VA Form 22-1990 (Application for Veterans’ Educational Benefits) or VA Form 22-1995 (Request for Change of Place of Training or Program) if the student has previously used VA benefits at another institution or has not attended for one semester
- Victoria College Veteran's Enrollment Record
- All prior academic transcripts and military transcripts

Survivors and Dependents Educational Assistance Program (DEA-Chapter 35)
Dependents’ Educational Assistance provides education and training opportunities to eligible dependents of certain veterans. The program offers up to 45 months of education benefits. These benefits may be used for degree and certificate programs, apprenticeship, and on-the-job training. Spouses may take a correspondence course. Foundational, deficiency, and refresher courses may be approved under certain circumstances.

The following documents are needed to apply for DEA benefits:
- Copy of DD-214 for qualifying veteran
- Copy of marriage certificate for spouse and birth certificate for children
- VA Form 22-5490 (Application for Veterans’ Educational Benefits) or VA Form 22-5495 or VA Form 22-5495w (Request for Change of Place of Training or Program) if the student has previously used VA benefits at another institution or have not attended for one semester
- Victoria College Veteran's Enrollment Record
- All prior academic transcripts

Hazlewood Act
Students interested in using Hazlewood benefits for registration are recommended to contact the VA Academic Advisor at Victoria College at least six weeks prior to their initial registration.

The Hazlewood Act information sheets and applications are available in the Advising & Counseling Services Office. Each Hazlewood Application must be completed before each new term registration. The Hazlewood Act provides a tuition waiver, so it must be used at the time of registration. It will not be retroactively applied.

The following documents are needed to apply for the Hazlewood Act benefits:
- Hazlewood Application
- Victoria College Veteran's Enrollment Record
- Copy of the DD-214
- Certificate of Eligibility for GI Benefits

Veterans’ Work-Study Program
Eligible veterans can apply for this benefit by contacting the Admissions & Records Office and filling out an application for Veterans’ Work-Study. Positions are limited and an interview is required.

Veterans’ Vocational Rehabilitation Program (Chapter 31)
The Vocational Rehabilitation Office in Houston, Texas determines eligibility for this Veterans’ benefit. Information on how to contact this office can be obtained in the Admissions & Records Office.

Additional information regarding Veterans’ Benefits may be obtained by visiting the VA web site at: www.gibill.va.gov.

Reserve Educational Assistance Program (REAP)
REAP was established as part of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005. It is a Department of Defense education benefit program designed to provide educational assistance to members of the Reserve components called or ordered to active duty in response to a war or national emergency (contingency operation) as declared by the President or Congress. This program makes certain reservists who were activated for at least 90 days after September 11, 2001, either eligible for education benefits or eligible for increased benefits.
Workforce Solutions Golden Crescent
Workforce Solutions Golden Crescent provides financial assistance (cost of tuition, fees, books, and supplies) for economically disadvantaged adults, youth, and laid-off workers. Eligibility is determined on a case-by-case basis under the program.

Workforce Solutions Golden Crescent serves people of the seven county Golden Crescent region that includes Calhoun, DeWitt, Goliad, Gonzales, Jackson, Lavaca, and Victoria counties. Persons who reside in this service area should call (361) 578-0341 or write for more information:

Workforce Solutions Golden Crescent
120 S. Main, Suite 110
Victoria, TX 77901

Persons who reside outside of these counties should call (512) 463-2222, go to the nearest Workforce Center office, or consult the website at GCWorkforce.org.

Department of Assistive and Rehabilitative Services, Division for Rehabilitation Services

The Division for Rehabilitation Services assists eligible consumers with tuition and required nonrefundable fees when it is deemed necessary to achieve a vocational outcome. Eligibility is based on physical or mental disabilities that create severe impediments to employment. Applications for such assistance should be made to:

Texas Department of Assistive and Rehabilitative Services

Division for Rehabilitation Services
4102 North Navarro, D-2
Victoria, TX 77901
(361) 580-5700
Student Services

Student Services is comprised of various offices that provide programs, services, and resources to promote a positive campus environment focused on enhancing student development and supporting learning. For the most up-to-date information, refer to the Victoria College website at www.VictoriaCollege.edu.

Admissions & Records and Welcome Center
Student Services Building, Room 107
(361) 485-6841
Admissions@VictoriaCollege.edu
www.VictoriaCollege.edu/AdmissionsRecords

The Admissions & Records Office and the Welcome Center provide services regarding admissions to Victoria College and the management of student information and academic records:

- Admissions information
- Credit by exam
- Grade information
- Graduation
- Noncredit & testing information
- Residency determination
- Transcript requests
- Student information changes
- (name, address, etc.)
- Verification of enrollment

Advising & Counseling Services

Advising & Counseling Services provides quality services to students in the areas of career counseling, academic advising, Pirate Orientation, personal counseling, veterans’ advising, and support services for students with disabilities. Students are encouraged to become acquainted with the advising staff and to take advantage of educational, career, and personal counseling services. These services are available to all students, both on-campus and off-campus, upon request. This department is responsible for providing information regarding:

- Assessment
- Academic advising
- Counseling
- Disability Services
- Orientation
- Personal counseling
- Recruiting
- Tutoring services
- Veterans services

Additional Advising & Counseling Services:

Career & Transfer Services
Student Services Building, Room 105
(361) 582-2400
AdvisorHelp@VictoriaCollege.edu
www.VictoriaCollege.edu/CareerServices
www.VictoriaCollege.edu/TransferServices

For students who are searching for a vocation, major, or specific area of interest, or are interested in transferring to another community college or university, a visit to the Career & Transfer Services Advisor is recommended. Services include:

- Career exploration
- Off-campus employment opportunities
- Career fairs
- Career preparation workshops
- University and community college transfer requirements
Disability Services
Student Services Building, Room 105
Disability Support Services (DSS)

Disability Services Advisor
Karen Friedel
(361) 572-6411
Karen.Friedel@VictoriaCollege.edu

Section 504/ADA Coordinator,
Robert Cubriel
(361) 572-6406
Robert.Cubriel@VictoriaCollege.edu

www.VictoriaCollege.edu/DisabilityServices

Disability support services are arranged on an individual case-by-case basis for qualified students with a documented disability. Services may include:

- Note-taking assistance
- Special parking provisions
- Adapted testing
- Reader services
- Information and referrals
- Special equipment and equipment adaptation

Prospective students who may qualify should contact Advising & Counseling Services at (361) 572-6411 at least one month prior to registration. Supporting documentation may be required. The Disability Support Services Student Handbook is available in the Advising & Counseling Services Office or at www.VictoriaCollege.edu/DisabilityServices. Students with disabilities who feel that their rights have been violated have the right to file a grievance. The procedure for doing so is outlined in the Disability Support Services Student Handbook.

Testing Center
Continuing Education Center, Room 201
(361) 582-2589
TestingCenter@VictoriaCollege.edu
www.VictoriaCollege.edu/TestingCenter

The Testing Center provides academic skills assessment and testing for online courses and administers selected licensure and/or certification examinations. Special testing accommodations are available for students who meet eligibility criteria.

Please contact the Testing Center at (361) 582-2589 or TestingAppointments@VictoriaCollege.edu to schedule a testing appointment.

The schedule for walk-in testing as available at www.VictoriaCollege.edu/TestingCenter.

Victoria College is a testing center for the following:

- ACT
- CLEP
- Correspondent Exams
- DSST
- GED
- SAT
- SAT Subject Exams
- TCOLE
- TEAS V
- TSA
- TSI Assessment
- VC Online
- VCT
Tutoring Centers
(361) 572-6473
TutorHelp@VictoriaCollege.edu
www.VictoriaCollege.edu/TutoringCenter

Main Betty East Tutoring Center
Johnson Hall, Room 106
Reading Room
Johnson Hall, Room 104
Science Tutoring Center
Health Sciences Center, Room 121C
Gonzales Center, Room 108

Online Tutoring

Tutoring services are designed to provide a supportive learning environment by providing tutors and a variety of resources to help students meet their educational goals.

Schedules are posted in the centers and on the Tutoring Center website, which can be accessed in the Pirate Portal. Additional resources include computers and printers, copy machines in Johnson Hall, Room 106, handouts, textbooks, and an online InfoRack which provides downloadable handouts to students needing assistance after hours or to those students unable to come to campus. Students who wish to work as tutors are encouraged to apply early each semester for these paid positions.

For additional information, please contact the Tutoring Center by phone or email. Tutors must have an instructor’s recommendation and achieve CRLA Certification in the first two semesters they tutor to ensure the quality of support services offered.

Students can submit online requests by visiting the website at https://www.Formstack.com/Forms/VictoriaCollege-TutoringRequest. The brief form allows students to provide information that will help tutors understand the request.

Veterans Services
Student Services Building, Room 105
(361) 572-6462
AdvisorHelp@VictoriaCollege.edu
www.VictoriaCollege.edu/VeteransServices

Veterans Services is located in the Advising & Counseling Services Office in the Student Services Building. Victoria College is approved by the Texas Workforce Commission programs under Title 38 of the U. S. Code to train veterans for degree and certificate programs. Veterans Benefits are described in detail in the VC Catalog.

Veterans Resource Connection
Johnson Hall, Room 102

In a continued effort in support of Veterans and their dependents, Victoria College established the Veterans Resource Connection. Services provided in the Veterans Resource Connection include:

- Guidance through the Veterans benefits process
- Referral to community services to support civilian transition
- Academic advising and degree planning
- Career counseling
- Financial Aid assistance to help guide students through steps to secure grants and scholarships
- Transfer assistance for students who plan to continue their education beyond Victoria College
Financial Aid Office  
Student Services Building, Room 108  
(361) 572-6415  
FinAid@VictoriaCollege.edu  
www.VictoriaCollege.edu/FinancialAid  

Students who need help paying for college are encouraged to visit the Financial Aid Office. The Financial Aid staff will make every effort to assist students in obtaining the necessary funds to attend college. A variety of federal and state funds are available to qualifying students. Steps for obtaining financial aid include:  
• Apply for admissions  
• Complete a Free Application for Federal Student Aid online at www.fafsa.ed.gov  
• Supply additional documentation if selected for verification  
• Submit an official high school transcript with graduation date to the Admissions & Records Office  
• Receive financial aid award letter  
• Log in to the Pirate Portal and accept the Financial Aid Award  

Scholarships and grants can be used for tuition, fees, books, and supplies. If loan funds will be required, an additional form can be obtained from the Financial Aid Office. When the file is processed, the student can use the funds for tuition, fees, books, and supplies.

Child Care Assistance  
Student Services Building, Room 108  
(361) 572-6415  
FinancialAid@VictoriaCollege.edu  
www.VictoriaCollege.edu/ChildcareAssistance  

To apply for assistance with child care costs, students must:  
• Apply every academic year to be considered for child care assistance  
• Have completed the Victoria College financial aid process  
• Be pursuing a career, health, or technical program of study.

Information and applications for the academic year are available in the Financial Aid Office. Assistance is based on the availability of Victoria College funds, student financial need, individual student assessment, program of study, and number of hours. Victoria College and The YMCA of the Golden Crescent have teamed up to offer discounted childcare to Victoria College students. For more information, please contact the Y at (361) 575-0511.

KEY Center-Student Support Services  
Johnson Hall, Room 101  
(361) 582-2414  
Key@VictoriaCollege.edu  
www.VictoriaCollege.edu/KeyCenter  

KEY stands for Knowledge, Exploration, and You — these will be the "keys" that unlock great opportunities for a Victoria College student's education and life. The goal of the KEY Center is to retain, motivate, and graduate low-income, first generation students, and/or students with disabilities. The mission of the KEY Center, a Federal TRiO program, is to promote participation in postsecondary education by providing an academically enriching and supportive environment that encourages intellectual growth and social development for qualified individuals.

The services provided by the KEY Center include:  
• Academic advising and degree planning  
• Career counseling and exploration through job shadowing, career planning, and other resources  
• Computer and study area designated for KEY Center members  
• Financial Aid Assistance to help guide students through steps to secure grants and scholarships  
• Financial literacy programs to empower students with information on money management  
• Mentoring program pairing a student with a VC faculty, staff, or student to help establish a solid support system  
• Resources and equipment for successful study habits  
• Transfer assistance for students who plan to continue their education beyond Victoria College  
• Tutoring program designated for KEY Center members which includes individual and group assistance
Payments Office
Student Services Building, Room 104
(361) 485-6840
Payments@VictoriaCollege.edu
www.VictoriaCollege.edu/Payments

The Payments Office is responsible for providing the following services:
• Payments
• Test registration & payments
• Installment plans

Recruitment (Pre-College Programs)
Student Services Building, Room 105
(361) 485-6823
PreCollegePrograms@VictoriaCollege.edu
www.VictoriaCollege.edu/
PreCollegeProgramsAndRecruitment

Pre-College Programs is responsible for providing the following services:
• Information and assistance with admissions and financial aid forms for prospective students
• Classroom presentations at elementary, middle, and high schools
• Programs to assist students with college preparation
• Campus tours
• Informational booths and presentations at community events, organizations, and businesses
• Dual Credit /Early Admissions information

Pre-College Programs provides college information and outreach services to all prospective students.

Student Activities & Student Center
Student Center, Room 120
(361) 485-6838
Student.Activities@VictoriaCollege.edu
www.VictoriaCollege.edu/StudentActivities

Campus student activities are designed to:
• Give the students the opportunity for self-expression
• Increase interest in academic courses
• Provide recreation

Amenities provided to students include:
• Big screen TV
• Horseshoe and washer pits
• Pool tables
• Sand volleyball court
• Table tennis
• Tennis courts

Inside the Student Center students will find:
• 250-seat dining area
• Campus bookstore
• The Cove, including Subway restaurant
• Meeting rooms

Clubs and Student Organizations
The Student Activities Office in the Student Center, Room 120, is the central location for information concerning campus organizations. All students are invited to visit the Student Activities Office website at www.VictoriaCollege.edu/CampusLife or to stop by the office and pick up a current listing of campus organizations and decide which club or organizations best suit their interests.

Club Membership Information
To be a member of an officially sanctioned extracurricular organization in the student life of Victoria College, an individual must be registered in good standing as a student in the College. Specific prerequisites for membership and holding office are determined by the constitution and bylaws of the organization, which have been approved by the Vice President of Student Services, Student Life Committee, and the Student Activities Director of Victoria College. Copies of each organization's constitution are maintained in the Student Activities Office.
Phi Theta Kappa
The Zeta Gamma Chapter of Phi Theta Kappa, the national honorary scholarship society for junior colleges, was chartered in February 1947. The purposes of the society are to promote scholarship, develop character, and cultivate fellowship among the students of the junior colleges of the United States. Each semester, a faculty advisor and the registrar survey all available candidates and recommend for membership those students whose grade point average indicates superior scholastic achievement (grade point average of 3.50 or higher on 12 hours of associate degree coursework), who have demonstrated qualities of leadership and integrity, and are pursuing an associate or higher degree.

Student Government
Victoria College's Student Government Association (SGA) is an elected body whose purpose is to represent the entire student body in all aspects of student life. The Student Activities Director serves as an advisor to the Association. The primary responsibilities of the Association are to conduct a student body election, plan student activities, and be involved in issues concerning the welfare of the students.

Role in Institutional Decision Making
The Student Government Association serves as the official liaison between the student body and college administration. It serves as the mechanism for student participation in institutional decision making. Please see the Victoria College Student Handbook, page 43 for a complete description of the role of the Student Government Association.

Officers and Club Representatives
To be eligible for an officer position, a student must have attended VC for one semester and completed 12 hours, except two of the four at- large representatives, who may have less than 12 hours. In addition, one representative from each official campus club or organization shall select a Student Government Representative at the beginning of the school year. The club representative may be a freshman or a sophomore.

Student Computer Access
Victoria College provides computers for student use and offers a variety of computer network capabilities, including Internet access, email, and a wide selection of applications.

There are several computer labs located across the campus:
• Academic Building
• Health Sciences Center
• Johnson Hall - Main Tutoring Center
• Technology Center

The following buildings offer wireless network access:
• Allied Health Building
• College Services & Training Building
• Continuing Education Center
• Fine Arts Building
• Health Sciences Center
• Language Building
• Sports Center
• Student Center
• Student Services Building
• Technology Center

Each student is automatically issued an email address. Students can access their login and password for the Pirate Portal at https://HelpDesk.VictoriaCollege.edu/ Bansam/. Information concerning email access and student computer support may be obtained by contacting the Help Desk at HelpDesk@VictoriaCollege.edu or (361) 582-2509.
Code of Student Conduct
The Code of Student Conduct is reviewed annually and is updated as required. Updates to the Code of Student Conduct are published annually in the *Victoria College Student Handbook*. Students are subject to the most current Code of Student Conduct as printed in the *Handbook*, which may or may not be identical to the Code in this catalog.

Terms To Know
These are the terms which apply to college and university activities. They are common to institutions of higher learning throughout the country.

**Academic Probation**: A student whose cumulative GPA falls below a 2.0 after a semester is placed on academic probation.

**Academic Term**: A length of time in which a course is taught. Academic terms can vary from 2 weeks, 5 weeks, 8 weeks, or 16 weeks in length. Students may register for several different academic terms within one semester.

**Admission**: The process of filling out forms, filing documents, and taking tests prior to registering for classes.

**Assessment**: A test used to determine a student’s skill levels in math, English, and reading. The results are used to ensure that students are meeting basic skills before enrolling in college-level courses.

**Catalog**: A document published annually which includes policies and procedures, courses of study, degrees and certificates offered, admission and enrollment procedures, financial aid, student life and activities, and a variety of other information students need to know.

**College**: When capitalized, the term “College” means Victoria College.

**College Official**: Includes any person employed by Victoria College while performing assigned administrative or professional responsibilities.

**College Premises**: Includes all land, buildings, facilities, and other property that is owned, used, or controlled by the College.

**Course**: The organized subject matter in which instruction is offered within a given period of time. Courses can either be for credit or can be designated as non-credit.

**Course Prerequisite**: The preliminary requirement that must be met before a certain course can be taken.

**Credit Hours**: Courses taken in college are measured in terms of credit hours. To earn credit hours, a student must attend a class for one classroom hour (usually 50 minutes) per week for the whole semester (usually 16 weeks).

**Curriculum**: A group of required courses leading to a degree or certificate; also refers to course offerings of a college as a whole.

**Elective**: A subject or course which a student may choose to take as distinguished from a required course.

**Enforced Withdrawal**: Students who have been placed on Academic Probation and are unable to increase their GPA to a 2.0 or higher within the following semester will be placed on Enforced Withdrawal and suspended from the College.

**Enrollment**: The procedure by which students choose classes each semester. It also includes the assessment and collection of fees.

**Full-Time Student**: A student who takes twelve or more credit hours during a semester.

**Grade Point Average**: Determined by dividing the total grade points earned by hours attempted. Credit hours for a course in which a grade of W, S, SA, SB, SC, Q, U, or UF is earned will not be counted as hours attempted for the purpose of cumulative GPA calculation.

**Hold**: Refers to the indicator placed on a student’s official record, preventing registration and/or issuance of a transcript until the student meets the requirements of the College office placing the indicator on the account.

**Major**: The specific subject area in which a student determines to devote the most effort in college; 24-30 semester hours of work in a specific subject are usually required. Half or more of these courses usually are in the junior and senior year at a 4-year college or university.
**Member of the College Community:** Includes any person who is a student, visitor, faculty, staff member, College official, or any other person employed by the College.

**Minor:** A student’s secondary subject choice. It usually consists of 18 or more semester hours in a specific subject area.

**Noncredit Courses:** Courses that are for students who can learn a new skill for career training, upgrade or recertify existing skills, gain general knowledge, or develop personal interests. Upon completion, students receive a Victoria College Certificate of Completion. Students are not required to apply for admission to the College or take entrance exams for noncredit courses. No college credit is granted for these courses.

**Part-Time Student:** A student who takes 11 or fewer hours during a semester.

**Payment Plan:** A method available to pay tuition and fees. Under the plan, one half of the tuition and fees must be paid at the time of registration. For the fall and spring semesters, the balance is due in two payments. For summer, the balance is due in one payment. During certain early VIP registrations, the College will offer a payment plan that requires one-fourth down and three payments. There is a $20 service fee to use the payment plan.

**Pirate Portal:** A secure, personalized gateway where VC students can access important College information, check email, access Canvas/Blackboard, register for courses, check grades, and more.

**Prerequisite:** A defined set of criteria that must be met to enter a program.

**Satisfactory Academic Progress (SAP):** Used to define successful completion of coursework to maintain eligibility for student financial aid. Students must maintain established minimum standards in the areas of GPA, completion rate, and maximum time frame to be eligible for Federal Title IV funds (any of the federal student aid funds).

**Semester:** An academic term within the academic school year typically lasting 16 weeks or the combination of both summer sessions typically lasting 10 weeks collectively.

**Schedule of Classes:** Designated courses offered each semester which includes classes by department, course number, class days and times, building names and room numbers, and the instructors’ names.

**Student:** Any person taking any credit or noncredit course(s) offered by the College.

**Syllabus:** An outline of the important information about a course. Written by the instructor, it usually includes important dates, assignments, expectations, and policies specific to that course.

**Texas Core Curriculum:** Passed by the Texas Legislature in 1987, the Texas Core Curriculum is a 42 semester credit hour curriculum for all undergraduate students in Texas. The elements include six core objectives and nine common component areas.

**Texas Success Initiative:** Legislation requiring assessments in reading, math, and writing before attending public colleges or universities in Texas.

**Transcript:** A student’s academic record.

**Transfer Course:** Any course offered that is listed in The Community College General Academic Course Guide Manual.

**Transfer Institution:** A college or university to which one may transfer for advanced education or training after attending a community college.

**Tuition and Fees:** Charges levied for enrolling in classes and for the use of College facilities. See the College catalog and/or semester schedule for additional information.

**Tutoring:** Free services which provide additional academic assistance for all students.

Business Management

The Business Management Program will prepare the student for a variety of entry-level management positions or entry into business training programs and will provide educational and career mobility for those students already employed in business and/or industry. For more information, call (361) 582-2553.

Degree
Associate of Applied Science Degree
Total credit hours: 60
Students who successfully complete the freshman and sophomore years of the program may apply for an Associate of Applied Science degree.

Certificates
Office Management Level 1 Certificate
Total credit hours: 15
Students who successfully complete this certificate will use business communications and technology to demonstrate understanding of the multiple elements of a business environment and effective procedures.

Block Schedule is available for students pursuing the Level 1 Office Management Certificate.

Accounting Technician Marketable Skills Certificate
Total credit hours: 9
Students who successfully complete this certificate will employ and demonstrate generally accepted accounting principles and internal controls when conducting general accounting and payroll processes using a manual or computerized accounting system.

Business Relationship Marketable Skills Certificate
Total credit hours: 9
Students who successfully complete this certificate will employ and demonstrate generally accepted interpersonal skills, team dynamics and leadership in a business environment.

Office Support Staff Marketable Skills Certificate
Total credit hours: 9
Students who successfully complete this certificate will employ and demonstrate generally accepted accounting, management, team dynamics, and software operations principles in an office environment.

Please reference these notations for page 113.
1 Accounting Technician Marketable Skills Certificate with ACNT 1303 is TSI Exempt.
2 Office Management Level 1 certificate with ACNT 1303 and ITSC 1309 is TSI Exempt.
3 Student can choose to take ITSC 1309 or BCIS 1305 or COSC 1301.
4 Office Support Staff Marketable Skills Certificate with ITSC 1309 is TSI Exempt.

Computer Information Systems – Networking

This certificate prepares students for a variety of entry-level networking and IT support jobs in the information technology field by providing job skills of installation, configuration, and support of PCs and local area networks; maintenance of PC and network hardware and software; and monitoring the network to ensure availability for all system users. The coursework emphasizes hands-on, skill-building labs and provides knowledge necessary to pass industry standard certifications, such as A+ Network+, Server+, MCP (Microsoft Certified Professional), and CCNA (Cisco Certified Network Associate), which lead to greater employment opportunities and benefits. Training and certification opportunities for the MTA (Microsoft Technology Associate) infrastructure track including Windows Operating System, Windows Server Administration, Networking Fundamentals, and Security Fundamentals are included at no charge within the curriculum. This program is designed as a flex program, facilitating entrance in either the fall or spring as well as providing most courses in a combination of face-to-face, online, and hybrid formats to allow enrollment for working students. All courses emphasize active learning and student engagement. Information about this program can be obtained by calling (361) 572-6478.

Certificates

IT & LAN Support Technician Certificate (Level I Certificate)
Total credit hours: 24
Students who successfully complete this certificate will be prepared to work in an IT repair or helpdesk environment and will have an opportunity to earn the Microsoft Technology Associate (MTA) Networking Fundamentals and MTA Windows Operating System Fundamentals certifications.

Block Schedule is available for students pursuing the Level 1 Personal Computer and Local Area Network Technician Certificate.

IT Support Specialist Marketable Skills Certificate
Total credit hours: 12 (offered Fall semester)
Students who successfully complete this certificate will be prepared to work in an IT repair or helpdesk environment and will have an opportunity to earn the Microsoft Technology Associate (MTA) Networking Fundamentals and MTA Windows Operating System Fundamentals certifications.

CISCO LAN Technology Marketable Skills Certificate
Total credit hours: 12
Students who successfully complete this certificate will be prepared to work in a small to medium-sized networking environment and will gain the knowledge and skills required to successfully install, operate and troubleshoot the network. As members of the Cisco Networking Academy program, students will perform extensive routing and switch configuration. Topics such as IP addressing, IP Services, LAN switching, IP routing technologies, network device security, and WAN technologies will be covered. Students will have an opportunity to earn the Microsoft Technology Associate (MTA) Networking Fundamentals, and the MTA Security Fundamentals certifications and will have gained the knowledge base necessary to take certification exams to earn the Cisco ICND1 and ICND2 or CCNA.

LAN Administration Marketable Skills Certificate
Total credit hours: 12 (Offered spring semester)
Students who successfully complete this certificate will be prepared to work in a networking environment configuring routers, switches, Microsoft servers and other networking devices and will have an opportunity to earn the Microsoft Technology Associate (MTA) Security Fundamentals and MTA Windows Server Fundamentals certifications.

1 Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.
2 Enrolled students will have opportunity to take the MTA Networking Fundamentals exam free of charge.
3 Enrolled students will have opportunity to take the MTA Operating Systems exam free of charge.
4 Enrolled students will have opportunity to take the MTA Windows Server Administration exam free of charge.
5 Enrolled students will have opportunity to take the MTA Security Fundamentals exam free of charge.

* Capstone course
Criminal Justice

The Criminal Justice Program at Victoria College prepares students for a career in the law enforcement field. The Program provides learning opportunities which introduce, develop, and reinforce academic and occupational knowledge, skills, and attitudes required for job acquisition, retention, and career advancement. Victoria College offers both a Basic Peace Officer Certification Course, as well as an Associate of Applied Science Degree in Criminal Justice.

Program curriculum, course identifications, titles, and descriptions are subject to change with approval of the Texas Higher Education Coordinating Board. For current curriculum or more information, visit VictoriaCollege.edu, or contact the Criminal Justice Program Office at (361) 572-6426.

Degree

**Associate of Applied Science Degree**
Total credit hours: 60
The Associate of Applied Science Degree in Criminal Justice is designed to provide students with foundational skills in law enforcement. The degree also serves law enforcement professionals seeking enhanced skills and a broad spectrum of knowledge in the field of criminal justice.

**Admission Requirements**

1. The student must meet the admission requirements for Victoria College as stated in the current College catalog, to including high school and all college transcripts. Contact Admissions & Records Office for more information.
2. TSI (Texas Success Initiative) must be satisfied. Contact Admissions & Records Office for more information.
3. Overall GPA of 2.0 or above on all college hours attempted.
4. Must meet the requirements for the Basic Peace Officer course.

Certificate

**Basic Peace Officer Course Certificate**
Total credit hours: 24
The Certificate Program was developed to prepare students for a career as a Texas Peace Officer. The Victoria College Law Enforcement Academy meets the curriculum requirements for certification as a Basic Peace Officer from the Texas Commission on Law Enforcement (TCOLE). Students who successfully complete the program will be eligible to take the TCOLE licensing exam.

**Admission Requirements**

The Law Enforcement Academy is a selective admission program with a maximum enrollment of 24 students. The following are the minimum requirements to be qualified for admission into the Program.

1. The student must meet the admission requirements for Victoria College as stated in the current College catalog. Contact Admissions & Records Office for more information.
2. Assessment test scores or completed course work that reflect the student has mastered reading and writing skills at the Developmental II level or higher. Contact Advising & Counseling Services for further explanation, if necessary.
3. Complete the Law Enforcement Academy Program application.
4. Satisfactory completion of the physical fitness test, psychological exam, physical exam, and criminal history check.
5. Interview with the Law Enforcement Academy Director.

The following course may be taken as noncredit CJLE 1506, CJLE 1512, CJLE 1518, CJLE 1524, and CJLE 1329.

\(^*\) Capstone course
WORK/LIFE EXPERIENCE POLICY
The Criminal Justice Program has developed the following mechanism to assist those persons employed in the criminal justice field to satisfy degree requirements for their work/life experience and in-service training.

Students who wish to obtain an Associate of Applied Science Degree in Criminal Justice from Victoria College and are certified peace officers from the TCOLE may satisfy degree requirements for Basic Peace Officer courses by meeting the following criteria and paying $40 per course (Students must have taken and successfully completed 21 hours of transferable credit from Victoria College prior to receiving credit for the Peace Officer courses). Director of Public Services Academies approval is required for permission to satisfy degree requirements in this manner.

The prerequisites for work/life and in-service training credit are as follows:
1. The applicant must be currently employed with a criminal justice agency and have at least six months' experience, and
2. The applicant must submit a résumé and all supporting documentation to the program coordinator for evaluation, and
3. The applicant must secure a letter of verification from the chief administrator of the employing agency attesting to the information contained in the applicant’s résumé and supporting documentation regarding the prerequisites and criteria required by this policy, and
4. The applicant must pay all fees required by the College.

No credit by résumé is applicable until the applicant has earned an equivalent number of hours at Victoria College.

Credit for the following courses may be awarded by résumé under the work/life experience policy:

These courses are required for graduation with an Associate of Applied Science degree in criminal justice from Victoria College.

Electronics Technology/Instrumentation

**ELECTRONICS TECHNOLOGY SPECIALIZATION**
This program of study is designed to provide a certificate of completion or associate degree with the knowledge and skills necessary for a graduate to pursue entry-level positions as an electronics technician. Electronics technicians install, maintain, troubleshoot, repair, and replace electronic equipment to maintain quality products and ensure environmental protection, safety, and cost-effective operations. They may work in a variety of industries, such as manufacturing, radio & television, medical equipment, research and development, and many others.

**Degree**
**Associate of Applied Science Degree – Electronics Technology**
Total credit hours: 60
Students who successfully complete the freshman and sophomore years of the program may apply for an Associate of Applied Science degree.

**INSTRUMENTATION SPECIALIZATION**
This program of study is designed to provide a certificate of completion or associate degree with the knowledge and skills necessary for a graduate to pursue entry-level positions as an instrumentation technician. Instrumentation and controls technicians install, maintain, troubleshoot, repair, and replace process control equipment to produce quality products and ensure environmental protection, safety, and cost-effective operations. Most instrumentation & control technicians are skilled workers that work five days a week on straight-day shifts. Instrument technicians are employed locally and globally in many types of industries, such as chemical, petrochemical, power generation, manufacturing, hospital/medical equipment, construction, and many others.

**Degree**
**Associate of Applied Science Degree – Instrumentation**
Total credit hours: 60
Students who successfully complete the freshman and sophomore years of the program may apply for an Associate of Applied Science degree.

**Certificates**
**Certificate in Instrumentation**
Total credit hours: 27
Students who successfully complete the required courses and all required 0300 level Academic Foundations coursework may apply for a Certificate in Instrumentation Technology.

**Instrumentation/Measurement Technician Certificate**
Total credit hours: 21

Block Schedule is available for students pursuing the Level 1 Instrumentation Certificate.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information, visit VictoriaCollege.edu, contact the Electronics Technology/Instrumentation Program Office at (361) 572-6467, or email Donald.McLain@VictoriaCollege.edu.

* Capstone course for degree  
* Capstone course for certificates
Emergency Medical Services
(semester-credit-hour)

The Emergency Medical Services (EMS) Program offers courses that lead to Emergency Medical Technician (EMT) and Paramedic certification, as well as an Associate of Applied Science degree which leads to Paramedic licensure. Certificate courses are approved by the Texas Department of State Health Services (DSHS), and students completing all requirements are eligible to seek certification, by written examination, from DSHS and the National Registry of EMTs (NREMT).

Students taking additional technical and general academic courses may earn an Associate of Applied Science (AAS) Degree in Emergency Medical Services and are eligible to apply for paramedic licensure from the Texas Department of State Health Services. When minimum entry requirements are met, admission to EMT courses is on a first-come, first-served basis. The Paramedic Certificate Programs have selective admission and require prior application.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information, visit VictoriaCollege.edu, or contact the EMS Program Office at (361) 572-6426.

Degree & Certificates

Associate of Applied Science Degree
Total credit hours: 60
Students completing the entire curriculum are eligible to apply for an Associate of Applied Science Degree in Emergency Medical Services from Victoria College and are eligible to apply for Paramedic licensure from DSHS.

Paramedic Certificate
Total credit hours: 41
Students completing all required courses with a final grade of C or better are eligible to apply for a Paramedic Certificate from Victoria College and are eligible to apply for DSHS and NREMT certification as a paramedic.

EMT Certificate
Total credit hours: 14
Students who successfully complete this certificate for EMT, upon certification, is an entry level prehospital healthcare provider with specialized skills in advanced life support and may obtain employment with an EMS, industry, or hospital.

Admission Requirements – AAS & Paramedic Certificate

1. The student must meet the admission requirements for Victoria College as stated in the current College catalog. Contact Admissions & Records Office for more information.
2. TSI (Texas Success Initiative) must be satisfied. Contact Advising & Counseling Services for further explanation, if necessary.
3. Students must have an overall GPA of 2.0 or above on all college hours attempted. Students with less than a 2.0 GPA will be evaluated on an individual basis.
4. Completed Paramedic Program application.
5. Validation of current EMT level knowledge by: 1) successful completion of Victoria College’s EMT courses within one year of application to the Paramedic Program, 2) passing a NREMT certification exam or CE evaluation within one year of application to the Paramedic Program, or 3) scoring at least a 70% on the Victoria College EMSP challenge exam within one year of application to the Paramedic Program.
6. Documentation of current EMT certification.
7. Official college transcripts indicating a grade of C or better in EMSP 1501, EMSP 1160, and HITT 1305.
8. Interview with program coordinator.
9. The interview must be completed and all admission documents must be in the EMS Program office prior to the start of the program. Late applicants will be considered on a space-available basis.

10. Some clinical agencies require criminal background checks and drug screens prior to clinical learning experiences. Any student who does not have a clear criminal background check and drug screen may not be able to meet all course objectives.

Prior to enrollment, qualified applicants who have been accepted into the Paramedic Program must submit a current BLS for Healthcare Provider card, a completed physical examination form, and must meet the following immunization requirements:

a. Two-step TB skin test or chest x-ray
b. Tetanus-diphtheria toxoid (TD) within the last 10 years
c. Measles/Mumps/Rubella vaccinations or serological confirmation of immunity
d. Varicella vaccinations or proof of disease, including serological confirmation of immunity
e. Three injection hepatitis B vaccination series or serological confirmation of immunity to hepatitis B virus
f. Current flu vaccine
g. Basic Life Support for Healthcare Provider certification
h. Criminal background check and drug screen conducted by the EMS Program approved provider

**EMT-Basic Certification (EMSP 1160 and 1501)**

Total credit hours: 6

Students completing EMSP 1501 and 1160 with a final grade of C or better are eligible to apply for DSHS and NREMT certification as an EMT.

**Admission Requirements – EMT-Basic**

1. The student must meet the admission requirements for Victoria College as stated in the current College catalog. Contact Admissions & Records Office for more information.
2. Assessment test scores or completed coursework that reflect the student has mastered INRW 0300 and MATH 0301. Contact Advising & Counseling Services for further explanation, if necessary.
3. Completed EMS Program application.
4. Interview with program coordinator.
5. The interview must be completed and all admission documents must be in the EMS Program Office prior to the start of the program. Late applicants will be considered on a space-available basis.
6. Some clinical agencies require criminal background checks and drug screens prior to clinical learning experiences. Any student who does not have a clear criminal background check and drug screen may not be able to meet all course objectives.

Prior to enrollment, qualified applicants who have been accepted into the EMT courses must meet the following requirements:

a. Two-step TB skin test or chest x-ray
b. Tetanus-diphtheria toxoid (TD) within the last 10 years
c. Measles/Mumps/Rubella vaccinations or serological confirmation of immunity
d. Varicella vaccinations or proof of disease, including serological confirmation of immunity
e. Three injection hepatitis B vaccination series or serological confirmation of immunity to hepatitis B virus
f. Current flu vaccine
g. Basic Life Support for Healthcare Provider certification
h. Criminal background check and drug screen conducted by the EMS Program approved provider

**WORK/LIFE EXPERIENCE POLICY**

The EMS Program has developed the following mechanism to assist those persons in the firefighting field to satisfy degree requirements for their work/life experience and in-service training.

<sup>1</sup> Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.
<sup>2</sup> Courses can be taken at any time as prerequisite.
<sup>3</sup> It is recommended that these courses be completed before applying to the Paramedic Program.
<sup>-</sup> Capstone course
Students who wish to obtain an Associate of Applied Science Degree in EMS and are EMTs or Paramedics currently certified by the Texas Dept. of State Health Services or National Registry may satisfy degree requirements by meeting the following criteria and paying $40 per course. (Students must have taken and successfully completed 22 hours of transferable credit from Victoria College prior to receiving credit for EMS courses.) EMS Coordinator approval is required for permission to satisfy degree requirements in this manner.

The prerequisites for work/life and in-service training credit are as follows:
1. The applicant must be currently employed with an EMS / fire department and have at least six months’ experience, and
2. The applicant must submit a résumé and all supporting documentation to the program coordinator for evaluation, and
3. The applicant must submit a letter from the Chief Administrator of the employing agency attesting to the information contained in the applicant's résumé and supporting documentation, regarding the prerequisites and criteria required by this policy, and
4. The applicant must pay all fees required by the College.

No credit by résumé is applicable until the applicant has earned an equivalent number of hours at Victoria College.

Credit for the following courses may be awarded by résumé under the work/life experience policy:

Mechanical Technology

This program of study is designed to provide a certificate of completion or associate of applied science degree with the knowledge and skills necessary for a graduate to pursue entry-level positions as an industrial maintenance mechanic. Maintenance mechanics install, maintain, troubleshoot, repair, and replace plant equipment to maintain quality products and ensure environmental protection, safety, and cost-effective operations. They may work in a variety of industries, such as manufacturing, chemical plants, oil field, research and development, and many others.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information, visit VictoriaCollege.edu, contact the Mechanical Technology Program Office at (361) 572-6467.

Degree
Associate of Applied Science Degree – Mechanical Technology
Total credit hours: 60
Students who successfully complete the freshman and sophomore years of the program may apply for an Associate of Applied Science degree.

Certificate
Mechanical Technology Certificate
Total credit hours: 45
Students who successfully complete the required courses and all required 0300 level Academic Foundations coursework may apply for a Certificate in Mechanical Technology.

Millwright Certificate
Total credit hours: 15

Block Schedule is available for students pursuing a Level 1 Certificate.

Nursing – Associate Degree  
(Generic Student Curriculum)

Victoria College offers a two-year Associate of Applied Science degree-nursing. Upon successful completion of the program, the graduate is eligible to apply to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Satisfactory achievement on the examination will qualify the graduate for licensure as a registered nurse.

The Associate Degree Nursing Program is fully approved by the Texas Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326 or call (404) 975-5000.

Degree  
Associate of Applied Science Degree – Nursing

Total credit hours: 60

Admission Requirements

Admission requirements for the ADN Program differ from general admission to Victoria College. Additional information may be found at www.VictoriaCollege.edu/ProfessionalNursing. The ADN Program is a selective admission program, which accepts a limited number of students each semester. All qualified applicants will be selected based on the program point system and selection process which may be explained during the advising interview.

In order to be considered an eligible applicant, it is the responsibility of the applicant to ensure that all necessary documentation as stated below is in the ADN Office by June 1 for fall admission and by September 1 for spring admission.

1. The student must meet the admission requirements for Victoria College as stated in the current College catalog. Contact the Admissions & Records Office.
2. Completed student ADN program application dated within the last year; must have a Victoria College student application also. (www.VictoriaCollege.edu/GettingStarted)
3. A complete Licensure Eligibility Requirement (LER) form must be submitted to the respective ADN Office and dated within the last year. It can take up to six weeks or longer for the Texas Board of Nursing (BON) to complete this process. Without resolution of all licensure eligibility issues, an applicant is not eligible for admission to the Associate Degree Nursing Program. Once a clear Criminal Background Check (CBC) result is received from the Texas BON, it is the applicant’s responsibility to submit original documentation to the respective ADN Office and also upload to the CastleBranch system. A clear Texas Board of Nursing CBC must be on file in the ADN Office by application deadline (faxed or scanned copies will not be accepted). The date on the document cannot be more than one year old.
4. A qualifying ATI TEAS test composite score of 64% or higher to be eligible for admission to the ADN Program. Additional points will be awarded for admission for scores above a 64%. You may only take this test three times in a 12-month period, the most recent score will be used to meet the admission criteria. A qualifying TEAS V score is good for two years from the testing date.
5. TSI (Texas Success Initiative) must be satisfied. (Contact Counseling Services for further explanation if necessary).
6. A grade of C or better by June 1 for fall applicants or by September 1st for spring applicants in each of the following prerequisite courses:
   - BIOL 2401  
   - BIOL 2420  
   - HRPS 2200  
   - PSYC 2301  
   - PSYC 2314
7. Official college transcripts from all colleges or universities attended on file in Admissions & Records Office.
8. Overall GPA of 2.0 or above on all college hours attempted and GPA of 2.25 or higher in the ADN program of study. Any student whose cumulative GPA falls below 2.0 will not graduate.
9. ADN Program Advising interview is required no more than one year prior to program admission. Call (361) 572-6435 for more information.
10. Immunizations a) Measles, Mumps, and Rubella (MMR), b) Varicella (Chicken pox), c)
tetanus, Diphtheria, and Pertussis, (Tdap), and d) Hepatitis B series (preferably started by December 1) are to be completed prior to the application deadline. Proof of serological immunity is acceptable. Hepatitis B Fast Track will not be accepted. Prior to application deadline, the applicant will upload the required documentation onto CastleBranch website and ensure acceptance by CastleBranch.

11. Prior to enrollment, qualified applicants who have been accepted into the ADN program must submit a) current American Heart Association Healthcare provider CPR card, b) two-step TB Skin Test c) completed VC physical examination form, and d) submit a 10-panel drug screen test. The required documents will be uploaded by the applicant into the CastleBranch system by the date indicated on the acceptance letter.

12. The second attempt of repeated course work (non-nursing courses) will count towards the nursing program admission scores. Additional attempts will not be counted towards the nursing admission process.

13. Students admitted to the nursing program who are unsuccessful with any coursework will be allowed only one additional opportunity. After two unsuccessful attempts, students are not eligible to apply for readmission.

Please note: Science courses (BIOL 2402, & BIOL 2420) completed more than five years ago must be repeated. HPRS 220 (Pharmacology) will be within three years of completion.

Transfer Students Admission Procedures

1. Transfer students are considered on a space available basis.

2. Students who have successfully completed nursing courses at other accredited schools are evaluated on an individual basis by the chair of the ADN program to determine their entry level in the Victoria College ADN program.

3. The transfer student must furnish a copy of each nursing course syllabus with course description to the ADN Program Chair so each course can be evaluated.

4. Transfer students must meet the same admission and progression criteria as the Victoria College students.

5. Completing at least 25% of the program of study including the capstone course at Victoria College is necessary to meet the requirements for graduation.

6. It is the responsibility of the applicant to furnish all necessary documentation to the ADN office at least two months prior to the semester the student is seeking entry.

7. Prior to enrollment, qualified applicants who have been accepted into the ADN Program must submit a) current American Heart Association Healthcare provider CPR card, b) completed VC physical examination form, and c) submit a 10-panel drug screen test. These documents will be uploaded by the applicant into the CertifiedBackground system.

8. Immunizations a) Measles, Mumps, and Rubella (MMR), b) Varicella (Chicken pox), c) Two – step TB skin test, d) tetanus, Diphtheria, and Pertussis, (Tdap), and e) Hepatitis B series are to be completed prior to the application deadline. Proof of serological immunity is acceptable. Prior to acceptance, the applicant will upload documents onto the CertifiedBackground website.

9. Students are allowed two attempts for the duration of the program. After two unsuccessful attempts, students are not eligible to apply.

10. Students wishing to transfer to the VN program that are deemed eligible must make an appointment with department chair.

NOTE: A minimum grade of C is required in all nursing and general education courses. All support courses must be taken during or before the semester designated on the degree plan.

Due to the continual change in clinical facilities, some alternate clinical learning experiences may be required in some semesters.

Nursing-Vocational

Victoria College offers a 12-month certificate program in vocational nursing in Cuero, Gonzales, Hallettsville, and Victoria. The program of study is designed to enable students to acquire knowledge, skills, and competencies related to enhancing the health and well-being of individuals. Vocational nursing graduates are prepared to function as members of the health care team under the supervision of registered nurses and physicians in varied health care settings. Completion of the program entitles the learner to apply to take the National Licensure Exam for Practical Nurses (NCLEX-PN). The Vocational Nursing Program is fully approved by the Texas Board of Nursing.

Vocational Nursing Program graduates who have met all of the Associate Nursing Degree (ADN) admission requirements are eligible for summer admission into the ADN Transition Nursing Program following graduation.

Certificate

Certificate – Vocational Nursing

Total credit hours: 49

Admission Requirements

Admission requirements for the Vocational Nursing (VN) Program differ from general admission to Victoria College. Additional information may be found at VictoriaCollege.edu/VocationalNursing. The VN Program is a selective admission program, which accepts a limited number of students at each location. All qualified applicants will be selected based on the program point system.

The following are required for enrollment in the Vocational Nursing Program:

1. All required documents relating to program admission must be in the respective VN Office by March 20 of the year in which the applicant is seeking admission.
2. The student must meet the admission requirements for Victoria College as stated in the current college catalog. Contact the Admissions & Records Office for more information.
3. Completion of the VN Program application for the year of enrollment and Victoria College student application. (www.VictoriaCollege.edu/GettingStarted).
4. A completed Licensure Eligibility Requirement (LER) form submitted to the respective VN Office. It can take up to six weeks or longer for the Texas Board of Nursing (BON) to complete this process. Without resolution of all licensure eligibility issues, an applicant is not eligible for admission to the Vocational Nursing Program. Once a clear Criminal Background Check (CBC) result is received from the Texas BON, it is the applicant's responsibility to submit original documentation to the respective VN Office and also upload to the CastleBranch system. A clear Texas Board of Nursing CBC must be on file in the VN Office by March 20 (faxed or scanned copies will not be accepted).
5. TSI (Texas Success Initiative) must be satisfied. Please contact Advising & Counselling Services and the Admissions & Records Office to validate TSI status.
6. A qualifying ATI TEAS Test composite of 56% or higher is required for admission for the 2017-2018 year. Additional points will be awarded for admission for scores above 56%. The applicant will be able to test three times in a twelve month period with the most recent score being considered. The ATI TEAS score is good for two years from the testing date. Contact the Victoria College Testing Center at (361) 572-6480 for further information regarding the ATI TEAS. If a currently enrolled VN student is interested in entering into the Associate Degree Nursing (ADN) Transition program, an ATI TEAS score of 64% or higher is required. Students with a score below 64% may meet with the director of nursing for possible waiver.
7. A grade of C or better in each of the following prerequisite courses:
   BIOL 2404 OR BIOL 2401, & BIOL 2402
   SDEV 0301 (if fewer than 13 credit hours)
   PSYC 2301
   HRPS 2200 Pharmacology will be accepted within 3 years of completion.
8. Official college transcripts from all colleges or universities attended must be on file in the Admissions & Records Office and the VN Program Office by March 20.

9. To be admitted into the nursing program, a student must have a GPA of 2.0 or above. To maintain good standing in the program and be allowed to continue, a student must pass all required courses with a C or better. Any student whose cumulative GPA falls below a 2.0 will not graduate.

10. Immunizations: a) Measles, Mumps, and Rubella (MMR), b) Varicella (Chicken pox), c) Two-step TB skin test d) Tetanus, Diphtheria, and Pertussis (Tdap), and e) Hepatitis B series (preferably started by December 1st) are to be completed prior to the application deadline. Proof of serological immunity is acceptable. Hepatitis B Fast Track will not be accepted. Prior to application, the applicant will upload the required documents onto the CastleBranch website.

11. Prior to enrollment, qualified applicants who have been accepted into the VN Program must submit a) current American Heart Association Healthcare Provider CPR card, b) completed VC physical examination form, and c) submit a ten panel drug screen test. These documents will be uploaded by the applicant into the Castle Branch system by the date indicated on the acceptance letter.

12. The second attempt of repeated course work will count towards admission scores. Additional attempts will not be counted towards the nursing admission process.

READMISSION AND TRANSFER
Students can join the current VN class on a space-available basis by readmission, transfer within, transfer from ADN, or transfer from outside the Victoria College system. However, students can only be admitted into the VN Program twice. Preference will be given as follows:

1. READMISSION OF PREVIOUSLY ENROLLED VICTORIA COLLEGE VN STUDENTS
   Students' coursework and clinical performance will be evaluated by the VN program chair. Readmission students will be selected based on theoretical assessment and skills assessment, GPA, and any special circumstances involved in a students' withdrawal/dismissal from the program. Students who are unsuccessful in the program and/or desire to reenter the program must repeat all concurrent nursing courses for that semester. This includes successful course work which student received a grade of C or higher. Grade waivers will not be granted. Readmission must occur within three years of a prior admission.

2. TRANSFER WITHIN VICTORIA COLLEGE SYSTEM
   The student may seek transfer within the Victoria College Vocational Nursing system at the end of any semester by submitting a written request to the coordinator of each program involved one month prior to the end of the semester. Transfer students will be selected based on skills assessment and GPA.

3. TRANSFER FROM OUTSIDE VICTORIA COLLEGE VOCATIONAL NURSING SYSTEM
   Students who have successfully completed nursing courses at an approved school in good standing with the Texas Board of Nursing are evaluated on an individual basis by the VC Vocational Nursing Program Coordinator, Program Chair, and Director of Nursing to determine their entry level into the Victoria College Vocational Nursing Program. Transfer students must meet the admission, progression, and graduation requirements of Victoria College.

   Students that have submitted a transfer request will be selected based on theoretical assessment, performance of skills and GPA.

To assure quality clinical learning experiences for all students, some evening clinical experiences may be required.

* For the student who is a Certified Nurse Aide, completion of Semester I of the program allows the student to apply for the Texas Medication Aide Certification Exam.
** Students taking these courses at Victoria College will receive extra admission points toward their admission score.
1 Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.
* Capstone course

Note: Students interested in direct admission into the ADN Transition Program are strongly recommended to complete BIOL 2401, BIOL 2402, and BIOL 2420 prior to VN admission.
Physical Therapist Assistant Program

Victoria College offers a two-year program in physical therapist assisting, which leads to an Associate of Applied Science degree. The program of study is designed to enable students to acquire knowledge, skills, and competencies related to restoring function and well-being of individuals. Physical therapist assistants are prepared to function as members of the health care team. Upon successful completion of the program, the graduate will be eligible to take the National Physical Therapist Assistant licensing examination.

Victoria College's Physical Therapist Assistant Program is accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association (1111 North Fairfax Street, Alexandria, VA 22314, accreditation@apta.org; (703) 684-2782 or (703) 684-3245).

Degree

Associate of Applied Science Degree – Physical Therapist Assistant

Total credit hours: 66

Students completing the entire curriculum are eligible to apply for an Associate of Applied Science Degree in Physical Therapist Assistant from Victoria College and will be eligible to take the National Physical Therapist Assistant licensing examination.
Admission Requirements

Admission requirements for the Physical Therapist Assistant (PTA) Program differ from general admission to Victoria College. Additional information may be found at www.VictoriaCollege.edu/PhysicalTherapistAssistant. The PTA Program is a selective admission program with a limited number of available student slots.

1. The student must meet the admission requirements and complete the general admission application for Victoria College as stated in the current College catalog.
2. Complete the PTA Program application by May 15 for summer admission.
3. Complete 30 hours of observation, volunteer work, or work experience in the field of physical therapy. These hours must be a combination of at least two different settings in physical therapy (i.e., inpatient, outpatient, rehabilitation clinic, skilled nursing facility, home health, or pediatric), and one setting must have a minimum of eight hours. These hours must be documented on the form provided in the application (application forms can be obtained online at www.VictoriaCollege.edu/PhysicalTherapistAssistant or from the PTA Program Office).
4. Overall GPA of 2.0 or better on all college hours attempted. Submission of all official college transcripts from any college attended other than Victoria College to the Admissions & Records Office.
5. TSI (Texas Success Initiative) must be satisfied. Contact Advising & Counseling Services for further explanation, if necessary.
6. ACT score of 18 or SAT score of 870. Students who have earned at least 12 hours credit in the program of study with a GPA of at least 2.25 may have either an ACT of at least 16 or SAT of at least 780.
7. There are no prerequisite courses for the PTA Program. HOWEVER, selective admission into the Program is based on a point system. The student is given points based on completion of any of the general academic courses listed in the PTA Degree Plan (i.e., BIOL 2404, ENGL 1301, etc.); and the amount of points awarded is also based on the grade made in each course (i.e., an “A” in BIOL 2404 = 16 points out of a possible 16 points, a “C” in BIOL 2404 = 8 points out of a possible 16). Completion of the general education courses enhances the student’s selection to the Program. To be awarded points, the course(s) MUST BE COMPLETED, with a grade given, by May 15th. General education courses not completed before Program entry must be completed BEFORE entering the final semester in the PTA Program (Spring II semester).
8. Official college transcripts must be turned in to the Admission & Records Office from all colleges and universities attended. Students should make sure they are the most current transcripts. All general education courses already taken in the program of study must be verified with official transcripts indicating the course has been completed with a grade of C or better.
9. Two recommendation letters are required; from either an employer or college instructor. (See PTA forms online at www.VictoriaCollege.edu/PhysicalTherapistAssistant.)
10. Once the application scores are tallied, the top 30 – 40 applicants will be invited to an interview. Scores will be re-tabulated and ranked in order. Further information regarding the scoring process may be obtained from the Program Director.
11. Some clinical agencies may require criminal background checks and/or drug testing prior to clinical learning experiences; students who do not have clear criminal background checks or negative drug tests may not be able to meet all course objectives.
12. Prior to enrollment qualified applicants who have been accepted into the PTA Program must submit a current CPR Health Care Provider card, a completed physical examination form, and a completed physical examination form, and must meet the program immunization requirements.

1 Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.
Process Technology

The Process Technology Program at Victoria College prepares students for a career as a process technician or operator. Process technicians are trained to operate, analyze, and troubleshoot industrial processes in order to produce products safely and efficiently. They gather information using instruments that monitor process conditions such as pressure, temperature, level, and flow rates. They operate various types of mechanical equipment, such as pumps, valves, and compressors, and apply quality principles to produce products that meet customer specifications.

Process technicians may work both indoors and outdoors alongside chemical engineers, maintenance personnel, and other professionals. They will be expected to use their knowledge of computers, math, physics, and chemistry to monitor and troubleshoot plant operations. Strong communication skills are also required, as well as the ability to write, give oral presentations, and exercise effective listening skills in order to succeed as a process technician.

Upon successful completion of the Process Technology Program, students will receive an Associate of Applied Science degree and be prepared to work as a process technician in any of the various local industries, including petrochemical plants and refineries, oil and gas production, and power generation.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.VictoriaCollege.edu/ProcessTechnology, call (361) 582-2568 or email Fred.Chastain@VictoriaCollege.edu.

Degree
Associate of Applied Science Degree – Process Technology
Total credit hours: 60
Students who successfully complete the freshman and sophomore years of the program may apply for an Associate of Applied Science degree.

Certificate
Process Technology Certificate
Total credit hours: 23
Students who successfully complete the required course may apply for a Certificate in Process Technology.

Block Schedule is available for students pursuing the Level 1 Certificate Process Technology Certificate.

1 Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.

* Capstone course

All courses with the exception of PTAC 1302 will only be offered during the semester listed.
Respiratory Care Program

Victoria College offers a two-year associate degree program in respiratory care. Upon successful completion of the AAS degree program, the graduate will be eligible to take a series of national board exams to become a registered respiratory therapist (RRT).

Victoria College's Respiratory Care Program is accredited by the Commission on Accreditation for Respiratory Care, 1248 Harwood Road, Bedford, Texas 76021-4244; (817) 283-2835 (www.coarc.com). The program has been placed on probationary accreditation effective November 21, 2015. Based on the 2015 Annual Report of Current Status, the program did not meet the threshold for attrition, (2012-2014 average).

For more information, visit www.VictoriaCollege.edu/RespiratoryCare or call (361) 572-6426.

Degree
Associate of Applied Science Degree – Respiratory Care
Total credit hours: 66
Students who successfully complete the freshman and sophomore years of the program may apply for an Associate of Applied Science degree.
Admission Requirements
Applicants must meet special entrance requirements and complete a department application. For more information about the program and course schedule assistance, contact the program chair. Additional information may be found at www.VictoriaCollege.edu/RespiratoryCare.

1. Students must meet the admission requirements for Victoria College as stated in the current college catalog. Contact the Admissions & Records Office.
2. Complete general admission application as required by the Admissions & Records Office.
3. Complete the Respiratory Care Program application by May 15 for fall admission. Three letters of recommendation must be included with application.
4. Interview with program chair.
5. Submit a one-page type/written essay as to why they should be considered for acceptance into the Respiratory Care Program.
6. It is the responsibility of the applicant to furnish all necessary documentation to the Respiratory Care Department (including the interview by May 15 for fall admission). Late applications are considered if spaces are available.
7. An ACT composite of 18 is required, SAT scores of 870. Students who have earned at least 12 credit semester hours on the program of study with a GPA of 2.25 or greater may have an ACT composite of 16 or SAT score of 780. (ACT Scores before October 1989 and SAT scores before April 1995 will be considered on an individual basis)
8. TSI (Texas Success Initiative) must be satisfied. Contact Advising & Counseling Services for further explanation if necessary.
9. Overall GPA of 2.25 or above on all college hours attempted. Students with less than a 2.25 GPA will be evaluated on an individual basis.
10. The following courses must be completed with a grade of C or better prior to enrolling in the program:
    • ENGL 1301 Composition I
    • PSYC 2301 General Psychology or SOCI 1301 Introduction to Sociology
    • BIOL 2404 Intro to Anatomy & Physiology or BIOL 2401 and BIOL 2402
    • Mathematics – Select one course from the Victoria College Core Curriculum
    • Creative Arts – Select one course from the Victoria College Core Curriculum
11. Official high school and college transcripts must be on file in the Admissions & Records Office and Respiratory Care Department.
12. Transfer students will be accepted on an individual basis.
13. Previous respiratory care students who received a certificate from Victoria College and are currently registered therapists may receive equivalency credit toward an AAS degree. See program chair for specific procedure.
14. Science courses taken more than five years ago will be evaluated on an individual basis and may have to be repeated.
15. Clear criminal background and drug testing are required prior to admission.
16. Prior to enrollment, qualified applicants who have been accepted into the Respiratory Care Program must submit a current CPR Health Care Provider card, a completed physical examination form, and must meet the program immunization requirements.

* Capstone course

**NOTE:** Some evening and weekend clinical learning experiences may be required in some semesters.
**Welding**

Welding is the most common way of permanently joining metal parts. In this process, heat is applied to metal pieces, melting and fusing them to form a permanent bond. Because of its strength, welding is used in shipbuilding, automobile manufacturing and repair, aerospace applications, and thousands of other manufacturing activities. Welding also is used to join beams when constructing buildings, bridges, and other structures, and to join pipes in pipelines, power plants, and refineries. Welders use many types of welding equipment set up in a variety of positions, such as flat, vertical, horizontal, and overhead.

In the VC Welding Program, courses focus on specific welding processes including Shielded Metal Arc Welding, Gas Tungsten Arc Welding, Flux-Cored Arc Welding, and Gas Metal Arc Welding. Students’ welds are tested for quality assurance in accordance with national welding codes. Welding is performed on carbon steel, stainless steel, and aluminum plate and pipe. Additional skills include blueprint reading, as well as product design, fabrication, and layout. Graduates have the option to apply for national welding certification. Upon completion of the program, students will possess the knowledge and technical skills necessary to pursue a welding career in a variety of jobs.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.VictoriaCollege.edu/Welding, contact the Welding Program office at (361) 572-6471 or email Wade.Vrana@VictoriaCollege.edu.

**Certificates**

**Basic Welding Certificate**
Total credit hours: 34
Students who successfully complete the basic certificate requirements may apply for a Certificate of Completion in Basic Welding. CNBT 1091 is required only for students pursuing NCCER Certification.

Block Schedule is available for students pursuing the Level 1 Basic Welding Certificate.

**Advanced Welding Certificate**
Total credit hours: 42
Students who successfully complete the advanced certificate courses, and basic certificate requirements, may apply for a Certificate of Completion in Advanced Welding. CNBT 1091 is required only for students pursuing NCCER Certification.

**Welding Marketable Skills Certificate**
Total credit hours: 12
Students who successfully complete the Marketable Skills Certificate requirements may apply for a Certificate of Completion. CBNT 1091 is required only for students pursuing NCCER Certification.

Academy for Lifelong Learning
The Academy for Lifelong Learning (ALL) is an educational program for lifelong learners. The program encourages lifelong learning, providing members with common interests the opportunity to participate in study, discussions, and social interaction. Classes are offered in the fall and spring. Social activities will be scheduled throughout the year. Membership is $50 per year and entitles the member to unlimited courses offered through the Academy for Lifelong Learning.

For more information:
www.VictoriaCollege.edu/
AcademyForLifelongLearning
(361) 582-2426
Ashley.Lindsay@VictoriaCollege.edu

Computer Applications
Courses vary from the most basic computer literacy courses to advanced courses in web design and programming.

Short Courses – Minimum time. Maximum learning.
Excel, Internet & Email, Outlook, PowerPoint, QuickBooks, Windows, Word

Online Courses – A world of choices.
Your schedule. Your location.

Workforce & Continuing Education Customized Training
Victoria College is your partner for innovative learning solutions for you and your business. We can provide the highest quality, customized training to meet the needs of the changing workforce. Our customized training services are designed to respond to your organization's development needs quickly and affordably. We have programs tailored to the needs of your employees at all levels and from all backgrounds.

For more information:
www.VictoriaCollege.edu/WCE
(361) 582-2575
Rachel.Nessel@VictoriaCollege.edu

Environmental Protection Agency (EPA) Technician Certification
Victoria College, in cooperation with the Air Conditioning and Refrigeration Institute (ARI), offers EPA Technician Certification courses. Participants will receive instruction in compliance with the Federal Clean Air Act, Section 608, and will take the EPA Technician Certification Exam. Certification cards will be issued from ARI to individuals who pass the exam. Exam fees are included in tuition.

Industrial & Craft Training Courses

Victoria College Workforce & Continuing Education Department, in alliance with the Industrial Merit Shop Education Foundation (IMSEF), offers nationally accredited construction training classes for both the commercial and industrial sectors of the construction industry.

Industrial and craft training consists of multiple levels for each craft training area. These courses are taught in progressive levels using the nationally recognized Contren™ curriculum. This curriculum was developed by the National Center for Construction and Research (NCCER) in cooperation with the construction industry. These courses provide competency-based, task-driven modular training and are designed to maximize learning by combining illustrated instructional materials and structured classroom activities conducted by craft instructors.

The following training programs are available:
- Electrical
- Heating, Ventilating, & Air Conditioning (HVAC)
- Pipefitting
- Plumbing
- Power Line Worker
- Millwright
- Welding

Core Curriculum: Introductory Craft Skills is a prerequisite for all Level 1 training.

For more information:
www.VictoriaCollege.edu/WorkforceTraining

Radonna.Brown@VictoriaCollege.edu

Law Enforcement Basic Peace Officer Course
(This course may be taken as credit or noncredit)

The Certificate Program was developed to prepare students for a career as a Texas Peace Officer. The Victoria College Law Enforcement Academy meets the curriculum requirements for certification as a Basic Peace Officer from the Texas Commission on Law Enforcement Officer Standards and Education (TCOLE). Students who successfully complete the program will be eligible to take the TCOLE licensing exam.

Admission Requirements

The Law Enforcement Academy is a selective admission program with a maximum enrollment of 24 students. The following are the minimum requirements to be qualified for admission into the Program.

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog. Contact Admissions & Records Office for questions.
2. Assessment test scores or completed course work that reflect the student has mastered reading and writing skills at the Developmental II level or higher. Contact Advising & Counseling Services for further explanation if necessary.
3. Complete the Law Enforcement Academy Program application.
4. Satisfactory completion of the physical fitness test, psychological exam, physical exam, and criminal history check.
5. Interview with Director of Public Services Academies.

For more information:
VictoriaCollege.edu
(361) 572-6426
Motorcycle Safety

The Motorcycle Basic RiderCourse is designed with the beginner in mind, but experienced riders can also benefit from this course. Students will learn:

- how to operate a motorcycle
- best protective clothing to wear
- how to avoid dangerous situations

Students will finish the course at the two year rider level, and the motorcycle and helmet are furnished. Successful completion of the Basic RiderCourse should waive the written and driving portions of the Texas DPS test for those 18 and over. Students less than 18 years of age will still need to take the driving portion at the DMV. All students are required to take a vision exam at the DPS office.

Real Estate

To be eligible to apply for a real estate Salesperson License, an individual must be a citizen of the United States or a lawfully admitted alien, 18 years of age or older, and a legal resident of Texas.

To be eligible to apply for a real estate Salesperson License, an individual must furnish the Commission satisfactory evidence of successfully completing the following education:

- Principles of Real Estate core real estate course (60 classroom hours)
- Law of Agency core real estate course (30 classroom hours)
- Law of Contracts core real estate course (30 classroom hours)
- An additional three related courses (90 classroom hours) acceptable to the Texas Real Estate Commission.

Both core and related courses are available through online instruction.

For more information:

Radonna.Brown@VictoriaCollege.edu

Truck Driving

The Truck Driving Course (286 clock hours) prepares persons for entry-level employment in the industry. This course provides classroom instruction with emphasis on safety, rules, regulations, and techniques. Behind-the-wheel driving range activities, public street, and highway driving are also included. Opportunities are available for students to meet with recruiters from the trucking industry. Students are able to take the Commercial Driver License (CDL) written and driving examinations at the Department of Public Safety as a class activity. Students must pass Department of Transportation (DOT) physical, drug, and alcohol assessment prior to registration.

Allied Health Continuing Education (Noncredit)

Medical Assisting Program

Victoria College offers an introductory Medical Assisting Program designed for students to develop basic knowledge and skills necessary to function safely and effectively in a medical office/clinic environment where certification is not required. The 96-hour program consists of classroom work, class lab activities, and clinical practice in a medical office/clinic setting.

ADMISSION REQUIREMENTS

- Application to program
- Tuition and textbook
- Required Immunizations (must be completed prior to enrollment)
  - Two - 2 Step PPD TB skin tests
  - Hepatitis B Series
  - MMR
  - Varicella
  - Tdap (within last 10 years)
- Individual Department of Public Safety (DPS) background check
- Cost – $3.58
  Visit: https://records.txdps.state.tx.us/DpsWebsite/CriminalHistory/.
  You will need to set up an account to complete the process.

Students completing course will receive certificate of completion from Victoria College, however course does not permit eligibility for certification exam.

(361) 582-2412

Medication Aide Program

Victoria College offers a 140-hour Texas Department of Aging & Disability Services approved Medication Aide course designed to prepare Nurse Aides to take the Texas Medication Aide Permit Examination. Nurse Aides who are on the State Registry and employed in long-term care and non licensed direct care staff persons who have been employed 90 days in an approved facility are eligible to take the course. Coursework includes classroom, classroom laboratory, and clinical practice activity. Clinical practice is conducted in area long-term care agencies. Classes are taught on main campus as well as off-campus sites.

ADMISSION REQUIREMENTS

- Application to program
- Tuition and textbook
- Certified copy of HS diploma or official transcript with graduation date or notarized copy of GED
- Required Immunizations (must be completed prior to enrollment)
  - Two - 2 Step PPD TB skin tests or annual TB test
  - Hepatitis B Series
- Nurse aide on state registry
- Current employment as CNA or licensed direct care staff
- $25 money order payable to: Texas Dept. of Aging & Disability Services
PROGRAM CURRICULUM TOPICS
• Concepts of medication administration
• Basic pharmacology
• Effects of chemotherapeutic agents on the body systems
• Drug therapy for common disease processes
• Age related variations to medication administration
• Role of the Medication Aide

MEDICATION AIDE PROGRAM CURRICULUM
NURA 1013 – Medication Administration for the Nurse Aide/Home Health Aide

NOTE: An average of 70% or better for course work and completion of clinical assignment is required to pass.

MEDICATION ADMINISTRATION CONTINUING EDUCATION
NURA 1041
Professional Development: Medication Aide

PROFESSIONAL DEVELOPMENT: MEDICATION AIDE
Victoria College offers the 7-hour Professional Development: Medication Aide for fulfillment of the annual education renewal requirements for the Medication Aide. Pre-registration is required.

ADMISSION REQUIREMENTS
• Application
• Tuition

Nursing Assistant (Aide) Program

Victoria College offers a 144-hour Texas Department of Aging & Disability Services approved Nursing Assistant (Aide) designed to prepare the learner to function safely and effectively as a care provider in Long Term Care facilities, the home, and other care settings. The classroom and nursing skills laboratory portion of the course are conducted on the Victoria College campus. The clinical portion of the course is conducted in area health care agencies. The program is offered in several off-campus sites as well. Successful completion entitles the learner to a certificate of completion and the opportunity to take the Texas Nurse Aide Skills and Written Exams for placement on the Texas Nurse Aide Registry.

ADMISSION REQUIREMENTS
- Application to program
- Tuition and textbook
- Meet Federal Employability Status
- Minimum reading score of 585 on the TABE assessment*
- Required Immunizations (must be completed prior to enrollment)
  - Two - 2 Step PPD TB skin tests or annual TB test
  - Hepatitis B Series
- Individual Department of Public Safety (DPS) background check
  Cost – $3.58
  Visit: https://records.txdps.state.tx.us/DpsWebsite/CriminalHistory/.
  You will need to set up an account to complete the process.

* Those scoring below the minimum score will be offered tutoring through adult education.

PROGRAM CURRICULUM TOPICS
- Introduction to health care systems
- Skills related to preparing for direct consumer care
- Skills related to activity and movement
- Skills related to hygiene
- Basic anatomy & physiology
- Measuring vital signs
- Skills related to body systems
- Care of the client in the home
- Care of clients with special needs

NURSING ASSISTANT (AIDE) PROGRAM CURRICULUM
NURA 1001  Nurse Aide for Health Care
NURA 1060  Clinical – Nursing Assistant – Aide

NOTE: An average of 70% or better for coursework and a pass on clinical performance is required.

For more information:
www.VictoriaCollege.edu/HealthcareProfessions
(361) 582-2412

PROFESSIONAL DEVELOPMENT: NURSE AIDE
Victoria College offers the 8-hour Professional Development: Nurse Aide for fulfillment of the annual education renewal requirements for the Nurse Aide. Pre-registration is required.
Emergency Medical Service Professions (noncredit)

The Emergency Medical Service (EMS) Professions offers noncredit courses that lead to Emergency Care Attendant (ECA) and Emergency Medical Technician-Basic (EMT-B) certifications, as well as courses in Health Care Provider CPR, Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS), Pediatric Advanced Life Support (PALS), and International Trauma Life Support (ITLS).

For more information about the courses listed below, including specific course dates, times and admission requirements, visit www.VictoriaCollege.edu/EMSTraining.

Emergency Care Attendant/First Responder
Emergency Care Attendants (ECA)/First Responders are trained to provide basic emergency medical care. They are likely to be the first people to arrive at the scene of an incident. Many volunteer firefighters, police officers, and other emergency workers are trained to this level. The Emergency Care Attendants (ECA)/First Responders represent the first component of the EMS system. Students successfully completing the ECA course are eligible to apply for certification with the Texas Department of State Health Services (DSHS) as an Emergency Care Attendant.

EMT-Basic
(This course may be taken credit or noncredit.)

An EMT-B is trained to care for patients at the scene of an emergency and transport patients by ambulance to the hospital under medical direction. The EMT-B has the emergency skills to assess a patient's condition and manage respiratory, cardiac, and trauma emergencies. Students successfully completing the EMT-B lecture/lab course and the EMTB Clinical course are eligible to apply for certification as an Emergency Medical Technician-Basic with the Texas Department of State Health Services and National Registry of EMT’s.

Basic Life Support (BLS) for Healthcare Providers – CPR
The Basic Life Support (BLS) for Healthcare Providers course is designed to provide a wide variety of healthcare professionals the ability to recognize several life-threatening emergencies, provide Cardiopulmonary Resuscitation (CPR), use an Automated External Defibrillator (AED), and relieve choking in a safe, timely, and effective manner.

Advanced Cardiac Life Support – ACLS
In this classroom-based course, providers enhance their skills in treating adult victims of cardiac arrest or other cardiopulmonary emergencies, while earning their American Heart Association ACLS for Healthcare Providers Course Completion Card. The course includes simulated clinical scenarios that encourage active, hands-on participation through learning stations where students practice essential skills individually, as part of a team, and as team leaders.

Pediatric Advanced Life Support – PALS
This course gives healthcare professionals the knowledge and skills to better recognize and treat critically ill infants and children. The course uses a scenario-based team approach to teach pediatric emergency management of pediatric patients approaching or already in respiratory or cardiac arrest.

International Trauma Life Support – ITLS
ITLS is accepted internationally as the standard training course for prehospital trauma care and is used as an essential curriculum in many paramedic, EMT, and first-responder training programs. This course combines classroom and hands-on skills stations.

All About VC
VC Locations

Gonzales, Texas
Victoria College Gonzales Center
424 E. Sarah DeWitt Drive | Gonzales, TX 78629 | (830) 672-6251

What is available?
• computer lab
• faculty and staff offices
• interactive television (ITV)
• nursing lab
• science lab
• state-of-the-art classrooms and laboratories
• tutoring center
• welding lab

What is offered?
A variety of credit and noncredit classes, including vocational nursing, are offered in classroom, IT, V and online settings.

At the Gonzales Workforce Training Center, introductory craft skills, welding, and commercial truck driving classes are currently offered. Electrical, instrumentation, and heating, ventilation, and air conditioning (HVAC) classes are also offered at the center.

This center was opened in collaboration with the City of Gonzales and the Gonzales Economic Development Corporation.

Port Lavaca, Texas
Victoria College Workforce & Continuing Education
What is offered?
• allied health continuing education classes - (361) 582-2412
• industrial trades classes - (361) 582-2528

Industrial training courses are held at the VC Wilkins Industrial Training Center, located at 701 S. Ann Street, Port Lavaca, Texas 77979.

Victoria, Texas
Victoria College Emerging Technology Complex
7403 Lone Tree Road | Victoria, TX 77905 | (361) 580-3700

This state-of-the-art facility is comprised of a three-story Conference & Education Center and a two-story Industrial Training Center. Victoria County voters overwhelmingly approved a $22 million general obligation bond in 2012 to support VC's master plan, which included construction of the Complex.

Conference & Education Center
The first two floors includes a comprehensive conference facility, which offers 15 meeting spaces with comfortable, ergonomic furnishings; flexible meeting configurations; comprehensive and customizable meeting packages and simple-but-flexible pricing. The large meeting hall inside the facility can accommodate banquet, conference, and auditorium-style seating for audiences of various sizes. The third floor includes classrooms, skills labs, and computer labs for corporate and industrial training through VC's Workforce & Continuing Education programs.

Industrial Training Center
This building includes six high-bay training facilities and six associated classrooms on the second floor overlooking each of the bays. It currently houses Commercial Truck Driving training and the Mechanical Technology program as well as contract training for employees of the Caterpillar North American Hydraulic Excavator facility.

Victoria College Liberty Street Industrial Training Center
1404 N. Liberty Street | Victoria, TX 77901

This facility currently houses non-credit Welding training and NCCER Plumbing training.

Liberty Academy Early College Center (LAECC)
1110 Sam Houston | Victoria, TX 77901 | (361) 788-9650

Victoria College and Victoria Independent School District entered into a partnership for the purpose of developing Liberty Academy Early College Center in March 2011. LAECC gives prospective first-generation college students and others typically underrepresented in higher education the opportunity to earn a high school diploma and an associate's degree or college hours toward an associate's degree.

The primary targeted students are students completing their 8th grade year who might be the first in their family to attend college, want to earn college credit during high school, prefer attending a small high school, are not interested in participating in UIL-sponsored activities, and will thrive in a challenging learning environment.
Wireless Buildings

The following main campus buildings are wireless:

- Allied Health Building
- College Services & Training Building
- Continuing Education Center
- Fine Arts Building
- Health Sciences Center
- Language Building
- Sports Center
- Student Center
- Student Services Building
- Technology Center

Flexible Schedules

Flexible scheduling is an option for community college students. VC offers courses during the day or evening as well as via distance education:

- online
- computer-based format
- hybrid
- interactive television video (ITV)

Most distance education students at Victoria College will enroll in courses developed and taught by Victoria College faculty. However, Victoria College is a partner in Virtual College of Texas (VCT). For information about VCT, please see page 55. For more information about distance education courses, contact the Distance Education Office at (361) 572-6481 or via email to Distance.Ed@VictoriaCollege.edu.

Workforce & Continuing Education

Victoria College offers a variety of workforce and continuing education courses and programs designed to meet the needs of the community. From customized training to lifelong learning activities, Victoria College Workforce & Continuing Education provides businesses, industries, and individuals the opportunity to learn or improve technical and professional competencies, along with vocational and recreational classes for personal enrichment.

Workshops, seminars, and institutes can be planned to meet needs of specific groups. In such cases, Continuing Education Units (CEUs) may be awarded to participants. For more information, contact the Workforce & Continuing Education Department at (361) 582-2528 or via email to AskCE@VictoriaCollege.edu.
Cultural Enrichment

Victoria College offers a wide range of programs and facilities for cultural enrichment and community service for students and the community.

• Museum of the Coastal Bend
• Leo J. Welder Center for the Performing Arts
• Musical productions and art exhibits
• Lyceum guest lecture series
• and much more

The Johnson Symposium, Leo J. Welder Center for the Performing Arts, Museum of the Coastal Bend, Student Center, and the VC/UHV Library are college facilities that are frequently utilized by the public.

History of VC

Victoria Junior College was established as a part of the Victoria school system on February 4, 1925. During the first session of operation, classes were conducted on the third floor of the Patti Welder High School while a new building was being constructed to house the College. This building, which joined the Patti Welder Junior High School, served as the College home until the end of the 1948-49 session.

The growth of the community in the war and post-war years gave the impetus to an expansion movement which resulted in making the College a county-wide institution. This change was accomplished by the people of the county in a special election on December 2, 1947. In June of the following year, the people of the county voted a $750,000 bond issue to provide a new site and new buildings for the growing institution. On January 10, 1949, the Board of Trustees changed the name from Victoria Junior College to The Victoria College. A new site for the College was purchased in 1948, and four new buildings were constructed during 1948 and 1949. All college activities were transferred to the present campus in September 1949.

Since the first bond issue in 1947, the voters of The Victoria County Junior College District have approved four tax bond issues totaling $31,350,000, and the College has issued $7,840,000 in revenue bonds. The funds from these bond issues have been used to purchase additional land and construct a number of buildings to accommodate the growth of Victoria College and the University of Houston-Victoria.

Main Campus Buildings

**Academic Building**
The Academic Building is a two-story structure with general academic classrooms, two interactive television classrooms, a computer lab, and the Corporate Training Room. Also located in this building are the Vice President of Administrative Services: Business Office, Human Resources Office, and Purchasing Office; along with the Police & Campus Safety Office.

**Allied Health Building**
The Allied Health Building is the instructional center for the Allied Health & Public Service programs. The building also contains the Johnson Symposium Center which is utilized for a variety of ceremonies and college productions, an interactive television classroom, and a computer lab.

**Center for Academic and Professional Excellence (CAPE)**
CAPE (formerly Building A) houses two multi-purpose community design rooms, a soundproof recording studio, a break room, a commons area, and personnel offices.

**College Services & Training Building**
The College Services & Training Building houses the Marketing & Communications Department, the Offices of the Physical Plant, Call Center, and Mailroom. It also houses a heating, ventilation, and air conditioning lab, an electrical lab, and a multi-purpose classroom.

**Continuing Education Center**
The Continuing Education Center is a two-story structure with classrooms and computer labs. Also located in this building are Adult Education, the Testing Center, and the Academy for Lifelong Learning.

**Fine Arts Building**
The Fine Arts Building houses classrooms, studios, band hall, choir room, an art gallery, and office space for the Music and Art Departments.
Health Sciences Center
The Health Sciences Center houses 14 classrooms and lecture halls, 18 laboratories, six study halls, three computer labs, tutoring rooms and a resource center, four state-of-the-art simulation centers, conference facilities and faculty offices, and a commons area with a coffee bar.

The Health Sciences Center was constructed utilizing funds approved in May 2006 by Victoria County voters in a $15.5 million tax bond issue. The project was initiated by a challenge grant from The M.G. and Lillie A. Johnson Foundation. Furnishings and equipment were funded by the generosity of individuals, foundations, and businesses in the college service area.

Johnson Hall
Johnson Hall is equipped with classrooms for a variety of college courses and programs, the Academic Foundations Division, and faculty offices. Also located in this building are Student Support Services (KEY Center), the Tutoring Center, the Reading Room, and the Academic Center for Accelerating Foundations and Essentials (Academic CAFE).

Language Building
The Language Building contains classrooms and faculty offices.

Library
The VC/UHV Library is a joint library serving both Victoria College and the University of Houston-Victoria. The library occupies a three-story building with a seating capacity of over 300. More than 30 computer workstations provide access to the Internet, library electronic databases, and reference materials, as well as a selection of Microsoft Office applications. Other library facilities include conference rooms, study carrels and tables, leisure reading areas, and copiers.

Professional librarians are available to assist in locating information and using the library's resources. Interlibrary Loan is available to all students, faculty, and staff. The library also has a full program of bibliographic instruction.

The library's main collection contains over 400,000 print volumes, over 20,000 subscriptions to print and electronic journals, and over 500,000 items on microforms. The Local History Collection contains books on local and Texas history. The Archives/Special Collection section houses maps, photographs, manuscripts, and archives regarding the history of the Victoria region. The library serves as a depository for federal documents. As a Regional Historical Resource Depository, the library houses a collection of historical records and documents from Victoria and surrounding counties.

The Library's audiovisual collection is located in the Media Center, on the second floor of the Library building. This facility houses approximately 7,500 audiovisual items, including compact discs, DVDs, and audio and video tapes.

Museum of the Coastal Bend
The Museum of the Coastal Bend serves the general public, tourists, college and university students, and in particular, the kindergarten through 12th grade students in Victoria and surrounding counties. The mission of the Museum of the Coastal Bend is to enhance the appreciation and enjoyment of the region's heritage. The purpose of the museum is four-fold: to collect, to preserve, to exhibit, and to interpret the history and heritage of the region. For more information visit www.MuseumoftheCoastalBend.org.

Sports Center
The Sports Center features one basketball court; two volleyball courts; aerobics room; fitness room; dressing facilities for students, faculty, and staff; and faculty offices.

Student Center
The Student Center features an atrium area, dining area, The Cove (VC's convenience store) which includes a Subway restaurant, a big screen TV, pool tables, air hockey tables, Student Activities Office, Bookstore, and meeting rooms.

The Victoria College Bookstore is located in the Student Center and serves the students, faculty, and staff of both Victoria College and University of Houston-Victoria. The Bookstore has been established to provide books, supplies, and other related materials essential to meet the educational mission of the institutions it serves. Regular hours are maintained Monday through Friday. Additional hours are posted for registration periods or special events.
**Student Services Building**
The Student Services Building (formerly the Administration Building) houses the Offices of the Vice President of Student Services, Admissions & Records, Advising & Counseling Services, Financial Aid, Payments Office, Pre-College Programs, the Welcome Center, the Victoria College Foundation, and the Office of Institutional Effectiveness, Research and Assessment. Also located in this building are the President, the Vice President of Instruction, and the Vice President of College Advancement & External Affairs.

**Technology Center**
The Technology Center houses state-of-the-art computer labs, classrooms, and faculty offices. Technology support, and Cafe Espresso are also located in the building.

**William A. Wood Building**
The William A. Wood Building houses classrooms and laboratories for instrumentation and electronics, process technology, and welding. Each lab is outfitted with the latest machines, tools, computers, and equipment to provide students an opportunity for training that meets current industry requirements.

**GENERAL COLLEGE PHYSICS II (3-3) CREDIT 4 (030/090)**

*Prerequisite: A “C” or better in PHYS 1401*

This course is the second course in a two semester sequence which is a study of the basic laws and principles of physics and includes the topics of electricity, magnetism, and light. Emphasis is on solutions to physics problems; a knowledge of algebra, geometry, and trigonometry is essential.

(#{Courses are equivalent to academic courses listed in the current edition of the Community College General Academic Course Guide Manual.}
Courses are listed in alphabetical order by TCCNS Rubric and WECM Rubric.

ACCT 2301# PRINCIPLES OF FINANCIAL ACCOUNTING (2-3) CREDIT 3
Prerequisite: Meet Texas Success Initiative complete college-readiness standard for Reading and Mathematics; or equivalent
Recommended corequisite: MATH 1324 Mathematics for Business & Social Science
This course is an introduction to the fundamental concepts of financial accounting as prescribed by U.S. generally accepted accounting principles (GAAP) as applied to transactions and events that affect business organizations. Students will examine the procedures and systems to accumulate, analyze, measure, and record financial transactions. Students will use recorded financial information to prepare a balance sheet, income statement, statement of cash flows, and statement of shareholders’ equity to communicate the business entity’s results of operations and financial position to users of financial information who are external to the company. Students will study the nature of assets, liabilities, and owners’ equity while learning to use reported financial information for purposes of making decisions about the company. Students will be exposed to International Financial Reporting Standards (IFRS).

ACCT 2302# PRINCIPLES OF FINANCIAL ACCOUNTING (2-3) CREDIT 3
Prerequisite: A grade of C or better in ACCT 2301 Principles of Managerial Accounting
This course is an introduction to the fundamental concepts of managerial accounting appropriate for all organizations. Students will study information from the entity’s accounting system relevant to decisions made by internal managers, as distinguished from information relevant to users who are external to the company. The emphasis is on the identification and assignment of product costs, operational budgeting and planning, cost control, and management decision making. Topics include product costing methodologies, cost behavior, operational and capital budgeting, and performance evaluation.

ACNT 1303 INTRODUCTION TO ACCOUNTING I (3-1) CREDIT 3
A study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll.

ACNT 1311 INTRODUCTION TO COMPUTERIZED ACCOUNTING (2-2) CREDIT 3
Prerequisite: A grade of C or better in ACNT 1303 or ACCT 2301 or instructor approval
(Offered only in spring semester)
Introduction to utilizing the computer in maintaining accounting records with primary emphasis on a general ledger package.

ACNT 1329 PAYROLL AND BUSINESS TAX ACCOUNTING (3-0) CREDIT 3
Prerequisite: A grade of C or better in ACNT 1303 or ACCT 2301 or instructor’s approval
(Offered only in fall semester)
A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment.
ARTS 1301#  ART APPRECIATION (3-0) CREDIT 3 (050/090)
Prerequisite: Texas Success Initiative complete in Writing and Reading
A general introduction to the visual arts designed to create an appreciation of the vocabulary, media, techniques, and purposes of the creative process. Students will critically interpret and evaluate works of art within formal, cultural, and historical contexts.

ARTS 1303#  ART HISTORY I (3-0) CREDIT 3 (050/090)
Prerequisite: Texas Success Initiative complete in Writing and Reading
A chronological analysis of the historical and cultural contexts of the visual arts from prehistoric times to the 14th century.

ARTS 1304#  ART HISTORY II (3-0) CREDIT 3 (050/090)
Prerequisite: Texas Success Initiative complete in Writing and Reading
A chronological analysis of the historical and cultural contexts of the visual arts from the 14th century to the present day.

ARTS 1311#  DESIGN I (2-DIMENSIONAL) (2-4) CREDIT 3
An introduction to the fundamental terminology, concepts, theory, and application of two-dimensional design.

ARTS 1316#  DRAWING I (2-4) CREDIT 3
A foundation studio course exploring drawing with emphasis on descriptive, expressive, and conceptual approaches. Students will learn to see and interpret a variety of subjects while using diverse materials and techniques. Course work will facilitate a dialogue in which students will engage in critical analysis and begin to develop their understanding of drawing as a discipline.

ARTS 1317#  DRAWING II (2-4) CREDIT 3
Prerequisite: A grade of D or better in ARTS 1316 or permission of instructor
A studio course exploring drawing with continued emphasis on descriptive, expressive, and conceptual approaches. Students will further develop the ability to see and interpret a variety of subjects while using diverse materials and techniques. Course work will facilitate a dialogue in which students will employ critical analysis to broaden their understanding of drawing as a discipline.

ARTS 2316#  PAINTING I (2-4) CREDIT 3
Studio work exploring color theory, painting techniques, and pictorial problems from art historical periods through contemporary styles using oil and acrylic paint.

ARTS 2317#  PAINTING II (2-4) CREDIT 3
Prerequisite: A grade of D or better in ARTS 2316 or permission of instructor
A continuation of Painting I with expressive and conceptual aspects of painting explored.
ARTS 2323# LIFE DRAWING (2-4) CREDIT 3
Prerequisite: A grade of D or better in ARTS 1316 or permission of instructor
Basic study of the human form and figure drawing.

ARTS 2346# CERAMICS I (2-4) CREDIT 3
Prerequisite: Consent of Department Chair
Exploration of ideas using basic ceramic processes.

ARTS 2347# CERAMICS II (2-4) CREDIT 3
Prerequisite: A grade of D or better in ARTS 2346 and consent of Department Chair.
Exploration of ideas using basic ceramic processes.

BCIS 1305# BUSINESS COMPUTER APPLICATIONS (2-3) CREDIT 3 (090)
(For Business Majors)
Prerequisites: Texas Success Initiative complete or consent of instructor
Students will study computer terminology, hardware, and software related to the business environment. The focus of this course is on business productivity software applications and professional behavior in computing, including word processing, spreadsheets, databases, presentation graphics, and business-oriented use of the internet. NOTE: No Credit if COSC 1301 is taken.

BIOL 1406# BIOLOGY FOR SCIENCE MAJORS I (3-3) CREDIT 4 (030/090)
(Offered only in fall semester)
Prerequisite: Texas Success Initiative complete in Reading, Writing, and Math.
Fundamental principles of living organisms will be studied, including physical and chemical properties of life, organization, function, evolutionary adaptation, and classification. Concepts of cytology, reproduction, genetics, and scientific reasoning are included. Laboratory activities will reinforce these principles.

BIOL 1407# BIOLOGY FOR SCIENCE MAJORS I II (3-3) CREDIT 4 (030/090)
(Offered only in spring semester)
Prerequisite: Texas Success Initiative complete in Reading, Writing, and Math. BIOL 1406 Recommended.
Recommended prerequisite: MATH 1314 Successful completion of College Algebra or concurrent enrollment in higher-level mathematics is recommended.
The diversity and classification of life will be studied, including animals, plants, protists, fungi, and prokaryotes. Special emphasis will be given to anatomy, physiology, ecology, and evolution of plants and animals. Laboratory activities will reinforce study of the diversity and classification of life, including animals, plants, protists, fungi, and prokaryotes. Special emphasis will be given to anatomy, physiology, ecology, and evolution of plants and animals.
BIOL 1408# BIOLOGY I, FOR NON-MAJORS (3-3) CREDIT 4 (030/090)  
Prerequisite: Texas Success Initiative complete in Reading, Writing and Math.  
*(Offered only in fall semester)*  
Provides a survey of biological principles with an emphasis on humans, including chemistry of life, cells, structure, function, and reproduction. Laboratory activities will reinforce a survey of biological principles with an emphasis on humans, including chemistry of life, cells, structure, function and reproduction.

BIOL 1409# BIOLOGY II, FOR NON-MAJORS (3-3) CREDIT 4 (030/090)  
Prerequisite: Texas Success Initiative complete in Reading, Writing and Math.  
*(Offered only in spring semester)*  
This course will provide a survey of biological principles with an emphasis on humans, including evolution, ecology, plant and animal diversity, and physiology. Laboratory activities will reinforce a survey of biological principles with an emphasis on humans, including evolution, ecology, plant and animal diversity, and physiology.

BIOL 2306# ENVIRONMENTAL BIOLOGY (3-0) CREDIT 3 (030/090)  
Prerequisite: Texas Success Initiative complete in Reading, Writing and Math.  
Recommended prerequisite: MATH 1314 – Successful completion of College Algebra or concurrent enrollment in higher-level mathematics is recommended  
Principles of environmental systems and ecology, including biogeochemical cycles, energy transformations, abiotic interactions, symbiotic relationships, natural resources and their management, lifestyle analysis, evolutionary trends, hazards and risks, and approaches to ecological research.

BIOL 2401# HUMAN ANATOMY AND PHYSIOLOGY I (3-3) CREDIT 4  
Prerequisite: A grade of “C” or better in one semester of college-level biology or chemistry. CHEM 1406 is recommended, plus Texas Success Initiative complete in Reading and Writing.  
Anatomy and Physiology I is the first part of a two-course sequence. It is a study of the structure and function of the human body including cells, tissues and organs of the following systems: integumentary, skeletal, muscular, nervous and special senses. Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis.

BIOL 2402# HUMAN ANATOMY AND PHYSIOLOGY II (3-3) CREDIT 4  
Prerequisite: BIOL 2401 with a grade of “C” or better  
Anatomy and Physiology II is the second part of a two-course sequence. It is a study of the structure and function of the human body including the following systems: endocrine, cardiovascular, immune, lymphatic, respiratory, digestive (including nutrition), urinary (including fluid and electrolyte balance), and reproductive (including human development and genetics). Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis.

</table>
| BIOL 2404#  | INTRODUCTORY ANATOMY AND PHYSIOLOGY (3-3) CREDIT 4 (030/090) | 4       | Prerequisite: Texas Success Initiative complete in Reading, Writing and Math.  
Study of the structure and function of human anatomy, including the neuroendocrine, integumentary, musculoskeletal, digestive, urinary, reproductive, respiratory, and circulatory systems. Content may be either integrated or specialized. This course will not substitute for BIOL 2401 or as a prerequisite for BIOL 2402. |
| BIOL 2420#  | MICROBIOLOGY FOR NON-SCIENCE MAJORS (3-3) CREDIT 4 (030/090) | 4       | Prerequisite: Texas Success Initiative complete in Reading, Writing and Math.  
This course covers basic microbiology and immunology and is primarily directed at pre-nursing, pre-allied health, and non-science majors. It provides an introduction to historical concepts of the nature of microorganisms, microbial diversity, the importance of microorganisms and acellular agents in the biosphere, and their roles in human and animal diseases. Major topics include bacterial structure as well as growth, physiology, genetics, and biochemistry of microorganisms. Emphasis is on medical microbiology, infectious diseases, and public health. |
| BMGT 1307   | TEAM BUILDING (2-2) CREDIT 3                             | 3       | Principles of building and sustaining teams in organizations. Includes team dynamics, process improvement, trust and collaboration, conflict resolution, and the role of the individual in the team. |
| BMGT 1325   | OFFICE MANAGEMENT (2-2) CREDIT 3                         | 3       | Systems, procedures, and practices related to organizing and planning office work, supervising employee performance, and exercising leadership skills. |
| BMGT 1327   | PRINCIPLES OF MANAGEMENT (3-0) CREDIT 3                  | 3       | Prerequisite: Texas Success Initiative complete in Reading  
(Offered only in spring semester)  
Concepts, terminology, principles, theories, and issues in the field of management. |
| BMGT 1341   | BUSINESS ETHICS (3-0) CREDIT 3                           | 3       | Prerequisite: 15 Semester Credit Hours of college work. Texas Success Initiative complete in Reading and Writing.  
(Offered only in spring semester)  
Discussion of ethical issues, the development of a moral frame of reference, and the need for an awareness of social responsibility in management practices and business activities. Includes ethical corporate responsibility. |
| BMGT 2303   | PROBLEM SOLVING AND DECISION MAKING (2-2) CREDIT 3      | 3       | Prerequisite: Texas Success Initiative complete; Division Approval  
(Offered only in spring semester)  
Decision-making and problem-solving processes in organizations utilizing logical and creative problem-solving techniques. Application of theory is provided by experiential activities using managerial decision tools. (This is the capstone course for the Business Management AAS.) |
BUSI 1301# BUSINESS PRINCIPLES (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading & Writing
(Offered only in spring semester)
This course provides a survey of economic systems, forms of business ownership, and considerations for running a business. Students will learn various aspects of business, management, and leadership functions; organizational considerations; and decision-making processes. Financial topics are introduced, including accounting, money and banking, and securities markets. Also included are discussions of business challenges in the legal and regulatory environment, business ethics, social responsibility, and international business. Emphasized is the dynamic role of business in everyday life.

BUSI 1307# PERSONAL FINANCE (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Math.
(Offered only in spring semester)
Personal and family accounts, budgets and budgetary control, bank accounts, charge accounts, borrowing, investing, insurance, standards of living, renting or home ownership, and wills and trust plans.

BUSI 2301# BUSINESS LAW (3-0) CREDIT 3
Prerequisite: High school coursework in U.S. history and government, or equivalent. Texas Success Initiative complete in Reading.
(Offered only in fall semester)
The course provides the student with foundational information about the U.S. legal system and dispute resolution, and their impact on business. The major content areas will include general principles of law, the relationship of business and the U.S. Constitution, state and federal legal systems, the relationship between law and ethics, contracts, sales, torts, agency law, intellectual property, and business law in the global context.

BUSI 2304# BUSINESS REPORT WRITING & CORRESPONDENCE (3-0) CREDIT 3
Prerequisite: A grade of C or better in ENGL 1301
(Offered only in fall semester)
Theory and applications for technical reports and correspondence in business.

CETT 1302 ELECTRICITY PRINCIPLES (2-4) CREDIT 3
Principles of electricity including proper use of test equipment, A/C and D/C circuits, and component theory and operations.

CETT 1325 DIGITAL FUNDAMENTALS (2-4) CREDIT 3
An entry level course in digital electronics to include numbering systems, logic gates, Boolean algebra, and combinational logic.

CETT 1341 SOLID STATE CIRCUITS (2-4) CREDIT 3
Prerequisite: CETT 1302 or Instructor Approval
A study of various semiconductor devices incorporated in circuits and their applications. Emphasis on circuit construction, measurements, and analysis.
CETT 1345  MICROPROCESSOR (2-4) CREDIT 3
Prerequisite: CETT 1349 or Instructor Approval
(Offered only in fall semester)
An introductory course in microprocessor software and hardware: architecture, timing sequence, operation, and programming. Discussion of appropriate software diagnostic language and tools.

CETT 1349  DIGITAL SYSTEMS (2-4) CREDIT 3
Prerequisite: CETT 1325 or Instructor Approval
(Offered only in spring semester)
A course in electronics covering digital systems. Emphasis on application and troubleshooting digital systems.

CETT 1357  LINEAR INTEGRATED CIRCUITS (2-4) CREDIT 3
Prerequisite: CETT 1341
(Offered only in spring semester)
A study of characteristics, operations, and testing of linear integrated circuits. Applications include instrumentation and active filtering.

CHEM 1406#  INTRODUCTORY CHEMISTRY (3-3) CREDIT 4 (030/090)
Prerequisite: Texas Success Initiative complete in Reading and Math.
Survey course introducing chemistry. Topics may include inorganic, organic, biochemistry, food/physiological chemistry, and environmental/consumer chemistry. Designed for allied health students and for students who are not science majors.

CHEM 1411#  GENERAL COLLEGE CHEMISTRY I (3-3) CREDIT 4 (030/090)
Prerequisite: A grade of “C” or better in MATH 1314 or more advanced college mathematics course plus Texas Success Initiative complete in reading.
(Offered only in fall semester)
Fundamental principles of chemistry for majors in the sciences, health sciences, and engineering; topics include measurements, fundamental properties of matter, states of matter, chemical reactions, chemical stoichiometry, periodicity of elemental properties, atomic structure, chemical bonding, molecular structure, solutions, properties of gases, and an introduction to thermodynamics and descriptive chemistry. Basic laboratory experiments supporting theoretical principles presented in lecture; introduction of the scientific method, experimental design, data collection and analysis, and preparation of laboratory reports.
CHEM 1412#  GENERAL COLLEGE CHEMISTRY II (3-3) CREDIT 4 (030/090)
Prerequisite: A grade of C or better in CHEM 1411
(Offered only in spring semester)
Chemical equilibrium; phase diagrams and spectrometry; acid-base concepts; thermodynamics; kinetics; electrochemistry; nuclear chemistry; an introduction to organic chemistry and descriptive inorganic chemistry. Basic laboratory experiments supporting theoretical principles presented in lecture; introduction of the scientific method, experimental design, chemical instrumentation, data collection and analysis, and preparation of laboratory reports.

CHEM 2123#  ORGANIC CHEMISTRY I LAB (0-3) CREDIT 1
Prerequisite: A grade of C or better in CHEM 1312 and CHEM 1112, or CHEM 1412 General Chemistry II (Lecture and Laboratory)
Corequisite: CHEM 2323—Organic Chemistry I
(Offered only in fall semester)
This laboratory-based course accompanies CHEM 2323, Organic Chemistry I. Laboratory activities will reinforce fundamental principles of organic chemistry, including the structure, bonding, properties, and reactivity of organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. Methods for the purification and identification of organic compounds will be examined.

CHEM 2125#  ORGANIC CHEMISTRY II LAB (0-3) CREDIT 1
Prerequisite: A grade of C or better in CHEM 2123 and 2323;
Corequisite: CHEM 2325
(Offered only in spring semester)
This laboratory-based course accompanies CHEM 2325, Organic Chemistry II. Laboratory activities reinforce advanced principles of organic chemistry, including the structure, properties, and reactivity of aliphatic and aromatic organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules.

CHEM 2323#  ORGANIC CHEMISTRY I LECTURE (3-0) CREDIT 3
Prerequisite: A grade of C or better in CHEM 1412;
Corequisite: CHEM 2123
(Offered only in fall semester)
Fundamental principles of organic chemistry will be studied, including the structure, bonding, properties, and reactivity of organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules.
THIS COURSE IS INTENDED FOR STUDENTS IN SCIENCE OR PRE-PROFESSIONAL PROGRAMS.
CHEM 2325#  ORGANIC CHEMISTRY II LECTURE (3-0) CREDIT 3
Prerequisite: A grade of C or better in CHEM 2323 and CHEM 2123, or CHEM 2423 Organic Chemistry I (Lecture and Laboratory)
Corequisite: CHEM 2125 Organic Chemistry II Laboratory
(Offered only in spring semester)
Advanced principles of organic chemistry will be studied, including the structure, properties, and reactivity of aliphatic and aromatic organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. THIS COURSE IS INTENDED FOR STUDENTS IN SCIENCE OR PRE-PROFESSIONAL PROGRAMS.

COSC 1301#  INTRODUCTION TO COMPUTING (2-3) CREDIT 3 (090)
Prerequisites: Texas Success Initiative complete or consent of instructor.
Overview of computer systems-hardware, operating systems, the Internet, and application software including word processing, spreadsheets, presentation graphics, and databases. Current topics such as the effect of computers on society, and the history and use of computers in business, educational, and other interdisciplinary settings are also studied. This course is not intended to count toward a student’s major field of study in business or computer science. No credit if BCIS 1305 has been taken.

COSC 1315#  Introduction to Computer Programming (C++) (2-2) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Math or consent of instructor.
Introduction to computer programming for solving a variety of problems. This course is intended for non-computer science and non-computer engineering majors. Emphasis on the fundamentals of design, development, testing, implementation, and documentation of computer programs. Includes problem solving with structured techniques and algorithms using pseudo code and/or graphical representations.

COSC 1436#  PROGRAMMING FUNDAMENTALS I (JAVA) (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading and Math or consent of instructor.
(Offered only in spring semester)
This course introduces the fundamental concepts of structured programming, and provides a comprehensive introduction to programming for computer science and technology majors. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. This course assumes computer literacy.

COSC 1437#  PROGRAMMING FUNDAMENTALS II (JAVA) (3-3) CREDIT 4
Prerequisite: A grade of C or better in COSC 1436 OR previous college credit programming language or consent of instructor.
This course focuses on the object-oriented programming paradigm, emphasizing the definition and use of classes along with fundamentals of object-oriented design. The course includes basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering processes. Students will apply techniques for testing and debugging software. (This course is included in the Field of Study Curriculum for Computer Science.)
CRIJ 1301#  INTRODUCTION TO CRIMINAL JUSTICE (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
History, philosophy, and ethical consideration of criminal justice; the nature
and impact of crime; and an overview of criminal justice systems, including law
enforcement and court procedures.

CRIJ 1306#  COURT SYSTEMS AND PRACTICES (3-0) CREDIT 3
Prerequisite: A grade of C or better in CRIJ 1301 or CRIJ 1307
(Offered only in spring semester)
Study of the judiciary in the American criminal justice system and the
adjudication processes and procedures.

CRIJ 1307#  CRIME IN AMERICA (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
American crime problems in historical perspective, social and public policy
factors affecting crime, impact and crime trends, social characteristics of
specific crimes, and prevention of crime.

CRIJ 1310#  FUNDAMENTALS OF CRIMINAL LAW (3-0) CREDIT 3
Prerequisite: A grade of C or better in CRIJ 1301 or CRIJ 1307
(Offered only in fall semester)
Study of criminal law, its philosophical and historical development, major
definitions and concepts, classifications and elements of crime, penalties
using Texas statutes as illustrations and criminal responsibility.

CRIJ 2301#  COMMUNITY RESOURCES IN CORRECTIONS (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
An introductory study of the role of the community in corrections, community
programs for adults and juveniles, administration of community programs,

CRIJ 2313#  CORRECTIONAL SYSTEMS AND PRACTICES (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
(Offered only in spring semester)
Corrections in the criminal justice systems; organization of correctional system;
correctional role; institutional operations; alternatives to institutionalization;
treatment and rehabilitation; current and future issues.

CRIJ 2314#  CRIMINAL INVESTIGATION (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
(Offered only in fall semester)
Investigative theory, collection and preservation of evidence, sources of
information, interview and interrogation, uses of forensic sciences, and case
and trial preparation.

CRIJ 2323#  LEGAL ASPECTS OF LAW ENFORCEMENT (3-0) CREDIT 3
Prerequisite: A grade of C or better in CRIJ 1301, CRIJ 1306 or CRIJ 1307
Policy authority, responsibilities, constitutional constraints, laws of arrest,
search and seizure, and police liability.

CRIJ 2328#  POLICE SYSTEMS AND PRACTICES (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
(Offered only in spring semester)
The police profession, organization of law enforcement systems, the police
role, police discretion, ethics, police-community interaction and current and
future issues.
CTEC 2680  COOPERATIVE EDUCATION-CHEMICAL TECH/TECHNICIAN (1-39)
CREDIT 6
Prerequisite: AAS in Process Technology or Approval of Instructor.
(Of erred only in spring semester)
Career related activities encountered in the student's area of specialization
offered through an individualized agreement among the college, employer,
and student. Under the supervision of the College and the employer, the
student combines classroom learning with work experience. Includes a lecture
component.

DAAC 1317#  BASIC COUNSELING SKILLS (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
(Of erred only in spring semester)
An overview of basic counseling skills.

DFTG 1325  BLUEPRINT READING AND SKETCHING (3-0) CREDIT 3
(Of erred only in fall semester)
An introduction to reading and interpreting working drawings for fabrication
processes and associated trades. Use of sketching techniques to create
pictorial and multiple-view drawings.

DRAM 1310#  INTRODUCTION TO THEATRE (3-0) CREDIT 3 (050/090)
Prerequisite: Texas Success Initiative complete in Reading.
Survey of theatre, including its history, dramatic works, stage techniques,
production procedures, and relation to other art forms.

DRAM 1351#  ACTING I (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
An introduction to the fundamental principles and tools of acting as used in
auditions, rehearsals, and performances. This may include ensemble
performing, character and script analysis, and basic theatre terminology.
This exploration will emphasize the development of the actor's instrument:
voice, body, and imagination.

DRAM 1352#  ACTING II (3-0) CREDIT 3
Prerequisite: A grade of D or better in Acting I or consent of instructor
Exploration and further training within the basic principles and tools of acting,
including an emphasis on critical analysis of oneself and others. The tools
include ensemble performing, character and script analysis, and basic theatre
terminology. This will continue the exploration of the development of the
actor's instrument: voice, body, and imagination.

DRAM 2351#  ACTING III (3-0) CREDIT 3
Prerequisite: A grade of D or better in Acting I or II or consent of
instructor
Development of basic skills and techniques of acting, including increased
sensory awareness, ensemble performing, character analysis, and script
analysis. Emphasis on the mechanics of voice, body, emotion, and analysis
as tools for the actor.

ECON 2301#  PRINCIPLES OF MACROECONOMICS (3-0) CREDIT 3 (080/090)
Prerequisite: Texas Success Initiative complete in Reading and Math.
An analysis of the economy as a whole, including measurement and
determination of Aggregate Demand and Aggregate Supply, national income,
flation, and unemployment. Other topics include international trade,
economic growth, business cycles, and fiscal policy and monetary policy.
ECON 2302#  PRINCIPLES OF MICROECONOMICS (3-0) CREDIT 3 (080/090)
Prerequisite: Texas Success Initiative complete in Reading and Math.
Analysis of the behavior of individual economic agents, including consumer behavior and demand, producer behavior and supply, price and output decisions by firms under various market structures, factor markets, market failures, and international trade.

EDUC 1300#  LEARNING FRAMEWORKS (3-0) CREDIT 3 (090)
A study of the research and theory in the psychology of learning, cognition, and motivation; factors that impact learning; and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. EDUC 1300 is equivalent to PSYC 1300; credit will not be given for both EDUC 1300 and PSYC 1300. EDUC 1300 may substitute for SDEV 0301.

EDUC 1301#  INTRODUCTION TO THE TEACHING PROFESSIONS (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
(Offered only in fall semester)
An enriched, integrated pre-service course and content experience that provides active recruitment and institutional support of students interested in a teaching career, especially in high need fields. The course provides students with opportunities to participate in early field observations at all levels of P-12 schools with varied and diverse student populations and provides students with support from college and school faculty, preferably in small cohort groups, for the purpose of introduction to and analysis of the culture of schooling and classrooms. Course content should be aligned as applicable with the State Board of Educator Certification Pedagogy and Professional Responsibilities standards; and the course must include a minimum of 16 contact hours of field experience in P-12 classrooms.

EDUC 2301#  INTRODUCTION TO SPECIAL POPULATIONS (3-0) CREDIT 3
Prerequisite: A grade of D or better in EDUC 1301
(Offered only in spring semester)
An enriched, integrated pre-service course and content experience that provides an overview of schooling and classrooms from the perspectives of language, gender, socioeconomic status, ethnic and academic diversity, and equity with an emphasis on factors that facilitate learning. The course provides students with opportunities to participate in early field observations of P-12 special populations and should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibility standards. Must include a minimum of 16 contact hours of field experience in P-12 classrooms with special populations.
EECT 1303  INTRODUCTION TO TELECOMMUNICATIONS (2-4) CREDIT 3  
Prerequisite: CETT 1341 or Instructor Approval  
(Offered only in fall semester)  
An overview of the telecommunications industry. Topics include the history of the telecommunications industry, terminology, rules and regulations, and industry standards and protocols.

EMSP 1160  CLINICAL, EMERGENCY MEDICAL TECHNICIAN (0,0,5) CREDIT 1  
Prerequisite: Admission into the EMT Program  
Corequisites: EMSP 1501  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

EMSP 1261  CLINICAL, EMERGENCY MEDICAL TECHNICIAN – PARAMEDIC 1 (0,0,8) CREDIT 2  
Prerequisite: Admission into the Paramedic Program  
Corequisites: EMSP 1355, 1356, & 1438  
(Offered only in fall semester)  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. At the completion of this course, the student will be able to perform a comprehensive history and physical exam, develop differential diagnoses, establish and/or maintain a patent airway, oxygenate, and ventilate a patient, implement and evaluate a trauma care plan; perform venipuncture for phlebotomy and IV fluid infusion; safely prepare and administer medications, and communicate & document all pertinent information.

EMSP 1355  TRAUMA MANAGEMENT (2,2,0) CREDIT 3  
Prerequisite: Admission into the Paramedic Program  
Corequisites: EMSP 1356 & 1438  
(Offered only in fall semester)  
Knowledge and skills in the assessment and management of patients with traumatic injuries.

EMSP 1356  PATIENT ASSESSMENT AND AIRWAY MANAGEMENT (2,2,0) CREDIT 3  
Prerequisite: Admission into the Paramedic Program  
Corequisites: EMSP 1355 & 1438  
(Offered only in fall semester)  
Knowledge and skills required to perform patient assessment, airway management, and artificial ventilation.

EMSP 1438  INTRODUCTION TO ADVANCED PRACTICE (3,3,0) CREDIT 4  
Prerequisite: Admission into the Paramedic Program  
(Offered only in fall semester)  
Fundamental elements associated with emergency medical services to include preparatory practices, pathophysiology, medication administration, and related topics.

EMSP 1501  EMERGENCY MEDICAL TECHNICIAN (3,8,0) CREDIT 5  
Prerequisite: Admission into the EMT Program.  
Corequisites: EMSP 1160  
Preparation for certification as an Emergency Medical Technician (EMT).
EMSP 2206 EMERGENCY PHARMACOLOGY (2,0,0) CREDIT 2
Prerequisite: Admission into the Paramedic Program
A study of drug classifications, actions, therapeutic uses, adverse effects, routes of administration, and calculation of dosages.

EMSP 2243 ASSESSMENT BASED MANAGEMENT (1,3,0) CREDIT 2
Prerequisite: Admission into the Paramedic Program
Corequisites: EMSP 1355, 1356, 1438, 2330, 2338, 2434, & 2444
A summative experience covering comprehensive, assessment-based patient care management for the paramedic level.

EMSP 2262 CLINICAL, PARAMEDIC II (0,0,9) CREDIT 2
Prerequisite: Admission into the Paramedic Program
Corequisites: EMSP 2330, 2434 & 2444
(Offered only in spring semester)
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. At the completion of this course, the paramedic student will be able to integrate pathophysiological principles and assessment findings to analyze differential diagnoses and develop, implement and evaluate care plans for patients with respiratory, cardiovascular, neurological, endocrine, allergic/anaphylactic, gastroenterologic, urologic, toxic exposure, hematopoietic, infectious/communicable disease, behavioral, and gynecological emergencies; normal and abnormal labor; and neonatal, pediatric, geriatric, abuse/assault, psychosocial, and chronic care emergencies; and communicate and document all pertinent information.

EMSP 2305 EMS OPERATIONS (3,0,0) CREDIT 3
Prerequisite: Admission into the Paramedic Program
Knowledge and skills to safely manage multi-casualty incidents and rescue situations; utilize air medical resources; identify hazardous materials and other specialized incidents.

EMSP 2330 SPECIAL POPULATIONS (2,2,0) CREDIT 3
Prerequisite: Admission into the Paramedic Program
(Offered only in spring semester)
Knowledge and skills necessary to assess and manage ill or injured patients in diverse populations to include neonatology, pediatrics, geriatrics, and other related topics.

EMSP 2352 EMERGENCY MEDICAL SERVICES RESEARCH (3,0,0) CREDIT 3
Prerequisite: Admission into the EMSP Degree Program or permission of the instructor
(Offered only in spring semester)
Primary and/or secondary research in current and emerging issues in EMS. Basic research principles, scientific inquiry, and interpretation of professional literature are emphasized.

<th>Credits</th>
<th>Prerequisite</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>EMSP 2363</td>
<td>CLINICAL, EMS CAPSTONE</td>
<td>3</td>
<td>Admission into the Paramedic Program</td>
<td>A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. At the completion of this course, the paramedic student will be able to manage the scene of an emergency; perform a comprehensive history and physical exam; integrate patho-physiological principles and assessment findings to analyze differential diagnoses and develop, implement and evaluate care plans within the scope of practice authorized by medical control; and communicate and document all pertinent information.</td>
</tr>
<tr>
<td>EMSP 2434</td>
<td>MEDICAL EMERGENCIES</td>
<td>4</td>
<td>Admission into the Paramedic Program</td>
<td>Knowledge and skills in the assessment and management of patients with medical emergencies, including medical overview, neurology, gastroenterology, immunology, pulmonology, urology, hematology, endocrinology, toxicology, and other related topics.</td>
</tr>
<tr>
<td>EMSP 2444</td>

</table>
ENGL 2311# TECHNICAL WRITING (3-0) CREDIT 3 (090)
Prerequisite: A grade of C or better in ENGL 1301
Intensive study of and practice in professional settings. Focus on the types of
documents necessary to make decisions and take action on the job, such as
proposals, reports, instructions, policies and procedures, e-mail messages,
letters, and descriptions of products and services. Practice individual and
collaborative processes involved in the creation of ethical and efficient
documents.

ENGL 2322# BRITISH LITERATURE I (3-0) CREDIT 3 (040/090)
Prerequisite: A grade of C or better in ENGL 1301
A survey of the development of British literature from the Anglo-Saxon period
to the eighteenth century. Students will study works of prose, poetry, drama,
and fiction in relation to their historical, linguistic, and cultural contexts. Texts
will be selected from a diverse group of authors and traditions.

ENGL 2323# BRITISH LITERATURE II (3-0) CREDIT 3 (040/090)
Prerequisite: A grade of C or better in ENGL 1301
A survey of the development of British literature from the Romantic period to
the present. Students will study works of prose, poetry, drama, and fiction in
relation to their historical and cultural contexts. Texts will be selected from a
diverse group of authors and traditions.

ENGL 2327# AMERICAN LITERATURE I (3-0) CREDIT 3 (040/090)
Prerequisite: A grade of C or better in ENGL 1301
A survey of American literature from the period of exploration and settlement
through the Civil War. Students will study works of prose, poetry, drama, and
fiction in relation to their historical and cultural contexts. Texts will be selected
from among a diverse group of authors for what they reflect and reveal about
the evolving American experience and character.

ENGL 2328# AMERICAN LITERATURE II (3-0) CREDIT 3 (040/090)
Prerequisite: A grade of C or better in ENGL 1301
A survey of American literature from the Civil War to the present. Students
will study works of prose, poetry, drama, and fiction in relation to their
historical and cultural contexts. Texts will be selected from among a diverse
group of authors for what they reflect and reveal about the evolving American
experience and character.

ENGL 2332# WORLD LITERATURE I (3-0) CREDIT 3
Prerequisite: A grade of C or better in ENGL 1301
A survey of world literature from the ancient world through the sixteenth
century. Students will study works of prose, poetry, drama, and fiction in
relation to their historical and cultural contexts. Texts will be selected from a
diverse group of authors and traditions.

ENGL 2333# WORLD LITERATURE II (3-0) CREDIT 3
Prerequisite: A grade of C or better in ENGL 1301
A survey of world literature from the ancient world through the sixteenth
century. Students will study works of prose, poetry, drama, and fiction in
relation to their historical and cultural contexts. Texts will be selected from a
diverse group of authors and traditions.
ENVR 1301# ENVIRONMENTAL SCIENCE I (3-0) CREDIT 3 (030/090)
Prerequisite: Texas Success Initiative complete in Reading.
A survey of the forces, including humans, that shape our physical and biologic
environment, and how they affect life on Earth. Introduction to the science and
policy of global and regional environmental issues, including pollution, climate
change, and sustainability of land, water, and energy resources.

ESLR 0016 ESOL READING AND VOCABULARY (NCBO); (0-1) CREDIT 0
This course develops English reading proficiency and vocabulary for
academic, career, or personal purposes in speakers of languages other than
English and prepares them to function in a multicultural, multilingual society.

ESLW 0016 ESOL WRITING FOR NON-NATIVE SPEAKERS (NCBO); (0-1) CREDIT 0
This course focuses on strategies and techniques of writing and composition.
Open only to non-native speakers.

FIRT 1301 FUNDAMENTALS OF FIRE PROTECTION (3-0) CREDIT 3
Prerequisite: Admission into the Fire Science Program
(Offered only in fall semester)
Orientation to the Fire Service, career opportunities, and related fields.

FIRT 1307 FIRE PREVENTION CODES AND INSPECTIONS (3-0) CREDIT 3
Prerequisite: Admission into the Fire Science Program
(Offered only in spring semester)
Local building and fire prevention codes. Fire prevention inspections, practices,
and procedures.

FIRT 1338 FIRE PROTECTION SYSTEMS (3-0) CREDIT 3
Prerequisite: Admission into the Fire Science Program
(Offered only in fall semester)
Design and operation of fire detection and alarm systems, heat and smoke
control systems, special protection and sprinkler systems, water supply for fire
protection, and portable fire extinguishers.

GEOG 1303# WORLD REGIONAL GEOGRAPHY (3-0) CREDIT 3 (080/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
This course is an introduction to the world’s major regions seen through their
defining physical, social, cultural, political, and economic features. These
regions are examined in terms of their physical and human characteristics and
their interactions. The course emphasizes relations among regions on issues
such as trade, economic development, conflict, and the role of regions in the
globalization process.

GEOL 1303# PHYSICAL GEOLOGY (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
Introduction to the study of the materials and processes that have modified
and shaped the surface and interior of Earth over time. These processes are
described by theories based on experimental data and geologic data gathered
from field observations.

GEOL 1305# ENVIRONMENTAL SCIENCE (3-0) CREDIT 3 (030/090)
Prerequisite: Texas Success Initiative complete in Reading.
A survey of the forces, including humans, that shape our physical and biologic
environment, and how they affect life on Earth. Introduction to the science and
policy of global and regional environmental issues, including pollution, climate
change, and sustainability of land, water, and energy resources.
GEOL 1345# OCEANOGRAPHY (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
Survey of physical and historical geology, astronomy, meteorology, oceanography, and related sciences.

GEOL 1347# METEOROLOGY (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
Survey of meteorology and related sciences.

GEOL 1403# PHYSICAL GEOLOGY (3-3) CREDIT 4 (030/090)
Prerequisite: Texas Success Initiative complete in Reading.
(Offered only in fall semester)
Lecture: Introduction to the study of the materials and processes that have modified and shaped the surface and interior of Earth over time. These processes are described by theories based on experimental data and geologic data gathered from field observations.
Lab: Laboratory activities will cover methods used to collect and analyze earth science data.

GEOL 1404# HISTORICAL GEOLOGY (3-3) CREDIT 4 (030/090)
Prerequisite: GEOL 1303 or 1403 Physical Geology
Texas Success Initiative complete in reading.
(Offered only in spring semester)
Lecture: A comprehensive survey of the history of life and major events in the physical development of Earth as interpreted from rocks and fossils.
Lab: Laboratory activities will introduce methods used by scientists to interpret the history of life and major events in the physical development of Earth from rocks and fossils.

GOVT 2305# FEDERAL GOVERNMENT (3-0) CREDIT 3 (070)
(Federal Constitution & Topics)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties, and civil rights.

GOVT 2306# TEXAS GOVERNMENT (3-0) CREDIT 3 (070)
(Texas Constitution & Topics)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Origin and development of the Texas constitution, structure and powers of state and local government, federalism and inter-governmental relations, political participation, the election process, public policy, and the political culture of Texas.

HIST 1301# UNITED STATES HISTORY I (3-0) CREDIT 3 (060/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.
HIST 1302# UNITED STATES HISTORY II (3-0) CREDIT 3 (060/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the social, political, economic, cultural, and intellectual history of the United States from the Civil War/Reconstruction era to the present. United States History II examines industrialization, immigration, world wars, the Great Depression, Cold War and post-Cold War eras. Themes that may be addressed in United States History II include: American culture, religion, civil and human rights, technological change, economic change, immigration and migration, urbanization and suburbanization, the expansion of the federal government, and the study of U.S. foreign policy.

HIST 2301# TEXAS HISTORY (3-0) CREDIT 3 (060/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the political, social, economic, cultural, and intellectual history of Texas from the pre-Columbian era to the present. Themes that may be addressed in Texas History include: Spanish colonization and Spanish Texas; Mexican Texas; the Republic of Texas; statehood and secession; oil, industrialization, and urbanization; civil rights; and modern Texas.

HIST 2311# WESTERN CIVILIZATION I (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from human origins to the 17th century. Themes that should be addressed in Western Civilization I include the cultural legacies of Mesopotamia, Egypt, Greece, Rome, Byzantium, Islamic civilizations, and Europe through the Middle Ages, Renaissance, and Re formations.

HIST 2312# WESTERN CIVILIZATION II (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from the 17th century to the modern era. Themes that should be addressed in Western Civilization II include absolutism and constitutionalism, growth of nation states, the Enlightenment, revolutions, classical liberalism, industrialization, imperialism, global conflict, the Cold War, and globalization.

HIST 2327 MEXICAN AMERICAN HISTORY I (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Historical, economic, social, and cultural development of Mexican-Americans/Chicanos/as. (May be applied to U.S. History requirement.)

HIST 2328 MEXICAN AMERICAN HISTORY II (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Historical, economic, social, and cultural development of Mexican-Americans/Chicanos/as. (May be applied to U.S. History requirement.)

HITT 1305 MEDICAL TERMINOLOGY I (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
Study of medical terms through word origin and structure. Introduction to abbreviations and symbols, surgical and diagnostic procedures, and medical specialties.
HPRS 2200  PHARMACOLOGY FOR HEALTH PROFESSIONS (2-0) CREDIT 2
Prerequisite: Texas Success Initiative complete in Reading, Writing and Math.
A study of drug classifications, actions, therapeutic uses, adverse effects, routes of administration, and calculation of dosages.

HYDR 1301  RIGGING & CONVEYING (2-2) CREDIT 3
Introduction to directing and moving heavy objects, selecting the appropriate rigging equipment, in conjunction with the suitable hardware and lifting devices with an emphasis on inspection, care, and maintenance of rigging equipment.

HYDR 1345  HYDRAULICS & PNEUMATICS (2-2) CREDIT 3
Prerequisite: A grade of C or better in MCHN 1325 and DFTG 1325
Discussion of the fundamentals of hydraulics and pneumatics, components of each system, and the operations, maintenance, and analysis of each system.

INMT 1305  INTRODUCTION TO INDUSTRIAL MAINTENANCE (2-4) CREDIT 3
Basic mechanical skills and repair techniques common to most fields of industrial maintenance. Topics include precision measuring instruments and general safety rules common in industry, including lock-out/tag-out.

INMT 2301  MACHINERY INSTALLATION (2-4) CREDIT 3
Prerequisite: A grade of C or better in INMT 1305
Students utilize skills acquired in previous studies. Machinery foundation, locations, installation, and alignment activities are practiced and tested. Emphasis is on the various methods of shaft alignment including laser shaft alignment.

INMT 2303  PUMPS, COMPRESSORS & MECHANICAL DRIVES (2-4) CREDIT 3
Prerequisite: A grade of C or better in INMT 1305
A study of the theory and operations of various types of pumps and compressors. Topics include mechanical power transmission systems including gears, v-belts, and chain drives.

INMT 2345  INDUSTRIAL TROUBLESHOOTING (2-4) CREDIT 3
Prerequisite: A grade of C or better in INMT 2303
An advanced study of the techniques used in troubleshooting various types of industrial equipment to include mechanical, electrical, hydraulic, and pneumatic systems and their control devices. Emphasis will be placed on the use of schematics and diagrams in conjunction with proper troubleshooting procedures.

INRW 0016  P.A.S.S. PREP FOR ACADEMIC STUDENT SUCCESS (NCBO) (0-1 ) CREDIT 0
This Non-Semester-Length/Non-Course Competency-Based Option and Intervention (NCBO) serves two purposes. First, it may serve as a bridge to Integrated Reading and Writing 0301 or ENGL 1301 for students whose placement scores fall within a given range. Secondly, it is designed to improve students' reading and writing skills in order to help provide a greater opportunity for success on both the reading and writing portions of the placement exam as it focuses on critical reading and academic writing. Students who enroll in INRW 0016 must also enroll in INRW 0301 or ENGL 1301.
INRW 0301 INTEGRATED READING AND WRITING II (3-1) CREDIT 0
Prerequisite: A grade of SC or higher in INRW 0300 or at least the minimum score in the acceptable range of the TSI Assessment. This is a combined lecture/lab, performance-based course designed to advance students' critical reading and academic writing skills. The focus of the course will be on applying critical reading skills for organizing, analyzing, and retaining material and developing written work appropriate to the audience, purpose, situation, and length of the assignment. The course uses intermediate academic reading and writing skills to compose a variety of academic texts. This is a course with a required lab. The course fulfills TSI requirements for reading and writing.

INTC 1301 PRINCIPLES OF INDUSTRIAL MEASUREMENTS I (2-4) CREDIT 3
(Offered only in spring semester)
Principles of measurement. Includes operation of devices used to measure process variables and basic control functions.

INTC 1343 APPLICATION OF INDUSTRIAL AUTOMATIC CONTROL (2-4) CREDIT 3
Pre/Corequisite: INTC 1301 or Instructor Approval
(Offered only in fall semester)
Automatic process control including measuring devices, analog and digital instrumentation, signal transmitters, recorders, alarms, controllers, control valves, and process and instrument diagrams. Includes connection and troubleshooting of loops.

INTC 1355 UNIT OPERATIONS (2-4) CREDIT 3
Pre/Corequisite: INTC 1343 or Instructor Approval
(Offered only in spring semester)
Automatic control requirements of industrial processes. Includes control systems, control loop tuning, and analysis.

INTC 1356 INSTRUMENTATION CALIBRATION (2-4) CREDIT 3
Pre/Corequisite: INTC 1343 or Instructor Approval
(Offered only in fall semester)
Techniques for configuring and calibrating transmitters, controllers, recorders, valves, and valve positioners.

INTC 1357 AC/DC MOTOR CONTROL (2-2) CREDIT 3
Prerequisite: CETT 1302 or Instructor Approval
(Offered only in fall semester)
A study of electric motors and motor control devices common to a modern industrial environment. A presentation of motor characteristics with emphasis on starting, speed control, and stopping systems.

INTC 2330 INSTRUMENTATION SYSTEMS TROUBLESHOOTING (2-2) CREDIT 3
Prerequisite: INTC 1343 or Instructor Approval
(Offered only in spring semester)
Techniques for troubleshooting instrumentation systems in a process environment. Includes troubleshooting upsets in processes.
INTC 2336  DISTRIBUTED CONTROL AND PROGRAMMABLE LOGIC (2-4) CREDIT 3  
Prerequisite: INTC 1343 or Instructor Approval  
(Offered only in spring semester)  
An overview of distributed control systems including configuration of programmable logic controllers, smart transmitters, and field communicators. Functions of digital systems in a process control environment.

INTC 2680  COOPERATIVE EDUCATION – INSTRUMENTATION TECHNOLOGY/TECHNICIAN (1-39) CREDIT 6  
Prerequisite: AAS in Instrumentation or Instructor Approval  
Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and employer, the student combines classroom learning with work experience. Includes a lecture component.

ITCC 1340  SWITCHING BASICS (2-4) CREDIT 3  
(Offered only in spring semester)  
Internet Protocol addressing techniques, command line interface configuration of switches, Ethernet switching, and protocols associated with Virtual Local Area Networks (VLANs).

ITNW 1325  FUNDAMENTALS OF NETWORKING TECHNOLOGIES (2-3) CREDIT 3  
(Offered only in fall semester)  
Instruction on networking technologies and their implementation. Topics include the OSI reference model, network protocols, transmission media, and networking hardware and software.

ITNW 2305  NETWORK ADMINISTRATION (MICROSOFT) (2-2) CREDIT 3  
(Offered only in spring semester)  
Topics include network components, user accounts and groups, network file systems, file systems security, and network printing.

ITNW 2312  ROUTERS (2-4) CREDIT 3  
(Offered only in spring semester)  
Router configuration for local area networks and wide area networks. Includes Internet Protocol (IP) addressing techniques and intermediate routing protocols.

ITNW 2335  NETWORK TROUBLESHOOTING AND SUPPORT (2-4) CREDIT 3  
Corequisites: Completion or current enrollment in ITCC 1340 and ITNW 2312.  
(Offered only in spring semester)  
Troubleshoot and support networks with emphasis on solving real world problems in a hands-on environment. Topics include troubleshooting and research techniques, available resources, and network management hard/ software.

ITSC 1309  INTEGRATED SOFTWARE APPLICATIONS I (2-2) CREDIT 2  
Introduction to business productivity software suites using word processing, spreadsheets, databases, and/or presentation software. Desktop Publishing will also be introduced. NOTE: No credit given if student has already taken COSC 1301 or BCIS 1305.
ITSC 1325  PERSONAL COMPUTER HARDWARE & OS (A+) (2-3) CREDIT 3
(Offered only in fall semester)
Current personal computer hardware including assembly, upgrading, setup, configuration, and troubleshooting. Also an introduction to personal computer operating systems including installation, configuration, file management, memory and storage management, control of peripheral devices, and use of utilities. A student may receive credit for this course by passing the CompTIA A+ exams.

ITSC 2339  PERSONAL COMPUTER HELP DESK SUPPORT (2-2) CREDIT 3
(Offered only in fall semester)
Diagnosis and solution of user hardware and software related problems with on-the-job and/or simulated projects.

ITSY 1300  FUNDAMENTALS OF INFORMATION SECURITY (2-2) CREDIT 3
(Offered only in fall semester)
An introduction to information security including vocabulary and terminology, ethics, the legal environment, and risk management. Identification of exposures and vulnerabilities and appropriate countermeasures are addressed. The importance of appropriate planning, policies, and controls is also discussed.

MATH 0016  P.A.S.S. PREP FOR ACADEMIC STUDENT SUCCESS (0-1) CREDIT 0
This Non-Semester-Length/Non-Course Competency-Based Option and Intervention (NCBO) serves two purposes. First, it may serve as a bridge to Intermediate Algebra MATH 0303, Foundations of Mathematical Reasoning MATH 0402 or College Algebra MATH 1314 for students whose placement scores fall within a given range. Secondly, it is designed to improve upon students' math skills in order to help provide a greater opportunity for success on the math portion of the placement exam. Topics range from basic arithmetic through algebra; including, but not limited to, operations on numbers, linear equations, factoring, quadratics, rational expression, radicals, and appropriate applications.

MATH 0303  INTERMEDIATE ALGEBRA (3-0) CREDIT 0
Prerequisite: A grade of S or SA or SB or SC in Math 0402 or at least the minimum score in the acceptable range of the TSI Assessment.
A study of relations and functions, inequalities, algebraic expressions, and equations (absolute value, polynomial, radical, rational), with a special emphasis on linear and quadratic expressions and equations.

MATH 0402  FOUNDATIONS OF MATHEMATICAL REASONING (4-0) CREDIT 0
Prerequisite: A grade of S, SA, SB, or SC in Math 0305 or a score of 336-349 or ABE level of 5 or 6 on the mathematics section of the TSI Assessment.
Corequisite: EDUC 1300 is preferred unless already taken
This course surveys a variety of mathematical topics needed to prepare students for college level statistics or quantitative reasoning or for algebra-based courses. Topics include: numeracy with an emphasis on estimation and fluency with large numbers; evaluating expressions and formulas; rates, ratios, and proportions; percentages; solving equations; linear models; data interpretations including graphs and tables; verbal, algebraic and graphical representations of functions; exponential models. This course carries institutional credit but will not transfer and will not be used to meet degree requirements. Students who need algebraic-intensive course work as part of their degree requirements must take MATH 0303 upon successful completion of this course.
MATH 1314#  COLLEGE ALGEBRA (3-0) CREDIT 3 (020/090)
Prerequisite: Meet TSI college readiness standard for algebraic-intensive mathematics (score of 350 on TSI exam or grade of SC or better in MATH 0303
In-depth study and applications of polynomial, rational, radical, exponential and logarithmic functions, and systems of equations using matrices. Additional topics such as sequences, series, probability, and conics may be included.

MATH 1316#  PLANE TRIGONOMETRY (3-0) CREDIT 3 (020/090)
Prerequisite: Meet TSI college readiness standard for algebraic-intensive mathematics (score of 350 on TSI exam or grade of SC or better in MATH 0303
In-depth study and applications of trigonometry including definitions, identities, inverse functions, solutions of equations, graphing, and solving triangles. Additional topics such as vectors, polar coordinates and parametric equations may be included.

MATH 1324#  MATHEMATICS FOR BUSINESS & SOCIAL SCIENCES (finite mathematics) (3-0) CREDIT 3 (020/090)
Prerequisite: Meet TSI college readiness standard for algebraic-intensive mathematics (score of 350 on TSI exam or grade of SC or better in MATH 0303
The application of common algebraic functions, including polynomial, exponential, logarithmic, and rational, to problems in business, economics, and the social sciences are addressed. The applications include mathematics of finance, including simple and compound interest and annuities; systems of linear equations; matrices; linear programming; and probability, including expected value.

MATH 1325#  CALCULUS FOR BUSINESS & SOCIAL SCIENCES (3-0) CREDIT 3 (090)
Prerequisite: A grade of C or better in MATH 1314 or MATH 1324.
This course is the basic study of limits and continuity, differentiation, optimization and graphing, and integration of elementary functions, with emphasis on applications in business, economics, and social sciences. This course is not a substitute for MATH 2413, Calculus I.

MATH 1332#  CONTEMPORARY MATHEMATICS I (Math for Liberal Arts Majors I) (3-0) CREDIT 3 (020/090)
Prerequisite: Meet TSI college-readiness standard for mathematics
Topics may include introductory treatments of sets, logic, number systems, number theory, relations, functions, probability and statistics. Appropriate applications are included.

MATH 1342#  ELEMENTARY STATISTICAL METHODS (3-0) CREDIT 3 (020/090)
Prerequisite: Meet TSI college-readiness standard for mathematics
Collection, analysis, presentation and interpretation of data, and probability. Analysis includes descriptive statistics, correlation and regression, confidence intervals and hypothesis testing. Use of appropriate technology is recommended.

MATH 1350#  FUNDAMENTALS OF MATHEMATICS I (3-0) CREDIT 3
Prerequisite: A grade of C or better in MATH 1314.
Concepts of sets, functions, numeration systems, number theory, and properties of the natural numbers, integers, rational, and real number systems with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4 through 8) teacher certification.
MATH 1351# FUNDAMENTALS OF MATHEMATICS II (3-0) CREDIT 3
Prerequisite: A grade of C or better in MATH 1314.
Concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers to concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4 through 8) teacher certification.

MATH 2320# DIFFERENTIAL EQUATIONS (3-0) CREDIT 3
Prerequisite: A grade of C or better in MATH 2414.
Ordinary differential equations, including linear equations, systems of equations, quations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, and boundary value problems; application of differential equations to real-world problems.

MATH 2412# PRECALCULUS (3-0) CREDIT 4 (020/090)
Prerequisite: A grade of C or better in MATH 1314 or the equivalent preparation.
Recommend: A grade of C or better in MATH 1316.
In-depth combined study of algebra, trigonometry, and other topics for calculus readiness.

MATH 2413# CALCULUS I (4-0) CREDIT 4 (020/090)
Prerequisite: A grade of C or better in MATH 2312 or equivalent preparation (a score of 600 on the math portion of the SAT or a score of 29 on the math portion of ACT).
Limits and continuity; the Fundamental Theorem of Calculus; definition of the derivative of a function and techniques of differentiation; applications of the derivative to maximizing or minimizing a function; the chain rule, mean value theorem, and rate of change problems; curve sketching; definite and indefinite integration of algebraic, trigonometric, and transcendental functions, with an application to calculation of areas.

MATH 2414# CALCULUS II (4-0) CREDIT 4
Prerequisite: A grade of C or better in MATH 2413.
(Of fered only in fall semester)
Differentiation and integration of transcendental functions; parametric equations and polar coordinates; techniques of integration; sequences and series; improper integrals.

MATH 2415# CALCULUS III (4-0) CREDIT 4
Prerequisite: A grade of C or better in MATH 2414.
(Of fered only in spring semester)
Advanced topics in calculus, including vectors and vector-valued functions, partial differentiation, Lagrange multipliers, multiple integrals, and Jacobians; application of the line integral, including Green's theorem, the Divergence theorem, and Stokes' theorem.

MCHN 1325 MILLWRIGHT I (2-4) CREDIT 3
An introduction to millwright technology. A study of common millwright tools and fasteners. Development of skills in basic layout procedures, gasket making and installation and oxygen/fuel cutting. Emphasis on safety in the accomplishment of these activities.
MCHN 1329  MILLWRIGHT II (2-4) CREDIT 3  
Prerequisite: A grade of C or better in MCHN 1325  
A continuation to millwright tools including specialty power and precision tools.  
A study of the property of metals and the installation of packing. Emphasis on  
safety in the accomplishment of these activities.

MCHN 1332  BENCHWORK & LAYOUT (2-4) CREDIT 3  
An introduction to bench work and layout. Application of the use and theory of  
tools such as hand tools, height gages, pedestal grinders, and layout tools.

MCHN 1343  MACHINE SHOP MATHEMATICS (3-0) CREDIT 3  
(Offered only in fall semester)  
Designed to prepare the student with technical, applied mathematics that will  
be necessary in future machine shop-related courses.

MCHN 2305  MILLWRIGHT III (2-4) CREDIT 3  
Prerequisite: A grade of C or better in MCHN 1329  
An introduction to bearings and seals. Identification of common bearings and  
seals. Emphasis on design and installation of seals and bearings.

MCHN 2307  MILLWRIGHT IV (2-4) CREDIT 3  
Prerequisite: A grade of C or better in MCHN 2305  
A study in the recognition and application of pumps. This course will focus on  
troubleshooting, repair, and installation of pumps.

MRKG 1311  PRINCIPLES OF MARKETING (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading  
(Offered only in fall semester)  
Introduction to the marketing mix functions and process. Includes identification  
of consumer and organizational needs and explanation of environmental  
issues.

MUAP 1203  FRESHMAN VIOLIN (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of violin playing. Topics  
studied will include the fundamentals of technique (posture, proper instrument  
and bow holding, scales, shifting, etudes), music repertoire from at least three  
contrasting periods in musical history, and stage performance skills. Students  
must have scales and at least three pieces prepared for their jury and perform  
one composition on the departmental recital. They must also have started  
three additional pieces. One piece or movement of a composition must be  
prepared with an accompanist.

MUAP 1204  FRESHMAN VIOLIN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1203  
This is a continuation of MUAP 1203. Repertoire that requires more complex  
technical skills from at least three eras will be studied. Students must have  
scales and at least three pieces prepared for their jury and perform one  
composition on the departmental recital. They must also have started three  
additional pieces. One piece or movement of a composition must be prepared  
with an accompanist.
MUAP 1207  FRESHMAN VIOLA (1-1) CREDIT 2  
**Prerequisite: Consent of Department Chair**
This course will teach students the fundamentals of viola playing. Topics studied will include the fundamentals of technique (posture, proper instrument and bow holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1208  FRESHMAN VIOLA (1-1) CREDIT 2  
**Prerequisite: A grade of C or higher in MUAP 1207**
This is a continuation of MUAP 1207. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1211  FRESHMAN CELLO (1-1) CREDIT 2  
**Prerequisite: Consent of Department Chair**
This course will teach students the fundamentals of cello playing. Topics studied will include the fundamentals of technique (posture, proper instrument and bow holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1212  FRESHMAN CELLO (1-1) CREDIT 2  
**Prerequisite: A grade of C or higher in MUAP 1211**
This is a continuation of MUAP 1211. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1213  FRESHMAN BASS (1-1) CREDIT 2  
**Prerequisite: Consent of Department Chair**
This course will teach students the fundamentals of bass playing. Topics studied will include the fundamentals of technique (posture, proper instrument and bow holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1214  FRESHMAN BASS (1-1) CREDIT 2  
**Prerequisite: A grade of C or higher in MUAP 1213**
This is a continuation of MUAP 1213. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 1215  FRESHMAN ELECTRIC BASS (1-1) CREDIT 2
Prerequisite: Consent of Department Chair
This course will teach students the fundamentals of electric bass playing. Topics studied will include the fundamentals of technique (posture, proper instrument holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 1216  FRESHMAN ELECTRIC BASS (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1215
This is a continuation of MUAP 1215. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 1219  FRESHMAN FLUTE (1-1) CREDIT 2
Prerequisite: Consent of Department Chair
This course will teach students the fundamentals of flute playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1220  FRESHMAN FLUTE (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1219
This is a continuation of MUAP 1219. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1223  FRESHMAN OBOE (1-1) CREDIT 2
Prerequisite: Consent of Department Chair
This course will teach students the fundamentals of oboe playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, reed making, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1224  FRESHMAN OBOE (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1223
This is a continuation of MUAP 1223. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 1227  
FRESHMAN BASSOON (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of bassoon playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, reed making, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1228  
FRESHMAN BASSOON (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1227  
This is a continuation of MUAP 1227. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1231  
FRESHMAN CLARINET (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of clarinet playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, reed selection, mouthpiece selection, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1232  
FRESHMAN CLARINET (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1231  
This is a continuation of MUAP 1231. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1235  
FRESHMAN SAXOPHONE (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of saxophone playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, reed selection, mouthpiece selection, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1236  
FRESHMAN SAXOPHONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1235  
This is a continuation of MUAP 1235. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 1239  **FRESHMAN TRUMPET (1-1) CREDIT 2**  
**Prerequisite: Consent of Department Chair**  
This course will teach students the fundamentals of trumpet playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1240  **FRESHMAN TRUMPET (1-1) CREDIT 2**  
**Prerequisite: A grade of C or higher in MUAP 1239**  
This is a continuation of MUAP 1239. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1243  **FRESHMAN FRENCH HORN (1-1) CREDIT 2**  
**Prerequisite: Consent of Department Chair**  
This course will teach students the fundamentals of French Horn playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1244  **FRESHMAN FRENCH HORN (1-1) CREDIT 2**  
**Prerequisite: A grade of C or higher in MUAP 1243**  
This is a continuation of MUAP 1243. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1247  **FRESHMAN TROMBONE (1-1) CREDIT 2**  
**Prerequisite: Consent of Department Chair**  
This course will teach students the fundamentals of trombone playing. Topics studied will include the fundamentals of technique (posture, breathing, positions, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 1248  FRESHMAN TROMBONE (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1247
This is a continuation of MUAP 1247. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1251  FRESHMAN BARITONE (1-1) CREDIT 2
Prerequisite: Consent of Department Chair
This course will teach students the fundamentals of baritone playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1252  FRESHMAN BARITONE (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1251
This is a continuation of MUAP 1251. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1255  FRESHMAN TUBA (1-1) CREDIT 2
Prerequisite: Consent of Department Chair
This course will teach students the fundamentals of tuba playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1256  FRESHMAN TUBA (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1255
This is a continuation of MUAP 1255. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 1259  FRESHMAN PERCUSSION (1-1) CREDIT 2
Prerequisite: Consent of Department Chair
This course will teach students the fundamentals of percussion playing. Topics studied will include the fundamentals of technique (posture, physical technique for a variety of percussion instruments, scales, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.
MUAP 1260  FRESHMAN PERCUSSION (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1259  
This is a continuation of MUAP 1259. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 1263  FRESHMAN GUITAR (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of classical guitar technique. Topics studied will include technique (posture, proper instrument holding, proper fingering for both hands, different positions on the fingerboard, scales, shifting), music repertoire from both the classical and popular styles, and stage performance skills. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 1264  FRESHMAN GUITAR (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1263  
This is a continuation of MUAP 1263. Repertoire that requires more complex technical skills from several style periods will be studied. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 1267  FRESHMAN ORGAN (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair.  
Students must have significant piano experience or written consent of the instructor to enroll in organ lessons. This course will teach fundamentals of organ playing. Topics studied will include the fundamentals of technique (posture, hand position, seating, pedal work), registration, music repertoire from the Baroque to present day, and performance skills. Students must have at least scales and three pieces prepared for their jury and perform one composition on the departmental recital. If no organ is available for the department recital, students will play for others in performance such as a church prelude, offertory, or postlude.

MUAP 1268  FRESHMAN ORGAN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1267  
This is a continuation of MUAP 1267. Repertoire will include compositions from eras different than those studied in MUAP 1267 and more complex technical skills. Students must have at least scales and three pieces prepared for their jury and perform one composition on the departmental recital. If no organ is available for the department recital, students will play for others in performance such as a church prelude, offertory, or postlude.
MUAP 1271  FRESHMAN PIANO (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair.
Students may enroll in individual piano instruction after completing four semesters of Class Piano or with written consent of the instructor. This course will teach fundamental concepts in order to develop the playing ability of the student. Topics studied will include the fundamentals of technique (posture, hand position, seating, scales, etudes), memorization skills, music reading skills as needed, music representative of various periods in musical history, and stage performance skills. Students must have at least scales and three pieces prepared for their jury and perform one composition from memory on the departmental recital.

MUAP 1272  FRESHMAN PIANO (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1271
This is a continuation of MUAP 1271. Repertoire will include compositions from eras different than those studied in MUAP 1271 and more complex technical skills. Students must have at least scales and three additional pieces prepared for their jury and perform one composition from memory on the departmental recital. Two of these pieces must be memorized for their jury.

MUAP 1283  FRESHMAN VOICE (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair
This course will teach fundamental vocal concepts in order to develop the singing ability of the student. Topics studied will include the fundamentals of singing (breathing, posture, head and chest registers, relaxed tone), vocal warm-ups, practice techniques, diction (English, Italian or Latin,) music representative of various periods in musical history, stage performance skills and tips for vocal health. Students must have three songs in at least two different languages memorized for their jury and perform one composition from memory on the departmental recital.

MUAP 1284  FRESHMAN VOICE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1283
This course is a continuation of MUAP 1283. It will continue to develop the singing ability of the student. Topics studied will include the fundamentals of singing (breathing, posture, head and chest registers, relaxed tone), vocal warm-ups, practice techniques, diction (English, Italian, Latin, German), music representative of various periods in musical history, stage performance skills and tips for vocal health. Students must have four songs in at least two different languages memorized for their jury and perform one composition from memory on the departmental recital.

MUAP 2203  SOPHOMORE VIOLIN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1204
This is a continuation of MUAP 1204. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1204. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 2204  SOPHOMORE VIOLIN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2203  
This is a continuation of MUAP 2203. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2203. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2207  SOPHOMORE VIOLA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1208  
This is a continuation of MUAP 1208. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1208. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2208  SOPHOMORE VIOLA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2207  
This is a continuation of MUAP 2207. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2207. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2211  SOPHOMORE CELLO (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1212  
This is a continuation of MUAP 1212. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1212. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2212  SOPHOMORE CELLO (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2211  
This is a continuation of MUAP 2211. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2211. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2213  SOPHOMORE BASS (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1214  
This is a continuation of MUAP 1214. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1214. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 2214  **SOPHOMORE BASS (1-1) CREDIT 2**
Prerequisite: A grade of C or higher in MUAP 2213
This is a continuation of MUAP 2213. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2213. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2215  **SOPHOMORE ELECTRIC BASS (1-1) CREDIT 2**
Prerequisite: A grade of C or higher in MUAP 1216
This is a continuation of MUAP 1216. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1216. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 2216  **SOPHOMORE ELECTRIC BASS (1-1) CREDIT 2**
Prerequisite: A grade of C or higher in MUAP 2215
This is a continuation of MUAP 2215. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2215. Students must have scales and at least three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 2219  **SOPHOMORE FLUTE (1-1) CREDIT 2**
Prerequisite: A grade of C or higher in MUAP 1220
This is a continuation of MUAP 1220. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1220. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2220  **SOPHOMORE FLUTE (1-1) CREDIT 2**
Prerequisite: A grade of C or higher in MUAP 2219
This is a continuation of MUAP 2219. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2219. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2223  **SOPHOMORE OBOE (1-1) CREDIT 2**
Prerequisite: A grade of C or higher in MUAP 1224
This is a continuation of MUAP 1224. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1224. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 2224  
**SOPHOMORE OBOE (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 2223  
This is a continuation of MUAP 2223. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2223. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2227  
**SOPHOMORE BASSOON (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 1228  
This is a continuation of MUAP 1228. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1228. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2228  
**SOPHOMORE BASSOON (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 2227  
This is a continuation of MUAP 2227. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2227. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2231  
**SOPHOMORE CLARINET (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 1232  
This is a continuation of MUAP 1232. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1232. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2232  
**SOPHOMORE CLARINET (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 2231  
This is a continuation of MUAP 2231. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2231. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2235  
**SOPHOMORE SAXOPHONE (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 1236  
This is a continuation of MUAP 1236. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1236. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 2236  **SOPHOMORE SAXOPHONE (1-1) CREDIT 2**  
*Prerequisite: A grade of C or higher in MUAP 2235*
This is a continuation of MUAP 2235. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2235. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2239  **SOPHOMORE TRUMPET (1-1) CREDIT 2**  
*Prerequisite: A grade of C or higher in MUAP 1240*
This is a continuation of MUAP 1240. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1240. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2240  **SOPHOMORE TRUMPET (1-1) CREDIT 2**  
*Prerequisite: A grade of CC or higher in MUAP 2239*
This is a continuation of MUAP 2239. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2239. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2243  **SOPHOMORE FRENCH HORN (1-1) CREDIT 2**  
*Prerequisite: A grade of C or higher in MUAP 1244*
This is a continuation of MUAP 1244. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1244. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2244  **SOPHOMORE FRENCH HORN (1-1) CREDIT 2**  
*Prerequisite: A grade of C or higher in MUAP 2243*
This is a continuation of MUAP 2243. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2243. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2247  **SOPHOMORE TROMBONE (1-1) CREDIT 2**  
*Prerequisite: A grade of C or higher in MUAP 1248*
This is a continuation of MUAP 1248. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1248. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.
MUAP 2248  SOPHOMORE TROMBONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2247  
This is a continuation of MUAP 2247. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2247. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2251  SOPHOMORE BARITONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1252  
This is a continuation of MUAP 1252. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1252. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2252  SOPHOMORE BARITONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2251  
This is a continuation of MUAP 2251. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2251. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2255  SOPHOMORE TUBA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1256  
This is a continuation of MUAP 1256. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1256. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2256  SOPHOMORE TUBA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2255  
This is a continuation of MUAP 2255. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2255. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces. One piece or movement of a composition must be prepared with an accompanist.

MUAP 2259  SOPHOMORE PERCUSSION (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1260  
This is a continuation of MUAP 1260. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1260. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.
MUAP 2260  
**SOPHOMORE PERCUSSION (1-1) CREDIT 2**  
Prerequisite: A grade of C or higher in MUAP 2259  
This is a continuation of MUAP 2259. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2259. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 2263  
**SOPHOMORE GUITAR (1-1) CREDIT 2**  
Prerequisite: A grade of C or higher in MUAP 1264  
This is a continuation of MUAP 1264. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1264. Students must have at least scales, 2 etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 2264  
**SOPHOMORE GUITAR (1-1) CREDIT 2**  
Prerequisite: A grade of C or higher in MUAP 2263  
This is a continuation of MUAP 2263. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2263. Students must have at least scales, two etudes and three pieces prepared for their jury and perform one composition on the departmental recital. They must also have started three additional pieces.

MUAP 2267  
**SOPHOMORE ORGAN (1-1) CREDIT 2**  
Prerequisite: A grade of C or higher in MUAP 1268  
This is a continuation of MUAP 1268. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1268. Students must have at least scales and three pieces prepared for their jury and perform one composition on the departmental recital. If no organ is available for the department recital, students will play for others in performance such as a church prelude, offertory, or postlude.

MUAP 2268  
**SOPHOMORE ORGAN (1-1) CREDIT 2**  
Prerequisite: A grade of C or higher in MUAP 2267  
This is a continuation of MUAP 2267. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2267. Students must have at least scales and three pieces prepared for their jury and perform one composition on the departmental recital. If no organ is available for the department recital, students will play for others in performance such as a church prelude, offertory, or postlude.

MUAP 2271  
**SOPHOMORE PIANO (1-1) CREDIT 2**  
Prerequisite: A grade of C or higher in MUAP 1272  
This is a continuation of MUAP 1272. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1272. Students must have at least scales and three pieces prepared for their jury and perform one composition from memory on the departmental recital. Two of these pieces or movements of a composition must be memorized for the student's jury.
MUAP 2272  SOPHOMORE PIANO (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2271  
This is a continuation of MUAP 2271. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2271. Students must have at least scales and three pieces prepared for their jury and perform one composition from memory on the departmental recital. Two of these pieces or movements of a composition must be memorized for the student's jury.

MUAP 2283  SOPHOMORE VOICE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1284  
This course is a continuation of MUAP 1284. It will further develop the singing ability of the student. Topics studied will include the fundamentals of singing (breathing, posture, head and chest registers, relaxed tone), vocal warm-ups, practice techniques, diction (English, Italian, Latin, German, Spanish), music representative of various periods in musical history, stage performance skills and tips for vocal health. Students must have five songs in at least two different languages memorized for their jury and perform one composition from memory on the departmental recital.

MUAP 2284  SOPHOMORE VOICE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2283  
This course is a continuation of MUAP 2283. It will further develop the singing ability of the student. Topics studied will include the fundamentals of singing (breathing, posture, head and chest registers, relaxed tone), vocal warm-ups, practice techniques, diction (English, Italian, Latin, German, Spanish, French), music representative of various periods in musical history, stage performance skills and tips for vocal health. Students must have six songs in at least two different languages memorized for their jury and perform one composition from memory on the departmental recital.

MUEN 1100  GUITAR ENSEMBLE (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
The guitar ensemble provides students with performance experience in the chamber music setting by exposing the student to the standard repertoire of guitar ensemble literature as well as more recent, avant-garde, and popular literature for this performance medium.

MUEN 1121  CONCERT BAND (0-3) CREDIT 1  
The music department offers two years of training in the reading and performing of music for the concert band and wind ensembles. The repertoire covers the finest materials from band music literature.

MUEN 1123  JAZZ ENSEMBLE (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
The music department offers this course to train musicians in the styles of popular music which include Dixieland, swing, and various styles of jazz to contemporary form. The course includes training in improvisation.

MUEN 1125  CONCERT ORCHESTRA (0-3) CREDIT 1  
Prerequisite: Permission of department chair.  
Study of symphonic repertoire, from Baroque to Contemporary, through participation in instrumental performances.
MUEN 1131  MEGA-SAX JAZZ ENSEMBLE (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
The meg-a-sax ensemble provides students with performance experience in the chamber music setting by exposing the student to the standard repertoire of saxophone ensemble literature as well as more recent, avant-garde, and popular literature for this performance medium.

MUEN 1133  PERCUSSION ENSEMBLE (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
The percussion ensemble provides students with performance experience in the chamber music setting by exposing the student to the standard repertoire of percussion ensemble literature as well as more recent, avant-garde, and popular literature for this performance medium.

MUEN 1135  BRASS ENSEMBLE (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
The brass ensemble provides students with performance experience in the chamber music setting by exposing the student to the standard repertoire of brass ensemble literature as well as more recent, avant-garde, and popular literature for this performance medium.

MUEN 1137  MARIACHI DE VICTORIA (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
Participation in the Mariachi de Victoria is open to all students who like to perform a variety of traditional instrumental and vocal mariachi music. Performances include concerts in and around Victoria.

MUEN 1139  JAZZ COMBO (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
This course is available to both majors and non-majors who possess a desire to rehearse and perform outstanding jazz combo repertoire with musical understanding and artistic intent. Students will also focus on the nuances of playing in a small ensemble setting including listening, communicating, and improvisation. This course will also offer students a better understanding of jazz history and jazz theory.

MUEN 1141  COLLEGE CHOIR (0-3) CREDIT 1  
Participation in the College Concert Choir is open to all students who like to sing a variety of musical styles and improve their choral techniques. Performances include concerts in and around Victoria, may include a musical, and may include a concert with the Victoria Symphony Orchestra.

MUEN 1151  CHORALIERS (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
This course is a select group of voices chosen for additional musical performance and training, including trio and quartet work as well as ensemble. Repertoire includes madrigals and light popular works.
MUEN 1231  COMMERCIAL MUSIC ENSEMBLE (1-3) CREDIT 2
Prerequisite: Written permission of the instructor.
Students will be participating in a small commercial music ensemble concentrating on commercial music performance styles. Emphasis is placed on learning a wide variety of popular music styles heard on radio, television, soundtracks, and Web-based music distribution systems. This course involves the rehearsal and performance of contemporary pop and commercial styles, including rock, jazz, rhythm and blues, soul, folk, urban styles, country, and world beat. Guitarists, bassists, keyboardists, and drummers learn all the grooves, from Latin to country and rock, and become fluent in commercial notation systems, while sharpening their improvisational skills. Vocalists learn songs in a variety of genres and work as both lead and background singers. All of our musicians are part of a live band, with multiple performances a semester.

MUSI 1116#  SIGHT SINGING & EAR TRAINING I (1-1) CREDIT 1
Prerequisite: Texas Success Initiative complete in Reading
Corequisite: MUSI 1311
(Offered only in fall semester)
Singing tonal music in treble, bass, alto, and tenor clefs. Aural study, including dictation, of rhythm, melody, and diatonic harmony.

MUSI 1117#  SIGHT SINGING & EAR TRAINING II (1-1) CREDIT 1
Prerequisite: A grade of D or better in MUSI 1116
Corequisite: MUSI 1312
(Offered only in spring semester)
Singing tonal music in treble, bass, alto, and tenor clefs. Aural study, including dictation, of rhythm, melody, and diatonic harmony.

MUSI 1181#  CLASS PIANO (1-1) CREDIT 1
Co-enrollment or completion of MUSI 1311 with a grade of D or better
(Typically offered only in fall semester)
Class Piano 1181 is designed for beginning piano students. Learning will take place primarily in class. This is a hands-on class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class.

MUSI 1182#  CLASS PIANO (1-1) CREDIT 1
Prerequisite: A grade of C or better in MUSI 1181
(Typically offered only in spring semester)
Class Piano 1182 is a continuation of MUSI 1181. Learning will take place primarily in class. This is a hands-on class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class.

MUSI 1183#  CLASS VOICE (1-1) CREDIT 1
Class Voice is a course designed for students who are beginning vocal studies. Students will receive both group and individual instruction. Students will learn techniques of proper posture, breathing, resonance, and diction. Students will also be introduced to basic vocal literature and prepare vocal selections for performance. Students will be encouraged to attend recitals and choral concerts to observe and evaluate other singers. Students may also work with each other on projects and other assignments.
MUSI 1188  CLASS PERCUSSION  (1-1) CREDIT 1 EACH
Prerequisite: A grade of C or better in MUSI 1192
Class Guitar is designed for beginning guitar studies. Learning will take place primarily in class. This is a self-paced, hands-on class. New concepts are introduced through demonstration and reinforced with group playing. Students must also reinforce these concepts with practice outside of class. Students will learn the basics of proper playing posture, classical guitar technique, tuning, note reading, and chord playing. In addition, students will learn to improvise, and play in an ensemble.

MUSI 1192#  CLASS GUITAR  (1-1) CREDIT 1 EACH
Class Guitar is designed for beginning guitar studies. Learning will take place primarily in class. This is a self-paced, hands-on class. New concepts are introduced through demonstration and reinforced with group playing. Students must also reinforce these concepts with practice outside of class. Students will learn the basics of proper playing posture, classical guitar technique, tuning, note reading, and chord playing. In addition, students will learn to improvise, and play in an ensemble.

MUSI 1304#  FOUNDATIONS OF MUSIC  (3-0) CREDIT 3 (050/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing. This course is designed for the non-music major who may wish to elect it, and for the music major or minor who may desire a review of music materials. It is a study of the basic fundamentals of music with an introduction to melody, rhythm and harmony through written work and playing the recorder. This course does not count toward a degree in music.

MUSI 1306#  MUSIC APPRECIATION  (3-0) CREDIT 3 (050/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing. This course is a musical survey for non-music majors. Emphasis is placed upon the basic elements of music and learning to listen to large-scale works, stylistic differences between composers, and historical changes through the various genres of music from the Middle Ages to the present. This course does not count towards a degree in music.

MUSI 1307  MUSIC LITERATURE  (single-semester course)  (3-0) CREDIT 3 (050/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing. (Offered only in spring semesters)
Survey of the principal music forms and cultural periods as illustrated in the literature of major composers.

MUSI 1310#  AMERICAN MUSIC  (3-0) CREDIT 3 (050/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing. This course is a musical survey for non-music majors to become familiar with the major developments in American popular music from the 1900s through the present. Students will be able to identify listening examples by form, period, and composer, as well as becoming familiar with the cultural environment in which the music was composed.
MUSI 1311#  MUSIC THEORY (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading. Ability to read notes on the treble and bass staves; ability to read and count basic rhythms in 2/4, 3/4, and 4/4 using whole notes, dotted half notes, half notes, dotted quarter notes, quarter notes, eighth notes, dotted eighth notes, and sixteenth notes. A study guide is available from the department.  
Corequisite: MUSI 1116  
(Offered only in fall semester)  
Music Theory is a basic study of the material of counterpoint and harmony. The study is made through listening and observation of the literature. Lessons in application include activities in keyboard, composition, and analysis.

MUSI 1312#  MUSIC THEORY (3-0) CREDIT 3  
Prerequisite: A grade of D or better in MUSI 1311  
Corequisite: MUSI 1117  
(Offered only in spring semester)  
Music Theory II is a continuation of MUSI 1311, a basic study of the material of counterpoint and harmony. The study is made through listening and observation of the literature. Lessons in application include activities in keyboard, composition, and analysis.

MUSI 2116#  SIGHT SINGING & EAR TRAINING III (1-1) CREDIT 1  
Prerequisite: A grade of D or better in MUSI 1117  
Corequisite: MUSI 2311  
(Offered only in fall semester)  
Singing more difficult tonal music including modal, ethnic, and 20th century materials. Aural study, including dictation of more complex rhythm, melody, chromatic harmony, and extended tertian structures.

MUSI 2117#  SIGHT SINGING & EAR TRAINING IV (1-1) CREDIT 1  
Prerequisite: A grade of D or better in MUSI 2116  
Corequisite: MUSI 2312  
(Offered only in spring semester)  
Singing more difficult tonal music including modal, ethnic, and 20th century materials. Aural study, including dictation of more complex rhythm, melody, chromatic harmony, and extended tertian structures.

MUSI 2181#  CLASS PIANO (1-1) CREDIT 1  
Prerequisite: A grade of C or better in MUSI 1182  
(Offered only in fall semester)  
Class piano 2181 is a continuation of MUSI 1182. Learning will take place primarily in class. This is a hands-on class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class.

MUSI 2182#  CLASS PIANO (1-1) CREDIT 1  
Prerequisite: A grade of C or better in MUSI 2181  
(Offered only in spring semester)  
Class piano 2182 is a continuation of MUSI 1182. Learning will take place primarily in class. This is a hands-on class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class.
MUSI 2311#  ADVANCED MUSIC THEORY (3-0) CREDIT 3
Prerequisite: A grade of D or better in MUSI 1312
Corequisite: MUSI 2116
(Offered only in fall semester)
Advanced Music Theory is a continuation of the comprehensive approach used in MUSI 1312, with an emphasis upon traditional forms and harmony.

MUSI 2312#  ADVANCED MUSIC THEORY (3-0) CREDIT 3
Prerequisite: A grade of D or better in MUSI 2311
Corequisite: MUSI 2117
(Offered only in spring semester)
Advanced Music Theory is a continuation of the comprehensive approach used in MUSI 2311, with an emphasis upon traditional forms and harmony using altered chords. There is also an introduction to 20th century materials.

PFPB 2308  PIPING STANDARDS & MATERIALS (3-0) CREDIT 3
Prerequisite: A grade of C or better in HYDR 1345
Identification, description, and application of piping standards and specifications. Includes identification and use of various metallic and non-metallic piping materials, identification and installation of valves, and material take-offs.

PHED 1103  AEROBIC FITNESS (0-3) CREDIT 1
The study and practice of physiological principles related to training programs for the development of flexibility, muscular strength, muscular endurance, cardiorespiratory endurance, and body composition.

PHED 1104  SOCIAL DANCE (0-3) CREDIT 1
Social dance is a course designed to teach the student the fundamentals of a variety of dance styles including traditional ballroom (foxtrot, waltz, tango, swing), country/western (2 step, waltz, swing, polka), and Latin (merengue, rumba, cha cha, salsa). The course stresses good form, individual techniques, and performance. The emphasis of the course is on learning the techniques of the basic moves in the different dance rhythms. Check with the Physical Education department to see which style will be offered.

PHED 1105  BASKETBALL (0-3) CREDIT 1
An activity course with emphasis on basic individual fundamental skills and strategies of basketball. Course will include instruction in: 1 on 1, 2 on 2, 3 on 3, and 5 on 5. Also included are group drills with emphasis on balance, agility, and conditioning that will enhance basketball success.

PHED 1106  BOWLING (0-3) CREDIT 1
An activity course with emphasis on basic individual bowling skills and strategy. Instruction includes lecture, demonstration, individual drills, and intraclass competition. Also included is an overview of bowling history, scoring, etiquette, rules, terminology, and equipment.

PHED 1107  FITNESS WALKING (0-3) CREDIT 1
An exercise program developed to assist students of any age, sex, background, and skill level to acquire the knowledge, skills, and attitudes necessary for participation in a fitness walking program.
PHED 1108  GOLF (0-3) CREDIT 1
An activity course with emphasis on learning and developing the basic skills and techniques of golf through lectures, demonstrations, individual/group practices, and on-course application. Also included is an overview of golf history, etiquette, rules, terminology, and equipment.

PHED 1109  JAZZ DANCE (0-3) CREDIT 1
This is an introductory course geared towards those with little or no jazz dance experience. Students will learn the fundamentals of jazz dance techniques through warm-ups, center, and across the floor combinations in various styles. Students will also learn anatomical terms, jazz dance history, and jazz dance vocabulary. Students are expected to attend class with an open mind and a willingness to actively participate each and every day.

PHED 1110  SELF DEFENSE (0-3) CREDIT 1
This course is an introduction to the fundamentals of several aspects of the “martial arts” including karate, kungfu, judo, jiu-jitsu, and aikido. There will be focus and emphasis on Karate and Judo. While class time will be focused on learning a karate form, time and attention will be spent on practical application. There will be some limited physical contact between all participants in this class.

PHED 1111  TENNIS (0-3) CREDIT 1
An activity course with emphasis on learning the basic skills and strategy of tennis through lectures, demonstrations of skills, individual/group practice drills, and intraclass competition. Also included is an overview of tennis history, scoring procedures, etiquette, rules, terminology, and equipment.

PHED 1112  VOLLEYBALL (0-3) CREDIT 1
An activity course with emphasis on the basic individual physical skills and strategy of volleyball. Instruction includes lecture, demonstration, individual and group drills, aerobic activities, and intraclass competition. Also included is an overview of volleyball history, scoring and officiating, etiquette, rules, terminology, and equipment use in volleyball.

PHED 1114  WEIGHT TRAINING (0-3) CREDIT 1
A physical fitness course designed to develop muscular strength and endurance through weight lifting. Free weights, universal multi-station and Badger Magnum machines will be used. Some aerobic activities will be included.

PHED 1115  PHYSICAL FITNESS / WEIGHT TRAINING & CONDITIONING (0-3) CREDIT 1
A fitness course specifically designed to study and practice physiological principles related to overall development of health-related fitness components. This course will concentrate on assisting students with individually designing a unique aerobic, weight training, and weight management program to meet each student’s goals and objectives.

PHED 1116  YOGA (0-3) CREDIT 1
Power Yoga integrates body and mind for total performance, and is therefore an effective means of achieving body/mind health. Stretching and deep breathing techniques for flexibility, stress reduction and relaxation, plus a variety of strength, endurance and cardiovascular training techniques using music to enhance the experience will be the focus of this class. Power Yoga is appropriate for all ages and all fitness levels to achieve and maintain overall health and fitness.
PHED 1117  ARCHERY (0-3) CREDIT 1
Archery is an activity course with emphasis on basic individual archery skills
and strategy. Instruction includes lecture, demonstration, individual drills,
and intraclass competition. Also included is an overview of archery history,
equipment, etiquette, rules, and terminology.

PHED 1119  GROUP PHYSICAL FITNESS/WEIGHT TRAINING & CONDITIONING (0-3)
CREDIT 1
A group fitness barbell weight course specifically designed to study and
practice physiological principles related to overall development of health-
related fitness components. This course will concentrate on assisting students
with individually designing a unique weight training, aerobic, and weight
management program to meet each student's goals and objectives.

This course will utilize BODYPUMP exercise workouts that will strengthen the
entire body & challenge all major muscle groups. Choreographed workouts to
inspiring music motivate students to reach their health-related fitness goals.
Students will also participate in a variety of cardiovascular workouts, including
fitness walking, jogging, circuits, etc.

PHED 1120  PILATES (0-3) CREDIT 1
A physical fitness class designed to develop muscular strength and endurance
through the methodology developed by Joseph Pilates. A variety of tools and
methods will be used to achieve stated goals. Aerobic activity will also be
incorporated into the class.

PHED 1121  SWIM CONDITIONING (0-3) CREDIT 1
This course is designed to teach and apply the principles of lifetime physical
fitness, utilizing the five major components of fitness: cardiovascular
endurance, muscle strength, muscle endurance, flexibility, and body
composition. This course covers the mechanics of a variety of strokes, training
methods, training principles, safety, with swim techniques that maximize
fitness gains and minimize injuries.

PHED 1122  ADVANCED BASKETBALL (0-3) CREDIT 1
An advanced activity class with emphasis on learning the advanced skills
and strategy of basketball through lectures, demonstration of skills, individual/
group practice drills, and competition. Also included is training on strategic
game play and conditioning for basketball.

PHED 1123  ADVANCED VOLLEYBALL (0-3) CREDIT 1
An advanced activity class with emphasis on learning the advanced skills and
strategy of volleyball through lectures, demonstrations of skills, individual/
group practices drills, and competition. Also included is training on strategic
game play and conditioning for volleyball.

PHED 1124  DANCE PERFORMANCE (0-3) CREDIT 1
Students must receive approval from the instructor to enroll in this class.
This is an advanced activity course geared towards those with advanced level
of dance experience. Students will learn various advanced techniques and
styles of dancing (ballet, hip hop, jazz, and modern) in preparation for dance
team performances throughout the semester. Students will focus on flexibility,
conditioning, turns, jumps, and leaps. Students will also learn choreography,
anatomical terms, dance theory, history, and vocabulary.
PHED 1125    LIFE GUARDING (0-3) CREDIT 1  
Corequisites:  
1. Swim 300 yards continuously, using these strokes in the following order:  
   • 100 yards of front crawl using rhythmic breathing and a stabilizing, propellant kick  
   • 100 yards of breaststroke using a pull, breathe, kick and glide sequence.  
   • 100 yards of either the front crawl or breaststroke. The 100 yards may be a combination of crawl and breaststroke.  
2. Starting in the water, swim 20 yards using front crawl or breaststroke, surface dive 7-10 feet, retrieve a 10 pound object, return to the surface, swim 20 yards back to the starting point with the object, and exit the water without using a ladder or steps, all within 1 minute, 40 seconds.  
This course is designed to provide the student with the knowledge and skills needed to prevent and respond to aquatic emergencies. The course content and activities will prepare the student to recognize and respond quickly and effectively to emergencies and prevent drowning and injuries.

PHED 1126    TEAM SPORTS – VOLLEYBALL/BASKETBALL (3-0) CREDIT 1  
An activity course with emphasis on basic individual fundamental skills and strategies of team sports: volleyball and basketball. Instruction includes demonstration, individual and group drills, and intra-class competition. Also included is an overview of scoring and officiating, etiquette, rules, terminology, and equipment used for each sport.

PHED 1301    FOUNDATIONS OF KINESIOLOGY (3-0) CREDIT 3  
The purpose of this course is to provide students with an introduction to human movement that includes the historical development of physical education, exercise science, and sport. This course offers the student both an introduction to the knowledge base, as well as, information on expanding career opportunities.

PHED 1308    SPORTS OFFICIATING I (3-0) CREDIT 3  
This course is designed to provide the student with the knowledge and expertise necessary to officiate intramural, junior high, and high school volleyball and basketball. The classroom component of this course will involve a thorough study of the volleyball and basketball rule books along with the psychology of officiating. The oncourt component of this course will develop the proper mechanics of officiating volleyball and basketball. This class will require the student to participate in oncourt activity relating to both volleyball and basketball.

PHED 1338    CONCEPTS OF PHYSICAL FITNESS (3-0) CREDIT 3  
This course is designed to familiarize students with knowledge, understanding and values of health related fitness and its influence on the quality of life emphasizing the development and implementation of fitness programs.

PHED 2156    TAPING AND BANDAGING (0-1) CREDIT 1  
This course provides the fundamental taping and bandaging techniques used in the prevention and care of athletic related injuries.
PHIL 1301# INTRODUCTION TO PHILOSOPHY (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A study of major issues in philosophy and/or the work of major philosophical figures in philosophy. Topics in philosophy may include theories of reality, theories of knowledge, theories of value, and their practical applications.

PHIL 2306# INTRODUCTION TO ETHICS (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
The systematic evaluation of classical and/or contemporary ethical theories concerning the good life, human conduct in society, morals, and standards of value.

PHIL 2321# PHILOSOPHY OF RELIGION (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A study of the major issues in the philosophy of religion such as the existence and nature of God, the relationships between faith and reason, the nature of religious language, religious experience, and the problem of evil.

PHYS 1303 STARS AND GALAXIES (3-0) CREDIT 3
Prerequisite: TSI complete in Reading and Math.
Study of stars, galaxies, and the universe outside our solar system. This course does not include a laboratory.

PHYS 1310 ELEMENTARY PHYSICS (3-1) CREDIT 3 (030/090)
Prerequisite: A grade of C or better in MATH 1332, MATH 1314 or high school Algebra II
This course is intended for liberal arts, technical certificate and other non-science majors who require a one-semester course. The course includes a one-hour laboratory component. The course is a study of the basic laws of physics and includes topics of mechanics, heat, vibrations, wave motion and sound. Emphasis is on solutions to physics problems; a knowledge of Algebra is essential.

PHYS 1315# PHYSICAL SCIENCE I (3-0) CREDIT 3 (030/090)
(Offered only in fall semester)
Prerequisite: Texas Success Initiative complete in Reading and Math.
A course in physical science for non-science majors. The course examines the nature of scientific inquiry and how science and technology affect our lives. Students will have the opportunity to practice critical thinking skills and decision-making as they examine issues in science. Topics from: physics, chemistry, geology, astronomy, meteorology and life processes.

PHYS 1401# GENERAL COLLEGE PHYSICS I (3-3) CREDIT 4 (030/090)
Prerequisite: A grade of C or better in MATH 1314 – College Algebra AND MATH 1316 – Plane Trigonometry OR MATH 2312/2412 – Pre-Calculus
This course is the first of a two-semester sequence which is a study of the basic laws and principles of physics and includes topics of mechanics, heat, vibrations, wave motion, and sound. Emphasis is on solutions to physics problems; a knowledge of algebra, geometry, and basic trigonometry is essential.
PHYS 1402#  GENERAL COLLEGE PHYSICS II (3-3) CREDIT 4 (030/090)
Prerequisite: A grade of C or better in PHYS 1401
(Offered only in spring semester)
This course is the second course in a two semester sequence which is a
study of the basic laws and principles of physics and includes the topics of
electricity, magnetism, and light. Emphasis is on solutions to physics problems;
a knowledge of algebra, geometry, and trigonometry is essential.

PHYS 1403  STARS AND GALAXIES (3-3) CREDIT 4
Prerequisite: TSI complete in Reading and Math.
Study of stars, galaxies, and the universe outside our solar system. This
course includes a laboratory.

PHYS 1404  SOLAR SYSTEM (3-3) CREDIT 4
Prerequisite: TSI complete in Reading and Math.
Study of the sun and its solar system, including its origin.
This course includes a laboratory.

PHYS 2425#  MECHANICS, WAVE MOTION, AND HEAT FOR SCIENCE MAJORS (3-3)
CREDIT 4 (030/090)
Prerequisite: A grade of C or better in MATH 2413 and Texas Success
Initiative complete in Reading and Math. Contact the instructor should
you have any questions.
(Offered only in fall semester)
A study of the laws of motion including linear and projectile motion, circular
motion, rotational motion, and gravity. The relationship of energy and matter
is also discussed through the study of heat and wave motions including
sound. This course is designed for students majoring in physics, chemistry, or
engineering.

PHYS 2426#  ELECTRICITY, MAGNETISM, AND LIGHT FOR SCIENCE MAJORS (3-3)
CREDIT 4 (030/090)
Prerequisite: A grade of C or better in MATH 2414 and a C or better in
PHYS 2425
(Offered only in spring semester)
A study of electricity including laws governing static and dynamic charges. A
study of simple electric circuits is also included. A study of the laws governing
magnetism and the relationship with electrically charged particles. Properties
of electromagnetic waves and light are also developed, including a study of
properties of lenses. This course is designed for students majoring in physics,
chemistry, or engineering.

PSYC 2301#  GENERAL PSYCHOLOGY (3-0) CREDIT 3 (080/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
General Psychology is a survey of the major psychological topics, theories
and approaches to the scientific study of behavior and mental processes.

PSYC 2308  CHILD PSYCHOLOGY (3-0) CREDIT 3
Prerequisite: A grade of C or better in PSYC 2301
This course will address psychological development from conception through
middle childhood with references to physical, cognitive, social, and personality
changes. Students will examine the interplay of biological factors, human
interaction, social structures, and cultural forces in development.
PSYC 2314#  LIFESPAN GROWTH AND DEVELOPMENT (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
Recommended: Successful completion of PSYC 2301.  
Life-Span Growth and Development is a study of social, emotional, cognitive  
and physical factors and influences of a developing human from conception to  
death.

PSYC 2315#  PSYCHOLOGY OF ADJUSTMENT (3-0) CREDIT 3  
Prerequisite: A grade of C or better in PSYC 2301.  
Study of the processes involved in adjustment of individuals to their personal  
and social environments.

PSYC 2319#  SOCIAL PSYCHOLOGY (3-0) CREDIT 3  
Prerequisite: A grade of C or better in PSYC 2301.  
Study of individual behavior within the social environment. May include topics  
such as the socio-psychological process, attitude formation and change,  
interpersonal relations, and group processes.

PTAC 1302  INTRO TO PROCESS TECHNOLOGY (3-1) CREDIT 3  
An introduction overview of the various processing industries. This is a  
survey of all process technology courses in the program. Topics include  
the roles, responsibilities, and work environment of a process technician;  
basic processes, equipment and systems; safety, environmental, and quality  
concepts.

PTAC 1308  SAFETY, HEALTH AND ENVIRONMENT I (3-1) CREDIT 3  
(Offered only in spring semester)  
An overview of safety, health, and environmental issues in the performance  
of all job tasks. Topics include components of a typical plant safety and  
environmental program; the role of a process technician in relation to safety,  
health, and environment; and safety, health, and environmental equipment  
uses.

PTAC 1354  INDUSTRIAL PROCESSES (3-1) CREDIT 3  
Prerequisite: A grade of C or better in PTAC 1410 and 1432 or Instructor  
approval  
(Offered only in fall semester)  
The study of the common types of industrial processes.

PTAC 1410  PROCESS TECHNOLOGY I – EQUIPMENT (3-2) CREDIT 4  
Prerequisite/Corequisite: A grade of C or better in PTAC 1302 or or  
coenrollment in PTAC 1302  
(Offered only in fall semester)  
Introduction to the use of common process equipment. Topics include process  
equipment components, terminology to describe components of process  
equipment, basic functions of process equipment, and the scientific principles  
associated with process equipment.

PTAC 1432  PROCESS INSTRUMENTATION I (3-2) CREDIT 4  
Prerequisite/Corequisite: A grade of C or better in PTAC 1302 or or  
coenrollment in PTAC 1302  
(Offered only in fall semester)  
Study of the instruments and control systems used in the process industry  
including terminology, process variables, symbols, control loops, and basic  
troubleshooting.
PTAC 2314  PRINCIPLES OF QUALITY (2-2) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Math  
(Offered only in fall semester)  
Study of the background and application of quality concepts. Topics include team skills, quality tools, statistics, economics, and continuous improvement.

PTAC 2348  SAFETY, HEALTH AND ENVIRONMENT II (3-0) CREDIT 3  
Prerequisite: A grade of C or better in PTAC 1308 or Instructor Approval  
(Offered only in fall semester)  
Continued instruction in the application of concepts presented in Safety, Health, and Environment I. Emphasis on emergency response concepts. Topics include demonstration of appropriate response to emergency situations; recognition of hazardous situations for personnel, environment, and community; and application of team skills in response to emergency situations.

PTAC 2420  PROCESS TECHNOLOGY II – SYSTEMS (3-3) CREDIT 4  
Prerequisite/Corequisite: A grade of C or better in PTAC 2438 or coenrollment in PTAC 2438  
(Offered only in spring semester)  
A study of the various process systems, including related scientific principles. Topics included the purpose, function and operation of common process systems, such as distillation, reaction systems, heat exchanger, cooling towers, and steam generation.

PTAC 2438  PROCESS TECHNOLOGY III – OPERATIONS (3-3) CREDIT 4  
Prerequisite: A grade of C or better in PTAC 1410 and 1432 or Instructor approval  
(Offered only in spring semester)  
This course emphasizes activities associated with the hands-on operation of process equipment. Students write and follow procedures and operate actual equipment.

PTAC 2446  PROCESS TROUBLESHOOTING (3-3) CREDIT 4  
Prerequisite/Corequisite: A grade of C or better in PTAC 2438 or coenrollment in PTAC 2438  
(Offered only in spring semester)  
Instruction in the different types of troubleshooting techniques, procedures, and methods used to solve process problems. Topics include application of data collection and analysis, cause-effect relationships, and reasoning.

PTHA 1301  PROFESSION OF PHYSICAL THERAPY (3-0-0) CREDIT 3  
Prerequisites: Texas Success Initiative complete  
Introduction to the profession of physical therapy and the role of the physical therapist assistant. This course provides general information regarding the field of physical therapy (P.T.) to those persons who have been admitted into the program or who have an interest in the profession of P.T. The course focuses on the history and development of the profession, its relationship to the health care delivery system in the United States, the settings utilized in the delivery of therapy, and an exploration of the roles and functions of the workers in the field and their part on the healthcare team. The development of the professional organization (American Physical Therapy Association) and its purpose are presented as well as the general ethical, legal principles and state laws relating to the delivery of physical therapy.
PTHA 1305  BASIC PATIENT CARE SKILLS (2-4-0) CREDIT 3  
Prerequisites: Admission to the PTA Program  
(Offered only in fall semester)  
This course covers the application of basic patient handling, functional skills, communication, and selected data collection techniques. It provides the future Physical Therapist Assistant (PTA) with an exposure to the duties that relate to the PTA scope of practice to include the principles and techniques of basic gait training with assistive devices, universal precautions, treatment preparation, client positioning, and clinic maintenance. The course also fosters the development of communication skills and interpersonal relationships with clients and colleagues in the health care field.

PTHA 1321  PATHOPHYSIOLOGY FOR THE PTA (3-0-0) CREDIT 3  
Prerequisites: Admission to the PTA Program  
(Offered only in fall semester)  
The study of the pathophysiology of diseases/conditions commonly encountered in physical therapy. This course focuses on the etiology and characteristics of diseases of the body’s systems as they relate to physical therapy and includes a consideration of the general principles of tissue injury, inflammation, and healing.

PTHA 1366  PRACTICUM I – PHYSICAL THERAPIST ASSISTANT (0-0-30) CREDIT 3  
Prerequisite: Admission to the PTA Program  
(Offered only in summer session)  
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. This course provides the Physical Therapist Assistant (PTA) student a supervised application of previously learned techniques and skills in the rehabilitation of patients in a selected clinical facility affiliated with the college. The focus is on safe, legal, ethical and effective use of physical therapy interventions. This course also fosters the development of communication skills, interpersonal relationships and professionalism required for the healthcare field. Supervision of the student from beginning to intermediate level is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the first of two Clinical Education courses in the PTA Program.

PTHA 1413  FUNCTIONAL ANATOMY (3-3-0) CREDIT 4  
Prerequisites: Admission to the PTA Program  
(Offered only in fall semester)  
This course introduces the student Physical Therapist Assistant to the relationship of the musculoskeletal and neuromuscular systems to normal and abnormal movement. It also discusses the relationship between physical laws and the biomechanical principles of joint motion as well as the concepts of normal posture and human locomotion contrasted with obvious posture and gait deviations.
PTHA 1431  PHYSICAL AGENTS (2-6-0) CREDIT 4  
Prerequisites: Admission to the PTA Program  
(Offered only in spring semester)  
The biophysical principles, physiological effects, intervention efficacy, and 
application of physical agents. It explores the use of thermal and athermal 
agents, mechanical traction, electrotherapy and electromagnetic modalities, as 
well as vasopneumatic compression. Students continue to use medical terms, 
charting skills, and role play to foster patient and family teaching as well as a 
deepening of self-awareness of communication skills and professionalism.

PTHA 2201  ESSENTIALS OF DATA COLLECTION (1-4-0) CREDIT 2  
Prerequisites: Admission to the PTA Program  
(Offered only in fall semester)  
The study of data collection techniques used to prepare the physical therapist 
assistant to assist in patient/client management. The student will perform 
data collection and measurement techniques specific to physical therapy and 
within the scope of practice of a physical therapist assistant. The student will 
utilize critical thinking skills to apply the data collected to decision making 
and problem solving related to patient management established by a physical 
therapist in the plan of care. Students continue to use medical terms, 
charting skills, and role play to foster patient and family teaching as well as 
communication skills and professionalism.

PTHA 2366  PRACTICUM II – PHYSICAL THERAPIST ASSISTANT (0-0-30) CREDIT 3  
Prerequisites: Admission to the PTA Program  
(Offered only in spring semester)  
Practical, general workplace training supported by an individualized learning 
plan developed by the employer, college, and student to apply specialized 
occupational theory, skills, and concepts. Direct supervision is provided by 
the clinical professional. This course provides the fourth semester Physical 
Therapist Assistant (PTA) student a supervised application of previously 
learned techniques and skills in the rehabilitation of patients in selected 
clinical facilities affiliated with the college. The focus is on safe, legal, ethical 
and effective use of physical therapy interventions. This course also fosters 
the development of communication skills, interpersonal relationships and 
professionalism required for the healthcare field. Supervision of the student 
at the entry level is provided by the staff of the affiliating institutions and is 
coordinated by the college faculty.

PTHA 2339  PROFESSIONAL ISSUES (3-0-0) CREDIT 3  
Prerequisites: Admission to the PTA Program  
(Offered only in spring semester)  
A capstone course which engages the student in the discussion of 
professional issues and behaviors related to clinical practice and which 
prepares the student for transition into the workforce. This course provides 
future physical therapist assistants with the principles of organization, 
management, supervision, productivity levels and performance evaluations. 
Other topics include: the legal and ethical aspects of physical therapist 
assistants' occupation as described in the state board and national association 
regulations and standards; federal, state and private insurance regulation; 
professional liability insurance; job hunting skills; and the discussion of issues 
in the medical field as they impact physical therapy.
PTHA 2409  THERAPEUTIC EXERCISE (2-6-0) CREDIT 4  
Prerequisites: Admission to the PTA Program  
*(Offered only in spring semester)*  
An advanced course integrating previously learned and new skills/techniques and focusing on concepts, principles, and application of techniques related to therapeutic exercise and functional training. This course provides the student with a kinesiologically based approach to the clinical applications used in the treatment and rehabilitation of the client with musculoskeletal and related diagnoses. An additional focus is on safe, legal, ethical, and appropriate use of therapeutic exercise. Physiological and therapeutic effects as well as indications and contraindications of exercise will be included. This course fosters the development of communication skills, interpersonal relationships, and professionalism required for the health care field. It also requires a high level of critical thinking skills related to implementing and modifying physical therapy interventions.

PTHA 2435  REHABILITATION TECHNIQUES (2-4-0) CREDIT 4  
Prerequisites: Admission to the PTA Program  
*(Offered only in spring semester)*  
Advanced course integrating previously learned and new skills/techniques into the comprehensive rehabilitation of selected musculoskeletal, neuromuscular, cardiopulmonary, and integumentary disorders. Students continue to use medical terms, charting skills, and role play to foster patient and family teaching as well as communication skills and professionalism.

PTHA 2531  MANAGEMENT OF NEUROLOGICAL DISORDERS (3-6-0) CREDIT 5  
Prerequisites: Admission to the PTA Program  
*(Offered only in fall semester)*  
Advanced course integrating previously learned and new skills/techniques into the comprehensive rehabilitation of selected neurological disorders. This course deals with the principles and clinical application of the functional activities and rehabilitation procedures relating to the management of therapy clients with neurological diagnoses. The course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the health care field. It requires a high level of critical thinking related to implementing and modifying physical therapy interventions.

READ 0301  SEE INRW 0301

RNSG 1119  INTEGRATED NURSING SKILLS I (0-3-0) CREDIT 1  
Prerequisite: Admission to the ADN Program.  
Study of the concepts and principles necessary to perform basic nursing skills for care of diverse clients across the life span; demonstrate competence in the performance of nursing procedures. Content includes knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach.

RNSG 1260  CLINICAL I – REGISTERED NURSING/REGISTERED NURSE (0-0-10) CREDIT 2  
Prerequisite: Admission to the ADN Program.  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 1423 is applied to clients throughout the life span in a variety of health care settings in this course. Basic critical thinking skills are utilized to implement the nursing process for clients receiving direct nursing care.
RNSG 1261  CLINICAL TRANSITION-REGISTERED NURSING/REGISTERED NURSE (0-0-6) CREDIT 2  
Prerequisite: Admission to the ADN Program.  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 1327 is applied to clients throughout the life span in a variety of health care settings in this course.

RNSG 1327  TRANSITION FROM VOCATIONAL TO PROFESSIONAL NURSING (3-0-0) CREDIT 3  
Prerequisite: Admission to the ADN Program.  
Transition to the roles of the professional nurse and application of the nursing process to diverse clients of all ages, including the child-bearing family. Content includes health promotion, expanded assessment, analysis of data, critical thinking skills, and systematic problem solving process, pharmacology, multidisciplinary teamwork, communication, and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework throughout the life span. This course lends itself to either a blocked or integrated approach. Communication and critical thinking skills are emphasized. Legal and ethical aspects of vocational and professional nursing practice are compared. Mental health concepts are utilized in providing direct nursing care to all clients. Learning experiences take place in a variety of health care settings.

RNSG 1423  INTRODUCTION TO PROFESSIONAL NURSING FOR INTEGRATED PROGRAMS (4-0-0) CREDIT 4  
Prerequisite: Admission to the ADN Program.  
Introduction to the profession of nursing including the roles of the professional nurse as provider of patient-centered care, patient safety advocate, member of healthcare team, and member of the profession with emphasis on health promotion and primary disease prevention across the life span; essential components of the nursing health assessment; identification of deviations from expected health patterns; the application of a systematic, problem-solving process to provide basic nursing care to diverse clients across the life span; and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach. Communication as the basis of the nurse-client relationship is stressed. Applying the nursing process and simple nursing diagnoses to diverse clients of all ages including the child-bearing family is introduced. Promotion of health and prevention of illness is related to the teaching role of the nurse; this includes principles of nutrition and safety. In addition, concepts of mental health interventions for all clients are integrated in the course.

RNSG 2361  CLINICAL II – REGISTERED NURSING/REGISTERED NURSE (0-0-12) CREDIT 3  
Prerequisite: Admission and progression through the program of study  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 2504 is applied to clients throughout the life span in a variety of health care settings in this course.
RNSG 2362  CLINICAL III – REGISTERED NURSING/REGISTERED NURSE (0-0-12)  
CREDIT 3  
Prerequisite: Admission and progression through the program of study  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 2514 is applied to clients throughout the life span in a variety of health care settings in this course.

RNSG 2363  CLINICAL IV – REGISTERED NURSING/REGISTERED NURSE (0-0-12)  
CREDIT 3  
Prerequisite: Admission and progression through the program of study  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 2535 is applied to clients throughout the life span in a variety of health care settings in this course.

RNSG 2504  INTEGRATED CARE OF THE PATIENT WITH COMMON HEALTH CARE NEEDS (5-0-0)  CREDIT 5  
Prerequisite: Admission and progression through the program of study  
Application of a systematic problem-solving process, critical thinking skills, and concepts to provide nursing care to diverse patients and families across the life span with common health care needs including, but not limited to, common childhood/adolescent diseases, uncomplicated perinatal care, mental health concepts, perioperative care, frequently occurring adult health problems, and health problems and health issues relating to aging. Emphasis on secondary disease prevention and collaboration with members of the multidisciplinary health care team. Content includes roles of the professional nurse and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach. The role of the nurse as a teacher continues to be developed; student oral presentations are part of this course.

RNSG 2514  INTEGRATED CARE OF THE PATIENT WITH COMPLEX HEALTHCARE NEEDS (5 – 0-0)  CREDIT 5  
Prerequisite: Admission and progression through the program of study  
Application of a systematic problem-solving process and critical thinking skills and concepts to provide comprehensive nursing care to diverse patients and families across the life span with complex health care needs including, but not limited to, complex childhood/adolescent diseases, complicated perinatal care, acute mental illness, complex perioperative care, serious adult health problems, and health issues related to aging. Emphasis on tertiary disease prevention, health maintenance/restoration and collaboration with members of the multidisciplinary health care team. Content includes the role of the professional nurse as client advocate and coordinator of care and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach. Students develop and implement client teaching plans during this course.
RNSG 2535 INTEGRATED PATIENT CARE MANAGEMENT (5-0-0) CREDIT 5
Prerequisite: Admission and progression through the program of study
Application of client assessment skills, critical thinking, and independent nursing interventions to care for diverse patients and families throughout the life span whose health care needs may be difficult to predict. Emphasis on collaborative clinical reasoning, nursing leadership skills, and patient management. Content includes the significance of professional development, trends in nursing and health care, and applicable knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach. The roles of coordinator of care and client advocate are emphasized. Student oral presentations are part of this course.

RSPT 1113 BASIC RESPIRATORY CARE PHARMACOLOGY (0-3) CREDIT 1
Prerequisite: Admission into the Respiratory Care Program
(Offered only in fall semester)
A study of basic pharmacological principles/practices of respiratory care drugs. Emphasis on classification, routes of administration, dosages/calculations, and physiological interaction.

RSPT 1141 RESPIRATORY HOME CARE/REHABILITATION (0-2) CREDIT 1
Prerequisite: Admission into the Respiratory Care Program
A study of home care/rehabilitation equipment, procedures, and patient education; emphasizes treatment of patients in a home care and alternative settings.

RSPT 1163 CLINICAL III – RESPIRATORY THERAPY/ThERAPIST (0-0-6) CREDIT 1
Prerequisite: Admission into the Respiratory Care Program
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

RSPT 1207 CARDIOPULMONARY ANATOMY AND PHYSIOLOGY (1-3) CREDIT 2
Prerequisite: Admission into the Respiratory Care Program
(Offered only in fall semester)
Anatomy and physiology of the cardiovascular and pulmonary systems. Students will prepare an abstract on a current topic related to the field of respiratory care using word processing, Internet research, and email.

RSPT 1272 CLINICAL BLOOD GASES (2-1) CREDIT 2
Prerequisite: Admission into the Respiratory Care Program
(Offered only in spring semester)
A study of the diagnosis and management of clinical oxygenation and acid-base disturbances.

RSPT 1335 CARDIOPULMONARY TESTING (2-4) CREDIT 3
Prerequisite: Admission into the Respiratory Care Program
A study of pulmonary testing functions and cardiac dysrhythmias interpretation.

RSPT 1360 CLINICAL I – RESPIRATORY THERAPY/ThERAPIST I (0-0-16) CREDIT 3
Prerequisite: Admission into the Respiratory Care Program
(Offered only in fall semester)
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
RSPT 1361  CLINICAL II – RESPIRATORY THERAPY/ThERAPIST (0-0-16) CREDIT 3  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in spring semester)  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

RSPT 1429  RESPIRATORY CARE FUNDAMENTALS I (2-6) CREDIT 4  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in fall semester)  
Introduction to respiratory care fundamentals. Calculations, with practice problems of cylinder contents, oxygen delivery, oxygen/air entrainment ratios, gas density, and the metric system will be included. The use of a microcomputer for application software is required.

RSPT 1431  RESPIRATORY CARE FUNDAMENTALS II (2-6) CREDIT 4  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in spring semester)  
Continued development of knowledge and skills for respiratory care. The use of a microcomputer for application software is required.

RSPT 2133  RESPIRATORY CARE CASE MANAGEMENT (0-3) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in spring semester)  
Investigation, organization, and presentation of case studies. An oral presentation and written research paper is required using word processing, Internet research, e-mail, and multimedia software.

RSPT 2135  PEDIATRIC ADVANCED LIFE SUPPORT (0-3) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
A comprehensive course designed to develop the skills for resuscitation of the infant and child. Includes strategies for preventing cardiopulmonary arrest and identification of high risk infants and children. May include certification based on American Heart Association Standards.

RSPT 2139  ADVANCED CARDIAC LIFE SUPPORT (0-3) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
Advanced Cardiac Life Support (ACLS) with an emphasis on airway management. Designed to develop skills for resuscitation of the adult. Includes strategies for managing and stabilizing the cardiopulmonary arrested patient. May include certification based on American Heart Association Standards.

RSPT 2147  SPECIALTIES IN RESPIRATORY CARE (0-3) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in spring semester)  
Emerging and specialty practices in respiratory care. Oral presentations and written research papers are required using word processing, Internet research, email, and multimedia software.
RSPT 2231 SIMULATIONS IN RESPIRATORY CARE (0-4) CREDIT 2  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in spring semester)  
Theory of clinical simulation examinations. Includes construction types, scoring, and mechanics of taking the computerized simulation examination. Students will be required to pass both the therapist multiple choice and clinical simulation self-assessment examinations. The use of a microcomputer for application software is required.

RSPT 2310 CARDIOPULMONARY DISEASE (2-3) CREDIT 3  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in spring semester)  
Etiology, pathogenesis, pathology, diagnosis, history, prognosis, manifestations, treatment, and detection of cardiopulmonary diseases. This course will emphasize the various obstructive lung diseases.

RSPT 2353 NEONATAL/PEDIATRIC CARDIOPULMONARY CARE (2-4) CREDIT 3  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in spring semester)  
A study of neonatal/pediatric cardiopulmonary care. The use of a microcomputer for application software is required.

RSPT 2360 CLINICAL IV – RESPIRATORY THERAPY/ThERAPIST (0-0-16) CREDIT 3  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in fall semester)  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

RSPT 2361 CLINICAL V – RESPIRATORY THERAPY/ThERAPIST (0-0-16) CREDIT 3  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in spring semester)  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

RSPT 2414 MECHANICAL VENTILATION (2-6) CREDIT 4  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in fall semester)  
The study of mechanical ventilation with emphasis on ventilator classification, methods, principles, and operational characteristics. Includes indications, complications, and physiologic effects/principles of mechanical ventilation. Emphasizes initiation, management, and weaning of ventilatory support. The use of a microcomputer for application software is required.

RSPT 2425 CARDIOPULMONARY DIAGNOSTICS (2-6) CREDIT 4  
Prerequisite: Admission into the Respiratory Care Program  
(Offered only in fall semester)  
A study of physical, radiological, hemodynamic, laboratory, nutritional, and cardiopulmonary diagnostic assessments. Course will emphasize restrictive lung diseases, neuromuscular, and cardiac diseases. The use of a microcomputer for application software is required.
SDEV 0301  LEARNING FRAMEWORKS (3-0) CREDIT 0
A study of the research and theory in the psychology of learning, cognition, and motivation; factors that impact learning; and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. EDUC 1300 (3 credits) may substitute for SDEV 0301.

SOCI 1301#  INTRODUCTION TO SOCIOLOGY (3-0) CREDIT 3 (080/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
The scientific study of human society, including ways in which groups, social institutions, and individuals affect each other. Causes of social stability and social change are explored through the application of various theoretical perspectives, key concepts, and related research methods of sociology. Analysis of social issues in their institutional context may include topics such as social stratification, gender, race/ethnicity, and deviance.

SPAN 1411#  BEGINNING SPANISH I (FOR BEGINNERS) (3-2) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading.
(Offered only in fall semester)
Basic Spanish language skills in listening, speaking, reading, and writing within a cultural framework. Students will acquire the vocabulary and grammatical structures necessary to communicate and comprehend at the beginner level.

SPAN 1412#  BEGINNING SPANISH II (3-2) CREDIT 4
Prerequisite: A grade of D or better in SPAN 1411 or consent of instructor after departmental placement exam.
(Offered only in spring semester)
Continued development of basic Spanish language skills in listening, speaking, reading, and writing within a cultural framework. Students acquire the vocabulary and grammatical structures necessary to communicate and comprehend at the high beginner to low intermediate level.

SPAN 2311#  INTERMEDIATE SPANISH I (3-0) CREDIT 3
Prerequisite: A grade of D or better in SPAN 1412 or consent of instructor after departmental placement exam.
The consolidation of skills acquired at the introductory level. Further development of proficiency in listening, speaking, reading and writing. Emphasis on comprehension, appreciation, and interpretation of the cultures of the Spanish-speaking world.

SPAN 2312#  INTERMEDIATE SPANISH II (3-0) CREDIT 3
Prerequisite: A grade of D or better in SPAN 2311 or consent of instructor after departmental placement exam.
The consolidation of skills acquired at the introductory level. Further development of proficiency in listening, speaking, reading and writing. Emphasis on comprehension, appreciation, and interpretation of the cultures of the Spanish-speaking world.
SPCH 1311#  INTRODUCTION TO SPEECH COMMUNICATION (3-0) CREDIT 3 (010/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Introduces basic human communication principles and theories embedded in
a variety of contexts including interpersonal, small group, and public speaking.
Student participation and presentations may be videotaped for educational
purposes.

SPCH 1315#  PUBLIC SPEAKING (3-0) CREDIT 3 (010/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Application of communication theory and practice to the public speaking
context, with emphasis on audience analysis, speaker delivery, ethics of
communication, cultural diversity, and speech organizational techniques to
develop students' speaking abilities, as well as ability to effectively evaluate
oral presentations. Student participation and presentations may be videotaped
for educational purposes.

SPCH 1318#  INTERPERSONAL COMMUNICATION (3-0) CREDIT 3 (010/090)
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Application of communication theory to interpersonal relationship
development, maintenance, and termination in relationship contexts including
friendships, romantic partners, families, and relationships with co-workers and
supervisors. Student participation and presentations may be videotaped for
educational purposes.

SPCH 1321#  BUSINESS AND PROFESSIONAL COMMUNICATION (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Study and application of communication within the business and professional
context. Special emphasis will be given to communication competencies in
presentations, dyads, teams and technologically mediated formats. Student
participation and presentations may be videotaped for educational purposes.

VNSG 1105  NCLEX-PN REVIEW (1-1-0) CREDIT 1
Prerequisite: Admission to the Vocational Nursing Program
Review of nursing knowledge and skills, study skills, stress management
techniques, and test-taking strategies to prepare the graduate vocational nurse
(GVN) to take the National Licensure Examination-Practical Nurse (NCLEX-
PN).

VNSG 1119  LEADERSHIP AND PROFESSIONAL DEVELOPMENT (1-0-0) CREDIT 1
Prerequisite: Admission to the Vocational Nursing Program
Study of the importance of professional growth. Topics include the role of
the licensed vocational nurse in the multi-disciplinary health care team,
professional organizations, and continuing education.

VNSG 1122  VOCATIONAL NURSING CONCEPTS (1-0-0) CREDIT 1
Prerequisite: Admission to the Vocational Nursing Program
Introduction to the nursing profession and its responsibilities. Includes legal
and ethical issues in nursing practice. Concepts related to the physical,
emotional, and psychosocial self-care of the learner/professional.

VNSG 1160  CLINICAL – LICENSED PRACTICAL/LICENSED VOCATIONAL NURSE
(0-0-6) CREDIT 1
Prerequisite: Admission to the Vocational Nursing Program
A health-related work-based learning experience that enables the student to
apply specialized occupational theory, skills, and concepts. Direct supervision
is provided by the clinical professional.
VNSG 1238  MENTAL ILLNESS (2-0-0) CREDIT 2  
Prerequisite: Admission to the Vocational Nursing Program  
Study of human behavior with emphasis on emotional and mental  
abnormalities and modes of treatment incorporating the nursing process.

VNSG 1270  INTRODUCTION TO MEDICAL SURGICAL NURSING (2-1-0) CREDIT 2  
Prerequisite: Admission to the Vocational Nursing Program  
Introduction to medical surgical nursing with application of the nursing process  
to the care of adult patients experiencing medical-surgical conditions along the  
health illness continuum in a variety of health care settings.

VNSG 1330  MATERNAL-NEONATAL NURSING (3-0-0) CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
A study of the biological, psychological, and sociological concepts applicable  
to the basic needs of the family including childbearing, and neonatal care.  
Utilization of the nursing process in the assessment and management of the  
childbearing family. Topics include physiological changes related to pregnancy,  
fetal development, and nursing care of the family during labor and delivery and  
the puerperium.

VNSG 1332  MEDICAL-SURGICAL NURSING II (3-0-0) CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
Continuation of Medical-Surgical Nursing I with application of the nursing  
process to the care of adult patients experiencing medical-surgical conditions  
along the health-illness continuum in a variety of health care settings.

VNSG 1334  PEDIATRICS (3-0-0) CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
Study of the care of the pediatric patient and family during health and disease.  
Emphasis on growth and developmental needs utilizing the nursing process.

VNSG 1423  BASIC NURSING SKILLS (2-6-0) CREDIT 4  
Prerequisite: Admission to the Vocational Nursing Program  
Mastery of basic nursing skills and competencies for a variety of health  
care settings using the nursing process as the foundation for all nursing  
interventions.

VNSG 1429  MEDICAL-SURGICAL NURSING I (4-1-0) CREDIT 4  
Prerequisite: Admission to the Vocational Nursing Program  
Application of the nursing process to the care of the adult patient experiencing  
medical-surgical conditions along the health-illness continuum in a variety of  
health care settings.

VNSG 2431  ADVANCED NURSING SKILLS (2-6-0) CREDIT 4  
Prerequisite: Admission to the Vocational Nursing Program  
Application of advanced level nursing skills and competencies in a variety of  
health care settings utilizing the nursing process as a problem-solving tool.

VNSG 2460  CLINICAL – LICENSED PRACTICAL/LICENSED VOCATIONAL NURSE  
(0-0-16) CREDIT 4  
Prerequisite: Admission to the Vocational Nursing Program  
A health-related work-based learning experience that enables the student to  
apply specialized occupational theory, skills, and concepts. Direct supervision  
is provided by the clinical professional.
VNSG 2461  CLINICAL – LICENSED PRACTICAL/LICENSED VOCATIONAL NURSE (0-0-20) CREDIT 4
Prerequisite: Admission to the Vocational Nursing Program
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

WLDG 1417  INTRODUCTION TO LAYOUT AND FABRICATION (2-4) CREDIT 4
Prerequisite/Corequisite: A grade of C or better in WLDG 1421 or co-enrollment in WLDG 1421
(Offered only in fall semester)
A fundamental course in layout and fabrication related to the welding industry. Major emphasis on structural shapes and use in construction.

WLDG 1421  WELDING FUNDAMENTALS (2-4) CREDIT 4
(Offered only in fall semester)
An introduction to the fundamentals of equipment used in oxy-fuel and arc welding, including welding and cutting safety, basic oxy-fuel welding and cutting, basic arc welding processes, and basic metallurgy.

WLDG 1430  INTRODUCTION TO GAS METAL ARC WELDING (2-4) CREDIT 4
*Instructor recommends completion or co-enrollment in WLDG 1421
(Offered only in fall semester)
Principles of gas metal arc welding, setup and use of GMAW equipment, and safe use of tools/equipment. Instruction in various joint designs.

WLDG 1434  INTRODUCTION TO GAS TUNGSTEN ARC WELDING (2-4) CREDIT 4
*Instructor recommends completion or co-enrollment in WLDG 1421
(Offered only in spring semester)
Principles of gas tungsten arc welding (GTAW), including setup, GTAW equipment. Instruction in various positions, and joint designs.

WLDG 2406  INTERMEDIATE PIPE WELDING (2-4) CREDIT 4
*Instructor recommends completion of WLDG 2443
(Offered only in spring semester)
A comprehensive course on the welding of pipe using the shield metal arc welding (SMAW) process. Welding will be done using various positions. Topics covered include electrode selection, equipment setup, and safe shop practices.

WLDG 2435  ADVANCED LAYOUT AND FABRICATION (2-4) CREDIT 4
*Instructor recommends completion of WLDG 1417
(Offered only in spring semester)
An advanced course in layout and fabrication. Includes production and fabrication of layout, tools, and processes. Emphasis on application of fabrication and layout skills.

WLDG 2443  ADVANCED SHIELDED METAL ARC WELDING (2-4) CREDIT 4
Prerequisite/Corequisite:: A grade of C or better in WLDG 1421 or co-enrollment in WLDG 1421
(Offered only in fall semester)
Advanced topics based on accepted welding codes. Training provided with various electrodes in shielded metal arc welding processes with open V-groove joints in all positions.
