Accreditation
Victoria College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and associate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of Victoria College.

Documentation of Victoria College's accreditation is located in the office of the Vice President of Instruction and may be reviewed by all interested parties.

Interested constituents may contact the Commission on Colleges to learn about the accreditation status of the institution for alleged noncompliance with a standard or requirement. The Commission is to be contacted only if there is evidence that appears to support an institution's significant noncompliance with a requirement or standard. Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to Victoria College and not to the Commission's office.

Statement of Nondiscrimination
Victoria College does not discriminate on the basis of race, color, religion, national origin, gender, pregnancy, age, disability, genetic information, marital status, amnesty, veteran's status, or limited English proficiency. It is our policy to comply, fully, with the nondiscrimination provision of all state and federal rules and regulations.
VC Mission & Values

Mission
Victoria College is a public, open-admission college. Our mission is to provide educational opportunities and services for our students and the communities we serve. Victoria College provides:

**Associate Degrees and Certificates** – Programs leading to the Associate of Arts, Associate of Science, Associate of Applied Science, and Certificates that meet the needs of the students and communities within our service area.

**University Transfer** – Academic courses that apply to baccalaureate degrees and meet the educational needs of students planning to transfer to a university.

**Career & Technical Education** – Credit courses and programs designed to satisfy local and regional employer demands and meet individuals’ workforce training needs.

**Academic Foundations** – Compensatory education courses consistent with open-admission policies designed to prepare students effectively for success in college-level studies.

**Continuing Education** – Noncredit courses and programs that meet the immediate technical and occupational skills needs of employers and the individual, and fulfill the personal enrichment and cultural needs of the individual and the community.

**Adult Education** – Adult education, basic skills, and English as a second language instructional programs that meet the specific educational needs of our adult constituency.

**Student Support** – Services and activities that support student success, including academic guidance and counseling services.

**Cultural and Intellectual Outreach** – Educational activities and events that enhance our community’s quality of life.

Values
Victoria College’s commitment to its mission is guided by the following values:

**We value integrity.** Victoria College will foster an environment of respect, honesty, openness, and fairness and will promote responsible stewardship of resources and public trust.

**We value respect for the unique characteristics and abilities of individuals.** Victoria College will welcome and promote diversity among students, faculty, staff, and our community, while cultivating a respectful, collegial, and accessible working and learning environment.

**We value student achievement and student success.** Victoria College will create learning opportunities that challenge our students and help them meet their educational goals.

**We value excellence.** Victoria College will strive to achieve the highest standards of performance in teaching and in the services we offer students, colleagues, and our community.
Please Note
Information in Victoria College's 2012-2013 Catalog is accurate as of July 2, 2012.

Please refer to the Victoria College website at www.victoriacollege.edu for current information.

While the College endeavors to provide current and accurate information in this catalog, information contained herein is for informational purposes only and is subject to change without notice. Courses, faculty assignments, prerequisites, graduation or completion requirements, standards, tuition and fees, policies, practices, and programs may be changed from time to time. Courses may not be offered each semester or each year. If you have any questions, you may contact the appropriate department or unit at the contact numbers in this catalog.

Notwithstanding the information provided in this catalog, the College retains the exclusive right to judge academic proficiency and may decline to award any degree, certificate, or other evidence of successful completion of a program, curriculum, or course of instruction based thereupon. The College retains the exclusive right to interpret this catalog; to amend, modify, suspend, or cancel any of the policies, programs, or practices in this catalog; and to take any action in the administration of the policies, programs, or practices in this catalog that the College deems appropriate.

**Contact the Admissions & Records Office**

All admission documents should be sent to: Admissions & Records Office, Victoria College, 2200 E. Red River St., Victoria, TX 77901. For more information call (361) 572-6408 or e-mail registrar@victoriacollege.edu.
Admission to College

Equal Educational Opportunity
Victoria College does not discriminate on the basis of race, color, religion, national origin, gender, pregnancy, age, disability, genetic information, marital status, amnesty, veterans status or limited English proficiency. It is our policy to comply fully with the nondiscrimination provision of all state and federal rules and regulations.

Required State Testing
Texas Success Initiative (TSI)

Current placement scores are under review and subject to change.

Texas Success Initiative (TSI)
Texas Administrative Code Title 19, Part 1, Chapter 4, Subchapter C requires that all students entering Texas public institutions of higher education are assessed by a state-approved test in the areas of reading, math, and writing to ensure that basic skills are met before enrolling in college-level courses. This includes all full-time and part-time students. Performance on the test will not be used as a condition of admission.

Certificate programs require TSI completion with the exception of the Welding Program and Basic EMT certificate. These programs require completion of 0300 developmental level classes.

After April 1, 2009, students who apply to the Licensed Vocational Nursing Program must be Texas Success Initiative (TSI) complete. Students must meet all admissions requirements to be considered for program admission.

Assessment Test for TSI Completion
The Texas Higher Education Coordinating Board has approved the following assessment tests and minimum score requirements for use with the Texas Success Initiative to determine college readiness.

- **ASSET**:
  - Reading Skills: 41;
  - Elementary Algebra: 38;
  - Writing Skills (objective): 40 combined with an essay score of 5; or an essay score of 6

- **COMPASS**:
  - Reading Skills: 81;
  - Algebra: 39;
  - Writing Skills (objective): 59 combined with an essay score of 5; or an essay score of 6

- **ACCUPLACER**:
  - Reading Comprehension: 78;
  - Elementary Algebra: 63;
  - Sentence Skills: 80 combined with an essay score of 5; or an essay score of 6

- **THEA**:
  - Reading: 230;
  - Math: 230;
  - Writing: 220
**College Readiness**

College Readiness is achieved by one or more of the following conditions:

- Earning an SA, SB, or SC in the appropriate Level II academic foundations course for area(s) not meeting minimum standards on an assessment test.
- Other institutional criteria – Students who entered Victoria College in Spring 2004 and after who were assessed and earned college credit prior to Fall 1989 will be required to contact Advising & Counseling Services to receive individual determination concerning assessment and placement. TASP exemptions made prior to Spring 2004 for students who earned 3 hours or more before Fall 1989 will be honored.
- Meeting minimum standards in reading and writing on the assessment test AND meeting the following standards for Math:
  - THEA: 270
  - SAT Math: 560 and a composite of 1070
  - ACT Math: 21 and a composite of 23
  - Accuplacer Elementary Algebra: 80
  - Asset Elementary Algebra: 55
  - Compass Algebra: 65

In addition, the “Math TAKS Exemption” is equivalent to “TSI Complete.” Students who are TSI complete may take MATH 1332 and MATH 1342, but must take one of the tests listed above or take MATH 0303 and score a SC or better to take other college-level math courses.

**Exemptions**

1. The following students shall be exempt from the college readiness requirement:
   a. For a period of five (5) years from the date of testing, a student who is tested and performs at or above the following standards:
      i. ACT: composite score of 23 or higher with individual mathematics and/or English scores of no less than 19 shall be exempt for those corresponding sections;
      ii. SAT: composite score of 1070 with no less than 500 on verbal and/or 500 on mathematics test shall be exempt for those corresponding sections; or
      iii. Future standardized test scores to be established by the Texas Education Agency (TEA).
   b. For a period of three (3) years from the date of testing, a student who is tested and performs on the eleventh grade exit-level Texas Assessment of Knowledge and Skills (TAKS) with a minimum scale score of 2200 on the mathematics section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3, shall be exempt from the assessment required under this title for those corresponding sections.
   c. A student who has graduated with an associate or bachelor’s degree from a Texas public college or university. Exemptions may be granted based on college-level coursework from a private or out-of-state college or university.
   d. A student who transfers to an institution with satisfactory completion of college-level coursework (as determined by a grade of C or better in appropriate coursework) from an accredited private or out-of-state college or university.
   e. A student who has previously attended any institution and has been determined to have met readiness standards by that institution.
   f. A student who is enrolled in a certificate program of one year or less (Level I certificates, 42 or fewer semester credit hours or the equivalent) at a public junior college, a public technical institute or a public state college.
   g. A student who is serving on active duty as a member of the armed forces of the United States, and Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment.
   h. A student who on or after August 1, 1990, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or served as a member of a reserve component of the armed forces of the United States.

2. The Registrar may exempt a nondegree-seeking or noncertification-seeking student.
Immunizations
Bacterial Meningitis (Senate Bill 1107)
Effective January 1, 2012
During the 82nd Texas Legislative session, Senate Bill 1107 was passed. This bill requires all new students, transfer students, and returning students who have had a fall or spring semester break in their attendance at an institution of higher education to provide proof of bacterial meningitis vaccination (or a booster dose) 10 days prior to the first class day of the entering semester. Without the evidence of vaccination, a student cannot attend classes on campus. This law becomes effective January 1, 2012.

Students who do not provide the evidence of vaccination (see below) will not be allowed to attend classes and will be dropped from all classes on the first class day.

1. This bill applies to:
   a. New student--a first-time student of an institution of higher education or private or independent institution of higher education, including a student who transfers to the institution from another institution;
   b. Returning student--a student who previously attended an institution of higher education or private or independent institution of higher education before January 1, 2012, and who is enrolling in the same or another institution of higher education or private or independent institution of higher education following a break in enrollment of at least one fall or spring semester.

2. Evidence of Vaccination--Acceptable evidence of vaccination or receiving a booster dose includes:
   a. the signature or stamp of a physician or his/her designee or public health personnel on a form which shows the month, day and year the vaccination dose or booster was administered;
   b. an official immunization record generated from a state or local health authority; or
   c. an official record received from school officials, including a record from another state.

Exceptions
a. A student is not required to submit evidence of receiving the vaccination against bacterial meningitis or evidence of receiving a booster dose if:
   1. the student is 30 years of age or older by the first day of the start of the semester, or
   2. the student is enrolled only in online or other distance education courses; or
   3. the student is enrolled in a continuing education course or program that is less than 360 contact hours, or continuing education corporate training; or
   4. the student is enrolled in a dual credit course which is taught at a public or private K-12 facility not located on a higher education institution campus; or
   5. the student is incarcerated in a Texas prison.

b. A student, or a parent or guardian of a student, is not required to submit evidence of receiving the vaccination against bacterial meningitis if the student, or a parent or guardian of a student, submits to the institution:
   1. an affidavit or a certificate signed by a physician who is duly registered and licensed to practice medicine in the United States, in which it is stated that, in the physician’s opinion, the vaccination required would be injurious to the health and well-being of the student; or
   2. an affidavit signed by the student stating that the student declines the vaccination for bacterial meningitis for reasons of conscience, including a religious belief.
Application for Admissions
Perspective students apply for admission to Victoria College by completing an online application at www.applytexas.org. Admission to Victoria College does not guarantee admission to specific courses or programs. Prerequisites are required for some courses and admission requirements for certain programs differ from general admission requirements. Students should refer to the specific Allied Health or Career and Technical degree plan for selective admission requirements.

Methods of Admission
Beginning Freshmen

a. High School Graduates: Graduates from an accredited high school must have an official copy of their school transcript showing graduation date on file before final admission is granted. Graduates from unaccredited high schools may be eligible for admission under “c” below.

b. GED: Applicants who successfully complete the General Education Development (GED) Test and receive the Certificate of High School Equivalency must have their test scores and Certificate of Equivalency on file with the Admissions & Records Office before final admission can be granted.

c. Home School, Private School and Nonaccredited High School Graduate: Students who are under 18 years of age and who are applying for admission based on the completion of an independent study equivalent to the high school level in a nontraditional setting rather than through a public high school, accredited private high school, or home school may be admitted on an individual approval basis provided that they:

1. Present a notarized record of the high school equivalent work completed and the date of successful completion. This work should be consistent with Texas Education Agency minimums for high school completion;
2. Comply with institutional testing requirements;
3. Agree to limitations or conditions of admission established by the institution.

d. Dual Credit/Early Admission: All high school students eligible for dual credit/early admission enrollment must submit an application to Victoria College, a Permission and Consent Form signed by a high school official and parent or guardian, and a current official high school transcript with TAKS or PSAT scores posted. Upon graduation from high school, an official high school transcript with graduation date posted must be submitted to the Victoria College Admissions & Records Office before a Victoria College transcript can be released. High school students who enroll in early admission classes must take the Texas Success Initiative (TSI) assessment test or meet exemption criteria prior to enrolling in any college-level courses. These students must pass the section(s) related to the course(s) in which they intend to enroll.

TSI assessment waivers are:

1. Early admission students classified as juniors who have completed the TAKS (10th grade test) with a scale score of 2200 or higher on mathematics and/or 2200 on English/Language Arts with a writing subsection score of 3 shall be waived for those corresponding sections.
2. Early admission students classified as juniors who have completed the PSAT/NMSQT with a combined score of 107 and a minimum of 50 on the critical reading and/or mathematics test shall be waived for those corresponding sections. Students must demonstrate eligibility to enroll in the 12th grade.
3. Early admission students classified as juniors who have achieved a composite score of 23 on the PLAN with a 19 or higher in mathematics and English shall be waived for those corresponding sections. Students must demonstrate eligibility to enroll in the 12th grade.

e. Transfer Students: Students who have attended another college must present an official transcript from each college attended as well as assessment scores (for students who are not assessment exempt). An official high school transcript or GED certificate is also required for transfer students who have earned less than 12 hours of credit. The record of work done at another institution will be evaluated according to the minimum standards in effect. All admission documents should be sent to the Admissions & Records Office prior to registration. For transfer credit information, see Transfer Credit Policy on page 52 in the Victoria College Catalog.
f. Foreign Students: Victoria College recognizes three categories of noncitizen students. The following admission requirements apply to students who are not U.S. citizens:

1. Permanent Residents: Submit a copy of the I-797 and green card, and then meet the same admission requirements as a U.S. citizen.

2. Refugee: Submit a copy of form I-94 indicating refugee status and then meet the same admission requirements as a U.S. citizen.

3. Nonimmigrant: The following requirements apply to all applicants holding a nonimmigrant visa issued by the U.S. Bureau of Citizenship and Immigration Service (USCIS):
   - Completed Application for Admission
   - Completed Application for I-20
   - Transcripts- Translated and evaluated by an approved Evaluation Service*
   - Official TOEFL Score Report with minimum score requirement of 500 for paper version; 173 for computer-based version; 61 for internet-based version (www.toeflgoanywhere.org)

Requirements for students transferring from another U.S. college or university:
   - Official transcript from transfer school, copy of I-20 from that school, and advisor’s report
   - Financial documents- letter of financial backing and bank statement(s)/bank Letter showing U.S. equivalency
   - Texas Success Initiative (TSI) Assessment Exam (THEA, Compass, Accuplacer, Asset, etc).

Students applying for an F-1 Visa (student visa) will need to have an I-20 application form completed and returned to the Admissions & Records Office. The I-20 may be processed after all of the above requirements have been met. Requests for I-20's should be made at least 60 days prior to the semester in which the student plans to enroll. Once the I-20 has been issued, the prospective student must also complete an I-901 form and submit with appropriate fee via internet, telephone, or mail to USCIS.

g. Individual Approval: Applicants not meeting the requirements for admissions listed above will be required to provide evidence they can complete college-level work. An Individual Approval form (www.victoriacollege.edu/images/files/student-services/individual_approval_form.pdf) must be completed and the Registrar or the Vice President of Instruction will determine eligibility for admittance to Victoria College.

*Victoria College accepts foreign transcripts translated/evaluated by one of the evaluation services below:

   - Peggy Bill Hendrickson Transcript Research: www.transcriptresearch.com
   - International Academic Credential Evaluators, Inc: www.iacei.net
Conditional Admission
Students who submit an application to the College must meet the requirements described in the METHODS OF ADMISSION sections. Students will be accepted and admitted conditionally for one semester. Students will only be allowed until the end of the first semester they are enrolled to submit all required documentation. Students who do not provide the required documentation will not be allowed to re-enroll until all documents are received. Students who have an administrative hold on their records will not be able to obtain a copy of their transcript.

Transcripts
Transcripts must bear the college seal, date, and appropriate signature, and must be in a closed, sealed envelope to be considered official. Transcripts should be mailed directly to the Admissions & Records Office from the other institution(s). In some cases, Victoria College will accept a hand-delivered transcript as long as the transcript is submitted in a closed, sealed envelope from the other institution. Transcripts that are not in a closed and sealed envelope are not acceptable and will not be considered official.

Students are responsible for submitting the required transcripts to the Admissions & Records Office. Transcripts become the property of Victoria College and cannot be returned to the student. Students who need official copies of another institution's transcript should contact that institution directly. Transcripts are imaged into the College's imaging system and originals are destroyed after 30 days.

Residency Requirements
Each student must show proof of both Texas and Victoria College District residency in order to pay resident and in-district tuition and fees. If, after submitting an application to Victoria College, there remain questions as to the student's proper residency classification, the student must provide a copy of one or more appropriately dated documents which will establish Texas or in-district residency.

The student is responsible for enrolling under the proper residency classification and for providing documentation as required by the institution. If there is any question about classification as a resident of Texas, the student must seek clarification from the Admissions & Records Office.

Students classified as nonresidents or out-of-district upon first enrollment at Victoria College are presumed to be nonresidents or out-of-district for the period during which they continue as students. Students who believe they are eligible for residency reclassification must submit a Request for Change of Residency Status form (www.victoriacollege.edu/images/files/studentservices/change_of_residency_petition.pdf) with appropriate documentation to the Admissions & Records Office and meet the requirements for reclassification. This request must be submitted prior to the official census date of the term in order to have the request considered for that term.

Determining State Residency
The rules for determining state residency are:
• Individuals 18 years of age or over who lived in Texas 12 months before enrolling are entitled to classification as a resident.
• For dependents over 18, residency is determined by the parent who claims the student for federal income tax purposes both at the time of enrollment and for the tax year preceding enrollment.
• Persons classified as nonresident students upon first enrollment are presumed to be nonresident for the period during which they continue as students.
• Students enrolling before having resided in the state for 12 months immediately preceding time of enrollment are classified as nonresidents for tuition purposes.
The following are some of the documents that can be used to provide evidence of Texas residency:

1. A transcript showing graduation from a Texas high school within the 12 months before enrollment
2. A permanent Texas driver’s license issued at least 12 months prior to the time of enrollment
3. A W-2 form or pay statement showing employment in Texas at least 12 months preceding enrollment
4. Purchase of a homestead at least 12 months preceding enrollment
5. Voter registration card issued at least 12 months prior to the time of enrollment

Determining In-District Residency
Once students have met the state residency requirements, they can verify their in-district (Victoria County) residency of at least 6 months by presenting one or more of the following types of documentation. This documentation must show an in-district address for the six months immediately prior to enrollment:

1. A permanent Texas driver’s license with current address
2. A lease agreement which includes the student’s name
3. A utility bill
4. A voter registration card
5. A payroll check stub
6. A property tax statement showing payment of Victoria College District taxes
7. A notarized statement which includes student’s name and address (from a 3rd party)

The Board of Trustees of Victoria College authorizes the waiver of the difference in the rate of tuition for the out-of-county or nonresident and in-county student or his/her dependent(s), who owns property purchased by or before time of enrollment which is subject to ad valorem taxation by the Victoria County Junior College District. The individual, or his/her dependents, applying for such waiver shall verify property ownership by presentation of an ad valorem tax statement or receipt, issued by the tax office of the District; or by presentation of a deed, property closing statement, or other appropriate evidence of ownership of property which is subject to ad valorem taxation by the District. This must be done prior to registration.

Military Personnel and Dependents
Persons in military service are presumed to maintain during their entire period of active service the same legal residence which was in effect at the time of entering the service. Education Code 54.058(b) provides that military personnel assigned to duty within the state of Texas, their spouses and their dependent children, shall be entitled to pay the same tuition as a resident of Texas regardless of the length of their physical presence in the state. To be entitled to pay resident tuition, military personnel shall submit at initial time of enrollment a statement from their commanding officer regarding their military status. This statement also must be obtained if active duty members seek resident tuition for their spouses or dependents. This statement is valid for one academic year. Each fall semester begins a new academic year at which time another form must be submitted.

Academic Fresh Start
An applicant for admission who is a Texas resident may seek to enter Victoria College pursuant to the Academic Fresh Start statute, Texas Education Code, 51.931. The applicant must complete the Academic Fresh Start Petition and submit it to the Admissions & Records Office prior to registration. Under the provision of this statute the institution will not consider academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute may not receive any course credit for courses taken 10 or more years prior to enrollment. For more information, contact the Admissions & Records Office.
Requesting a Victoria College Transcript

Upon graduation, a student may request up to 2 official printed transcripts for no charge. After the 2nd request for an official printed transcript, the cost will be $10 per printed transcript. Official electronic transcripts can be sent at no charge to institutions that have the capability to receive official electronic transcripts.

To request an official transcript, please visit the Welcome Center or complete the form available at www.victoriacollege.edu/transcriptrequest.

Please note: Any student who has an administrative hold in the College information system will not be able to view grades, receive refund checks, enroll for a consecutive semester, or receive transcripts.

New Student Information Session

The New Student Information Session is designed to acquaint new students with the Victoria College campus and the various resources that can enhance both personal development and academic success. All incoming freshmen are required to participate in a New Student Information Session prior to registration for courses. Failure to do so will result in a hold on the student's account. For New Student Information Session dates and times, visit www.victoriacollege.edu/nsis1.

In order to participate in a New Student Information Session students must:
1. Complete a Victoria College Application for Admission,
2. Submit assessment scores (unless exempt), and
3. Submit an official high school transcript.

Once students have completed these admission requirements, registration can be completed in the Victoria College Advising & Counseling Services Office or through web registration (if eligible).

For additional information, call (361) 572-6405.

Student Success: OnCourse

All incoming freshmen with fewer than 12 hours are required to enroll in SDEV 0301 and successfully complete the course with an SC or better, or they will be required to re-enroll their next semester. EDUC 1300 may be substituted for SDEV 0301, in which case a C or better must be earned.

Health Career Programs

Applicants for any health career, fire science, or emergency medical services programs must meet special entrance requirements and complete a departmental application form in addition to completing the general Victoria College application for admission and meeting general admission requirements.

ACT, SAT, or DET exam scores may be required for admission. The Department of State Health Services and Victoria College require that these students receive adequate immunization prior to clinical learning experiences.

Students’ Right to Review Information

With a few exceptions, students have the right to request, receive, review, and correct information collected on the application for admission. Each semester students participating in advisor-assisted registration and self-registration have an opportunity to review, correct, and verify application information as part of the registration process. For more information regarding 20 USC 1232G - Family Educational Rights and Privacy Act, visit http://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html.
Curriculum

Field of Study Curriculum
The Field of Study Curriculum is a set of courses that will satisfy the lower-division academic requirements for a bachelor’s degree in a specific academic area. All public four-year/upper level institutions are required to accept the Field of Study Curriculum in fulfillment of those lower-division courses required in majors that correspond to the field of study. Approved Field of Study Curriculum is defined by the Texas Higher Education Coordinating Board. Information concerning approved Field of Study Curriculum can be found at www.thecb.state.tx.gov. Victoria College does not offer all Field of Study courses. More information is also available through Advising & Counseling Services.

General Education
As an institution of higher education, Victoria College embraces the philosophy that a well-educated person understands multiple perspectives about the individual and the world in which he or she lives; discusses and reflects upon individual, political, and social aspects of life so as to understand ways in which to exercise responsible citizenship; and integrates knowledge and understands the interrelationships of the disciplines.

The Victoria College Core Curriculum is designed to provide students with the general education expected of any well-educated person.
Core Curriculum
The core curriculum is a set of courses in the liberal arts, humanities, sciences, and political, social, and cultural histories that all undergraduates of an institution of higher education are required to complete before receiving a degree. Completion of the core curriculum DOES NOT complete the requirements for an associate's degree. In order to fulfill the College's academic standards and in an attempt to help the students become well-rounded, educated individuals, the following core curriculum is required:

Total Minimum Hours 45

Full degree requirements can be found on pages 48-49.

If a student successfully completes the core curriculum at an institution of higher education, that block of courses may be transferred to any other institution of higher education and must be substituted for the receiving institution's core curriculum. A student shall receive academic credit for each of the courses transferred and may not be required to take additional core curriculum courses at the receiving institution unless the Texas Higher Education Coordinating Board has approved a larger core curriculum at that institution.
The following basic intellectual competencies are reflected in the Victoria College Core Curriculum:

1. **READING** – The ability to analyze and interpret a variety of printed materials – books, articles, and documents. Students should have the opportunity to master both general methods of analyzing printed materials and specific methods for analyzing the subject matter of individual disciplines.

2. **WRITING** – The ability to produce clear, correct, and coherent prose adapted to purpose, occasion and audience. Students need to be familiar with the writing process, including how to discover a topic, how to develop and organize it, and how to phrase it effectively for their audience. These abilities can be acquired only through practice and reflection.

3. **SPEAKING** – The ability to communicate orally in clear, coherent, and persuasive language appropriate to purpose, occasion, and audience. This includes acquiring poise and developing control of the language through experience in making presentations to small groups, to large groups, and through the media.

4. **LISTENING** – The ability to analyze and interpret various forms of spoken communication at the college level.

5. **CRITICAL THINKING** – The ability to apply both qualitative and quantitative skills analytically and creatively to subject matter to evaluate arguments and to construct alternative strategies. Problem-solving is one of the applications of critical thinking.

6. **COMPUTER LITERACY** – The ability to use computer-based technology in communicating, solving problems, and acquiring information. Students should have an understanding of the limits, problems, and possibilities associated with the use of technology and should have the tools necessary to evaluate and learn new technologies as they become available.

Each component area of the Core Curriculum achieves the above listed competencies through the exemplary objectives and learning outcomes listed below:

**COMMUNICATION** - The objective of a communication component of a core curriculum is to enable the student to communicate effectively in clear and correct prose in a style appropriate to the subject, occasion, and audience.

1. To understand and demonstrate writing and speaking processes through invention, organization, drafting, revision, editing, and presentation.

2. To understand the importance of specifying audience and purpose and to select appropriate communication choices.

3. To understand and appropriately apply modes of expression, i.e., descriptive, expositive, narrative, scientific, and self-expressive, in written, visual, and oral communication.

4. To participate effectively in groups with emphasis on listening, critical and reflective thinking, and responding.

5. To understand and apply basic principles of critical thinking, problem-solving, and technical proficiency in the development of exposition and argument.

6. To develop the ability to research and write a documented paper and/or to give an oral presentation.

**MATHEMATICS** - The objective of a mathematics component is to enable the students to demonstrate quantitative literacy an apply basic mathematical tools in the solution of real-world problems.

1. To apply arithmetic, algebraic, geometric, higher-order thinking, and statistical methods to modeling and solving real-world situations.

2. To represent and evaluate basic mathematical information verbally, numerically, graphically, and symbolically.

3. To expand mathematical reasoning skills and formal logic to develop convincing mathematical arguments.

4. To use appropriate technology to enhance mathematical thinking and understanding and to solve mathematical problems and judge the reasonableness of the results.

5. To interpret mathematical models such as formulas, graphs, tables, and schematics and draw inferences from them.

6. To recognize the limitations of mathematical and statistical models.

7. To develop the view that mathematics is an evolving discipline, interrelated with human culture and understand its connections to other disciplines.
NATURAL SCIENCES - The objective of the study of a natural sciences component of a Core Curriculum is to enable the student to understand, construct, and evaluate relationships in the natural sciences and to enable the student to understand the bases for building and testing theories.

1. To understand and apply method and appropriate technology to the study of natural sciences.
2. To recognize scientific and quantitative methods and the differences between these approaches and other methods of inquiry and to communicate findings, analyses, and interpretation both orally and in writing.
3. To identify and recognize the differences among competing scientific theories.
4. To demonstrate knowledge of the major issues and problems facing modern science, including issues that touch upon ethics, values, and public policies.
5. To demonstrate knowledge of the interdependence of science and technology and their influence on, and contribution to, modern culture.

HUMANITIES AND VISUAL AND PERFORMING ARTS - The objective of the humanities and visual and performing arts in a core curriculum is to expand students' knowledge of the human condition and human cultures, especially in relation to behaviors, ideas, and values expressed in works of human imagination and thought. Through study in disciplines such as literature, philosophy, and the visual and performing arts, students will engage in critical analysis, form aesthetic judgments, and develop an appreciation of the arts and humanities as fundamental to the health and survival of any society. Students should have experiences in both the arts and humanities.

1. To demonstrate awareness of the scope and variety of works in the arts and humanities.
2. To understand those works as expressions of individual and human values within an historical and social context.
3. To respond critically to works in the arts and humanities.
4. To engage in the creative process or interpretive performance and comprehend the physical and intellectual demands required of the author or visual or performing artist.
5. To articulate an informed personal reaction to works in the arts and humanities.
6. To develop an appreciation for the aesthetic principles that guide or govern the humanities and arts.
7. To demonstrate knowledge of the influence of literature, philosophy, and/or the arts on intercultural experiences.

SOCIAL AND BEHAVIORAL SCIENCES - The objective of a social and behavioral science component of a core curriculum is to increase students' knowledge of how social and behavioral scientists discover, describe, and explain the behaviors and interactions among individuals, groups, institutions, events, and ideas. Such knowledge will better equip students to understand themselves and the roles they play in addressing the issues facing humanity.

1. To employ the appropriate methods, technologies, and data that social and behavioral scientists use to investigate the human condition.
2. To examine social institutions and processes across a range of historical periods, social structures, and cultures.
3. To use and critique alternative explanatory systems or theories.
4. To develop and communicate alternative explanations or solutions for contemporary social issues.
5. To analyze the effects of historical, social, political, economic, cultural, and global forces on the area under study.
6. To understand the evolution and current role of the U.S. in the world.
7. To differentiate and analyze historical evidence (documentary and statistical) and differing points of view.
8. To recognize and apply reasonable criteria for the acceptability of historical evidence and social research.
9. To analyze, critically assess, and develop creative solutions to public policy problems.
10. To recognize and assume one's responsibility as a citizen in a democratic society by learning to think for oneself, by engaging in public discourse, and by obtaining information through the news media and other appropriate information sources about politics and public policy.
11. To identify and understand differences and commonalities within diverse cultures.
INSTITUTIONALLY DESIGNATED OPTION
(Computer Science Element) - The overall objective of a technology component within a core curriculum is to establish a working knowledge of the use of computers as a means of information processing and problem-solving.

1. Demonstrate knowledge of computer concepts and terms associated with information processing.
2. Recognize the benefits and the global nature of computer systems and explore computer applications in business, industry, education, and government.
3. Understand and apply basic math concepts and higher order thinking to solve problems using the computer.
4. Use appropriate technology to solve problems involving word processing, spreadsheet, and database assignments.
5. Demonstrate the use of e-mail as an effective means of communication (exchanging information).
6. Demonstrate use of the Internet as a resource for information gathering, dissemination, and problem-solving.

INSTITUTIONALLY DESIGNATED OPTION
(Physical Education Element) - The overall objective of a physical education component of a core curriculum is to increase students’ knowledge of, and participation in, fitness and/or health activities. Such knowledge will promote a lifelong commitment to personal fitness and wellness.

1. Demonstrate basic skill competencies and an understanding of the principles of injury prevention associated with specific physical activities.
2. Demonstrate an understanding of physiological principles related to training programs for the development of cardiorespiratory endurance, muscular strength, muscular endurance, body composition, and flexibility.
3. Describe the role of nutrition, exercise, and stress management in maintaining overall personal fitness, and wellness.
4. Describe the relationships between unhealthy lifestyle choices and the development of acute and chronic diseases.
Academic Foundations

Victoria College Academic Foundations

Victoria College faculty, staff, and administration are committed to the success of every student enrolled at Victoria College. Academic courses and some career and technical courses at Victoria College require students to demonstrate appropriate reading, writing, and/or mathematics skills prior to enrollment in those courses. When students need additional preparation to transition into college-level courses, Victoria College requires them to enroll in academic foundations courses based upon their Academic Foundations Plan (AFP). Students are required to enroll in academic foundations courses in those areas identified in the AFP each semester until the AFP is complete.

Victoria College provides two levels of academic foundations courses for those students whose AFP requires writing and reading and three levels for those students whose AFP requires additional preparation in mathematics. Students are assigned to a level based on their THEA or COMPASS scores (or other state-approved placement exams). Students enrolled in an AFP can progress from Level I to Level II by earning a grade of SA, SB, or SC in their Level I courses. Students enrolled in writing and/or reading Level II courses can progress to college-level courses by earning a grade of SA, SB, or SC in their Level II courses.

For students enrolled in an AFP that includes mathematics, it is possible to progress to College Mathematics, Statistics or Level III after successful completion of a Level II course with the grade of SA, SB, or SC. Level III is required in order to demonstrate readiness for college algebra and must be completed with an SA, SB, or SC. (It is possible for students to be placed in Level I courses in one area and Level II courses in another.)

In the area of mathematics, students may elect to enroll in a multi-level course in which they demonstrate competency by completing modules at Levels I, II, and/or III. Students earning a T in this multi-level math class are considered TSI complete and can progress to College Mathematics, Statistics or Level III if more math is needed for the students’ program or degree. A grade of SA, SB, SC, or UF will be assigned accordingly. These grades are not used for graduation purposes and the courses do not apply to the number of credits required for a degree or certificate.

Students who are not college ready in two or more areas will be required to enroll in a Student Success: On Course class as part of their AFP. Please refer to the Required Testing section of this catalog (pages 18-19) for additional information about the Texas Success Initiative and college readiness.

Scholastic Probation

Students enrolled with Victoria College are expected to make a semester/term grade point average of 2.0.

A student who is enrolled for six or more semester hours (credit) and fails to make a 2.0 semester/term grade point average will be placed on scholastic probation.

The semester/term grade point average will be determined by considering all courses taken except those courses in which grades of Q, W, S, SA, SB, SC, U, or UF were received.

Students on scholastic probation may remove their probationary status by taking six or more semester credit hours and earning a semester/term GPA of 2.0 or above.

Students placed on scholastic probation will be required to enroll in SDEV 0301 or EDUC 1300 if the course has not been completed in a previous semester.

Transfer Students

Students transferring from another college/university to Victoria College will be admitted without regard to probation status from their former college or university.
Enforced Withdrawal

Students who are on scholastic probation, take six or more semester credit hours, and earn below a 2.0 semester/term GPA for their next semester/term of enrollment will be placed on enforced withdrawal.

Students placed on enforced withdrawal:
- Will not be permitted to return to Victoria College until one semester (fall or spring or summer) has elapsed.
- Have the right to appeal for readmission through the Director of Advising & Counseling Services.

The procedure for the appeal is as follows:

(1) The student must submit the completed appeal form to the Advising & Counseling Services Office no later than 5 working days (M-F) prior to the first day of class.

(2) If the Director of Advising & Counseling Services or his/her designee decides that the appeal will not be granted, the student will be notified in writing of the denial. The student has no further right of appeal.

(3) If the Director of Advising & Counseling Services or his/her designee decides to consider the appeal, the student will be contacted by phone to set up a personal interview.

(4) At the time of the personal interview, topics of discussion will include further explanation of the appeal and the conditions to which the student agrees (student is allowed to repeat a maximum of two courses in which grades of D or F were earned), provided the student is readmitted. If the student is readmitted, he/she will be required to enroll in EDUC 1300 if the course has not been completed in a previous semester.

(5) Students who are granted readmission will sign an Agreement of Understanding for Enforced Withdrawal.

All About The Grades

Grades
The grades used in Victoria College records and reports are:

A  (90-100, excellent)
B  (80-89, good)
C  (70-79, average)
D  (60-69, poor-lowest passing grade)
F  (59 and below, failure)
S  Satisfactory
SA Satisfactory
SB Satisfactory
SC Satisfactory
U  Unsatisfactory
UF Unsatisfactory
W  Withdrawn
    (indicates an official withdrawal from a course by a student or administrative action)
I  Incomplete
Q  Insufficient cause drop

The grade of I (incomplete) is given at the instructor's discretion when the student has made arrangements with the instructor prior to the final exam to award the incomplete due to extenuating circumstances (validity of extenuating circumstances is determined by the instructor). In order to receive an "I" the faculty member and the student must sign an Agreement of Settlement of "I" Grade form. An incomplete (I) will be changed to a letter grade (A,B,C,D,F,SA,SB,SC,UF) if the student takes the final exam or makes up the work that is prescribed by the instructor. An incomplete not removed within 90 calendar days after the completion of the semester/term is changed to an F or UF. Only the instructor of the course may grant an extension of time.

Students who believe they have not received grades based upon a fair and just evaluation as measured by the standards written on the syllabus given by the instructor at the first or second class meeting must report the matter in writing to the appropriate dean no later than ten days after the first class day of the next semester. F For further information, refer to the VC Student Handbook.
Grade Points
A four-point system for expressing in numerical terms the quality of academic scholarship achieved by the student is used in determining eligibility for honors, probation, enforced withdrawal, financial aid, membership in student organizations, etc. The system is as follows:

Each grade of **A** earns **4 grade points** for each semester hour of the course.
Each grade of **B** earns **3 grade points** for each semester hour of the course.
Each grade of **C** earns **2 grade points** for each semester hour of the course.
Each grade of **D** earns **1 grade point** for each semester hour of the course.
Each grade of **F** earns **0 grade points** for each semester hour of the course.

Grades of **W**, **S**, **SA**, **SB**, **SC**, **U**, **UF**, **I**, **Q** are not awarded grade points and, therefore, these hours are not used in the computation of a grade point average.

Grade Point Average (GPA)

Semester/Term Grade Point Average
Victoria College computes a grade point average for each individual semester/term of enrollment. The semester/term GPA is calculated using credit hours in which a grade of A,B,C,D, or F was earned. **The semester/term GPA is used for determining scholastic probation/enforced withdrawal status.**

Cumulative Grade Point Average
• Beginning with the Spring 2010 semester, a single cumulative GPA is computed using only credit hours in which a grade of A,B,C,D, or F was earned. **This cumulative GPA is used for determining financial aid warning/suspension status. This cumulative GPA is also used for graduation purposes.**

• Repeating a Course(s) - Only the most recent grade earned in a course taken and repeated at Victoria College is used in the computation of the cumulative grade point average (Effective with 1992 Summer School I session).

Grade Reports
Electronic grade reports are available in the Pirate Portal.

Eight and Five Weeks Report
Unsatisfactory grades (D, F, or UF) are made available to the student at the end of the first eight weeks for courses lasting 16 weeks for the fall and spring semesters only. Midterm grades for courses lasting fewer than 16 weeks are not posted. GPA calculations, including eight and five week courses, are computed in May and December.

Semester Report
Final grades are available through the Pirate Portal at www.victoriacollege.edu. Students’ login and passwords are required to access grades.
Registration

Advisor-assisted Registration
The College calendar (see pages 12-13) designates the dates for registration at the beginning of each session. The class schedule is posted each semester in the Pirate Portal and at www.victoriacollege.edu/classschedule which lists detailed dates and procedures as well as any revisions or adjustments. Inquiries about advising should be directed to the Advising & Counseling Office at (361) 582-2400.

During the registration process, prospective students:
1. Complete application process
2. Develop a schedule and register for classes
3. Pay tuition and fees

Students will not be officially enrolled until all tuition and fees have been paid in full or students have made arrangements with the Payments Office to utilize the installment plan. The Payment Office is located in the Student Services Building and can be contacted at (361) 485-6840.

Web Registration
A student may register using web registration if the following requirements are met:

1. Scores are on file on all parts of an assessment test or students are exempt.
2. There are no holds on record (admissions, library, parking, etc.).
3. The student is a returning VC student or a transfer student who has completed the application process at least one week prior to registration.
4. The student is not on enforced withdrawal.

A username and password can be retrieved through the Pirate Portal once the application process has been completed. For assistance with login and password retrieval, contact the Help Desk at (361) 582-2509. This login information will be used as a security measure each time a transaction takes place and should be known only by the student.

Semesters, Sessions and Credit
The College operates on the following plan:

• Fall and Spring semesters of fourteen weeks or sixteen weeks
• Fast Track classes of five-week or eight-week terms throughout the fall and spring semesters.
• May Interim session of ten days available over a three-week period between the end of the spring semester and the beginning of the first summer session.
• Summer session divided into two terms of approximately five weeks each and one term of eight weeks.

The unit of credit in college is the semester credit hour, which is the credit earned by passing a lecture course which meets one hour per week for a semester or a lab class which meets three hours per week for a semester. The normal load for a student varies from twelve to eighteen semester credit hours.

In the summer session, a full-time student normally earns twelve semester hours in two terms. The Association of Texas Colleges sets fourteen semester hours as the maximum which may be earned in a summer.

Course Load

Course Load Per Semester/Session

• Fall and/or Spring semesters
  Students may enroll in a maximum of 18 hours.

• Summer sessions
  Students may enroll in six semester credit hours per five week summer session. Summer Term exceptions (such as 2 three-hour courses in addition to a Physical Education course) must be approved by the Director of Advising & Counseling Services Office.

• Interim Session
  Students may enroll in a maximum of one course. Students may be granted permission to enroll in excess of the allowable number of courses by the Director of Advising & Counseling Services.
Credit by Exam

Victoria College recognizes that students, by reasons independent of the college environment, may already have achieved college-level proficiency in credit courses. Therefore, students at Victoria College may receive credit for this achievement (1) through national standardized testing and/or (2) through a local subject area exam. The examinations that comprise the basis of the Victoria College program are: College Level Examination Program (CLEP), College Board Advanced Placement (AP) Examinations, Enhanced American College Testing (ACT) Program, College Board (SAT) Program, International Baccalaureate Diploma (IBD) Program, and the Victoria College Departmental Course Examinations.

To have credit by exam posted on their permanent record, students must complete the Petition to Record Credit by Examination available in the Admissions & Records Office or in the Welcome Center.

Credit earned by examination will be awarded after official enrollment at Victoria College in a credit course(s).

Credit will be granted only for courses in which a student has neither a passing nor a failing grade. Credit by exam will be accepted as “credit only” (CR) and will not affect a student's grade point average.

Credit by exam can be used to meet prerequisites for higher level courses.

Credit by exam satisfies degree requirements in the same way as credit earned by passing courses. Credit by exam performance standards are set by the department in which the courses are taught and are subject to change at the department's discretion.

*Exam is written and “hands-on” welding skills.
**Exam is written only.

Advanced Placement (AP) exams are offered once each year in May, usually in high schools that offer college-level courses based on AP course descriptions.
Tech Prep Credit

All state Tech Prep programs lost their funding at the end of the 2010-2011 school year. No new articulations were (or will be) formed from that point on. Students who earned Tech Prep credit up to the end of the 2010-2011 school year will be able to claim their credit at the Victoria College Welcome Center through May of 2014. Please call (361) 572-6414 for more details.

Transfer of Credits

It is the responsibility of the student to familiarize himself or herself with the course requirements of the college to which he or she plans to transfer and to make certain the choice of courses and the required grades in those courses are satisfied. Please contact Advising & Counseling Services for additional information.

A university is authorized by the Association of Texas Colleges to accept sixty-six semester hours from a community college. Students with acceptable grades do not experience any difficulty in transferring sixty-six hours from Victoria College to senior colleges that are members of the Southern Association of Colleges and Schools Commission on Colleges or other regional accrediting associations.

Students planning to transfer to another educational institution are encouraged to work closely with an advisor from both institutions.
## Classification of Students

### Full-time, Half-time, and Part-time Students

<td>Students enrolled for less than full-time are considered part-time students.</td>
<td></td>
</tr>
</tbody>
</table>

## Audit Policy

A student who has met all the requirements for admission to the College may enroll in a course as an auditor, if there is space available. Any changes from audit to credit must be accomplished by the last date to add a class. A student is not permitted to change from credit to audit. An audited class may be taken for credit at a later date.

Once enrolled on an audit basis, a student is subject to the same rights and responsibilities of a student enrolled for credit. As such, it is expected that the student auditing the class will complete all of the assignments and take all of the tests, quizzes, and exams as a student enrolled in the course for credit.

Once a student has met all the requirements for successful completion of the course, the student will receive a grade of Au. The Au grade has no value in computing grade point average or credit hours earned. If a student withdraws from a course prior to completion, no grade will be assigned.

Fees for an audit will be set at a rate commensurate with the cost of instruction.

## Fall 2006 and after Beginning Freshmen (30-Hour Rule)

HB 1172 and SB 1528 of the 79th Texas Legislature amended the Texas Education Code (Sections 54.014 (54.068 renumbered in 2005)) to limit the number of semester credit hours per undergraduate student that institutions may submit for state funding. This ruling applies to students who first enroll in college in the Fall 2006 semester or later. Additional tuition will be charged to students who have attempted 30 or more credit hours beyond their degree’s requirement at Texas public colleges or universities. See the Non-State Funded Course Fee. (This does not include credit hours for which the student paid out-of-state tuition, courses designated as academic foundations, any hours removed under Academic Fresh Start, or hours accumulated toward a previous baccalaureate degree.) Students who entered higher education for the first time prior to Fall 1999 while classified for tuition purposes as a Texas resident are exempt.
45-Hour Limit

Senate Bill 345 of the 76th Texas Legislature amended the Texas Education Code to limit the number of semester credit hours per undergraduate student that institutions of higher education may submit for state funding. Specifically, higher rates of tuition (approx. $80.00) may be charged to students who exceed the number of hours required for their degree by 45 semester credit hours. This ruling applies to students who first enroll in college in the Fall 1999 semester or later. Credit hours for academic foundations and technical courses are not counted in the 45-hour limit.

Legislation Concerning Physical Education Courses

An appropriations rider (Special Provisions Relating Only to State Agencies of Higher Education, Sec. 44, Funding for Physical Education Courses) which became effective in the Fall 1999 semester states that colleges and universities will not receive funds for students who enroll in a physical education course if: 1) it is the only course being taken that semester; 2) the student is non-degree seeking; and 3) the course (same activity) has already been taken. Students falling into this category will be charged additional tuition (approximately $80.00). If this additional charge is not made at registration, it may be collected during the semester. Failure to pay this charge (if student is notified during the semester rather than at registration) will result in a hold being placed on the student’s record.

Legislation Concerning Courses Attempted More Than Twice

HB 994, passed during the 79th Texas Legislature, allows public junior colleges to charge a student a higher rate of tuition for a course attempted more than twice beginning with Fall 2002 coursework. Public junior colleges do not receive state funds for these types of courses. See the Non-State Funded Course Fee.

Adding a Course

Course additions to student’s schedule may be initiated in Advising & Counseling Services Office or on the web prior to the 1st class day for those eligible (see current course schedule).
Six Drop Rule

Beginning with the 2007-2008 academic year, students enrolling at any college or university for the first time may not drop a total of more than six courses without consequence for other than good cause (as defined below). This total includes any course a student transferring to Victoria College has dropped at another college or university with the exception of private and/or out-of-state colleges/universities. Students transferring to Victoria College from another institution will not be permitted to drop a class for any reason other than good cause until official transcripts from the transferring institution have been received in the Victoria College Office of Admissions & Records Office.

In order to drop a course for good cause, students must provide the appropriate documentation, as described below, to the Advising & Counseling Services Office:

Good cause can include but is not limited to:

1. a severe illness or other debilitating condition that affects the student's ability to satisfactorily complete the course (a doctor's note verifying the condition will be required);

2. responsibility for the care of a sick, injured or needy person if the provision of that care affects the student's ability to satisfactorily complete the course (a doctor's note verifying the student is the care giver will be required);

3. the death of a person who is considered to be a member of the student's family or who is otherwise considered to have a sufficiently close relationship to the student (a copy of the death certificate will be required);

4. the active duty service as a member of the Texas National Guard or the armed forces of the United States of either the student or of a person who is considered to be a member of the student's family or who is otherwise considered to have a sufficiently close relationship to the student that the person's active military service is considered to be a showing of good cause (a copy of the military member's orders will be required);

5. the change of a student's work schedule that is beyond the control of the student and that affects the student's ability to satisfactorily complete the course (a letter from the employer verifying the change in work schedule); or

6. other good cause as determined by the Vice President of Instruction or Vice President of Student Services, or designee.
## FAQs - Six Drop Rule

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>I dropped a course on the second day of the semester; will this count against me?</td>
<td>No, as long as you drop a 16 week course before the 12th class day of the semester, the course will not count as one of the six. If the course meets fewer than 16 weeks, the College will determine the deadline based on course length.</td>
</tr>
<tr>
<td>I’m taking a chemistry class that has a lab. If I drop the lecture and the lab, will it count as 2 classes?</td>
<td>No. Lab courses taken concurrently with lecture courses where enrollment in the lab course is required in order to enroll in the lecture course are not considered part of the six course drop limit.</td>
</tr>
<tr>
<td>I dropped a course in the summer of 2006. Will that count as one of the six?</td>
<td>No, The six drop limit applies only to students who are taking classes for the first time in the fall of 2007.</td>
</tr>
<tr>
<td>I am dropping all of my classes because I am moving. Will they be counted as part of the six course drop limit?</td>
<td>No. Courses dropped in order to withdraw completely from the college are not considered as part of the six course drop limit for the purposes of this policy.</td>
</tr>
<tr>
<td>What happens if I drop 7 classes?</td>
<td>The college will not allow you to drop 7 classes. The grade you have earned in the seventh course will be recorded on your transcript. If you stop attending class, that grade will be an F.</td>
</tr>
<tr>
<td>I’m going to a four-year university in the fall. If I return to take classes at Victoria College next summer and decide to drop one of those classes, will the university count the VC class as one of my six?</td>
<td>Yes. A total of six courses can be dropped. The six can come from multiple colleges and universities.</td>
</tr>
<tr>
<td>I need to drop a course for good cause but I don’t see my good cause reason listed. What do I do?</td>
<td>Make an appointment to talk with either the Vice President of Instruction or the Vice President of Student Services or their designee.</td>
</tr>
</tbody>
</table>
FAQs - How do I drop a class?

<table>
<thead>
<tr>
<th>If you are dropping a class*:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Do one of the following:</strong></td>
</tr>
<tr>
<td>1. Stop by the Advising &amp; Counseling Services Office</td>
</tr>
<tr>
<td>Available Monday-Thursday 7:30am - 6pm and Friday 7:30am - 5pm</td>
</tr>
<tr>
<td>2. Submit written request via e-mail to <a href="mailto:advisorhelp@victoriacollege.edu">advisorhelp@victoriacollege.edu</a>:</td>
</tr>
</tbody>
</table>

Include the following information:
- Student's Full Name
- Student ID Number (v############)
- Course Name, Number, and Section (i.e. ENGL1301.5)
- Full Name of Instructor
- Reason for your drop
- Student's phone number

* Beginning with the 2007-2008 academic year, students enrolling in a college or university for the **first time** may not drop a total of more than six courses for other than good cause. **If you are dropping for “Good Cause,” please be sure to include documentation supporting this type of drop.** Unless the course is dropped for good cause, the dropped course will count toward the six course drop limit.

* Students in selective admission programs must follow drop procedures established by the specific program.
How do I completely withdraw from the college?

If you are withdrawing from the college*:

Do one of the following:

1. Stop by the Advising & Counseling Services Office
   Available Monday-Thursday 7:30am - 6pm and Friday 7:30am - 5pm

2. Submit written request via e-mail to advisorhelp@victoriacollege.edu:

   Include the following information:
   • Student's Full Name
   • Student ID Number (v########)
   • Course Name, Number, and Section (i.e. ENGL1301.5)
   • Full Name of Instructor
   • Reason for your drop
   • Student's phone number

* Students in selective admission programs must follow withdrawal procedures established by the specific program.

What is the deadline to withdraw without consequence?

<table>

</tbody>
</table>
Effects of Course Load Reduction/Total Withdrawals

Students on financial aid should check with the Financial Aid Office prior to dropping a course to determine the effects of the course load reduction on financial aid eligibility.

1. All withdrawals through the Friday of the 10th week of classes during the fall and spring semesters will result in a course grade of W or Q. Unless the course is dropped for good cause, the withdrawal will count toward the six course drop limit and will be noted as Q. Courses dropped for good cause will be noted on the transcript as a W.

2. After the tenth (10th) week of classes, NO WITHDRAWALS will be permitted.

3. The above regulations also apply to courses of less than 16-week duration with days and/or weeks pro-rated.

Distance Education

Distance education course standards, college credit, content, and transferability are the same as traditional courses offered on-campus. Students have the same rights, privileges, and responsibilities as on-campus students. Distance education courses are transcripted the same as on-campus courses. The registration process and Texas Success Initiative requirements for distance education courses are the same as for all other Victoria College courses.

COURSES

Online courses are courses in which the content is delivered completely over the Internet. Students may need to come on campus several times as determined by the course instructors for specific activities or for testing. Hybrid courses are courses in which the content is delivered through a combination of online and on-campus instruction. To take an online or hybrid course, students will need access to a computer with an Internet connection. Students can use any of the on-campus computers in the open computer labs or the library to complete their coursework. An online or hybrid course may require certain minimum hardware and software configurations on a student's machine. Those requirements are the responsibility of the student. Interactive Television (ITV) courses are courses in which students and faculty meet in an interactive television classroom and interact with other students and/or faculty at a remote location.

TESTING

Some online courses may require one to five proctored (supervised) exams during the semester. Proctored exams may be accomplished in the Testing Center on the main campus, the Calhoun County Center, the Gonzales Center, or an approved off-campus testing site at the discretion of the course instructor. All final exams for online classes must be proctored. Each instructor determines the need for additional proctored exam or exams.
ORIENTATION SESSIONS
Blackboard Orientation sessions explain how to use Victoria College’s current Online Course Management System (Blackboard). While the sessions do not cover course-specific material, they are designed to minimize the time needed to figure out how to use the technology so that students can spend their time concentrating on the course content. All new online students are required to attend one of the sessions. Any student taking an online course is welcome to attend. These sessions contain valuable information that can help increase the chance of success in online courses. Online and hybrid instructors may hold online or on-campus orientation sessions specific to their courses.

VIRTUAL COLLEGE OF TEXAS (VCT)
The Virtual College of Texas is a collaboration of the Texas community and technical colleges. Although VCT courses may originate from any one of the more than forty public college participants in the state, they have the same tuition, admission procedures and requirements, Texas Success Initiative requirements, and appear on an academic transcript like any other Victoria College courses. If a Victoria College course is not offered online or if the Victoria College online course is full, students may look for the course on the VCT website (http://www.vct.org). Each course requested must be reviewed and approved to ensure that it meets the same course guidelines as the matching Victoria College course.

Final Exams

1. Semester Final Examinations
Examinations are normally given at the end of each semester/term according to a schedule prepared by the Admission & Records Office. Classes with a schedule that deviates from the normal semester schedule will be given final exams when those classes end. All final examinations must be proctored, and no student is exempt from taking the exam. In general final exams are not given early, but on a case-by-case basis the Division Dean may allow the final exam to be given prior to the scheduled time.

2. Online Final Examinations
Proctored examinations will be offered during the week of final exams in either an online environment in a Testing Center or face-to-face using the same format as traditional class finals, which are not to exceed three hours. Student should not be required to take exams during times that conflict with the final exam schedule prepared by the Admissions & Records Office.

3. Postponed Examination
If a student is unable to take an exam as scheduled, the student must petition the instructor in writing prior to scheduled time of the final in order to reschedule the exam.

4. Absence from a final examination without valid reason will result in a grade of F or UF for the course.
Dean’s List

Students will be listed on the Dean’s List for a given semester if they meet the following criteria: complete at least 12 semester hours during that semester (excluding Academic Foundations courses), earn a 3.50 or higher semester grade point average on graded courses, and have no grades of U or F for that semester.

Degree/Certificate Requirements

Victoria College grants the following:
- Associate of Arts Degree
- Associate of Science Degree
- Associate of Applied Science Degree
- Certificates for selected Allied Health Programs
- Career & Technical Education Programs

Graduation Application
The student who is a candidate for the Associate of Arts Degree, the Associate of Science Degree, the Associate of Applied Science Degree, or a Career & Technical Education Certificate must make an application for graduation to the Admissions & Records Office during the semester in which he/she plans to graduate.

Course Substitutions
Course substitutions may be considered only for an Associate of Applied Science Degree or for the Certificate for selected Career & Technical Education or Allied Health Programs. Substitutions must be initiated with the appropriate department chair. Career & Technical Education courses may not be substituted for general education courses. There are no substitutions for core curriculum courses for the Associate of Arts or Associate of Science degrees.

Transfer Courses
If a student successfully completes the core curriculum at a Texas public institution of higher education, or receives a bachelor’s degree from a regionally accredited college or university, that block of courses may be transferred to Victoria College and may be substituted for the Victoria College Core Curriculum. A student shall receive academic credit for each of the courses transferred and may not be required to take additional courses to complete the Victoria College Core Curriculum.
Associate of Arts Degree

1. Unconditional admission or the removal of all entrance conditions.
2. Completion of a minimum of 62 semester credit hours with at least a 2.0 grade point average. Only Victoria College courses will be used in grade point average calculation.
3. Completion of at least 25 percent of semester credit hours earned through instruction at Victoria College.
4. Meet minimum standards of all areas of the assessment test to satisfy the Texas Success Initiative or meet exemption requirements.
5. Completion of Core Curriculum (45 hours). See page 27.
6. Completion of one literature course (3 hours) in addition to core requirements. Select one course: ENGL 2322, 2323, 2327, 2328, 2332, 2333

Associate of Science Degree

1. Unconditional admission or the removal of all entrance conditions.
2. Completion of a minimum of 62 semester credit hours with at least a 2.0 grade point average. Only Victoria College courses will be used in grade point average calculation.
3. Completion of at least 25 percent of semester credit hours earned through instruction at Victoria College.
4. Meet minimum standards of all areas of the assessment test to satisfy the Texas Success Initiative or meet exemption requirements.
5. Completion of Core Curriculum (45 hours). See page 27.
6. Completion of one mathematics course (3-4 hours) in addition to core requirements. Select one course: MATH 1314, 1316, 1324, 1325, 1332, 1342, 2312, 2413, 2414.

Associate of Applied Science Degree

1. Unconditional admission or the removal of all entrance conditions.
2. Completion of a minimum of 62 semester credit hours with at least a 2.0 grade point average. Only Victoria College courses will be used in grade point average calculation.
3. Completion of all courses in the program of study as outlined in the catalog.
4. Completion of at least 25 percent of major-field courses plus the capstone course, if any, earned through instruction at Victoria College. Exceptions for work/life experience may be granted for those seeking degrees in Fire Science or Criminal Justice provided all other requirements have been satisfied.
5. Meet minimum standards of all areas of the assessment test to satisfy the Texas Success Initiative or meet exemption requirements.
Certificate in a Career & Technical Program

Victoria College grants a certificate in a variety of Career & Technical Education programs. To earn a Certificate of Completion, students must complete the following requirements:

1. Unconditional admission or the removal of all entrance conditions.
2. Completion of the minimum semester credit hours as outlined in the program of study in the catalog with at least a 2.0 grade point average. Only Victoria College courses will be used in the grade point average calculation.
3. Completion of at least 25 percent of major-field courses plus the capstone course, if any, earned through instruction at Victoria College.
4. Successful completion of all required foundational coursework or minimum Level II assessment score.

Certificate in an Allied Health Program

Victoria College grants a Certificate in Vocational Nursing in the Allied Health Division. To earn a Certificate of Completion in the Vocational Nursing Program students must complete the following requirements:

1. Completion of all semester credit hours outlined in the VN Program of Study in the catalog with a grade of “C” or better in each course.
2. Completion of at least 25 percent of the VN courses including the capstone course earned through instruction at Victoria College.
3. See the Vocational Nursing Program of Study in this catalog for information regarding admission to the program.
Catalog Year Designation for Degree and/or Certificate Requirements

It is the responsibility of the student to know and to satisfy all of the requirements listed under his or her specific catalog if the student intends to graduate from Victoria College. Since requirements and programs are subject to change, students should be aware of current regulations and requirements at all times.

Catalog year designations are made according to the following guidelines:

- **First Time VC Student** - Students entering Victoria College for the first time are assigned to the catalog in effect at the semester and/or session of entry. These students must follow the degree and/or certificate requirements as specified in that catalog, or any subsequent catalog of their choice, as long as the length of time of a student's enrollment does not exceed five years.

- **VC Student whose enrollment exceeds 5 years** - Students whose enrollment at Victoria College exceeds five years will forfeit the initial catalog designation. These students must then meet the degree and/or certificate requirements specified in a catalog no more than five years old.

- **Student not enrolled for 2 or more consecutive semesters** - Students who are not enrolled for two or more consecutive regular (fall or spring) semesters must meet the degree and/or certificate requirements of the catalog in effect at the time of reentry, or any catalog thereafter, not to exceed five years.

- **Degrees and certificates will be awarded from only one catalog.**

- **Students who are admitted or readmitted into selective admission programs** - Students who are admitted or readmitted into selective admission programs must meet the curriculum requirements in the current catalog. If curriculum changes have occurred since the student entered the program of study, the student should contact the program director for guidance.

Graduation Participation and Honors

Participation in graduation ceremonies is optional for those candidates who have met the minimum degree or certificate requirements for:

- the Associate of Science
- the Associate of Arts
- the Associate of Applied Science or
- the Certificate

Candidates eligible for graduation must complete a Graduation Application in the Welcome Center or the Admissions & Records Office located in the Student Services Building. It is preferred that the Graduation Application be completed within the first two weeks of the semester/term in which the candidate plans to graduate. The highest honor (GPA) graduate(s) for an Associate Degree as well as the highest honor (GPA) graduate(s) for a Certificate will be recognized during the commencement ceremony. Graduation with honors is noted on the official student transcript.

Graduating With Honors

To graduate with honors, a candidate must have a 3.5 Victoria College cumulative grade point average, excluding academic foundational course work. Candidates will not be considered for honors unless they have been in attendance at Victoria College for a minimum of two semesters and completed a minimum of twenty-four semester credit hours in residence.

Honor designations are as follows:

<table>
<thead>
<tr>
<th>GPA Range</th>

<tr>
<td>3.5 - 3.69</td>
<td>Cum Laude</td>
</tr>
<tr>
<td>3.7 - 3.89</td>
<td>Magna Cum Laude</td>
</tr>
<tr>
<td>3.9 - 4.0</td>
<td>Summa Cum Laude</td>
</tr>
</tbody>
</table>
Victoria College
Transfer Credit Guarantee

Victoria College guarantees the transferability of course credits to any state supported Texas college or university. If such courses are rejected by the receiving institution, the student may take courses tuition-free at Victoria College which are acceptable to the receiving institution, under the following conditions:

1. Transferability means the acceptance of credits toward a specific major and degree. Courses must be identified by the receiving institution as transferable;

2. Limitations of total number of credits accepted in transfer, grades required, relevant grade point average, and duration of transferability apply as stated in the catalog of the receiving institution; and

3. The guarantee applies exclusively to courses included in a written advising plan, which includes the institution to which the student will transfer, the major and degree sought, and the date that the educational goal was made. This information must be filed with Victoria College.

The Texas Higher Education Coordinating Board distinguishes between transfer problems and transfer disputes.

Transfer problems may include, but are not limited to, the following:

- A student may lose credit hours or have to take additional lower-level courses when he or she changes majors.
- Students may not decide which upper-level/senior institution they will attend to complete their degree until after they have completed significant lower-level coursework. Courses taken may not apply or transfer to the institution selected.
- A student may take more than 66 lower-level credit hours.
- A student may have received unsatisfactory grades in lower-level courses.
- The student may take vocational, technical or academic foundations courses that are not defined as general academic courses.

- Compliance with external accrediting agencies, newly enacted legislation, and changes in Texas Education Agency or Coordinating Board regulations may invalidate courses students have already completed.
- Students may take more credit hours in a course category than will transfer. Examples include activity hours in physical education, choir, band, etc.
- Institutions may not accept work that is considered too old based on college or program policy.
- The student may repeat courses to raise grade point averages. Duplicate credit will not be accepted.

Transfer Disputes

Transfer disputes may arise when a Texas institution of higher education does not accept lower-division course credit. To qualify as a dispute the course(s) in question must be offered by the institution denying the credit (receiving institution), or in the case of upper-level institutions, must be published as a lower-division course accepted for fulfilling lower-level requirements. For community colleges, the course(s) must be listed in the Community College General Academic Course Guide Manual, and be offered at the receiving institution. Additionally, the sending institution must challenge the receiving institution's denial of credit.

Instructions for Completing the Transfer Dispute Resolution Form, Rules and Regulations of The Texas Higher Education Coordinating Board, Chapter 5, Subchapter S 5.393:

a. Public institutions of higher education shall follow the following procedures in the resolution of credit transfer disputes involving lower-division courses:

1. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied.
2. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with THECB rules and/or guidelines.
3. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student receives written notice of denial, the institution whose credit is denied for transfer shall notify the Commissioner of Higher Education of the denial.

b. The Commissioner of Higher Education or the Commissioner’s designee shall make the final determination about the dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

c. All public institutions of higher education shall publish the procedures described in subsections (a) and (b) of this section in their undergraduate course catalogs.

d. All public institutions of higher education shall furnish data to the Board on transfer disputes as the Board may require in accord with its statutory responsibilities under Section 61.078(e) of the Education Code.

e. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should notify the Commissioner of Higher Education. The Commissioner may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

**Transfer Credit Policy**

Victoria College accepts academic college-level courses completed with a grade of D or better from schools with regional accreditation. Degree applicable credit is only awarded in academic subjects with a corresponding Victoria College discipline and only for those courses in which a grade of C or better was earned. Courses in which a letter grade lower than C was earned and courses for which there is no corresponding VC discipline will be accepted as elective credit.

Official transcripts, including military transcripts, and official score reports for standardized exams such as AP, IB, CLEP, etc. must be submitted to the Admissions & Records Office.

**Military Physical Education (PE) Credit:**

Requests for PE credit will be evaluated by the Admissions & Records Office. 1 PE credit will be granted for every 6 months of active duty service not to exceed four credits.

**International Transcripts:**

Coursework from institutions outside the U.S. will be considered on a case by case basis, and these students will be required to furnish an evaluation of their courses. See Methods of Admission: Foreign Students on page 22 for a list of approved evaluation agencies.

A course by course evaluation is not required for Texas Success Initiative (TSI) completion.

**Experiential Learning:**

Victoria College does not grant credit for experiential learning.

**Evaluation Process of Transfer Credit**

Initial evaluation of transfer credits is made in the office of Advising & Counseling Services. College courses on transcripts from other colleges and universities with the Texas Higher Education Coordinating Board (THECB or the Board) common number are accepted as comparable courses. Courses without the THECB common number are evaluated by reviewing catalog descriptions and in some cases, course syllabi. It is the students’ responsibility to provide the academic advisor (advisor) with course descriptions and/or syllabi. Below are the transcript evaluation steps:

1. Advisor conducts initial transcript evaluation by reviewing course description and syllabi.
2. Advisor electronically forwards recommendation with supporting documentation to appropriate dean.
3. Dean reviews recommendation in consultation with discipline expert.
4. Dean approves/declines advisor recommendation and forwards decision to advisor.
5. Advisor completes transfer credit form and submits to Vice President of Instruction for final approval.
6. Vice President of Instruction reviews and approves/declines recommendation; forwards form to Director of Advising & Counseling Services, College Registrar and academic advisor.
7. Transfer credit form is filed in student’s permanent electronic record.
Transcript evaluation requests submitted at least four weeks prior to the end of the semester will be completed by the end of the semester in which the transcript evaluation request is made. Every effort will be made to complete late submissions prior to the end of the semester; however, no guarantee that the evaluation will be completed is made or implied.

Job Competency Guarantee

If an employer finds an Associate of Applied Science graduate lacking in technical job skills identified as exit competencies for his/her specific degree program, Victoria College will provide up to nine tuition-free credit hours of skill training under the conditions of the policy.

Conditions which apply to the guarantee are as follows:

1. The graduate must have earned the AAS degree beginning May 1993 or thereafter in a technical/vocational program identified in the college catalog.
2. The graduate must have completed the AAS degree at Victoria College (with a majority of Career & Technical Education/Specialty credits being earned at Victoria College) and must have completed the degree within a four-year time span.
3. Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the Vice President of Instructional Services.
4. Employment must commence within 3 months of graduation.
5. The employer must certify in writing that the employee is lacking entry-level skills identified by Victoria College as the employee's program competencies and must specify the areas of deficiency within 90 days of the graduate's initial employment.
6. The employer, graduate, and assigned representative(s) of the college will develop a written educational plan for retraining.
7. Retraining will be limited to 9 credit hours related to the identified skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.
8. Students must complete retraining within a calendar year from the time that the retraining plan is signed.
9. The student's sole remedy against Victoria College and its employees for skill deficiencies shall be limited to 9 credit hours of tuition and selected expense-free education under the conditions described above. Selected expenses are limited to in-county or out-of-county, registration, building use, student service and laboratory fees. The graduate and/or employer is responsible for the cost of books, insurance, uniforms, and other course-related expenses.

The guarantee does not imply that the graduate will pass any licensing or qualifying examination for a particular career.

Student Conduct

The Code of Student Conduct is designed to ensure that students have an environment that is conducive to learning and to protect student rights as well as the rights of the College. By this publication of the rules governing student conduct, Victoria College recognizes that students have the right to know the circumstances and manner in which this disciplinary power will be exercised and advises students that disciplinary rules will be enforced.

General Regulations - The rules, procedures, rights (including appeal process) and responsibilities, and policies which govern student conduct and student activities are located in the Victoria College Student Handbook.

Disciplinary offenses include the following:

1. Actions Against Members of the College Community
   - Interference, coercion, disruption or reckless behavior which impedes, impairs or disrupts the College mission, processes or functions or which endangers others or interferes with the rights of others
   - Bullying and harassment, including, but not limited to, sexual or racial harassment, via any means, including e-mail;
   - Abusive, drunken, violent or excessively disruptive behavior
   - Lewd, indecent or obscene behavior
   - Hazing in any form

2. Abuse of the Discipline System
   - Knowingly giving false testimony, or other evidence at any official hearing of the College or knowingly giving false information to any faculty or staff member acting in the performance of their duties;
   - The threat or commission of physical violence against any College employee for the purpose of influencing the employee's official actions
   - Bribing any College employee
   - Violation of conditions imposed in connection with one or more of the sanctions enumerated in the Code of Student Conduct

3. Alcohol, Drugs and Narcotics
   - Use, possession or distribution of alcohol or illegal drugs in violation of the College's policy on drugs and alcohol, or in violation of state or federal law;

4. Failure to Comply
   - Failure to comply with directions of College officials acting in the performance of their duties

5. Financial Irresponsibility
   - Passing a worthless check to the College or to a member of the College community acting in an official capacity

6. Firearms, Weapons and Explosives
   - Possessing a firearm, ammunition, illegal knife (including switchblade or butterfly knife), club, explosives or a chemical dispensing device

7. Providing False Information
   - Falsifying, altering or forging any official College records or documents, employing official College documents or records for purposes of misrepresentation, or causing any official College documents or records to be falsified by means of any misrepresentation

8. Theft, Damage or Unauthorized Use
   - Possessing stolen property
   - Defacing, disfiguring, damaging or destroying public or private property
   - Stealing any item of tangible or intangible public or private property
   - Lifting, taking or acquiring possession of, without permission, any academic material (tests, information, research papers, notes, books, periodicals, etc.) from a member of the College community (including the theft of instructors' or other students' books and/or material for resale to the Bookstore).
   - Unauthorized access to or misuse of College computers, computing programs or service and/or failure to comply with Victoria College Computer Use Policies and Regulations, located in the Victoria College Student Handbook.

9. Unauthorized Entry, Possession or Use
   - Unauthorized entry of use of College facilities in violation of College policy or local, state or federal law

10. Violation of Federal, State or Local Law
   - The threat or commission of physical violence against any person, not including acts of self-defense;
   - The commission of acts which constitute a violation of local, state or federal law and which interfere with, are detrimental to, or incompatible with the College's educational mission as set forth in its...
mission statement, policies, rules and regulations

11. Published College Mission Statement, Policies, Rules or Regulations
• Acts of misconduct which interfere with, are detrimental to, or incompatible with, the College’s educational mission as set forth in its mission statement, policies, rules and regulations

Please see the Victoria College Student Handbook for complete information on rules governing student conduct.

Attendance

Attendance will be taken for every class meeting. The method by which attendance is taken will be determined by the faculty member and clearly outlined in the class syllabus. Regular and prompt class attendance is expected of every student. A student's absence means that the student is not able to participate in the class.

Faculty members are not obligated to provide opportunities for students to makeup missed assignments and tests as a result of a student's absence from class. If a student stops attending class, it is the student's responsibility to withdraw from the class. If the student does not attend class and does not withdraw from the class, the student will receive a grade of F or UF in the class. Labs are counted as a class meeting.

Please see the Victoria College Student Handbook for the policy regarding absences for military service.

Instructor-Initiated Withdrawals (Drops)

While it is the final responsibility of the student to drop a class that she/he is no longer attending, instructors:

must drop a student who has not logged into an online class or physically attended a face-to-face or hybrid class prior to the Official Reporting Date (ORD). Instructors must initiate ORD drops by the published deadlines.

cannot drop a student with an average of D/SC or better.

after following established division retention practices, may at their discretion drop a student who is not passing without consultation with the student when absences exceed 20% of the scheduled class meetings. For classes that include a separate laboratory, a student may be dropped when absences exceed 20% of the laboratory meetings or 20% of the lecture meetings.

must drop a student who is not passing when absences exceed 40% of the scheduled class meetings unless said excessive absences accrue after the 65% drop date.

cannot drop a student after 65% of class instruction has been completed.

Excused Absences for Religious Holy Days

For observance of a religious holy day, students may take an examination or complete an assignment scheduled for that day within a reasonable time if:

The student notifies the instructor of each class scheduled on the date that the student would be absent for a religious holy day no later than the 15th day after the first day of the semester. (In accordance with Texas Education Code 51.911).

The notice must be in writing and must be delivered by the student either:
a. personally to the instructor of each class, with receipt of the notification acknowledged and dated by the instructor or
b. by certified mail, return receipt requested, addressed to the instructor of each class.

A “religious holy day” means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

A student who is excused under this section may not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination within a reasonable time after the absence. Such provisions must be communicated to the student by the instructor when the student notifies the instructor of a planned absence under this section.
Family Education Rights and Privacy Act of 1974

Victoria College complies with the Family Education Rights and Privacy Act of 1974, which was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Education Rights and Privacy Act Office (FERPA) concerning alleged failure by the institution to comply with the Act. For additional information, please contact the Admissions & Records Office.

Victoria College considers students to be independent of their parents in regard to their education records. However, information may be disclosed to the parents only by obtaining the students' written consent to do so. FERPA Release Forms are available at the Welcome Center.

Confidentiality and Access of Student Records

The Admissions & Records Office maintains permanent education records of both credit and noncredit courses. The permanent record for credit courses contains the following: student's name, social security number, address, sex, date of birth, mode of admission, TASP/THEA or alternative exam scores, academic work undertaken, grades and grade points and credit hours earned, scholastic standing, and degrees and/or certificates awarded. The permanent record for noncredit courses from 1990-present contains the following: student's name, address, social security number, date of birth, sex, courses taken, satisfactory or unsatisfactory completion, CEU's earned, and contact hours. Student records are released only for use by faculty and professional staff for authorized college-related purposes. The release of student records (transcripts) for off-campus use occurs only with the student's knowledge and consent, or where required by law. Students may obtain an official or unofficial student copy of the permanent record in the Welcome Center or the Admissions & Records Office only with appropriate ID unless the student properly authorizes a third party.

Directory Information

The College will release the following items of directory information (as defined by the Family Education Rights and Privacy Act) without the written consent of the student: name, address, telephone number, date of birth, major, dates of attendance, degrees awarded, full and part-time status, enrollment and withdrawal verifications, student classification, and most recent previous institution attended. The College reserves the right, under the Family Education Rights and Privacy Act, to publish this information and routinely furnishes it to loan agencies, insurance companies, prospective employers, family members, etc. Students are responsible for informing the Admissions & Records Office in writing each semester if the above information is not to be released.

Transcripts

Official transcripts will be issued only with a written, signed request by the student with the exception of requests for transcripts to be sent to other colleges or universities. The student may obtain transcripts in the Welcome Center or the Admissions & Records Office with proper identification. There will be a $10 charge for official printed transcripts. Upon graduation, two free transcripts will be provided. The Registrar may deny a student's request for a copy of the permanent record if there is a hold on the record. The hold may be caused by financial obligation, library fine, science department fee, parking fines, or failure to comply with admission and residence verification requirements.
Name, Address, Social Security Number Changes

Name changes and social security number changes can be made at the Welcome Center. Contact information may be updated through the Pirate Portal or at the Welcome Center.

Messages and Deliveries to Students

The College does not deliver messages to students unless they involve a family, medical, or personal emergency. In certain situations that necessitate a family member or individual contacting the college to notify of a personal or medical emergency regarding the student, the Advising & Counseling Office should be contacted at 361-582-2400.

Graduation, Employment, and Licensure Exam Pass Rates

Information on Victoria College graduation, employment, and licensure exam pass rates is available in the Office of Institutional Effectiveness, Research and Assessment and on the VC home page and at http://www.thecb.state.tx.us/apps/resumes/.

Crime Awareness and Prevention Programs

Students: Victoria College students are informed in detail about Campus Security policies and procedures during New Student Information Sessions. In addition, copies of the Victoria College Campus Security Crime Statistics brochures are distributed to all students during all registration periods and information can be accessed at www.victoriacollege.edu/campuspolicesecurity.

Employees: Copies of the Victoria College Campus Security and Crime Statistics brochure are distributed annually to all employees and can also be accessed at www.victoriacollege.edu/campuspolicesecurity.

Students and Employees: Campus Police personnel will post alert bulletins via the Pirate Portal and e-mail to inform employees and students to watch for and report similar activities if a trend of serious or illegal incidents are recorded. All students and employees are encouraged to become safety conscious and to develop habits, which if employed, will help to safeguard both personal and college property.
Clery Act Report

The Jeanne Clery Act, originally known as the Campus Security Act, requires all colleges and universities throughout the United States to disclose information about crime on and around their respective campuses.

The Department of Police and Campus Safety in accordance with the requirements of the Clery Act compiles and publishes the annual security report by October 1st of each year. Statistics for the report are obtained from Victoria College Police Department, Victoria Police Department, Hallettsville Police Department, Cuero Police Department, Gonzales Police Department and the Port Lavaca Police Department.

Victoria College provides Vocational Nursing Training programs in Hallettsville, Cuero and Gonzales and as such, incidents occurring on those sites must be included in the annual report. The Victoria College Calhoun County Center and the Victoria College Gonzales Center are also included in the annual reports.

A copy of the report may be obtained in the Police and Campus Safety office (Academic Building room 210) during normal business hours or on the VC home page.

Illegal Drugs or Alcohol

Victoria College specifically prohibits the use, possession, or distribution on college property of illegal drugs and alcohol. Violators are subject to the following action(s):

Disciplinary actions are described in the Victoria College Code of Student Conduct in the Student Handbook. VC may prosecute as allowed by state statutes.

Victoria College Campus Police and Security strictly enforce all laws and college regulations pertaining to illegal drugs and alcohol beverages on campus.

All tuition and fee rates are subject to change without notice. All tuition and fees must be paid before attending class.

Tuition and fees can be paid using the installment plan. There is a $20 nonrefundable service fee to use the installment option. Under this option, one-half of the tuition and fees must be paid at the time of registration with the balance due in one or two payments, depending on the semester. The installment plan may be initiated online through the Pirate Portal or in person at the Payment Office located in the Student Services Building.

Residency Definitions for Tuition and Fees Purposes

A Texas resident is defined as a U.S. citizen (or dependent of a U.S. citizen for the current and preceding year) who has resided continuously in Texas for at least 12 months immediately preceding registration.

A. A county resident is a resident of the state of Texas who:
   (1) has resided continuously in Victoria County for a period of at least six months immediately preceding registration and who was not claimed as a dependent for federal income tax purposes by the individual's parent or guardian for the current tax year or for the preceding year in which the individual registers. A residence change from Victoria County to outside of the county during the first 12 class days of the fall or spring semester (first 4 class days of the summer sessions) will result in the student being charged the additional out-of-county tuition fees.
   OR
   (2) is a dependent of a Texas resident (claimed as a dependent for federal income tax purposes by the individual's parent or guardian at the time of registration and for the preceding tax year) whose parent or guardian has resided continuously in Victoria County for a period of at least six months immediately preceding registration.

B. An out-of-county resident is a resident of the state of Texas who:
   (1) has not resided continuously in Victoria County for a period of at least six months immediately preceding registration and is independent for income tax purposes for the current year and preceding tax year; or
   (2) is a dependent (claimed as a dependent for federal income tax purposes by the individual's parent or guardian at the time of registration and for the preceding tax year) whose parent or guardian has not resided continuously in the state of Texas for a period of at least 12 months immediately preceding registration.

C. A resident alien is a student living in the United States under a visa permitting permanent residence and has the same privilege of qualifying for Texas resident status for tuition purposes as do United States citizens. Under this status the Resident Alien card or appropriate documentation indicating that the student has filed an I-485 form with the Immigration and Naturalization Service must be submitted before the student may register. Students who fail to present the Resident Alien card or appropriate documentation during the registration process will be required to pay nonresident tuition. Resident aliens wishing to be classified as Texas residents must also verify that they have resided in the state at least 12 months prior to registration.

D. A nonresident is a nonresident of the state of Texas but a citizen of the United States of America who:
   (1) has not resided continuously in the state of Texas for a period of at least 12 months immediately preceding registration and is independent for income tax purposes for the current year and preceding tax year; or
   (2) is a dependent (claimed as a dependent for federal income tax purposes by the individual's parent or guardian at the time of registration and for the preceding tax year) whose parent or guardian has not resided continuously in the state of Texas for a period of at least 12 months immediately preceding registration.

The Board of Trustees of Victoria College authorizes the waiver of the difference in the rate of tuition for the out-of-county or nonresident and in-county student or his/her dependent(s), who owns property purchased by or before time of enrollment which is subject to ad valorem taxation by the Victoria County Junior College District. The individual, or his/her dependents, applying for such waiver shall verify property ownership by presentation of an ad valorem tax statement or receipt, issued by the tax office of the district; or by presentation of a deed, property closing statement, or other appropriate evidence of ownership of property which is subject to ad valorem taxation by the district. This must be done prior to registration.

E. An alien or foreign student is defined as a student who is a citizen of any country other than the United States of America.
Residency Verification Requirements

New students, as well as returning students who were not enrolled the previous semester, are required to submit proof of their Texas residence and Victoria County residence (when applicable). For information regarding the appropriate documentation for verifying residency, contact the Welcome Center. Verifications should be submitted when application is submitted or during registration. Failure to provide residence verification or failure to pay the additional fees owed will result in denial of future registrations as well as a hold being placed on the student record.

Students planning to apply for a partial tuition refund by providing residence documentation that will result in a residence status change must do so before the official reporting date (as set by the Coordinating Board of Texas) for the current semester. Such refunds will be made for the current semester only and not for prior semesters attended.

Official reporting dates are as follows:
- Fall and Spring semesters: 12th class day
- Summer sessions: 4th class day
- Classes of varying lengths: prorated accordingly

If an error is detected in residency determination—either by administrative staff or by erroneous information on the residence portion of the application—additional tuition may be charged during the semester. Failure to pay the additional charges will result in a hold being placed on the student record.
Tuition Rebate

The following Tuition Rebate policy has been set by the Texas Higher Education Coordinating Board.

Sec. 54.0065. TUITION REBATE FOR CERTAIN UNDERGRADUATES.
(a) A qualified student is eligible for a rebate of a portion of the undergraduate tuition the student has paid if the student:
(1) is awarded a baccalaureate degree from a general academic teaching institution; and
(2) has attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree, including transfer credits and course credit earned exclusively by examination.

(b) The amount of tuition to be rebated to a student under this section is $1,000, unless the total amount of undergraduate tuition paid by the student to the institution of higher education awarding the degree was less than $1,000, in which event the amount of tuition to be rebated is an amount equal to the amount of undergraduate tuition paid by the student to the institution. However, a student who paid the institution awarding the degree an amount of undergraduate tuition less than $1,000 may qualify for an increase in the amount of the rebate, not to exceed a total rebate of $1,000, for any amount of undergraduate tuition the student paid to other institutions of higher education by providing the institution with proof of the total amount of that tuition paid to other institutions of higher education.

(c) A student who has transferred from another institution of higher education shall provide the institution awarding the degree an official transcript from each institution attended by the student in order that the total number of hours attempted by the student can be verified.

(d) To qualify for a rebate under this section, the student must have been a resident of this state and entitled to pay tuition at the rate provided by this chapter for a resident student at all times while pursuing the degree.

(e) All institutions of higher education shall notify each first-time freshman student of the tuition rebate program.

(f) The institution awarding the degree shall pay the rebate under this section from local funds.

(g) If a student entitled to a rebate under this section has an outstanding student loan, including an emergency loan, owed or guaranteed by this state, including the Texas Guaranteed Student Loan Corporation, the institution shall apply the amount of the rebate to the student’s loan. If a student has more than one outstanding loan, the institution shall apply the amount of the rebate to the loans as directed by the student or, if the student fails to provide timely instructions on the application of the amount, the institution shall apply the amount of the rebate to the loans according to priorities established by the Coordinating Board. If the amount of the rebate exceeds the amount of the loan indebtedness, the institution shall pay the student the excess amount.

(h) The Legislature shall account in the General Appropriations Act for the rebates authorized by this section in a way that provides a corresponding increase in the general revenue funds appropriated to the institution. It is the intent of the legislature that rebates authorized by this section shall be financed by savings to the state resulting from reductions in the number of courses taken by undergraduate students.

(i) The Coordinating Board, in consultation with the institutions of higher education, shall adopt rules for the administration of this section.
Refund Policy

The 74th Legislature assigned the Coordinating Board the duty of establishing a uniform refund policy for public community and technical colleges in Texas. The following is the refund policy adopted by the Coordinating Board in January, 1996.

I. REGULAR SEMESTER LENGTH COURSES
In order for a student withdrawing from regular semester length courses to be entitled to a refund, the student must officially withdraw from Victoria College by obtaining a withdrawal form from Advising & Counseling Services located in the Student Services Building or by submitting a written request via e-mail to counselorhelp@victoriacollege.edu. Students who drop a course(s) or totally withdraw from Victoria College will have their tuition and mandatory fees refunded according to the following schedule:

**Total Withdrawals and Course Load Reductions for Fall and Spring Semesters**
*Prior to the first class day ....................... 100%*
During the first 15 class days ....................... 70%*
During the 16th through 20th class days ....... 25%*
After the 20th class day .......................... None

(Class days refer to the number of calendar days the institution normally meets for classes, not the days a particular course meets.)

**Total Withdrawals and Course Load Reductions for Summer Sessions**
*Prior to the first class day ....................... 100%*
During the first five class days ..................... 70%*
During the sixth and seventh class days ....... 25%*
After seventh class day .......................... None

(Class days refer to the number of calendar days the institution normally meets for classes, not the days a particular course meets.)

NOTE: State law requires Victoria College to apply refunds for tuition and fees paid by a sponsor, donor, or scholarship to the source rather than directly to the student who has withdrawn if the funds were made available through the institution.

NOTE: Not all fees are refundable.

All withdrawals or course load reductions must be processed through the proper office to be official. All refunds will be processed within three to four weeks after the last day to receive a refund for the semester. Any student who early registers and later withdraws will not receive a refund until refunds for the semester for which he/she registered are processed.

II. Non-Semester-Length AND FLEX ENTRY Courses
The student must officially withdraw from Victoria College by contacting the department with which he/she registered to be entitled to a refund.

**Total Withdrawals for flex entry and non-semester-length courses**
*Prior to the first class day ....................... 100%*
After classes begin, see table on the next page.

(Class days refer to the number of calendar days the institution normally meets for classes, not the days a particular course meets.)

All withdrawals or course load reductions must be processed through the proper office to be official. All refunds will be processed within three to four weeks after the last day to receive a refund for the semester. Any student who early registers and later withdraws will not receive a refund until refunds for the semester for which he/she registered are processed.

Refunds for Noncredit Courses

Students will receive a 100% refund if a withdrawal request is received before the class begins, or if the class is cancelled by the College. No refund is issued after the class begins. Police Academy students will receive an 80 percent refund if the withdrawal is completed during the first five calendar days following the first class meeting.

Federal Financial Aid Return of Title IV Funds Policy

The term “Title IV Funds” refers to the Federal Financial Aid Programs authorized under the Higher Education Act of 1965 and includes the following: Federal Family Education Loan Program, Federal Direct Loans, Federal Perkins Loans, Federal PLUS Loans, Federal Pell Grants and Federal SEOG.

A federal refund policy will apply to all enrolled students receiving Federal Title IV funding and withdrawing from the College before 60 percent of the period of enrollment has been completed. Students earn their Title IV federal financial aid by attending class and in online classes, participating in class. The law requires that when a student withdraws during a period of enrollment, the amount of financial aid that the student has earned up to that point is determined by a specific formula. A student's withdrawal date is the student's last date of attendance and in online classes, the last date of documented participation. Participation in an online class must be more than signing on. It can be assignment completions, group discussions, or discussions with the instructor. Based on the last date of attendance as determined by the instructor roster or by some type of participation in the class as noted by the instructor - if the student received less assistance than the amount that the student earned, the student will be able to receive those additional funds. This is called a post-withdrawal disbursement. If the student received more assistance than the student earned, the excess funds must be returned. The amount of assistance that a student has earned is determined on a pro-rata basis. For example, if the student completed 30 percent of the payment period of enrollment – as determined by either attending
class or participating in some manner that the instructor is able to document - the student earns 30 percent of the assistance the student was originally scheduled to receive. Once the student has completed 60 percent of the period of enrollment, the student earns all of the student's assistance. If a student received excess funds that must be returned, the College must return a portion of the excess equal to the lesser of the student's institutional charges multiplied by the unearned percentage of funds, or the entire amount of the excess funds.

If a student is eligible for any post-withdrawal disbursement, this will be made from available grant funds before available loan funds. Any amounts that have not been disbursed will be used in the Return to Title IV Calculation as the Amount that Could Have Been Disbursed. Please see the Treatment of Title IV Funds at http://ifap.ed.gov/fsahandbook/1213FSAHbkVol5.html

Withdrawal Information: Please review the Victoria College catalog for withdrawal procedures and dropping classes, and their requirements. Students are subject to a limit for withdrawals and must contact the Advising & Counseling Services Office for procedures of withdrawing from all classes and also be advised of the consequences. From a financial aid standpoint, students cannot 'earn' all of their financial aid unless they attend and participate in class for at least 60 percent of the term. This calculation counts all calendar days, including the first and last day of each term, weekends and holidays. Breaks of one week or more are not included in the calculation. Students must stay in school through the 60 percent mark to avoid possible repayment of unearned financial aid.

Module Classes: Module classes are defined as any class that does not span the entire length of the term. These classes may also be referred to as “part of term,” “fast track,” or “short term” classes.

Federal regulation: Any student who is enrolled in at least one class that is less than the length of the term is classified for that term as a “module student.” This means that even if the student enrolls in and passes a module class or classes, then drops or stops attending remaining full-term classes, he/she may be subject to a TIV Return calculation (a charge to the student’s account for return of unearned tuition) if the total number of days attended in the term is less than 60 percent.

The portion of financial aid grants and loans funded, excluding Federal Work-Study, which must be returned to financial aid programs, will be based on the following components:

<table>
<thead>
<tr>
<th>Date of withdrawal as determined by the College based on the following:</th>
<th>• The date the student last attended class as reported by the instructor. For online classes, the last date of documentable participation. This must be more than signing into the class. Submitting assignments, group discussions, and discussions with instructor may count as attendance.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Percentage of the enrollment period earned:</td>
<td>• Divide the number of days attended by the number of days in the term (including weekends and holidays).</td>
</tr>
<tr>
<td></td>
<td>• If last date of attendance occurs after the 60 percent date, the student has earned all of the financial aid received and no refund will be required.</td>
</tr>
<tr>
<td>Subtract the percentage earned from 100 percent to determine the percentage unearned.</td>
<td>• Multiply the total federal aid received by the calculated percentage unearned. This reflects the total amount of unearned federal aid.</td>
</tr>
<tr>
<td>Calculation of Institutional Return</td>
<td>• Multiply the percent unearned by the institutional costs to determine the unearned institutional return. Requires student repayment to Victoria College</td>
</tr>
<tr>
<td>Calculation of Student Return</td>
<td>• Subtract institutional return from the total amount of unearned federal aid. Requires student repayment to Department of Education or Lender.</td>
</tr>
</tbody>
</table>
Financial Aid implications:

Example of a student in module classes:

- Student enrolls in two module classes, both spanning the first five weeks of the term, and one full term class.

  CLASS A  3 credits  MODULE  Final grade-B
  CLASS B  3 credits  MODULE  Final grade-A
  CLASS C  4 credits  FULL TERM

  Withdrew on the 33rd day of the term

- Student is paid financial aid based on attendance for the full term.
- Student finishes the module classes, but drops the full-term class the same day the module classes ended.
- Term length is 77 days x 60% = 47 days
- Module classes were 33 days in length (33/77 = 42.9%)
- Earned tuition is 42.9%, unearned is 57.1%
- Student is subject to a TIV Return calculation because he earned less than 60% of his tuition.
- SAP status – will be reviewed at end of term, regardless of repayment of Title IV funds

Unearned Title IV funds are returned to Title IV programs based on a federally mandated formula. Under this formula, institutions are obligated to return unearned funds collected for institutional charges to the US Department of Education and/or the student loan lender. Students are obligated to return unearned funds beyond the institutional charges to the Department of Education.

When institutions have to return unearned Title IV funds from institutional charges, the money is returned to programs in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, PLUS Loans, Pell Grant, Academic Competitiveness Grant and FSEOG. These unearned Title IV funds are posted to the student’s Victoria College account and must be repaid.

When a student has to return unearned Title IV funds that he/she received beyond the institutional charges, the money is returned to programs in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, PLUS Loans, Pell Grant (50%) and FSEOG (50%). Note that student’s responsibility for repayment of unearned Title IV grant money is reduced by half.

If a student owes unearned Title IV funds from a federal loan, the money is repaid to the lender in accordance with the terms and conditions of the promissory note.

The college is required to notify the student within 45 days of determining the student’s withdrawal of any student portion of unearned Title IV funds from a federal grant. The student is allowed 45 days to repay the amount to Victoria College who will forward the funds to the Department of Education. After that time payment arrangements must be made with the U.S. Department of Education or eligibility for federal financial aid at any higher education institution will be denied. The student also needs to repay to the institution the money that Victoria College is required to return to the Department of Education for the unearned institutional charges.

The institutional charges (tuition and fees) incurred by the student are considered to be paid by Title IV funds for the purpose of the formula, even if the institutional charges were directly paid by a source other than Title IV funds.

Students can repay the student portion of federal loans under the terms and conditions of the promissory note for the loan. However, the unearned portion of the loans that Victoria College must return is posted as a charge to the student account and must be repaid.

State of Texas Tuition Exemption/Waiver Programs

Certain tuition exemption/waiver programs are available for reduced tuition and/or fees. For more information about the specific requirements to qualify for a program, review the list at the Texas Higher Education Coordinating Board website at www.collegefortexans.com or contact the Admissions & Records Office located in the Student Services Building. There are time limits for qualifying for certain exemptions or waivers.

VICTORIA COLLEGE
Financial Aid

The purpose of the Victoria College Financial Aid Office is to assist students in obtaining the financial aid necessary to attend college. Assistance is available in the form of grants, loans, student employment, and scholarships. All students who feel that they need financial assistance are strongly encouraged to visit the Financial Aid Office to learn about the various sources of funds and to determine their eligibility.

Students who wish to apply for any type of financial aid (except merit-based scholarships and non Work-Study student assistant positions) must:

1. be enrolled in classes that pertain toward their degree plan each semester.
2. complete and submit a Free Application for Federal Student Aid (FAFSA). The FAFSA application is available through the FAFSA website located at www.fafsa.ed.gov. After submission of the FAFSA to the Federal Processor, students will subsequently receive a Student Aid Report (SAR).

In order to complete their financial aid file, students must:

1. Submit a copy of their high school transcript showing graduation date or submit verification of a GED to the Admissions & Records Office
2. Completed admissions application and be an admitted student to Victoria College.
3. submit ALL official transcripts from each college attended if they are transfer students.

If the student’s file is selected for verification, the following will be required:

1. IRS tax transcript, if data retrieval method was not selected when completing the FAFSA on line. Copies of tax returns will no longer be allowed.
2. a verification worksheet (found at www.victoriacollege.edu/financialaidforms)
3. any other forms requested.

Federal Ability-to-Benefit Law

High School Graduates or GED Certificates

All students who apply for financial aid must submit a copy of their completed high school transcript or their GED certificate to the Admissions & Records Office. Placement tests will no longer be allowed in lieu of high school diploma or GED.

A student who enrolls for summer sessions and whose high school has not yet had the opportunity to issue transcripts will be allowed to temporarily substitute a letter from the high school registrar which states that the student has completed all requirements for graduation, including passing all sections of the high school exit test. This letter must be submitted in a sealed envelope and must include the following:

- Student’s social security number;
- Confirmation that the student has successfully completed all requirements for graduation, date of graduation, and type of program;
- Date issued; and
- Original signature of the school official.

Students who enroll using this type of verification must follow up and furnish the Admissions & Records Office with an official copy of their transcript. These regulations were developed to ensure compliance with federal law. Students who have not met these requirements will NOT be awarded Title IV federal financial aid. No exceptions will be made to this policy.

The Director of Financial Aid under the direction of the Vice President of Student Services administers the financial aid program. Financial Aid staff members are available to answer questions and to provide assistance with completing applications. Additional information may be obtained by visiting the Financial Aid Office or by calling or writing:

Scholarships

A wide variety of scholarships are available at Victoria College. Scholarships include those awarded and administered by the Victoria College Foundation as well as those awarded by community and civic organizations. In addition, Victoria College awards Institutional Scholarships for various programs of study and academic merit. The criteria for receiving a scholarship varies according to standards set by the donors. Scholarships may be awarded based on GPA, financial need, or a combination of other criteria.

For scholarships administered by the Victoria College Foundation, students must have applied and received acceptance to Victoria College prior to completing the scholarship application. Once students are accepted to Victoria College, they will have access to the Pirate Portal and the scholarship application. Change in GPA status, major, or academic standing may affect the award status of a student’s scholarship.

Victoria College also advertises scholarships awarded by various community and civic organizations. These scholarships may require additional paperwork to be completed by the student and submitted directly to the donor.

The following endowment and scholarship funds are administered by the Victoria College Foundation. Please contact the Financial Aid Office for complete information.

Certified Educational Aide Exemption Program

NOTICE: Funding for the program ended August 31, 2011. However, public institutions of higher education may still grant the tuition and fees exemption, at their own expense, pursuant to the eligibility requirements of Texas Education Code (TEC) 54.214.

For the 2012-2013 Aid Year, Victoria College will not be funding this exemption.

A student may qualify for the exemption of tuition and mandatory fees if he/she:

- Is a Texas resident.
- Has completed an application for an Educational Aide Exemption.
- Has applied for financial aid to the college he/she plans to attend, including filing the Free Application for Federal Student Aid (FAFSA) or by qualifying on the basis of adjusted gross income (AGI).
- Has been employed as a full-time educational aide for at least one of the past five school years, or as a substitute teacher for 180 days of the past five school years preceding the term or semester for which the student is awarded his or her initial exemption.
- Is employed in some capacity by a school district in Texas during the full term for which the student receives the award unless granted a hardship waiver as described in Section 21.1089 of this title (relating to Hardship Provision).
- Enrolls in courses leading to teacher certification.
- Registers for the Selective Service or is exempt from this requirement.
- Meets satisfactory academic progress requirements established by the college or university.

Applications are available at the school district where the student is employed, the financial aid office of the college the student plans to attend, or the Texas Higher Education Coordinating Board. The exemption can be used only in Texas at public colleges and universities.

Early High School Graduation Program – For the 2012-2013 award year, the State of Texas is not funding this program. Visit www.collegeforalltexans.com/apps/financialaid/tofa2.cfm?ID=417 and see funding update for this exemption.

The purpose of the Early High School Graduation Scholarship Program is to provide tuition and fee assistance to students completing grades 9 - 12 early or with a significant number of college hours, thus, enabling and encouraging the student to attend college in Texas. Awards may be used at both public and private, nonprofit college and universities in Texas. If the award is used at a Texas nonprofit private college or university, the college or university must provide a matching scholarship.

Students who graduated between 9/1/2005 and 6/14/2007 must have graduated from a Texas public high school; completed either the recommended high school curriculum or the distinguished achievement high school curriculum in no more than 36 consecutive months, no more than 41 months or no more than 45 months; have attended high school in Texas only; have registered for the Selective Service or are exempt from this requirement; and be Texas residents.

Students who graduated on or after 6/15/2007 must have graduated from a Texas public high school; completed either the recommended high school curriculum or the distinguished achievement high school curriculum in no more than 36 consecutive months, no more than 41 months or no more than 46 months; have attended one or more public high schools in this state for the majority of time the person attended high school; have registered for the Selective Service or are exempt from this requirement; and be US citizens or otherwise lawfully authorized to be in the United States.

Eligibility to receive an award through this program begins with the first regular semester or term following high school graduation (excluding the summer session between graduation and the first fall term). Eligibility ends six years later, unless the student seeks and is granted a hardship extension. No funds may be used to pay for continuing education classes.
Award amounts:
- An eligible student who graduates in no more than 36 months receives $2,000 (an additional $1,000 is awarded if the student graduates with at least 15 semester credit hours of college credit)
- An eligible student who graduates in more than 36 months but less than 41 months receives $500 (an additional $1,000 is awarded if the student graduates with at least 30 semester credit hours of college credit)
- An eligible student who graduates in more than 41 months but less than 45 months (46 months for students graduating after 6/15/2007) receives $1,000 if the student graduates with at least 30 semester credit hours of college credit.

**Valedictorian**
A tuition scholarship is awarded to the highest-ranking graduate of each accredited high school in Texas. Exemption is valid for tuition during both semesters of the freshman year immediately following the student's high school graduation. Fees are not covered and funds may not be used to pay tuition for continuing education classes. The student should send the letter of certification from his/her high school indicating he/she is the highest ranking high school graduate for that high school to the registrar of the college he/she attends.

**Top 10% Program Purpose**
The purpose of the Top 10 Percent Scholarship Program is to encourage outstanding high school graduates who graduate within the top 10 percent of their high school graduating classes to attend a public college or university in Texas.

**Initial Eligibility Requirements:**
1. Be a Texas resident;
2. Graduate from an accredited public or private high school in Texas (home-based private high schools are not currently accredited by TEA or one of TEA's accrediting agencies);
3. Complete the recommended or distinguished achievement curriculum (or the equivalent) at an accredited public high school in Texas, or the equivalent at an accredited private high school in Texas (see the Texas Private High School Certification section below);
4. Rank in the top 10 percent of the high school graduating class as of the 7th semester, or the 6th semester if the college uses that semester to determine admission to the institution;
5. Submit the 2012-2013 Free Application for Federal Student Aid (FAFSA) in time to generate the CPS results in a nonrejected status by March 15, 2012, or submit the 2012-2013 Texas Application for State Financial Aid (TASFA) to the Financial Aid Office by March 15, 2012*;
6. Register with Selective Service, or be exempt;
7. Enroll full-time in the Fall 2012 semester in a Texas public 2-year or 4-year college or university after graduation from high school in 2011-12 and maintain full-time enrollment through the census date of the semester; and
8. Demonstrate financial need (to be determined by the Financial Aid Office). See need determination below.

* The date requirement in #5 affects the distinction between priority 1 and priority 2 applicants during years when funding is not sufficient to cover all eligible students at the maximum award level. It is THECB’s intent to fund all eligible students (priority 1 and priority 2) in FY13.
For renewal eligibility, students must:
1. Receive an initial year Top 10 Percent Scholarship in a previous year;
2. Submit the 2012-2013 Free Application for Federal Student Aid (FAFSA) in time to generate the CPS results in a nonrejected status by March 15, 2012, or submit the 2012-2013 Texas Application for State Financial Aid (TASFA) to the Financial Aid Office by March 15, 2012*;
3. Demonstrate financial need;
4. Enroll full-time in the Fall 2012 semester in a Texas public 2-year or 4-year college or university and maintain full-time enrollment through the census date of the semester;
5. Complete at least 30 semester credit hours in the previous year;
6. Complete at least 75% of the hours attempted in the previous year; and
7. Maintain a cumulative 3.25 GPA**.

* The date requirement in #2 affects the distinction between priority 1 and priority 2 applicants during years when funding is not sufficient to cover all eligible students at the maximum award level. It is THECB's intent to fund all eligible students (priority 1 and priority 2) in FY13.

** If a student has taken courses at another institution which are not included in the cumulative GPA calculation, the student has the right to appeal by presenting transcripts from the other institution(s). In this situation, an overall GPA must be calculated counting all classes and grade points earned. If the resulting GPA meets the program's requirements, the student is eligible.
Grants
Victoria College participates in several need-based grant programs, which provide funds that do not have to be repaid. Students who wish to apply for any grant must submit a FAFSA. Proceeds from grants are intended to provide assistance with tuition, fees, books, and living expenses.

Federal Pell Grants
The Federal Pell Grant program is regulated by the federal government and is an important source of financial assistance for eligible students. It is recommended that students applying for a Federal Pell Grant be enrolled for six or more hours. However, a Federal Pell Grant may be available to students who enroll for less than half-time (please contact the Financial Aid Office for additional information concerning less-than-half-time Federal Pell Grants). The amount of the Federal Pell Grant award will vary with the number of semester hours carried and the financial need demonstrated by the student. Students who have demonstrated eligibility and have completed the review process with the Financial Aid Office may use Federal Pell Grant funds at registration. Any additional amount due the student will be paid later in the semester. If students are enrolled in courses that do not count toward their degree/certificate, those hours cannot be included in determining their enrollment status. Duration of Pell eligibility is reduced to the equivalent of 12 full-time semesters instead of 18-full time semesters. The reduction affects all students beginning with 2012-13 award year. No students are grandfathered.

Retaking Coursework
New federal regulations limit students' eligibility for federal aid with regards to repeated courses. Students may not receive federal aid (Pell Grant and Stafford Loans) for courses that were previously taken and passed beyond the first retake.

Note: Repeat courses still count toward students' attempted hours for financial aid purposes.

For example, suppose a student takes a course and receives a grade of D. This student needs a C in this course to count for the requirements of the degree. The student takes the course again, receives aid, and earns another D. The student needs to retake the course again, but is no longer eligible for federal aid for that class. Additionally, the student cannot use that course toward enrollment for financial aid purposes. If the student is taking 12 credits, the repeated 3 credit course is no longer eligible. The student's actual enrollment for financial aid purposes must be listed as 9 credits.

Recalculating Pell Grant for changes to Student's Cost, Estimated Family Contribution (EFC), or Enrollment Status.
Victoria College allows for recalculations of a student's Pell Grant after the initial calculation or disbursement, to account for changes to the student's costs, EFC, or enrollment status.

Change in the EFC
If the student's EFC changes due to corrections, updating, or an adjustment, and the EFC change would change the amount of the Pell award, the Financial Aid Office must recalculate the Pell award for the entire award year. If, as a result of the recalculation, the student has received more than his or her award amount, then the student has received an overpayment. In some cases, the Financial Aid Office may be able to adjust an award by reducing or canceling later payments to the student in the same award year.

Change in enrollment status between terms
In a term program that uses credit hours, the Financial Aid Office must calculate a student's payment for each term based on the enrollment status for that term. If a student attended full-time for the first term and then enrolled half-time in the second term, half-time enrollment status must be used to calculate the student's payment for the second term.

Student does not begin attendance in all classes within a term
If the student does not begin attendance in all of his or her classes, resulting in a change in the student's enrollment status, the financial aid office will recalculate the student's award based on the lower enrollment status. A student is considered to have begun attendance in all of his or her classes if the student attends at least one day of class for each course in which that student's enrollment status was determined for Federal Pell Grant eligibility. A student is considered not to have begun attendance in any class in which the school is unable to document that attendance.
Change in enrollment status within a term
It is Victoria College policy to recalculate Pell awards only for enrollment changes that occur up to the Official Reporting Date (ORD) of a term.

The Financial Aid Office will use the student’s effective enrollment status on the date of the initial calculation, and there will be no recalculation of the student’s Pell Grant for the term due to a subsequent change in enrollment status, assuming the student began attendance in each class. If the student’s payment for the term is being disbursed in a subsequent payment period, the Financial Aid Office will pay the student only for the coursework completed in the term. In the case of programs offered with compressed coursework or modules within the terms, Victoria College will not allow any subsequent adjustments to enrollment status once the ORD calculation has been determined.

For example, suppose a student was determined to be registered in 9 credit hours at ORD, and the Pell calculation was performed for three-quarter status. The student then registers during a subsequent registration period for another 3 credit hours. The student is still considered to have a three-quarter time enrollment status and is not eligible for any additional Pell for this term.

Academic Competitiveness Grant (ACG)
This grant has not been authorized by the Department of Education for the 2012-2013 award year.

An Academic Competitiveness Grant will provide up to $750 for the first year of undergraduate study and up to $1,300 for the second year of undergraduate study to full-time students who are eligible for a Federal Pell Grant and who have successfully completed a rigorous high school program (after January 1, 2006, if a first year student, and after January 1, 2005, if a second year student). Second year students must maintain a cumulative grade point average (GPA) of at least 3.0.

Texas Public Education Grant (TPEG)
The TPEG Grant is funded by Victoria College and funds from the state of Texas. Awards are made to students who have completed their application for financial aid by the priority deadline. Funds will be awarded on a first-come, first-served basis until all monies are exhausted. Funds are awarded using a need-based formula of Federal Pell Grant applicants. Funds are not available to students on financial aid warning status. Certain Continuing Education programs may also qualify for the TPEG award. Please contact the Financial Aid Office for more information.

Toward Excellence, Access & Success Grant (TEXAS Grant)
The Texas Higher Education Coordinating Board funds the TEXAS Grant. This grant is aimed at assisting students who have graduated from a Texas high school and completed the recommended high school program or the distinguished achievement program. Eligible students must have financial need and be enrolled either full-time or three-quarter time at an eligible institution within 16 months of high school graduation to receive this grant. Contact the Financial Aid Office for additional eligibility requirements.

Texas Educational Opportunity Grant (TEOG) (formerly known as TEXAS Grant II)
The Texas Higher Education Coordinating Board funds the Texas Educational Opportunity Grant. This grant is aimed at assisting students who have a high school diploma or GED. Eligible students must have financial need and be enrolled at least half-time at an eligible institution within the student’s first 30 credit hours to receive this grant. Contact the Financial Aid Office for additional eligibility requirements. For a complete list of exemptions and grants, go to www.collegefortexans.com, Apply for Colleges and Financial Aid>Apply for Financial Aid>Types of Financial Aid.

Federal Supplemental Educational Opportunity Grant (SEOG)
Federal SEOG is a federally funded program that provides additional grant funding for students receiving Federal Pell Grants. Students who have completed the application for financial aid by the priority deadlines will be given first consideration for these funds. After this deadline, funds will be awarded on a first-come, first-served basis until all monies are exhausted.
Loans

Federal Student Loan Programs

Victoria College participates in the William D. Ford Federal Direct Loan Program (DL). The program provides low-interest loans to eligible students enrolled at least half-time in an institution of higher education. Repayment may be deferred until a student ceases to be enrolled at least half-time in an institution of higher education.

All students who wish to apply for DL must meet the following requirements:

1. Students must be currently enrolled for at least 6 credit hours.
2. Students must declare a major with the Registrar’s Office.
3. Students must be enrolled in courses that count toward their degree plan or certificate program.
4. Courses that do not count toward the degree plan or certificate program cannot be included in the enrollment status of students for the purpose of determining whether students are full-time or part-time. Repeat courses that are not part of the student's enrollment status (refer to Repeat coursework under Federal Pell Grant section) cannot be included for the purpose of determining whether students are full-time or part-time.
5. Students must meet the requirements of the Satisfactory Academic Progress (SAP) requirements to be eligible to receive any type of financial aid (loans, grants, work-study, etc.)
6. All students obtaining a Direct Loan from Victoria College for the first time will be required to attend the face-to-face entrance counseling session.

Loan funds are available to cover initial payment of tuition/fees and purchase of books. The first disbursement of loan checks is mailed approximately 30-35 days after the first day of class during the fall and spring semesters and approximately 17-20 days after the first class day during the summer semesters (First-time borrowers must wait 30 days before loans can be disbursed, due to federal regulations.) The student's correct mailing address must be on file in the Admissions Office. Loans will be disbursed in the form of a check or direct deposit to the student's bank account. The student is responsible for setting up direct deposit. It is not College policy to allow students to pick up their checks. Loans are disbursed in two equal payments in accordance with federal regulations. For loans covering one semester, the second disbursement cannot be made until at least fifty-percent of the student's enrollment has elapsed.

If anything about the student's financial circumstances change (including the receipt of additional financial aid funds, such as scholarships, grants, work-study, WIA benefits, tuition waivers, etc.) the amount of his/her loan eligibility may change.

Loan recipients must complete Loan Exit Counseling before transferring to another college or university, graduating from Victoria College, dropping below half-time status, or withdrawing. Loan Exit Counseling is available at www.studentloans.gov.

PROVISIONS AFFECTING DIRECT LOANS ONLY:

- Interest subsidies during the six month grace period are eliminated for new Stafford Loans made on or after July 1, 2012. The repayment period still begins six months after the student is no longer enrolled at least half-time, but interest accrued during those six months will be payable by the student rather than subsidized by the federal government.
- The interest rate on Direct Subsidized Loans will increase from 3.4% to 6.8% for disbursements made on or after 07/01/12.
Student Employment

Federal Work-Study Program
The Federal Work-Study Program (FWS) provides funding for campus jobs for students who demonstrate financial need. Students may work up to 19 hours per week. Interested students must complete an application for financial aid prior to being employed as a FWS student. All students interested in participating in the FWS for this year must first apply for the Federal Pell Grant and have received an award letter from the Victoria College Financial Aid Office. Applications for employment in the FWS Program are available in Human Resources.

Student Assistant Employment Program
A limited amount of institutional funds are available for employing individuals who are not eligible for the Federal Work-Study Program. Students are encouraged to apply for the Student Assistant Employment Program as soon as possible. Please contact Human Resources for more information.
Satisfactory Academic Progress (SAP) Policy

Federal regulations mandate a student receiving financial assistance under Title IV programs must maintain satisfactory academic progress in his/her course of study regardless of whether or not financial aid is awarded each semester.

Although students may be granted an Academic Fresh Start, the Financial Aid Office is required to include all prior credits completed or attempted, including prior grade point averages (GPA) when determining eligibility for financial aid. Student financial aid, as defined in this policy, specifically applies to all federal, state, and certain institutional aid programs. Federal guidelines stipulate that this policy applies to ALL enrollment periods, regardless of whether students have received financial aid.

Satisfactory Academic Progress is measured with the following standards:

**Qualitative Standards** - Students will be expected to maintain the minimum academic standards as outlined in the Academic Regulations in the Victoria College Catalog and established by the Admissions & Records Office. Students must maintain a cumulative GPA of at least 2.0. This will not include any foundational classes.

**Quantitative Standard** – 67% Completion Rate: The quantitative standard is used to measure a student’s pace in a program. Pace is measured by dividing the cumulative number of hours the student has successfully completed by the cumulative number of hours the student has attempted. The student must complete at least 67% of the cumulative hours attempted, including foundational classes. Attempted hours also include any classes with a grade of F, W, S, SA, SB, SC, T, UF, I, and Q. Transfer credits accepted by the institution towards a student’s program are included in the attempted and completed hours and will be used in the pace calculation. Completed hours are those a student has registered for and received a grade sufficient for graduation.

**Maximum Time Frame** - Maximum time frame is measured by dividing the number of credit hours the student has attempted by the number of credit hours required to complete the student’s program of study. If the student will exceed 150% by the end of the program, the student will be placed on suspension. The time frame requirement applies to certificate programs as well as associate degrees and applied science degrees. All courses attempted, including transfer courses and courses with a grade of F, W, S, SA, SB, SC, T, UF, I, and Q, will be included in this calculation.

Some examples are:

**FAILURE TO SATISFY MINIMUM STANDARD**

Financial Aid Warning is a status assigned to a student who fails to make Satisfactory Academic Progress at the end of a payment period and will be allowed to continue to receive aid for one payment period. Financial Aid Warning may be assigned without an appeal or other action by the student; thus, warning status can be granted automatically.

Financial Aid Probation is a status assigned to a student who fails to make Satisfactory Academic Progress for a subsequent payment period and who has appealed and has had eligibility for aid reinstated. A student on Financial Aid Probation may receive Title IV funds for one payment period. At that point, the student must meet the school’s SAP standards or the requirements of the established individual academic plan to maintain Title IV eligibility.

Financial Aid Suspension is a status assigned to a student who has not met the requirements for Satisfactory Academic Progress and has not been granted an appeal or a student who was on Financial Aid Probation and failed to meet Satisfactory Academic Progress or the requirements of the established academic plan and will not be eligible to receive Title IV funds.
Appeal Procedure for failure to meet Satisfactory Academic Progress after being placed on warning for one payment period:
The rules provide appeal procedures for students who do not make SAP based upon the death of a relative of the student, an injury or illness of the student, or other special circumstances. Students who have not made satisfactory academic progress after being placed on warning status may file an appeal to the Satisfactory Academic Progress Appeals Committee (SAPAC). A complete SAP appeal application must be submitted to the Financial Aid Office. The SAPAC meets once a month. Appeal applications are due in the Financial Aid Office the Friday prior to the committee’s meeting. Student should contact the Financial Aid Office for scheduled meeting dates. Students who are on warning and denied an appeal by the SAPAC have the right to appeal to the Vice President of Student Services. The student must contact the office of the Vice President of Student Services and complete that specific application. The student has 15 business days after receipt of the committee’s decision to appeal to the Vice President of Student Services. The decision made by the Vice President of Student Services is final and no other appeals exist.

A student on Financial Aid Probation who fails to meet the Satisfactory Academic Progress and who has not met the requirements of his/her academic plan does not have another right to appeal. This student will not receive any Title IV funds until he/she comes into compliance after paying for courses on his/her own.

A student who has been granted an appeal and is on Financial Aid Probation will be evaluated at the end of the payment period, and the Financial Aid Office will determine if the student has either come into compliance with SAP standards or is following the requirements of the academic plan he/she submitted as part of the appeal process. A student who meets SAP will become an eligible student once again.

A student following the academic plan submitted as part of his/her appeal but not yet in full compliance with all the SAP components will remain on Financial Aid Probation and will continue to be monitored by the Financial Aid Office.

The appeal application will contain information as to why the student failed SAP and what has changed in the student’s situation that would allow the student to demonstrate SAP at the next evaluation.

THE APPEAL MAY BE APPROVED ONLY IF
1. The committee has determined that the student will be able to meet SAP standards after the subsequent payment period. OR

2. The student provides an academic plan that, if followed, will ensure that the student is able to meet SAP standards by a specific point in time.

It is very important for the student to work closely with an academic advisor to create an academic plan that will enable the student to achieve SAP. If the student does not meet the time frame as outlined in the academic plan, he/she will not be eligible for Title IV funding. The student will be required to pay for courses on his/her own.

SUSPENSION
Students on probation who do not meet SAP standards and/or who have not followed the submitted academic plan will be ineligible for Title IV funding and will need to pay for classes on their own. The students can apply for Title IV aid once they meet SAP standards. No subsequent appeal process exists.

It is understood that a student on suspension for maximum time frame, GPA, and/or pace may meet SAP standards in the GPA and/or pace component but never meet SAP standards in regard to maximum time frame. A student who has been on probation for the maximum time frame, GPA, and/or pace who does not follow his/her plan and does not meet SAP will be placed on suspension. This student is not eligible to appeal until he/she has met the eligibility component in the GPA and/or pace component and also paid for at least 6 semester credit hours at his/her own expense. Simply paying for classes on one’s own does not guarantee the right for financial aid eligibility. It will only allow the student the right to appeal.

If the student pays for the 6 semester credit hours at his/her own expense and is SAP eligible for the GPA and/or pace component, he/she will be allowed to appeal. The student must meet SAP requirements in GPA and pace components before being eligible to appeal. If in subsequent semesters a student on probation for maximum time frame, GPA, and/or pace does not maintain SAP, he/she will be placed on suspension again, and the same criteria will apply with the exception that the student must now pay for 12 hours at his/her own expense.
If a student does not follow his/her plan after this probation period, he/she will not be allowed to appeal at any point in time. He/she will remain on Financial Aid Suspension. This will be the final status.

**Additional Information:**

1. Financial Aid recipients who withdraw or stop attending classes before completing at least 60% of the semester may have to pay back a portion of their grant and/or loan money. This is known as a Return to Title IV calculation (R2T4). This includes all W's, Q's, U's, UD, UF, and F's. The amount of financial aid that the student has earned up to the withdrawal date is determined by a specific federal formula. A maximum of 30 foundational hours may be taken and paid with Title IV funds.

2. A student on warning or probation will not be eligible for any TPEG funds.

**Ability to Benefit** - Financial aid applicants must have a high school diploma or must have completed the General Educational Development (GED) Test to receive student financial aid. A copy of the transcript or GED certificate must be on file in the Admissions & Records Office to be eligible for financial aid and for the student's financial aid file to be processed.
Veterans’ Benefits

Veterans are admitted on the same basis as other students. Victoria College is approved by the Texas Workforce Commission programs taken under Title 38 of the U.S. Code. Veterans Affairs (VA) Certifying Officials are located in the Advising & Counseling Services Office.

Students seeking veterans’ educational benefits must contact a VA Academic Advisor 6 weeks prior to their registration period. All benefit recipients (excluding Chapter 31, 33 and Hazlewood) are required to pay their educational costs up front. Funding will be paid directly to students by the Department of Veterans Affairs.

Eligible veterans will receive monthly payments for their entitlement based on the coursework for which they enroll. Courses should be selected with care. Students should make certain that each course meets the requirements. The course must be a requirement for graduation in the veteran’s declared degree program or completion of a certificate program. A course for audit credit will not be certified for payment. Students who are enrolled in Victoria College and are certified to receive veterans’ benefits are expected to make a grade point average of 2.0 on all work attempted. Students who are enrolled for six or more semester hours and fail to make a 2.0 grade point average will be placed on scholastic probation which could affect future eligibility to receive benefits.

In addition to the academic progress, the following is also reviewed by the Department of Veterans Affairs:

- All withdrawals, enforced withdrawals, and reductions in class load will be reported to the Department of Veterans Affairs.
- Repeats of classes where D’s or above were earned will not be covered for veterans’ benefits.

The Montgomery GI Bill

The Montgomery GI Bill (Chapter 30)- Active Duty program provides up to 36 months of education benefits. These benefits may be used for degree and certificate programs, apprenticeship/on-the-job training and correspondence courses. Foundational, deficiency, and refresher courses may be approved under certain circumstances. Generally, benefits are payable for 10 years following the student’s release from active duty.

The Montgomery GI Bill (Chapter 1606)-Selected Reserve program may be available to a student if he/she is a member of the Selected Reserve. The Selected Reserve includes the Army Reserve, Navy Reserve, Air Force Reserve, Marine Corps Reserve, Coast Guard Reserve, the Army National Guard, and the Air National Guard.

Students may use this education assistance program for degree programs, certificate or correspondence courses, cooperative training, independent study programs, or apprenticeship/on-the-job training. Foundational, refresher and deficiency training are available under certain circumstances.

Eligibility for this program is determined by the Selected Reserve components. The student is responsible for paying tuition and fees at the time of registration. VA makes the payments to the student for this program upon verification of enrollment certification which must be completed each semester.

The student may be entitled to receive up to 36 months of education benefits. His/her benefit enrollment entitlement ends 10 years from the date of his/her eligibility for the program, or on the day he/she leaves the Selected Reserve.

The following documents are needed to apply for The Montgomery GI Bill benefits:

- Copy of DD-214 for Active Duty Program
- Letter of eligibility from Selected Reserve Unit for Selected Reserve Program
- VA Form 22-1990 (Application for Veterans’ Educational Benefits) or VA Form 22-1995 (Request for Change of Place of Training or Program) if the student has previously used VA benefits at another institution or has not attended for one semester
- Victoria College Veteran’s Enrollment Record
- All prior academic transcripts and military transcripts
Veterans’ Educational Assistance Program (VEAP)

VEAP is available if the student elected to make contributions from his/her military pay to participate in this education benefit program. The government matches student contributions on a $2 for $1 basis. The student may use these benefits for degree, certificate, correspondence, or apprenticeship/on-the-job training programs. In certain circumstances, foundational, deficiency, and refresher courses may also be available.

Benefit entitlement is 1 month to 36 months depending on the number of monthly contributions. The student has 10 years from his/her release from active duty to use VEAP benefits.

The following documents are needed to apply for VEAP benefits:
- Copy of DD-214 for Active Duty Program
- VA Form 22-1990 (Application for Veterans’ Educational Benefits) or VA Form 22-1995 (Request for Change of Place of Training or Program) if the student has previously used VA benefits at another institution or has not attended for one semester
- Victoria College Veteran’s Enrollment Record
- All prior academic transcripts and military transcripts

Survivors and Dependants Educational Assistance Program (DEA-Chapter 35)

Dependents’ Educational Assistance provides education and training opportunities to eligible dependents of certain veterans. The program offers up to 45 months of education benefits. These benefits may be used for degree and certificate programs, apprenticeship, and on-the-job training. Spouses may take a correspondence course. Foundational, deficiency, and refresher courses may be approved under certain circumstances.

The following documents are needed to apply for DEA benefits:
- Copy of DD-214 for qualifying veteran
- Copy of marriage certificate for spouse and birth certificate for children
- VA Form 22-5490 (Application for Veterans’ Educational Benefits) or VA Form 22-5495 or VA Form 22-5495w (Request for Change of Place of Training or Program) if the student has previously used VA benefits at another institution or have not attended for one semester
- Victoria College Veteran’s Enrollment Record
- All prior academic transcripts

Hazlewood Act

Students interested in using Hazlewood benefits for registration are recommended to contact the VA Academic Advisor at Victoria College at least six weeks prior to their initial registration.

The Hazlewood Act information sheets and applications are available in the Advising & Counseling Services Office. Each Hazlewood Application must be completed before each new term registration. The Hazlewood Act provides a tuition waiver, so it must be used at the time of registration. It will not be retroactively applied.

The following documents are needed to apply for the Hazlewood Act benefits:
- Hazlewood Application
- Victoria College Veteran’s Enrollment Record
- Copy of the DD-214

Veterans’ Work-Study Program

Eligible veterans can apply for this benefit by contacting the Admissions & Records Office and filling out an application for Veterans’ Work-Study. Positions are limited and an interview is required.

Veterans’ Vocational Rehabilitation Program (Chapter 31)

The Vocational Rehabilitation Office in Houston, Texas determines eligibility for this Veterans’ benefit. Information on how to contact this office can be obtained in the Admissions & Records Office.

Additional information regarding Veterans’ Benefits may be obtained by visiting the VA web site at: www.gibill.va.gov.

Reserve Educational Assistance Program (REAP)

REAP was established as part of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005. It is a Department of Defense education benefit program designed to provide educational assistance to members of the Reserve components called or ordered to active duty in response to a war or national emergency (contingency operation) as declared by the President or Congress. This program makes certain reservists who were activated for at least 90 days after September 11, 2001, either eligible for education benefits or eligible for increased benefits.
Workforce Solutions Golden Crescent

Workforce Solutions Golden Crescent provides financial assistance (cost of tuition, fees, books, and supplies) for economically disadvantaged adults, youth, and laid-off workers. Eligibility is determined on a case-by-case basis under the program.

Workforce Solutions Golden Crescent serves people of the seven county Golden Crescent region that includes Calhoun, DeWitt, Goliad, Gonzales, Jackson, Lavaca and Victoria counties. Persons who reside in this service area should call (361) 578-0341 or write for more information to the following address:

Workforce Solutions Golden Crescent
120 S. Main, Suite 110
Victoria, TX 77901

Persons who reside outside of these counties should call (512) 463-2222, go to the nearest Workforce Center office, or consult the website at www.gcworkforce.org.

Department of Assistive and Rehabilitative Services, Division for Rehabilitation Services

The Division for Rehabilitation Services assists eligible consumers with tuition and required nonrefundable fees when it is deemed necessary to achieve a vocational outcome. Eligibility is based on physical or mental disabilities that create severe impediments to employment. Applications for such assistance should be made to:

Texas Department of Assistive and Rehabilitative Services

Division for Rehabilitation Services
4102 North Navarro, D-2
Victoria, TX 77901
(361) 578-1594

Admissions & Records and Welcome Center
Location: Student Services Building
Contact: (361) 485-6841
registrar@victoriacollege.edu

The Admissions & Records Office/Welcome Center provides an array of services from the admission application to graduation. The Welcome Center is a one-stop location for:

- Admissions information
- Credit by exam
- Grade information
- Graduation
- Noncredit & testing information
- Residency determination
- Tech Prep credit
- Transcript requests
- Student information changes (name, address, etc)
- Verification of enrollment

Advising & Counseling Services
Location: Student Services Building, Room 105
Contact: (361) 572-6405
advisorhelp@victoriacollege.edu
www.victoriacollege.edu/advising

counselingservices

Advising & Counseling provides quality services to students in the areas of career counseling, academic advising, New Student Information Sessions, personal counseling, veterans’ advising, and support services for students with disabilities. Students are encouraged to become acquainted with the advising staff and to take advantage of educational, career, and personal counseling services. These services are available to all students, both on-campus and off-campus, upon request. This department is responsible for providing information regarding:

- Assessment
- Academic advising
- Counseling
- Orientation
- Personal counseling
- Recruiting
- Support services for special populations
- Tutoring services
- Veterans’ services

The New Student Information Session (NSIS) is an orientation designed to acquaint new students with the Victoria College campus and the various resources that can enhance both personal development and academic success. All freshmen are required to participate in a NSIS to be eligible to register for courses. Failure to do so will result in a hold on his/her account.

For New Student Information Session dates and times, visit www.victoriacollege.edu/nsis1.

In order to participate in a New Student Information Session students must:

1. Complete a Victoria College Application for Admission,
2. Submit assessment scores (unless exempt), and
3. Submit an official high school transcript.

Once students have completed these admission requirements, registration can be completed in the Victoria College Advising & Counseling Services Office or through web registration (if eligible).

For additional information, call (361) 572-6405.

Student Success: OnCourse

All incoming freshmen with fewer than 12 hours are required to enroll in SDEV 0301 and successfully complete the course with a SC or better, or they will be required to re-enroll their next semester. EDUC 1300 may be substituted for SDEV 0301, in which case a C or better must be earned.

ACT Center

Victoria College is a licensed ACT Center. The mission of the ACT Center is to excel at administering standardized high-stakes examinations in a uniformly secure, high-quality, service-oriented fashion. Test sponsors have the right to expect the highest levels of security, quality, and service from ACT and the ACT Center network.

For more information regarding the ACT Center and the exams administered, please go to www.actcenters.com or contact the Victoria College Testing Center at testingcenter@victoriacollege.edu.
Career and Transfer Services
Location: Student Services Building, Room 105
Contact: (361) 572-6405
advisorhelp@victoriacollege.edu

For students who are searching for a vocation, major, or specific area of interest, or are interested in transferring to another community college or university, a visit to the Career & Transfer Services Advisor is recommended. Services include:

- Career exploration
- Off-campus employment opportunities
- Career fairs
- Career preparation workshops
- University and community college transfer requirements

Child Care Assistance
Location: Student Services Building, Room 108
Contact: (361) 572-6415
www.victoriacollege.edu/images/files/finaid/Childcare_Assistance_Application.pdf

To apply for assistance with child care costs, students must:

1. complete the Application for Child Care Assistance,
2. schedule an appointment with the Child Care Coordinator,
3. have completed the Victoria College financial aid process, and
4. have registered for the upcoming semester.

Information and applications for the academic year are available in the Financial Aid Office. Assistance is based on the availability of Victoria College funds, student financial need, individual student assessment, program of study, and number of hours.

Disability Services
Location: Student Services Building, Room 105
Contact: Disability Support Services (DSS) – Disability Services Advisor
Karen Friedel (361) 572-6411
karen.friedel@victoriacollege.edu

Title IX, Section 504 Coordinator, Ann Brogger (361) 572-6414
jessie.brogger@victoriacollege.edu

Disability support services are arranged on an individual case-by-case basis for qualified students with a documented disability. Services may include:

- Note-taking assistance
- Special parking provisions
- Adapted testing
- Reader services
- Information and referrals
- Special equipment & equipment adaptation

Prospective students who may qualify should contact Advising & Counseling Services at (361) 582-2400 at least one month prior to registration. Supporting documentation may be required. The Disability Support Services Student Handbook is available in the Advising & Counseling Services Office or at www.victoriacollege.edu/disability-supportservices. Students with disabilities who feel that their rights have been violated, have the right to file a grievance. The procedure for doing so is outlined in the Disability Support Services Student Handbook.
Financial Aid
Location: Student Services Building, Room 108
Contact: (361) 572-6415
finaid@victoriacollege.edu

Students who need help paying for college are encouraged to visit the Financial Aid Office. The Financial Aid staff will make every effort to assist students in obtaining the necessary funds to attend college. A variety of federal and state funds are available to qualifying students. Steps for obtaining financial aid include:

• Complete a Free Application for Federal Student Aid online at www.fafsa.ed.gov
• Complete a Student Information Sheet and a Satisfactory Academic Progress Acknowledgement form, both available in the Financial Aid Office or on the Pirate Portal.
• If selected for verification, additional documentation is required.
• Submit a high school transcript or GED to the Admissions & Records Office.
• Receive financial aid award letter
• Log in to the Pirate Portal and accept the Financial Aid Award.

Scholarships and grants can be used for tuition, fees, books, and supplies. If loan funds will be required, an additional form can be obtained from the financial aid department. Once the file is processed, the student can use the funds for tuition, fees, books, and supplies.

KEY Center-
Student Support Services
Location: Johnson Hall, Room 101
Contact: (361) 582-2414
key@victoriacollege.edu

KEY stands for Knowledge, Exploration, and You — these will be the “keys” that unlock great opportunities for a Victoria College student’s education and life. The goal of the KEY Center is to retain, motivate, and graduate low-income, first generation students and/or students with disabilities. The mission of the KEY Center, a Federal TRiO program, is to promote participation in postsecondary education by providing an academically enriching and supportive environment that encourages intellectual growth and social development for qualified individuals.

The services provided by the KEY Center include:

• Academic advising and degree planning
• Career counseling and exploration through job shadowing, career planning, and other resources
• Computer and study area designated for KEY Center members
• Financial Aid Assistance to help guide students through steps to secure grants and scholarships
• Financial literacy programs to empower students with information on money management
• Mentoring program pairing a student with a VC faculty, staff or student to help establish a solid support system
• Resources and equipment for successful study habits.
• Transfer assistance for students who plan to continue their education beyond Victoria College
• Tutoring program designated for KEY Center members which includes individual and group assistance
Payments
Location: Student Services Building
Contact: (361) 485-6840
payments@victoriacollege.edu

The Payments Office is responsible for providing the following services:
- Payments
- Test registration & payments
- Installment plans

Pre-College Programs and Recruitment
Location: Student Services Building, Room 108D
Contact: (361) 485-6823
precollegeprograms@victoriacollege.edu

Pre-College Programs is responsible for providing the following services:
- Information and assistance with admissions and financial aid forms for prospective students
- Classroom presentations at elementary, middle and high schools
- Programs to assist students with college preparation
- Campus tours
- Informational booths and presentations at community events, organizations, and businesses
- Dual Credit /Early Admissions information

Pre-College Programs provides college information and outreach services to all prospective students.

Student Computer Access
Victoria College provides computers for student use and offers a variety of computer network capabilities, including internet access, electronic mail, and a wide selection of applications.

There are several computer labs located across the campus:
- Academic Building
- Health Sciences Center
- Student Center
- Technology Center

The following buildings offer wireless network access:
- Academic Building
- Allied Health Building
- College Services & Training Building
- Continuing Education Center
- Health Sciences Center
- Language Building
- Sports Center
- Student Center
- Student Services Building
- Technology Center

Each student is automatically issued an e-mail address. Students can access their login and password for the Pirate Portal at https://helpdesk.victoriacollege.edu/bansam/. Information concerning e-mail access and student computer support may be obtained by contacting the Helpdesk at helpdesk@victoriacollege.edu or (361) 582-2509.
Testing Center

**Location:** Continuing Education Center, Room 201

**Contact:** (361) 582-2589

The Testing Center provides academic skills assessment and testing for online courses, and administers selected licensure and/or certificate examinations. All testing is by appointment only. Please contact the Testing Center at (361) 582-2589 or testingappointments@victoriacollege.edu to schedule an appointment.

Victoria College is a testing center for the following:
- ACT
- Castle World Wide
- CLEP
- COMPASS
- Correspondence Exams
- DET
- DSST
- GED
- Quick THEA
- SAT
- SAT Subject Exams
- TSA
- USPS

Students can register for tests and verify test dates at www.victoriacollege.edu/testingcenter.

Tutoring Centers - Need a tutor?

**Location:** Tutoring Center

**Location:** Johnson Hall, Room 106

**Contact:** (361) 572-6473
tutorhelp@victoriacollege.edu

Tutoring services are designed to provide a supportive learning environment by providing tutors and a variety of resources to help students meet their educational goals.

Schedules are posted on the Tutoring Center website, which can be accessed in the Pirate Portal. Additional resources include handouts, a variety of textbooks, and an online InfoRack which provides a selection of downloadable handouts to students needing assistance after hours or to those students unable to come to campus.

Students who wish to work as tutors are encouraged to apply early each semester for these paid positions. For additional information please contact the Tutoring Center by phone or e-mail. Tutors must have an instructor's recommendation and achieve CRLA Level I Certification in the first two semesters they tutor to ensure the quality of support services offered.
Student Activities & Student Center
Location: Student Center, Room 120
Contact: (361) 572-6440

Campus student activities are designed to:
• give the students the opportunity for self-expression
• increase interest in academic courses
• provide recreation

Amenities provided to students are:
• big screen TV
• horseshoe and washer pits
• pool tables
• sand volleyball court
• table tennis
• tennis courts

Inside the Student Center students will find:
• 250-seat dining area
• campus bookstore
• computer lab
• The Cove convenience store/Subway restaurant
• meeting rooms

Clubs and Student Organizations
The Student Activities Office is the central location for information concerning campus organizations. All students are invited to visit the Student Activities Office website at www.victoriacollege.edu/getinvolved or to stop by the office and pick up a current listing of campus organizations and decide which club or organizations best suit their interests.

Club Membership Information
To be a member of an officially sanctioned extracurricular organization in the student life of Victoria College, an individual must be registered in good standing as a student in the College. Specific prerequisites for membership and holding office are determined by the constitution and bylaws of the organization, which have been approved by the Vice President of Student Services, Student Life Committee, and the Student Activities Director of Victoria College. Copies of each organization’s constitution are maintained in the Student Activities Office.

Phi Theta Kappa
The Zeta Gamma Chapter of Phi Theta Kappa, the national honorary scholarship society for junior colleges, was chartered in February 1947. The purposes of the society are to promote scholarship, develop character, and cultivate fellowship among the students of the junior colleges of the United States. Each semester a faculty advisor and the registrar survey all available candidates and recommend for membership those students whose grade point average indicates superior scholastic achievement (grade point average of 3.50 or higher on 12 hours of associate degree coursework) and who have demonstrated qualities of leadership and integrity and are pursuing an associate or higher degree.

Student Government
Victoria College’s Student Government Association (SGA) is an elected body whose purpose is to represent the entire student body in all aspects of student life. The Student Activities Director serves as an advisor to the association. The primary responsibilities of the association are to conduct a student body election, plan student activities, and be involved in issues concerning the welfare of the students.

Role in Institutional Decision Making
The Student Government Association serves as the official liaison between the student body and college administration. It serves as the mechanism for student participation in institutional decision making. Please see the Victoria College Student Handbook for a complete description of the role of the Student Government Association.

Officers and Club Representative
To be eligible for an officer position, a student must have attended VC for one semester and completed 15 hours, except two of the at-large representatives, who may have less than 15 hours. In addition, one representative from each official campus club or organization shall select a Student Government Representative at the beginning of the school year. The club representative may be a freshman or a sophomore.
Eligibility Requirements
Offices held by students who have attended at least one semester require a 2.5 GPA at the time of election. Club representative positions and at-large representatives and transfer students require a 2.0 GPA at the time of election.

All officers and members serving in the Victoria College Student Government Association (SGA) must maintain a 2.0 GPA each semester. They must be registered for a minimum of 6 hours during the regular semester and 3 hours during the summer session(s) in order to remain an active member of SGA.

In addition to GPA requirements, all officers and representatives must complete a percentage of all hours attempted:

Intramurals
Victoria College offers intramural athletic programs. The intramural program includes basketball, bowling, golf, tennis, arena football, soccer, and volleyball. Intramural sports are organized under the Physical Education Department. Information can be obtained at the Sports Center and the Student Activities Office.

Campus Religious Organizations
The Baptist Student Ministry, Catholic Student Association, Faith Family Ministry, and the United Campus Ministry are organizations offering programs of inspiration and recreation for students.

Special Interest Organizations
The Art Association, Dirt Nerds Club, Film Club, Haven, Latin American Student Organization, Science Club, Sports Club, Veterans Association, and Writer's Club.

Program Specific Organizations
SCOPE (Student Cardiopulmonary Organization Practicing Excellence) represents the Respiratory Program; Student Nurses Association – ADN Program; Student Nurses Association – Vocational Nursing Program (Day and Evening) and the International Society of Automation represents the Instrumentation Program.

Calendar of Events
The Student Activities Director is responsible for the supervision of all student social activities and approval and scheduling of all student activities. A master calendar of events is available in the Student Activities Office in the Student Center.

Postings
Victoria College has various areas that are available to students, faculty, and staff to post relevant information. The following areas are specifically designated for advertising purposes:

- Bulletin boards—Academic Building, Allied Health Building, Language Building, Johnson Hall, Continuing Education Center, Health Sciences Center, Sports Center, Student Center, Student Services Building, Technology Center and William Wood Building
- Portable bulletin boards—located in various campus areas

Please refer questions regarding posting to the Student Activities Director.

Field Trips
Many college departments and campus organizations sponsor one or more field trips each semester. Field trips give students additional community knowledge, add to the interest in coursework, and allow them to observe applications of principles learned in class.

Field trip forms are located in the Vice President of Instruction Office and must be completed and signed by the faculty sponsor. The Vice President of Instruction provides lists of field trip participants to faculty members whose classes will be missed by participating students.
Travel Policy

I. Personal Liability Insurance Requirement
Victoria College recognizes that employees and students occasionally use personal vehicles while engaged in college-related activities on campus and in the local area. All persons who use their vehicles while conducting college business or while traveling to any college-sponsored activity or any registered student organization activity shall, prior to engaging in the above described activities:

- carry appropriate automobile insurance
- provide the Vice President of Student Services Office or the Vice President of Instruction Office with a copy of their driver's license and proof of liability insurance

The College does not provide insurance for student use of personal automobiles. All drivers and passengers must abide by the safety standards.

II. Reimbursement for Costs of Using Personal Vehicles
Mileage costs related to any significant use of personal vehicles to conduct college-related business may be reimbursed upon approval of appropriate divisions or departments.

III. Modes of Transportation
Modes of transporting students shall include, but not be limited to, cars, vans, buses, and airplanes.

IV. Students as Drivers for College-related Activities
A driver who is transporting one or more students of Victoria College to an activity or event that is located more than 25 miles from campus and that is organized or sponsored either by the College or by a student organization registered at the institution must comply with the following requirements:

a. The student driver must be currently enrolled at Victoria College.

b. The driver must hold a valid driver's license appropriate for the vehicle to be driven and must provide the Vice President of Student Services Office or the Vice President of Instruction Office with a copy of the driver's license and proof of liability insurance prior to transporting any students. A driver of a commercial motor vehicle must have a commercial driver's license.

V. Other Drivers for College-related Activities
A driver who is transporting one or more students of Victoria College to an activity or event that is located more than 25 miles from campus and that is organized or sponsored either by the College or by a student organization registered at the institution must comply with the following requirements:

a. The driver must hold a valid driver's license appropriate for the vehicle to be driven and must provide the Vice President of Student Services Office or the Vice President of Instruction Office with a copy of the driver's license and proof of liability insurance prior to transporting any students.

b. The driver may not transport students unless he or she has an acceptable driving record.

III. Students as Passengers in Motor Vehicles Involved in College-related Activities

a. Purchase of Personal Injury and Personal Effects Insurance
Where rental vehicles are used to transport students, the personal injury and personal effects insurance must be purchased as a part of the vehicle rental agreement regardless of the mode of transportation. For student drivers of rental vehicles, all of the above requirements related to student drivers apply.

b. Student Consent and Release Form
Each student who travels by motor vehicle (or any form of transportation) to participate in a college-related activity, including but not limited to academically related field trips or courses; competitions or contests; or nonacademic activities, must execute a copy of a Consent and Release Form prior to such activities.

c. Student Passenger Responsibilities
Student passengers are responsible for their own safety. Student passengers should arrange transportation that is consistent with their personal expectations regarding safety. At any point during their transport either to or from a college-related activity or registered student organization activity, student...
passengers should exercise their own personal judgment regarding the safety of their transport before riding in any vehicle.

IV. Safety Standards for All Drivers
a. All drivers who are transporting one or more enrolled students either to or from any college-related activity, including any registered student organization activity, shall ensure that the number of passengers does not exceed the designated capacity of the vehicle and that each passenger is secured by a safety belt. In addition, all relevant laws will be adhered to during the duration of the trip.

b. Drivers of one or more students presently enrolled at Victoria College who are traveling to or from a college-related activity, including a registered student organization activity, that is located more than 25 miles from the Victoria College campus shall not drive fatigued or under the influence of any medication or other substance that would impair the driver’s ability to drive safely.

c. All drivers are encouraged to read the tips for safe driving, which can be obtained from the offices of either the Student Activities Director or the Vice President of Student Services at Victoria College.

Code of Student Conduct
The Code of Student Conduct is reviewed annually and is updated as required. Updates in the Code of Student Conduct are published annually in the Victoria College Student Handbook. Students are subject to the most current Code of Student Conduct as printed in the Handbook, which may or may not be identical to the Code in this catalog.
Terms To Know
Individuals entering college for the first time probably will hear a number of words and phrases that are strange to them. These are the terms which apply to college and university activities. They are common to institutions of higher learning throughout the country.

At Victoria College, some of the terms you will need to know immediately are:

**Academic Probation:** A student who attempts six or more hours in a semester and earns a grade point average (GPA) below 2.0 for that semester is placed on Academic Probation.

**Admission:** The process of filling out forms, filing documents, and taking tests prior to registering for classes.

**Assessment:** A test used to determine a student's skill levels in math, English, and reading. The results are used to ensure that students are meeting basic skills before enrolling in college-level courses.

**College:** When capitalized, the term “College” means Victoria College.

**College Official:** Includes any person employed by Victoria College while performing assigned administrative or professional responsibilities.

**College Premises:** Includes all land, buildings, facilities, and other property in the possession of, owned, used, or controlled by the College.

**Course:** The organized subject matter in which instruction is offered within a given period of time and for which credit toward graduation or certification usually is awarded unless the course is designated as Academic Foundations.

**Course Prerequisite:** The preliminary requirement that must be met before a certain course can be taken.

**Credit:** Measure of the quantity of work in a course, sometimes referred to as an hour.

**Curriculum:** A group of required courses leading to a degree or certificate; also refers to course offerings of a college as a whole.

**Elective:** A subject or course which a student may choose to take as distinguished from a required course.

**Grade Point Average:** The grade point average (GPA) is determined by dividing the total grade points earned by hours attempted. A course in which a grade of W is earned will not be counted as hours attempted.

**Hold:** Refers to the indicator placed on a student's official record, preventing registration and/or issuance of a transcript until the student meets the requirements of the College office placing the indicator on the account.

**Installment Plan:** A method available to pay tuition and fees. Under the plan, one half of the tuition and fees must be paid at the time of registration. For the fall and spring semesters, the balance is due in two payments. For summer, the balance is due in one payment. There is a $20 service fee to use the installment plan.

**Major:** The specific subject area in which a student determines to devote most effort in college. Twenty-four to thirty semester hours of work in a specific subject are usually required. Half or more of these courses usually are in the junior and senior year at a 4-year college or university.

**Member of the College Community:** Includes any person who is a student, visitor, faculty, staff member, College official, or any other person employed by the College.

**Minor:** A student's secondary subject choice. It usually consists of 18 or more semester hours in a specific subject area.

**Noncredit Courses:** Courses that are intended for students who want to learn a new skill for career training, upgrade or recertify existing skills, gain general knowledge, or develop personal interests. Upon completion, students receive a Victoria College Certificate of Completion. Students are not required to apply for admission to the college or take entrance exams for noncredit courses.

**Placement Test:** See Assessment.

**Pirate Portal:** A secure, personalized gateway where VC students can access important college information, check e-mail, access Blackboard, register for courses, check grades, and more.
Semester: An academic term of study of 16 weeks, which is half of a 9-month school year. There are also 14-week terms in fall and spring, two 5-week summer terms, 8-week fast track terms in both fall and spring, and a 2-week interim session immediately after the spring semester.

Student: Any person taking any credit or noncredit course(s) offered by the College

Transcript: A copy of a student's academic record

Transfer Course: Any course offered that is listed in The Community College General Academic Course Guide Manual.

Transfer Institution: A college or university to which one may transfer for advanced education or training after attending a community college

TSI: Texas Success Initiative; legislation requiring assessments in reading, math, and writing before attending public colleges or universities

Tuition and Fees: Charges levied for enrolling in classes and for the use of College facilities. See the college catalog and/or semester schedule for additional information.

Tutoring: Free services which provide additional academic assistance for all students

Semester Grade Point Average: The grade point average is determined by dividing the total grade points earned by hours attempted. A course in which a grade of W, S, SA, SB, SC, Q, U, or UF is earned will not be counted as hours attempted for the purpose of GPA calculation.

VC Cumulative Grade Point Average: The VC cumulative grade point average will be calculated, excluding Academic Foundations courses. This GPA will be used for graduation purposes.
Associate of Arts Degree - General Studies
Associate of Science Degree - General Studies

The Associate of Arts (AA) and Associate of Science (AS) degrees are the foundation of a Bachelor of Arts (BA) or Bachelor of Science (BS) degree. With careful planning, an AA or AS can fulfill the freshman and sophomore requirements for the BA or BS. If you are planning on transferring to a university after completing your AA or AS, please meet with one of VC’s academic advisors to create an AA or AS customized to fit the requirements of the university to which you want to transfer.

In addition to meeting transfer requirements, an AA or AS is often an appropriate degree for immediate entry into the workforce. Please meet with an academic advisor to determine the best route to meeting your career goals.

Academic Transfer

Liberal arts and sciences courses at VC are designed to transfer to a four-year university and are central to completing an Associate of Arts or Associate of Science degree. Students who earn a degree in general studies at VC and then transfer will have completed all of the core lower division requirements for any public university in Texas.

The following areas of study are popular choices among VC students who plan to transfer to a university.

Art & Design
Biology
Business Administration
Chemistry
Computer Science
Criminal Justice
Economics
Engineering
English
Geography
Geology
Government

History
Interdisciplinary Studies
Mathematics
Music
Physics
Pre-Dental/Pre-Medical/Pre-Pharmacy/Pre-Veterinary
Pre-Law
Psychology
Sociology
Spanish
Speech

Be sure to visit with one of VC’s academic advisors to create a transfer plan customized to fit the requirements of any university you choose.

Medical Laboratory Technology

Victoria College offers a two-year program in medical laboratory technology (MLT), which leads to an Associate of Applied Science degree. Upon successful completion of the program, the graduate will be eligible to take a National Certification Examination at the MLT level. The MLT Program is accredited by NAACLS (National Accrediting Agency for Clinical Laboratory Science, 8410 W. Bryn Mawr, Suite 670, Chicago, IL 60631-3415, (773) 714-8880, www.naacls.org).

Admission Requirements
Admission requirements for the MLT Program differ from general admission to Victoria College. Additional information may be found at www.victoriacollege.edu/medical-laboratory-technology.

The MLT Program is a selective admission program with a limited number of available student slots.

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (contact the Admissions & Records Office).
2. TSI (Texas Success Initiative) satisfied. (Contact Advising & Counseling Services for further explanation if necessary.)
3. ACT Composite score of 18 or SAT I total score of 870. Students who have earned at least 12 credit semester hours on the program of study with a GPA of at least 2.25 or that have high school transcripts demonstrating a strong academic background may have either an ACT of 16 or SAT I of 780. (College or high school transcripts will be evaluated on an individual basis; ACT scores before October 1989 and SAT scores before April 1995 will be considered on an individual basis.)
4. Overall GPA of 2.0 or above on all college hours attempted. Students with less than a 2.0 GPA will be evaluated on an individual basis.
5. The following courses must be completed with a "C" or better prior to entry in the program:
   - CHEM 1406
   - ENGL 1301
   - Social/Behavioral Sciences 3 credit hour elective (Student must choose a course from: Victoria College Social & Behavioral Sciences core curriculum courses.)
6. Complete the MLT application and return to the program chair.
7. Interview with the program chair (call 572-6455 or 572-6426 to schedule an appointment).
8. Official high school and college transcripts must be on file in the Admissions & Records Office. Transfer students will be accepted on an individual basis.
9. Science courses taken more than five years ago will be considered on an individual basis and may have to be repeated.
10. Selections will be made in early June. Class size is limited. Qualified applicants are ranked based on SAT or ACT scores and non-MLAB courses taken in the curriculum, with the majority of the ranking point value coming from courses the student has already taken that are part of the MLT curriculum. Therefore, it is advantageous for the student to complete as many non-MLAB courses beyond the prerequisites as possible. Students may apply as late as the first of August if openings still exist. Students are encouraged, but not required, to complete immunizations prior to beginning the program. Prior to enrollment qualified applicants who have been accepted must submit a completed physical examination form and must meet the program immunization requirements.
11. Some clinical agencies may require criminal background checks prior to clinical learning experiences; students who do not have clear criminal background checks may not be able to meet all course objectives.

* Capstone course
Nursing - Associate Degree/Tech-Prep Plan  
(Generic Student Curriculum)

Victoria College offers a two-year Associate of Applied Science degree in nursing. Upon successful completion of the program, the graduate is eligible to apply to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Satisfactory achievement on the examination will qualify the graduate for licensure as a registered nurse.

The Associate Degree Nursing Program is fully approved by the Texas Board of Nursing and accredited by the National League for Nursing Accrediting Commission (3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326, (404) 975-5000).

Admission Requirements  
Admission requirements for the Associate Degree Nursing (ADN) Program differ from general admission to Victoria College. Additional information may be found at www.victoriacollege.edu/professionalnursing. The ADN Program is a selective admission program with a limited number of available student slots each semester.

In order to be considered an eligible applicant, it is the responsibility of the applicant to ensure that all necessary documentation as stated below is in the ADN Office by June 1 for fall admission and by September 1 for spring admission.

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (contact the Admissions & Records Office).
2. Completed student ADN Program application dated within the last year.
3. ACT Composite score of 18 or SAT I total score of 870. Students who have earned at least 12 semester credit hours on the program of study with a GPA of at least 2.25 may have either an ACT of 16 or SAT I of 780. (ACT scores before October 1989 and SAT scores before April 1995 will be considered on an individual basis.)
4. TSI (Texas Success Initiative) satisfied. (Contact Advising & Counseling Services for further explanation if necessary.)
5. A grade of C or better by June 1 for fall applicants or by September 1 for spring applicants in each of the following prerequisite courses:
   - BIOL 2401
   - PSYC 2301
   - CHEM 1406
   - HITT 1211 or POFI 1204
6. Official college transcripts from all colleges or universities attended on file in Associate Degree Nursing Office.
7. Overall GPA of 2.0 or above on all college hours attempted and GPA 2.15 on the ADN program of study.
8. A clear Texas Board of Nursing Criminal Background Check (CBC) must be on file in the ADN Office by June 1 for fall applicants or by September 1 for spring applicants. The procedure to complete this requirement will be mailed to prospective students once their ADN application has been received.
9. ADN Program Counseling Interview required no more than one year prior to program admission. Call (361) 572-6435 for more information.
10. Submit completed VC Record of Immunization form. All immunizations, including Hepatitis B series, must be completed by application deadline (or proof of serological immunity).
11. Prior to enrollment qualified applicants who have been accepted into the ADN Program must submit a current CPR Health Care Provider card (American Heart Association is required) and a completed physical examination form.

Please note: Science courses taken more than five years ago will be evaluated on an individual basis and may have to be repeated.
Transfer Students Admission Procedures
1. Transfer students are considered on a space-available basis.
2. Students who have successfully completed nursing courses at other accredited schools are evaluated on an individual basis by the chair of the ADN Program to determine their entry level in the Victoria College ADN Program.
3. The transfer student must furnish a copy of each nursing course syllabus with course description to the ADN chair so each course can be evaluated.
4. Transfer students must meet the same admission and progression criteria as Victoria College students.
5. Completing at least the last semester of the sophomore year at Victoria College is necessary to meet the requirements for graduation.
6. It is the responsibility of the applicant to furnish all necessary documentation to the ADN office at least two months prior to the semester the student is seeking entry.
7. Prior to enrollment, qualified applicants who have been accepted into the ADN Program must submit a current CPR Health Care Provider card and a completed physical examination form, and they must meet the immunization requirements.

NOTE: A minimum grade of C is required in all nursing and general education courses. All support courses must be taken during the semester designated on the degree plan or before.

* Student must choose a course from the Victoria College Humanities/Visual and Performing Arts core curriculum courses. (Contact Advising & Counseling Services or program chair for specific course considerations).

* Capstone courses
Due to the continual change in clinical facilities, some evening clinical learning experiences may be required in some semesters.
Nursing-Associate Degree
(LVN-ADN Transition Program)

Victoria College offers LVN transition courses. Upon successful completion of RNSG 1327 and RNSG 1261, 12 hours equivalency credit for RNSG 1423, RNSG 1260, RNSG 1219 and RNSG 2461 will be granted. Upon successful completion of the program, the graduate is eligible to apply to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Satisfactory achievement on the examination will qualify the graduate for licensure as a registered nurse.

The Associate Degree Nursing Program is fully approved by the Texas Board of Nursing and accredited by the National League for Nursing Accrediting Commission (3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326, (404) 975-5000).

Admission Requirements
Admission requirements for the Associate Degree Nursing (ADN) Program differ from general admission to Victoria College. Additional information may be found at www.victoriacollege.edu/professionalnursing. The ADN Program is a selective admission program with a limited number of available student slots each semester.

In order to be considered an eligible applicant, it is the responsibility of the applicant to ensure that all necessary documentation as stated below are in the Associate Degree Nursing (ADN) Office by March 1 for summer admission.

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (contact the Admissions & Records Office).
2. Completed student ADN Program application dated within the last year.
3. ACT Composite score of 18 or SAT I total score of 870. Students who have earned at least 12 semester credit hours on the program of study with a GPA of at least 2.25 may have either an ACT of 16 or SAT I of 780. (ACT scores before October 1989 and SAT scores before April 1995 will be considered on an individual basis.)
4. TSI (Texas Success Initiative) satisfied. (Contact Advising & Counseling Services for further explanation if necessary.)
5. A grade of C or better by March 1 for summer applicants in each of the following prerequisite courses:
   BIOL 2401   PSYC 2301   CHEM 1406   HITT 1211 or POFI 1204
6. Official college transcripts from all colleges or universities attended on file in Associate Degree Nursing Office.
7. Overall GPA of 2.0 or above on all college hours attempted and, effective March 2013, GPA 2.15 on the ADN program of study.
8. A clear Texas Board of Nursing Criminal Background Check (CBC) must be on file in the ADN Office by March 1st for summer applicants. The procedure to complete this requirement will be mailed to prospective students once their ADN application has been received.
9. Graduation from an accredited VN Program and current unencumbered Texas LVN licensure.
10. At least one (1) year work experience providing direct patient care.
11. ADN Program Counseling Interview required no more than one year prior to program admission effective March 2013. Call (361) 572-6435 for more information.
12. Submit completed VC Record of Immunization form. All immunizations, including Hepatitis B series, must be completed by application deadline (or proof of serological immunity).
13. Prior to enrollment qualified applicants who have been accepted into the ADN Program must submit a current CPR Health Care Provider card (American Heart Association is required) and a completed physical examination form.

Please note: Science courses taken more than five years ago will be evaluated on an individual basis and may have to be repeated.

Due to the continual change in clinical facilities, some evening clinical learning experiences may be required in some semesters.

^ Capstone courses

NOTE: A minimum grade of C is required in all nursing and general education courses. All support courses must be taken during the semester designated on the degree plan or before. For further information and program application forms, contact Advising & Counseling Services or the ADN Office.
Nursing-Vocational

Victoria College offers a twelve-month certificate program in vocational nursing in Cuero, Gonzales, Hallettsville, and Victoria. The program of study is designed to enable students to acquire knowledge, skills, and competencies related to enhancing the health and well being of individuals. Vocational nursing graduates are prepared to function as members of the health care team under the supervision of registered nurses and physicians in varied health care settings. Completion of the program entitled the learner to apply to take the National Licensure Exam for Practical Nurses (NCLEX-PN).

The Vocational Nursing Program is fully approved by the Texas Board of Nursing.

Admission Requirements

Admission requirements for the Vocational Nursing (VN) Program differ from general admission to Victoria College. Additional information may be found at www.victoriacollege.edu/vocationalnursing. The VN Program is a selective admission program with a limited number of available student slots at each location.

The following are required for enrollment in the Vocational Nursing Program:

1. All materials needed to document that the applicant meets the admission criteria must be received by Victoria College by June 1 of the year in which the applicant is seeking admission.
2. Complete the Licensure Eligibility Requirement form and submit it to the VN Program Office. This form will not be accepted after May 1 for fall admission. It can take up to six weeks or longer for the Texas Board of Nursing (BON) to complete this process. Without resolution of all licensure eligibility issues including a clear criminal background check (CBC), applicant is not eligible for admission to the Vocational Nursing Program. Once applicants have received a completed, clear CBC result from the BON, it is their responsibility to submit the original document to the program office by June 1. (Faxed or scanned copies will not be accepted.)
3. The student must meet the admission requirements for Victoria College as stated in the current college catalog (contact the Admissions & Records Office).
4. Official copies of transcripts for other post-secondary educational programs must be in the Vocational Nursing Program office and the Victoria College Admissions & Records Office by June 1.
5. TSI (Texas Success Initiative) must be satisfied. Please contact Advising & Counseling Services and the Admissions & Records Office to validate TSI status.
6. Qualifying score on Diagnostic Entrance Test (DET) must be documented in Vocational Nursing Program office. Qualifying score is valid for two years from the testing date.
7. Completion of Vocational Nursing Program application (dated within the last year) and Victoria College student application forms (www.victoriacollege.edu/gettingstarted).
8. Submit completed Victoria College Record of Immunization form. Hepatitis B series must be completed or in progress on or before March 1 of the current year or earlier OR proof of serologic immunity.
9. Applicants who have earned less than 13 hours of college credit must complete EDUC 1300 or SDEV 0301 with a C or better to be eligible for admission. Documentation of meeting this criteria must be in the VN Program Office by June 1.

ANATOMY & PHYSIOLOGY

Beginning in the Fall of 2012 students who have completed BIOL 2404 or BIOL 2401 and BIOL 2402 will be given priority for VN Program admission.

Beginning in the Fall 2013 BIOL 2404 or BIOL 2401 and BIOL 2402 will be required for VN Program admission.

Students who have completed BIOL 2404 or BIOL 2401 and BIOL 2402 and wish to substitute that course(s) for VNSG 1420 must have an official transcript in the VN Program office prior to enrollment.

READMISSION, TRANSFER, and TRANSFER FROM ADN TO LVN

Students can join the current VN class on a space-available basis by readmission, transfer within, transfer from ADN to VN, or transfer from outside. However, students can only be admitted into the VN Program twice. Preference will be given as follows:
1. READMISSION OF PREVIOUSLY ENROLLED VICTORIA COLLEGE VN STUDENTS
Students’ coursework and clinical performance will be evaluated by the program coordinator, and an individual course schedule will be developed. Readmission students will be selected based on skills assessment, GPA, and any special circumstances involved in a student’s withdrawal/dismissal from the program. Readmission must occur within three years of a prior admission.

2. TRANSFER WITHIN VICTORIA COLLEGE SYSTEM
The student may seek transfer within the Victoria College Vocational Nursing system at the end of any semester of study by contacting the coordinator of each program involved one month prior to the end of the semester. Transfer students will be selected based on skills assessment and GPA.

3. TRANSFER FROM ADN TO LVN
ADN students who desire to transfer into the VN Program in the spring or the summer must submit a request for transfer to the VN Program coordinator. ADN transfer students will be selected based on skills assessment, GPA, and any unusual circumstance related to the student’s progress in the ADN Program.

4. TRANSFER FROM OUTSIDE VICTORIA COLLEGE VOCATIONAL NURSING SYSTEM
Students who have successfully completed nursing courses at an approved school in good standing with the Texas Board of Nursing are evaluated on an individual basis by the Victoria College Vocational Nursing Program coordinator and dean to determine their entry level into the Victoria College Vocational Nursing Program. Transfer students must meet the admission, progression, and graduation requirements of Victoria College.

Physical Therapist Assistant Program

Victoria College offers a two-year program in physical therapist assisting, which leads to an Associate of Applied Science degree. The program of study is designed to enable students to acquire knowledge, skills, and competencies related to restoring function and well being of individuals. Physical therapist assistants are prepared to function as members of the health care team. Upon successful completion of the program, the graduate will be eligible to take the National Physical Therapist Assistant licensing examination.

Victoria College's Physical Therapist Assistant Program is accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association (1111 North Fairfax Street, Alexandria, VA 22314, accreditation@apta.org; (703) 684-2782 or (703) 684-3245).

Admission Requirements

Admission requirements for the Physical Therapist Assistant (PTA) Program differ from general admission to Victoria College. Additional information may be found at www.victoriacollege.edu/physicaltherapistassistant. The PTA Program is a selective admission program with a limited number of available student slots.

1. The student must meet the admission requirements and complete the general admission application for Victoria College as stated in the current college catalog.
2. Complete the PTA Program application by June 1, for fall admission.
3. Complete 30 hours of observation, volunteer work, or work experience in the field of physical therapy. These hours must be a combination of at least two different settings in physical therapy (i.e. inpatient, outpatient, rehabilitation clinic, skilled nursing facility, home health, or pediatric). These hours must be documented on the form provided in the application (application forms can be obtained online at www.victoriacollege.edu/physicaltherapistassistant or from the PTA Program office).
4. Overall GPA of 2.0 or better on all college hours attempted. Official college transcripts on file in the Admissions & Records Office and submitted with PTA Program application.
5. TSI (Texas Success Initiative) satisfied (contact Advising & Counseling Services for further explanation if necessary).
6. ACT score of 18 or SAT I score of 870. Students who have earned at least 12 hours credit in the program of study with a GPA of at least 2.25 may have either an ACT of 16 or SAT I of 780.
7. Prerequisite courses must be taken within five years of application. Courses taken more than five years ago will be evaluated on an individual basis and may have to be repeated. A grade of C or better is required in the following courses.
   - BIOL 2404
   - HITT 1305
   - ENGL 1301
   - MATH 1314 or MATH 1332
8. Transfer students will be accepted on an individual basis.
9. Official college transcripts must be turned in to the Admission & Records Office from all colleges and universities attended AND another copy must be included in the application packet to the PTA Program. Students should make sure they are the most current transcripts. All prerequisites must be verified with official transcripts indicating the course has been completed with a grade of C or better.
10. Some clinical agencies may require criminal background checks and/or drug testing prior to clinical learning experiences; students who do not have clear criminal background checks or negative drug tests may not be able to meet all course objectives.
11. Prior to enrollment qualified applicants who have been accepted into the PTA Program must submit a current CPR Health Care Provider card, a completed physical examination form, and must meet the program immunization requirements.

### Total Program Credit Hours 70

1 Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.

* Students must choose a course from the Victoria College Humanities/Visual and Performing Arts core curriculum courses.
Respiratory Care Program

Victoria College offers a two-year associate degree program in respiratory care. Upon successful completion of the AAS degree program, the graduate will be eligible to take a series of national board exams to become a registered respiratory therapist (RRT).

Victoria College's Respiratory Care Program is accredited by the Commission on Accreditation for Respiratory Care, 1248 Harwood Road, Bedford, Texas 76021-4244 (817) 283-2835 (www.coarc.com).

Admission Requirements

Applicants must meet special entrance requirements and complete a department application. For more information about the program and course schedule assistance, contact the program chair. Additional information may be found at www.victoriacollege.edu/respiratorycare.

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (contact the Admissions & Records Office).
2. Complete general admission application as required by the Admissions & Records Office.
3. Complete the Respiratory Care Program application by May 15, for fall admission. Three letters of recommendation must be included with application.
4. An ACT composite of 18 is required, SAT scores of 870. Students who have earned at least 12 credit semester hours on the program of study with a GPA of 2.25 or greater may have an ACT composite of 16 or SAT score of 780. (ACT Scores before October 1989 and SAT I scores before April 1995 will be considered on an individual basis)
5. TSI (Texas Success Initiative) satisfied. (Contact Advising & Counseling Services for further explanation if necessary.)
6. Overall GPA of 2.25 or above on all college hours attempted. Students with less than a 2.25 GPA will be evaluated on an individual basis.
7. The following courses **must** be completed with a grade of C or better prior to enrolling in the program:
   - ENGL 1301 Composition I
   - PSYC 2301 General Psychology or SOCI 1301 Introduction to Sociology
   - BIOL 2404 Intro to Anatomy & Physiology or BIOL 2401 and BIOL 2402
   - PHE 1101 Physical Education

Students are strongly recommended to complete BIOL 2420-Microbiology, PHE 1101-Physical Education, and Humanities/Fine Arts elective before enrolling in the program.

8. Official high school and college transcripts on file in the Admissions & Records Office and Respiratory Care Department.
9. Interview with program chair. Submit a one-page typewritten essay as to why you should be considered for acceptance into the Respiratory Care Program.
10. It is the responsibility of the applicant to furnish all necessary documentation to the Respiratory Care Department (including the interview) by May 15 for fall admission. Late applicants are considered if spaces are available.
11. Transfer students will be accepted on an individual basis.
12. Previous respiratory care students who received a certificate from Victoria College and are currently registered therapists may receive equivalency credit toward an AAS degree. See program chair for specific procedure.
13. Science courses taken more than five years ago will be evaluated on an individual basis and may have to be repeated.
14. It is strongly recommended that students possess basic computer literacy skills upon admission to the program. Suggested computer courses include: COSC 1301, ITSC 1309, HITT 1211, or POFI 1204.
15. Some clinical agencies may require criminal background checks prior to clinical learning experiences; students who do not have clear criminal background checks may not be able to meet all course objectives.
16. Prior to enrollment, qualified applicants who have been accepted into the Respiratory Care Program must submit a current CPR Health Care Provider card, a completed physical examination form, and must meet the program immunization requirements.

2 Capstone course
Computer Information Systems - Networking

This certificate prepares students for a variety of entry-level networking jobs in the information technology field by providing job skills of installation, configuration, and support of a local area network; maintenance of network hardware and software; and monitoring the network to ensure network availability to all system users. The coursework emphasizes hands-on, skill-building labs and provides knowledge necessary to pass industry standard certifications, such as A+, Network+, Server+, MCP (Microsoft Certified Professional), and CCNA (Cisco Certified Network Associate), which lead to greater employment opportunities and benefits. Information about this program can be obtained by calling (361) 572-6467.

VICTORIA COLLEGE 2012-2013 CATALOG
Criminal Justice

The Criminal Justice Program at Victoria College prepares you for a career in the Law enforcement field. The Program provides learning opportunities which introduce, develop, and reinforce academic and occupational knowledge, skills, and attitudes required for job acquisition, retention and career advancement. Victoria College offers both a Basic Peace Officer Certification Course, as well as, an Associate of Applied Science Degree in criminal justice.

Program curriculum, course identifications, titles, and descriptions are subject to change with approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.victoriacollege.edu, or contact the Criminal Justice Program office at (361) 572-6450.

CERTIFICATE: BASIC PEACE OFFICER COURSE

The Certificate Program was developed to prepare students for a career as a Texas Peace Officer. The Victoria College Police Academy meets the curriculum requirements for certification as a Basic Peace Officer for the State of Texas. Students who successfully complete the program will be eligible to take the TCLEOSE licensing exam.

Admission Requirements

The Police Academy is a selective admission program with a maximum enrollment of 24 students. The following are the minimum requirements to be qualified for admission into the Program.

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (contact Admissions & Records Office for questions.)
2. Assessment test scores or completed course work that reflect the student has mastered reading and writing skills at the Developmental II level or higher. (Contact Advising & Counseling Services for further explanation if necessary.)
3. Complete Police Academy Program application.
4. Satisfactory completion of the physical fitness test, psychological exam, physical exam and criminal history check.
5. Interview with program coordinator.
6. The interview must be completed and all admission documents must be in the Police Academy Program office by the Wednesday prior to the first day of class. Late applicants will be considered as space becomes available.

*Required courses for the Texas Commission on Law Enforcement licensing exam and taken in conjunction with one another.
ASSOCIATE OF APPLIED SCIENCE DEGREE PLAN

The Associate of Applied Science in criminal justice is designed to provide students with foundational skills in law enforcement. The degree also serves law enforcement professionals seeking enhanced skills and a broad spectrum of knowledge in the field of criminal justice.

Admission Requirements
1. The student must meet the admission requirements for Victoria College as stated in the current college catalog, to include high school and all college transcripts (Contact Admissions & Records Office regarding questions.)
2. TSI (Texas Success Initiative) satisfied. (contact Admissions & Records Office regarding questions.)
3. Overall GPA of 2.0 or above on all college hours attempted
4. Interview with program coordinator.

WORK/LIFE EXPERIENCE POLICY
The Criminal Justice Program has developed the following mechanism to assist those persons employed in the criminal justice field to satisfy degree requirements for their work/life experience and in-service training.

Students who wish to obtain an Associate of Applied Science degree in criminal justice from Victoria College and are certified peace officers in the state of Texas may satisfy degree requirements for Basic Peace Officer courses by meeting the following criteria and paying $40 per course. (Students must have taken and successfully completed 21 hours of transferable credit from Victoria College prior to receiving credit for the Peace Officer courses.) Criminal Justice Department head approval is required for permission to satisfy degree requirements in this manner.

The prerequisites for work/life and in-service training credit are as follows:
1. The applicant must be currently employed with a criminal justice agency and have at least six months experience, and;
2. The applicant must submit a résumé and all supporting documentation to the program coordinator for evaluation, and;
3. The applicant must secure a letter of verification from the chief administrator of the employing agency attesting to the information contained in the applicant's résumé and supporting documentation regarding the prerequisites and criteria required by this policy, and;
4. The applicant must pay all fees required by the College.

No credit by résumé is applicable until the applicant has earned an equivalent number of hours at Victoria College.

Credit for the following courses may be awarded by résumé under the work/life experience policy:

These courses are required for graduation with an Associate of Applied Science degree in criminal justice from Victoria College.

CJLE 1506 Basic Peace Officer I
CJLE 1512 Basic Peace Officer II
CJLE 1518 Basic Peace Officer III
CJLE 1524 Basic Peace Officer IV
CJLE 1132 Physical Fitness for Law Enforcement
Electronics Technology/Instrumentation

ELECTRONICS TECHNOLOGY SPECIALIZATION
This program of study is designed to provide a certificate of completion or associate degree with the knowledge and skills necessary for a graduate to pursue entry-level positions as an electronics technician. Electronic technicians install, maintain, troubleshoot, repair, and replace electronic equipment to maintain quality products and insure environmental protection, safety, and cost-effective operations. They may work in a variety of industries such as manufacturing, radio & television, medical equipment, research, and development, and many others.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.victoriacollege.edu, contact the Electronics Technology/Instrumentation Program office at (361) 572-6467, or e-mail donald.mclain@victoriacollege.edu.

Total Degree Credit Hours 64

Students who successfully complete the freshman and sophomore years of the above program may apply for an Associate of Applied Science degree.

1 Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.

* Capstone course
INSTRUMENTATION SPECIALIZATION
This program of study is designed to provide a certificate of completion or associate degree with the knowledge and skills necessary for a graduate to pursue entry-level positions as an instrumentation technician. Instrumentation and controls technicians install, maintain, troubleshoot, repair, and replace process control equipment to produce quality products and ensure environmental protection, safety, and cost-effective operations. Most instrumentation & control technicians are skilled workers that work five days a week on straight-day shifts. Instrument technicians are employed locally and globally in many types of industries, such as chemical, petrochemical, power generation, manufacturing, hospital/medical equipment, construction, and many others.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.victoriacollege.edu, contact the Electronics Technology/Instrumentation Program office at (361) 572-6467, or e-mail donald.mclain@victoriacollege.edu.

* Capstone course
Emergency Medical Services
(semester-credit-hour)
The Emergency Medical Service (EMS) Program offers courses that lead to Emergency Medical Technician-Basic (EMT-B), EMT-Intermediate (EMT-I), and EMT-Paramedic (EMT-P) certification, as well as an Associate of Applied Science degree which leads to paramedic licensure (LP).

Certificate courses are approved by the Texas Department of State Health Services (DSHS) and students completing all requirements are eligible to seek certification, by written examination, from DSHS and the National Registry of EMTs (NREMT). Students taking additional technical and general academic courses may earn an Associate of Applied Science (AAS) degree in emergency medical services and are eligible to apply for paramedic licensure from the Texas Department of State Health Services.

When minimum entry requirements are met, admission to EMT-B courses is on a first-come, first-served basis. The Intermediate and Paramedic Certificate Programs have selective admission and require prior application.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.victoriacollege.edu, contact the EMS Program office at (361) 572-6447, or e-mail carl.voskamp@victoriacollege.edu.

EMT-BASIC CERTIFICATION (EMSP 1160, 1501, and 2237)

Admission Requirements
1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (contact Admissions & Records Office for questions.)
2. Assessment test scores or completed coursework that reflect the student has mastered reading, writing, and math skills at the Developmental I level or higher. (Contact Advising & Counseling Services for further explanation if necessary.)
3. Completed EMS Program application.
4. Interview with program coordinator.
5. Criminal background checks and drug screen may be required prior to program enrollment.
6. The interview must be completed and all admission documents must be in the EMS Program office by July 1 for fall semester admission, November 1 for spring semester admission, and April 1 for summer semester admission. Late applicants will be considered on a space-available basis.
7. Some clinical agencies may require criminal background checks prior to clinical learning experiences; students who do not have clear criminal background checks may not be able to meet all course objectives.

Prior to enrollment, qualified applicants who have been accepted into the EMT-Basic courses must meet the following requirements:

- Two-step TB skin test or chest x-ray
- Tetanus-diphtheria toxoid (TD) within the last 10 years
- Measles/Mumps/Rubella vaccinations or serological confirmation of immunity
- Varicella vaccinations or proof of disease, including serological confirmation of immunity
- Three injection hepatitis B vaccination series or serological confirmation of immunity to hepatitis B virus
- Basic Life Support for Healthcare Provider certification.

Total Certificate Credit Hours 8

Students completing EMSP 1501, 1160, and 2237 with a final grade of C or better are eligible to apply for DSHS and NREMT certification as an EMT-Basic.

1 Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.

EMT-INTERMEDIATE, PARAMEDIC CERTIFICATE PROGRAMS & ASSOCIATE OF APPLIED SCIENCE DEGREE

Admission Requirements

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (contact Admissions & Records Office for questions.)
2. TSI (Texas Success Initiative) satisfied. (Contact Advising & Counseling Services for further explanation if necessary.)
3. Overall GPA of 2.0 or above on all college hours attempted. Students with less than a 2.0 GPA will be evaluated on an individual basis.
4. Completed Paramedic Program application.
5. Validation of current EMT-Basic level knowledge by: 1) successful completion of Victoria College’s EMT-B courses or EMT-I track within one year of application to the Paramedic Program, 2) pass a NREMT certification exam or CE evaluation within one year of application to the Paramedic Program, or 3) score at least a 70% on the Victoria College EMSP challenge exam within one year of application to the Paramedic Program.
7. Official college transcripts indicating a grade of C or better in EMSP 1501, EMSP 1160, EMSP 2237, and HITT 1305. (It is strongly recommended that BIOL 2404 be completed before enrollment in the program.)
8. Interview with program coordinator.
9. Criminal background checks and drug screen may be required prior to program enrollment.
10. The interview must be completed and all admission documents must be in the EMS Program office by July 1. Late applicants will be considered on a space-available basis.
11. Some clinical agencies may require criminal background checks prior to clinical learning experiences; students who do not have clear criminal background checks may not be able to meet all course objectives.

Prior to enrollment, qualified applicants who have been accepted into the Paramedic Program must submit a current BLS for Healthcare Provider card, a completed physical examination form, and must meet the following immunization requirements:

a. Two-step TB skin test or chest x-ray
b. Tetanus-diphtheria toxoid (TD) within the last 10 years
c. Measles/Mumps/Rubella vaccinations or serological confirmation of immunity
d. Varicella vaccinations or proof of disease, including serological confirmation of immunity
e. Three injection hepatitis B vaccination series or serological confirmation of immunity to hepatitis B virus.

### REQUIRED FOR ALL FIRST-TIME-IN-COLLEGE STUDENTS

1. **Capstone course**

Students completing all courses listed above with a final grade of C or better are eligible to apply for a Paramedic Certificate from Victoria College and are eligible to apply for DSHS and NREMT certification as a paramedic. EMSP 2243 and 2363 serve as capstone courses in the paramedic program.

### Total Program Credit Hours 69

Students completing the entire curriculum are eligible to apply for an Associate of Applied Science degree in emergency medical services from Victoria College and are eligible to apply for paramedic licensure from DSHS.
Fire Science

The Fire Science Program at Victoria College prepares students for a career in the fire service. The program proves learning opportunities which introduce, develop, and reinforce academic and occupational knowledge, skills, and attitudes required for job acquisition, retention, and career advancement. Victoria College offers both a Basic Firefighter Certificate, as well as an Associate of Applied Science Degree in Fire Science.

Program curriculum, course identifications, titles, and descriptions are subject to change with approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.victoriacollege.edu/firefighting, or contact the Fire Science Program Office at (361) 572-6449 or e-mail kelly.phelps@victoriacollege.edu.

CERTIFICATE: BASIC FIREFIGHTER
The Basic Firefighter Certificate was developed to prepare students for a career as a professional firefighter. Victoria College's Fire Academy meets the curriculum requirements for certification as a Basic Firefighter for the state of Texas. Students who successfully complete the program will be eligible to take the Basic Firefighter certification exam. Students will also need to complete Emergency Medical Technician (EMT-B) training in order to achieve a Certificate of Completion in Firefighting from Victoria College.

Admission Requirements
The Basic Fire Academy is a selective admission program with a maximum enrollment of 24 students. The following are the minimum requirements to be qualified for admission into the program.

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (Contact the Admissions & Records Office for questions.)
2. Assessment test scores or completed coursework that reflects the student has mastered reading, writing, and math skills at the Developmental II level or higher. (Contact Advising & Counseling Services for further explanation if necessary.)
3. Complete the Firefighter Program application.
4. Satisfactory completion of the Physical Ability Test and Physical Exam.
5. Interview with program coordinator.
6. The interview must be completed and all admission documents must be in the Fire Science Program Office by August 1. Late applicants will be considered on a space available basis.

Total Certificate Credit Hours 36

^ Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.

+ Upon successful completion of FIRS 1433, a certification exam administered by the Texas Commission on Fire Protection will be taken that serves as a capstone experience.

Students who complete the Basic Fire Academy with a final grade of C or better are eligible to take the state Licensing Examination to become a Certified Firefighter in the state of Texas.

**ASSOCIATE OF APPLIED SCIENCE DEGREE - FIRE SCIENCE**

The Associate of Applied Science in Fire Science is modeled on the Fire and Emergency Services Higher Education (FESHE) National Curriculum and is designed to provide students with foundational skills in firefighter safety, building codes, fire prevention, code inspections, firefighting strategy and tactics, and fire behavior. The degree serves fire services professionals seeking enhanced skills and a broad spectrum of knowledge in the field of fire science.

**Admission Requirements**

1. The student must meet the admission requirements for Victoria College as stated in the current college catalog (Contact the Admissions & Records Office for questions.)
2. TSI (Texas Success Initiative) satisfied. (Contact Advising & Counseling Services for further explanation if necessary.)
3. Overall GPA of 2.0 or above on all College hours attempted. Students with less than a 2.0 GPA will be evaluated on an individual basis.

**Total Degree Credit Hours 71/72**

1 Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.

+ Upon successful completion of FIRT 1319, a certification exam administered by the Texas Commission on Fire Protection will be taken that serves as a capstone experience.

Students completing the entire curriculum are eligible for an Associate of Applied Science degree in fire science from Victoria College.
WORK/LIFE EXPERIENCE POLICY
The Fire Safety Program has developed the following mechanism to assist those persons in the firefighting field to satisfy degree requirements for their work/life experience and in-service training.

Students who wish to obtain an Associate of Applied Science Degree from the College in fire science and are firefighters in the state of Texas may satisfy degree requirements by meeting the following criteria and paying $40 per course. (Students must have taken and successfully completed 26 hours of transferable credit from Victoria College prior to receiving credit for the Basic Fire Academy courses.) Fire Science Department coordinator approval is required for permission to satisfy degree requirements in this manner.

The prerequisites for work/life and in-service training credit are as follows:
1. The applicant must be currently employed with a fire department and have at least six months experience, and;
2. The applicant must submit a résumé and all supporting documentation to the program coordinator for evaluation, and;
3. The applicant must secure a letter of verification from the Chief Administrator of the employing agency attesting to the information contained in the applicant's résumé and supporting documentation, regarding the prerequisites and criteria required by this policy, and;
4. The applicant must pay all fees required by the College.

No credit by resume is applicable until the applicant has earned an equivalent number of hours at Victoria College.

Credit for the following courses may be awarded by résumé under the work/life experience policy:

Process Technology

The Process Technology Program at Victoria College prepares students for a career as a process technician or operator. Process technicians are trained to operate, analyze, and troubleshoot industrial processes in order to produce products safely and efficiently. They gather information using instruments that monitor process conditions such as pressure, temperature, level, and flow rates. They operate various types of mechanical equipment, such as pumps, valves, and compressors, and apply quality principles to produce products that meet customer specifications.

Process technicians may work both indoors and outdoors alongside chemical engineers, maintenance personnel, and other professionals. They will be expected to use their knowledge of computers, math, physics, and chemistry to monitor and troubleshoot plant operations. Strong communication skills are also required, as well as the ability to write, give oral presentations, and exercise effective listening skills in order to succeed as a process technician.

Upon successful completion of the Process Technology Program, students will receive an Associates of Applied Science degree and be prepared to work as a process technician in any of the various local industries, including petrochemical plants and refineries, oil and gas production, and power generation.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.victoriacollege.edu/processtechnology, call (361) 582-2526 or e-mail anita.brunsting@victoriacollege.edu.

Students who also complete CTEC 2680 may apply for an Enhanced Skills Certificate in Process Technology.

* Capstone course
Professional Office Technology

The Professional Office Technology Program at Victoria College is designed for individuals who are seeking entry-level office administration positions, as well as for those already working in office administration who desire enhanced skills. A two-year Associate of Applied Science degree in Professional Office Technology is available with a choice of specialization: Medical Office, Administrative Assistant, and Accounting Assistant. Basic core classes are taken with additional hours within the desired specialization. A one-year Professional Office Technology certificate concentrating on general office skills is also available.

Students who successfully complete this program may seek job opportunities as a receptionist, word processor, secretary, administrative assistant, bookkeeper, accounting clerk, or a variety of additional office administration positions which are based on the various specializations. Information on this program may be obtained by calling (361) 582-2579.

---

1. Required for all first-time-in-college students. EDUC 1300 may be substituted for SDEV 0301.

2. Specialization courses for this degree.

3. Capstone course
Welding

Welding is the most common way of permanently joining metal parts. In this process, heat is applied to metal pieces, melting and fusing them to form a permanent bond. Because of its strength, welding is used in shipbuilding, automobile manufacturing and repair, aerospace applications, and thousands of other manufacturing activities. Welding also is used to join beams when constructing buildings, bridges, and other structures, and to join pipes in pipelines, power plants, and refineries. Welders use many types of welding equipment set up in a variety of positions, such as flat, vertical, horizontal, and overhead.

In the VC Welding Program, courses focus on specific welding processes including Shielded Metal Arc Welding, Gas Tungsten Arc Welding, Flux-Cored Arc Welding, and Gas Metal Arc Welding. Students' welds are tested for quality assurance in accordance with national welding codes. Welding is performed on carbon steel, stainless steel, and aluminum plate and pipe. Additional skills include blueprint reading, as well as product design, fabrication, and layout. Graduates have the option to apply for national welding certification. Upon completion of the program, students will possess the knowledge and technical skills necessary to pursue a welding career in a variety of jobs.

Program curriculum, course identifications, titles, and descriptions are subject to change and approval of the Texas Higher Education Coordinating Board. For current curriculum or more information visit www.victoriacollege.edu, contact the Welding Program office at (361) 572-6471 or e-mail wade.vrana@victoriacollege.edu.

Activity Director

Instruction pertaining to the role of the activity director in long-term care facilities. Topics include the assessment of client needs, the development of plans of care, the design of programs using therapeutic recreation techniques, and the supervision of recreation personnel.

The student will discuss the regulatory requirements for recreation services in long-term care settings and apply appropriate principles of management to activity program design as well as to staff and volunteer supervision. The student will assess client needs, create a plan of care based on the assessment of client needs, and design leisure activities using a therapeutic recreation model to meet the needs of the client population.

This course is designed to provide state-mandated training and certification for qualified activities professionals as required by the Texas Department of Human Services for Nursing Home/Extended Care facilities in the State of Texas.

ADMISSION REQUIREMENTS

• High school graduate or GED.
• Currently employed in a nursing home or related facility.
• Concurrent enrollment in Practicum/Field Experience Course.
• Validation of immunizations including TB and hepatitis B series.

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 572-6417.

Computer Applications

Courses vary from the most basic computer literacy courses to advanced courses in web design and programming.

Short Courses - Minimum time. Maximum learning. Access, Excel, Internet & E-mail, Outlook, PowerPoint, QuickBooks, Windows, Word

Online Courses - A world of choices. Your schedule. Your location. Education to Go - www.ed2go.com/victoria

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 582-2528, or e-mail askce@victoriacollege.edu.

Workforce & Continuing Education Customized Training

Victoria College is your partner for innovative learning solutions for you and your business. We can provide the highest quality, customized training to meet the needs of the changing workforce. Our customized training services are designed to respond to your organization's development needs quickly and affordably. We have programs tailored to the needs of your employees at all levels and from all backgrounds. For more information or to register, visit www.victoriacollege.edu/ce, call (361) 582-2575, or e-mail rachel.nessel@victoriacollege.edu.

Electronic Health Records - formerly Electronic Medical Records

Provides skills and knowledge in the health information field related to electronic medical records management and the role of the “scribe” for the medical office. Course content will also include evaluation of filing systems and equipment, along with maintenance of database records according to information management theory.

ADMISSION REQUIREMENT

Associate degree or higher and/or comparable computer competency and work experience.

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 572-6417.
Emergency Medical Service Professions (noncredit)

The Emergency Medical Service Professions offers noncredit courses that lead to Emergency Care Attendant (ECA) and Emergency Medical Technician-Basic (EMT-B) certifications, as well as courses in Health Care Provider CPR, Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS), Pediatric Advanced Life Support (PALS), and International Trauma Life Support (ITLS).

For more information about any of the courses listed below, including specific course dates, times and admission requirements, please view the current Workforce & Continuing Education Schedule.

Emergency Care Attendant/First Responder
Emergency Care Attendants (ECA)/ First Responders are trained to provide basic emergency medical care. They are likely to be the first person to arrive at the scene of an incident. Many volunteer firefighters, police officers, and other emergency workers are trained to this level. The Emergency Care Attendants (ECA)/ First Responders represent the first component of the EMS system. Students successfully completing the ECA course are eligible to apply for certification with the Texas Department of State Health Services (DSHS) as an Emergency Care Attendant.

EMT-Basic
This course may be taken credit or noncredit. An EMT-B is trained to care for patients at the scene of an emergency and transport patients by ambulance to the hospital under medical direction. The EMT-B has the emergency skills to assess a patient's condition and manage respiratory, cardiac, and trauma emergencies. Students successfully completing the EMT-B lecture/lab course and the EMTB Clinical course are eligible to apply for certification as an Emergency Medical Technician-Basic with the Texas Department of State Health Services and National Registry of EMTs.

Basic Life Support (BLS) for Healthcare Providers - CPR
The Basic Life Support (BLS) for Healthcare Providers course is designed to provide a wide variety of healthcare professionals the ability to recognize several life-threatening emergencies, provide CPR, use an AED, and relieve choking in a safe, timely, and effective manner.

Advanced Cardiac Life Support - ACLS
In this classroom-based course, providers enhance their skills in treating adult victims of cardiac arrest or other cardiopulmonary emergencies, while earning their American Heart Association ACLS for Healthcare Providers Course Completion Card. The course includes simulated clinical scenarios that encourage active, hands-on participation through learning stations where students practice essential skills individually, as part of a team, and as team leaders.

Pediatric Advanced Life Support - PALS
This course gives healthcare professionals the knowledge and skills to better recognize and treat critically ill infants and children. The course uses a scenario-based, team approach to teach pediatric emergency management of pediatric patients approaching or already in respiratory or cardiac arrest.

International Trauma Life Support - ITLS
ITLS is accepted internationally as the standard training course for prehospital trauma care and is used as an essential curriculum in many paramedic, EMT, and first-responder training programs. This course combines classroom and hands-on skills stations.

EPA Technician Certification
Victoria College, in cooperation with the Air Conditioning and Refrigeration Institute, offers EPA Technician Certification courses. Participants will receive instruction in compliance with the Federal Clean Air Act, Section 608, and will take the EPA Technician Certification Exam. Certification cards will be issued from ARI to individuals who pass the exam. Exam fees are included in tuition.

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 582-2528, or e-mail askce@victoriacollege.edu.
Industrial & Craft Training Courses

Victoria College Workforce & Continuing Education Department, in alliance with the Industrial Merit Shop Education Foundation (IMSEF), offers nationally accredited construction training classes for both the commercial and industrial sectors of the construction industry.

Industrial and craft training consists of multiple levels for each craft training area. These courses are taught in progressive levels using the nationally recognized Contren™ curriculum. This curriculum was developed by the National Center for Construction and Research (NCCER) in cooperation with the construction industry. These courses provide competency-based, task-driven modular training and are designed to maximize learning by combining illustrated instructional materials and structured classroom activities conducted by craft instructors. Students must furnish personal protective equipment as requested.

The following training programs are available:
- Electrical
- Heating, Ventilating, & Air Conditioning -HVAC
- Pipefitting
- Millwright
- Welding

Core Curriculum: Introductory Craft Skills is a prerequisite for all Level 1 training.

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 582-2528, or e-mail askce@victoriacollege.edu.

Medical Assisting Program

Victoria College offers an introductory Medical Assisting Program designed for students to develop basic knowledge and skills necessary to function safely and effectively in a medical office/clinic environment where certification is not required. The 144-hour program consists of classroom work, class lab activities, and clinical practice in a medical office/clinic setting.

ADMISSION REQUIREMENTS
Application to program
Tuition and textbook
2 Step TB Skin Test
Required Immunizations (must be completed prior to enrollment)

PROGRAM CURRICULUM TOPICS
Introduction to health care system
Professional growth
Communication
Ethical/legal issues
Clerical office skills
General office management
Personnel management
Patient records management
Insurance processing
Basic anatomy and physiology
Assisting with physical exam
Performing minor laboratory procedures
Handling medical office emergencies
Define terms related to ICD-9 and CPT coding
Utilize guidelines to apply codes to selected insurance forms
Describe process for coding as it relates to reimbursement of medical services

MEDICAL ASSISTING PROGRAM CURRICULUM - NONCREDIT COURSES
HITT 2040 Medical Billing
MDCA 1091 Basic Medical Assistant Technology
MDCA 1061 Advanced Medical Assistant Technology
MRMT 1007 Medical Transcription Fundamentals
MDCA 1043 Insurance Coding
POFM 1000 Medical Coding Basics

Completion of the program entitles the learner to a certificate of completion.

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 572-6417.
Medication Aide Program

Victoria College offers a 140-hour Texas Department of Health-approved Medication Aide course designed to prepare Nurse Aides to take the Texas Medication Aide Permit Examination. Nurse Aides who are on the State Registry and employed in long-term care and non-licensed direct care staff persons who have been employed 90 days in an approved facility are eligible to take the course. Coursework includes classroom, classroom laboratory, and clinical practice activity. Clinical practice is conducted in area long-term care agencies. Both day and evening classes are available. Classes are taught on main campus as well as at off-campus sites.

ADMISSION REQUIREMENTS
Application to program
Tuition and textbook
Official copy of high school transcript or certified diploma or GED
2 Step TB Skin Test
Required Immunizations (must be completed prior to enrollment)
General Statement Enrollment form
Experience Documentation Report form
State required fee for permit - $25.00

PROGRAM CURRICULUM TOPICS
Concepts of medication administration
Basic pharmacology
Effects of chemotherapeutic agents on the body systems
Drug therapy for common disease processes
Age related variations to medication administration
Role of the Medication Aide

MEDICATION AIDE PROGRAM CURRICULUM
NURA 1013 - Medication Administration for the Nurse Aide/Home Health Aide

NOTE: An average of 70% or better for course work and completion of clinical assignment is required to pass.

MEDICATION ADMINISTRATION CONTINUING EDUCATION
NURA 1041 Professional Development: Medication Aide

PROFESSIONAL DEVELOPMENT: MEDICATION AIDE
Victoria College offers the 7-hour Professional Development: Medication Aide for fulfillment of the annual education renewal requirements for the Medication Aide.

ADMISSION REQUIREMENTS
Application
Tuition

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 572-6417.

Motorcycle Safety

The Motorcycle Basic RiderCourse is designed with the beginner in mind, but experienced riders can also benefit from this course. Students will learn:
• how to operate a motorcycle,
• best protective clothing to wear, and
• how to avoid dangerous situations.
Students will finish the course at the 2-year rider level, and the motorcycle and helmet are furnished. Successful completion of the Basic RiderCourse should waive the driving portion of the Texas DPS test. Students are required to take a written and vision exam at the DPS office.

For more information, call (361) 582-2528, or visit www.victoriacollege.edu/motorcyclesafety.
Nursing Assistant (Aide) Program

Victoria College offers a 144-hour Texas Department of Health-approved Nursing Assistant (Aide) course designed to prepare the learner to function safely and effectively as a care provider in Long Term Care facilities, the home, and other care settings. The classroom and nursing skills laboratory portion of the course are conducted on the Victoria College campus. The clinical portion of the course is conducted in area health care agencies. Both day and evening classes are available. The program is offered in several off-campus sites as well. Successful completion entitles the learner to a certificate of completion and the opportunity to take the Texas Nurse Aide Skills and Written Exams for placement on the Texas Nurse Aide Registry.

ADMISSION REQUIREMENTS

- Application to program
- Tuition and textbook
- Meet Federal Employability Status
- 2 Step TB Skin Test
- Required Immunizations (must be completed prior to enrollment)

PROGRAM CURRICULUM TOPICS

- Introduction to health care systems
- Skills related to preparing for direct consumer care
- Skills related to activity and movement
- Skills related to hygiene
- Basic anatomy & physiology
- Measuring vital signs
- Skills related to body systems
- Care of the client in the home
- Care of clients with special needs

NOTE: An average of 70% or better for coursework and a pass on clinical performance is required.

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 572-6417.

Pharmacy Technician

This course is designed to prepare the participant for eligibility to become a Pharmacy Technician. The course combines 77-hours of classroom instruction with an option to a 40-hour externship to provide a complete learning experience. In addition, participants will be qualified to apply for certification by the Pharmacy Technician Certification Board (PTCB) and will meet the training requirements of the State Board of Pharmacy.

Pharmacy Technicians assist the pharmacist, package or mix prescriptions, maintain client records, refer clients to the pharmacist for counseling, and assist with inventory control and purchasing, as well as collect payment and coordinate billing. Upon successful completion students will receive a certificate of completion and become eligible to apply for registration as a Pharmacy Technician and be prepared to take the national Pharmacy Technician Certification Board (PTCB) exam.

Program Curriculum Topics

- Introduction
- Law and ethics
- Medical/pharmacological terminology
- Pharmacology
- Practice sites, technology
- Body systems/anatomy
- Calculations
- Receiving and interpreting medication orders
- Filling and distributing medication orders
- Compounding
- Over the counter medications
- Purchasing, inventory and reimbursement
- Study skills
- Communication skills
- Technician issues
- Professionalism and the workplace
- Job search: resume and interviewing

Admission Requirements

Minimum 18 years of age and high school completion or its equivalent. Students need competency in basic computer operation. Students will need internet access, printing capabilities, and e-mail. A math and English pre-assessment test will be administered on the first class meeting to assure student success. Prior to placement in an externship, students will need proof of CPR completion, a health examination including TB testing, and a resume.

The scheduling of this course is based on area job market demand.

For more information, call (361) 572-6417, or e-mail askce@victoriacollege.edu.
Phlebotomy
Victoria College offers a 57 training hour Phlebotomy course designed to develop skills in the performance of a variety of blood collection methods using proper techniques and universal precautions. The classroom and laboratory portions of the course are conducted on the Victoria College campus. The clinical portion of the course is conducted in area health care agencies, clinics, private physicians' offices, and medical laboratory facilities.

ADMISSION REQUIREMENTS
Application to program
Tuition and textbook
Evidence of health care work experience or course work
2 Step TB Skin Test
Required Immunizations (must be completed prior to enrollment)

PROGRAM CURRICULUM TOPICS
Proper Patient Identification Techniques
Specimen Collection Techniques - Venipuncture
Specimen Collection Techniques - Capillary Puncture

PHLEBOTOMY COURSE
PLAB 1023 - Phlebotomy

Successful completion of the course entitles the learner to a Certificate of Completion.

For more information or to register, visit www.victoriacollege.edu/ce, call (361) 572-6417.

Real Estate
To be eligible to apply for a real estate Salesperson License, an individual must be a citizen of the United States or a lawfully admitted alien, eighteen (18) years of age or older, and a legal resident of Texas.

To be eligible to apply for a real estate Salesperson License, an individual must furnish the Commission satisfactory evidence of successfully completing the following education:

- Principles of Real Estate core real estate course (60 classroom hours)
- Law of Agency core real estate course (30 classroom hours)
- Law of Contracts core real estate course (30 classroom hours)
- An additional three related courses (90 classroom hours) acceptable to the Texas Real Estate Commission.

Both Core and Related Courses are available through online instruction.

For more information or to register, visit the Workforce & Continuing Education website at www.victoriacollege.edu/ce, call (361) 582-2432, or e-mail to radonna.brown@victoriacollege.edu.

Truck Driving
The Truck Driving Course (286 clock hours) prepares persons for entry-level employment in the industry. This course provides classroom instruction with emphasis on safety, rules, regulations, and techniques. Behind-the-wheel driving range activities, public, street and highway driving are also included. Opportunities are available for students to meet with recruiters from the trucking industry. Students are able to take the Commercial Driver License written and driving examinations at the Department of Public Safety as a class activity. Students must pass DOT physical, drug, and alcohol assessment prior to registration.

For more information, call (361) 485-6830 or e-mail pamela.price@victoriacollege.edu.
Contact Information
To meet the need for specialized training in a minimum amount of time, the College offers and/or can create a variety of short courses. For more information or to request specialized training, contact the appropriate office below:

Victoria College Adult Education Center  
802 East Crestwood | Victoria, TX 77901 | (361) 573-7323 (573-READ)

Regular business hours are 8:00 a.m.-4:30 p.m. Monday through Thursday (4:00 p.m. Friday)  
Closed for lunch 12:00-1:00 p.m.  
The Center is a year-round open entry/open exit program.

Victoria College Adult Education Program provides noncredit, free, high-quality educational programs that focus on:

- Adult literacy
- GED preparation
- Workforce training
- English proficiency for speakers of other languages

Adult Basic Education (ABE):
The Adult Basic Education Program offers classes in the core academic subjects:

- Reading
- Writing
- Math
- Science
- Social studies

Curriculum is structured within a real-world context and emphasizes life skills.

Students also receive instruction to improve their workplace skills including:

- Job attainment
- Retention
- Advancement

Students set their own educational goals and work at their own pace. Basic skills classes may be useful for GED, college, or employment preparation or for personal or family educational advancement.

English as a Second Language (ESL):
ESL classes are available to individuals with limited English proficiency.  
An emphasis is placed on:

- Reading
- Writing
- Attaining citizenship

ESL instruction is goal-oriented and self-paced. ESL curriculum is also structured within a real-world context.

Eligibility:
Any adult aged 18 or older and 16-17 year olds under special provision (call for information) with basic education needs.

How to register for classes at the Victoria College Adult Education Center:
Registration and enrollment are provided on a regularly scheduled basis. Instructional periods are approximately 7 weeks. Applications for enrollment are accepted daily. The enrollment process includes assessment for skill levels and advising to determine services. The enrollment process must be completed with all required paperwork in place before receiving education services. Off-campus class hours vary. Call the Adult Education Center at (361) 573-7323 or visit our website for information www.victoriacollege.edu/adulteducation.

* Note: This program exists to serve undereducated adults. Adults scoring higher than a 12.9 (grade equivalency) on the state-mandated assessment instrument (TABE) are not eligible to attend Adult Basic Education classes.

Classes are also periodically offered in nearby counties: Calhoun, DeWitt, Jackson, Lavaca, and Refugio. Individuals seeking information about classes are welcome to stop by during regular business hours, or call (361) 573-7323 (573-READ).
Wireless Buildings

The following main campus buildings are wireless:

- Academic Building
- Allied Health Building
- College, Services & Training Building
- Continuing Education Center
- Health Sciences Center
- Language Building
- Sports Center
- Student Center
- Student Services Building
- Technology Center

Flexible Schedules

Flexible scheduling is a must for community college students. VC offers courses during the day or evening as well as via distance education:

- online
- computer-based format
- interactive television video (ITV)

Most distance education students at Victoria College will enroll in courses developed and taught by Victoria College faculty. However, Victoria College is a partner in Virtual College of Texas (VCT). For information about VCT please see page 46.

For more information about distance education courses, contact the Distance Education Office at (361) 572-6481 or via e-mail to distance_ed@victoriacollege.edu.

Workforce & Continuing Education

Victoria College offers a variety of workforce and continuing education courses and programs designed to meet the needs of the community. From customized training to lifelong learning activities, Victoria College Workforce & Continuing Education provides businesses, industries, and individuals the opportunity to learn or improve technical and professional competencies, along with vocational and recreational classes for personal enrichment.

Workshops, seminars, and institutes can be planned to meet needs of specific groups. In such cases, Continuing Education Units (CEUs) may be awarded to participants. For more information, contact the Workforce & Continuing Education department at (361) 582-2528, or via e-mail to askce@victoriacollege.edu.
Cultural Enrichment

Victoria College offers a wide range of programs and facilities for cultural enrichment and community service for students and the community.

- Museum of the Coastal Bend
- Leo J. Welder Center for the Performing Arts
- Musical productions and art exhibits
- Lyceum guest lecture series
- John W. Stormont Lecture Series on South Texas
- and much more.

The Johnson Symposium, Leo J. Welder Center for the Performing Arts, Museum of the Coastal Bend, Student Center, and the VC/UHV Library are college facilities that are frequently utilized by the public.

History of VC

Victoria Junior College was established as a part of the Victoria school system on February 4, 1925. During the first session of operation, classes were conducted on the third floor of the Patti Welder High School while a new building was being constructed to house the college. This building, which joined the Patti Welder Junior High school, served as the college home until the end of the 1948-49 session.

The growth of the community in the war and post-war years gave the impetus to an expansion movement which resulted in making the college a county-wide institution. This change was accomplished by the people of the county in a special election on December 2, 1947. In June of the following year, the people of the county voted a $750,000 bond issue to provide a new site and new buildings for the growing institution. On January 10, 1949, the Board of Trustees changed the name from Victoria Junior College to The Victoria College. A new site for the college was purchased in 1948, and four new buildings were constructed during 1948 and 1949. All college activities were transferred to the present campus in September, 1949.

Since the first bond issue in 1947, the voters of The Victoria County Junior College District have approved four tax bond issues totaling $31,350,000 and the college has issued $7,840,000 in revenue bonds. The funds from these bond issues have been used to purchase additional land and construct a number of buildings to accommodate the growth of Victoria College and the University of Houston - Victoria.

Main Campus Buildings

Academic Building
The Academic Building is a two-story structure with general academic classrooms, two interactive television classrooms, a computer lab, and the Corporate Training room. Also located in this building are the Vice President of Administrative Services: Business Office, Human Resources Office, and Purchasing Office; along with the Campus Police & Security Office.

Building A
Building A (formerly the Administration II Building) houses the offices of the President, the Vice President of College Advancement & External Affairs, the Vice President of Instruction, and the Victoria College Foundation.

Fine Arts Building
The Fine Arts Building houses classrooms, studios, and office space for the Music and Art Departments.

College Services & Training Building
The College Services & Training Building houses the Marketing & Communications Department, the offices of the Physical Plant, Call Center, and Mailroom. It also houses a heating, ventilation, and air conditioning lab, an electrical lab, a multi-purpose classroom and a computer lab.

Continuing Education Center
The Continuing Education Center is a two-story structure with classrooms and computer labs. Also located in this building are the Workforce & Continuing Education Office and the Testing and ACT Center.
Health Sciences Center
The Health Sciences Center houses 14 classrooms and lecture halls; 18 laboratories; 6 study halls; 3 computer labs; tutoring rooms and a resource center; 4 state-of-the-art simulation centers; conference facilities and faculty offices; and a commons area with a coffee bar.

The Health Sciences Center was constructed utilizing funds approved in May 2006 by Victoria County voters in a $15.5 million tax bond issue. The project was initiated by a challenge grant from The M.G. and Lillie A. Johnson Foundation. Furnishings and equipment were funded by the generosity of individuals, foundations and businesses in the college service area.

Language Building
The Language Building contains classrooms and faculty offices.

Library
The VC/UHV Library is a joint library serving both Victoria College and the University of Houston-Victoria. The library occupies a three-story building with a seating capacity of over 300. Over thirty computer workstations provide access to the Internet, library electronic databases, and reference materials, as well as a selection of Microsoft Office applications. Other library facilities include conference rooms, study carrels and tables, leisure reading areas, and copiers.

Professional librarians are available to assist in locating information and using the library’s resources. Interlibrary Loan is available to all students, faculty, and staff. The library also has a full program of bibliographic instruction.

The library’s main collection contains over 400,000 print volumes, over 20,000 subscriptions to print and electronic journals, and over 500,000 items on microforms. The Local History Collection contains books on local and Texas history. The Archives/Special Collection section houses maps, photographs, manuscripts, and archives regarding the history of the Victoria region.

The library serves as a depository for federal documents. As a Regional Historical Resource Depository, the library houses a collection of historical records and documents from Victoria and surrounding counties.

The Library’s audiovisual collection is located in the Media Center, on the second floor of the Library building. This facility houses approximately 7,500 audiovisual items, including compact discs, DVDs and audio and video tapes.

M.G. and Lillie A. Johnson
Allied Health Building
The Allied Health Building is the instructional center for the Allied Health & Public Service programs. The building also contains the Johnson Symposium Center which is utilized for a variety of ceremonies and college productions, and an interactive television classroom.

M.G. and Lillie A. Johnson Hall
The M.G. and Lillie A. Johnson Hall is equipped with classrooms for a variety of college courses and programs, the Academic Foundations Division, and faculty offices. Also located in this building are Student Support Services (KEY Center), the Tutoring Center, and the Reading Room.

Museum of the Coastal Bend
The Museum of the Coastal Bend serves the general public, tourists, college and university students, and in particular, the kindergarten through 12th grade students in Victoria and surrounding counties. The mission of the Museum of the Coastal Bend is to enhance the appreciation and enjoyment of the region’s heritage. The purpose of the museum is four-fold: to collect, to preserve, to exhibit and to interpret the history and heritage of the region. For more information visit www.museumofthecoastalbend.org.

Sports Center
The Sports Center features one basketball court; two volleyball courts; aerobics room; fitness room; dressing facilities for students, faculty and staff; faculty offices; and a conference room.

Student Center
The Student Center features an atrium area, dining area, The Cove (VC’s convenience store) which includes a Subway restaurant, student computer lab, a big screen TV, pool tables, air hockey tables, Student Activities Office, bookstore, and meeting rooms.

The Victoria College Bookstore is located in the Student Center and serves the students, faculty, and staff of both Victoria College and University of Houston - Victoria. The bookstore has been established to provide books, supplies and other related materials essential to meet the educational mission of the institutions it serves. Regular hours are maintained Monday through Friday. Additional hours are posted for registration periods or special events.
Student Services Building
The Student Services Building (formerly the Administration Building) houses the offices of the Vice President of Student Services, Admissions & Records, Advising & Counseling Services, Financial Aid, Pre-College Programs, Title V, the Welcome Center, and the Office of Institutional Effectiveness, Research and Assessment. Also located in this building are the College Information Systems Office and the Payment Center.

Technology Center
The Technology Center houses state-of-the-art computer labs, classrooms, and faculty offices. Technology support, personnel training, and the Cafe Espresso are also located in the building.

William A. Wood Building
The William A. Wood Building houses classrooms and laboratories. Each lab is outfitted with the latest machines, tools, computers, and equipment to provide students an opportunity for training that meets current industry requirements.
Courses are listed in alphabetical order by TCCNS Rubric and WECM Rubric.
ACCT 2402#  PRINCIPLES OF ACCOUNTING II - MANAGERIAL (3-3) CREDIT 4  
Prerequisite: ACCT 2401 or instructor approval  
Accounting concepts and their application in transaction analysis and financial statement preparation; analysis of financial statements; and asset and equity accounting in proprietorships, partnerships, and corporations. Introduction to cost behavior, budgeting, responsibility accounting, cost control, and product costing.  
(#) Courses are equivalent to academic courses listed in the current edition of the “Community College General Academic Course Guide Manual.”
Courses are listed in alphabetical order by TCCNS Rubric and WECM Rubric.

ACCT 2401# PRINCIPLES OF ACCOUNTING I - FINANCIAL (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading and Math or instructor approval
Accounting concepts and their application in transaction analysis and financial statement preparation; analysis of financial statements; and asset and equity accounting in proprietorships, partnerships, and corporations. Introduction to cost behavior, budgeting, responsibility accounting, cost control, and product costing.

ACCT 2402# PRINCIPLES OF ACCOUNTING II - MANAGERIAL (3-3) CREDIT 4
Prerequisite: A grade of C or better in ACCT 2401 or instructor approval
Accounting concepts and their application in transaction analysis and financial statement preparation; analysis of financial statements; and asset and equity accounting in proprietorships, partnerships, and corporations. Introduction to cost behavior, budgeting, responsibility accounting, cost control, and product costing.

ACNT 1303 INTRODUCTION TO ACCOUNTING I (3-1) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Math or instructor approval
A study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll.

ACNT 1311 INTRODUCTION TO COMPUTERIZED ACCOUNTING (2-2) CREDIT 3
Prerequisite: ACNT 1303 or ACCT 2401 or instructor approval
Introduction to utilizing the computer in maintaining accounting records with primary emphasis on a general ledger package.

ACNT 1329 PAYROLL AND BUSINESS TAX ACCOUNTING (3-0) CREDIT 3
Prerequisite: ACNT 1303 or ACCT 2401 or instructor’s approval
A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment.

AGRI 1419 INTRODUCTORY ANIMAL SCIENCE (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading
Scientific animal agriculture. Topics covered would include animal reproduction, nutrition, management and marketing of various agriculturally important species. The course includes related laboratory activities and field trips.

ARTS 1301# ART APPRECIATION (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Writing and Reading
An introduction to the visual arts and an analysis of the elements, principles, problems, and techniques of the artist.

ARTS 1303# HISTORY OF ART I (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Writing and Reading
Survey of world art from prehistoric times to the Renaissance.

ARTS 1304# HISTORY OF ART II (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Writing and Reading
Survey of world art from the Renaissance through the 20th century.
ARTS 1311# DESIGN I (2-4) CREDIT 3
Introductory course in the study and application of the elements and principles of design. Studio work involves solving design problems using both traditional media and computer-based graphic applications. Includes introduction to Adobe Photoshop and Adobe Illustrator.

ARTS 1316# DRAWING I (2-4) CREDIT 3
A study of the fundamentals of drawing: line, proportion, perspective, value, and form. Studio work involves specific problems that explore each of the fundamentals using techniques in black and white media.

ARTS 1317# DRAWING II (2-4) CREDIT 3
Prerequisite: ARTS 1316 or permission of instructor
Expansion of ARTS 1316. More emphasis is given to the expressive and conceptual aspects of drawing. A variety of media and techniques are explored.

ARTS 1325# ART FUNDAMENTALS (2-4) CREDIT 3
Prerequisite: Texas Success Initiative complete in Writing and Reading
An introduction to the basic elements of design, drawing, painting, ceramics, and sculpture. Slide lectures introduce each of the areas followed by applied studio problems.

ARTS 2316# PAINTING I (2-4) CREDIT 3
Studio work exploring color theory, painting techniques, and pictorial problems from art historical periods through contemporary styles using oil and acrylic paint.

ARTS 2317# PAINTING II (2-4) CREDIT 3
Prerequisite: ARTS 2316 or permission of the instructor
A continuation of Painting I with expressive and conceptual aspects of painting explored.

ARTS 2323# LIFE DRAWING (2-4) CREDIT 3
Prerequisite: ARTS 1316 or permission of the instructor
Basic study of the human form and figure drawing.

ARTS 2346# CERAMICS I (2-4) CREDIT 3
Beginning instruction in basic techniques of hand-built and wheel-thrown ceramic construction, glazing, and firing. The craft and art of ceramics are explored through contemporary and historical approaches to decorative, conceptual, and functional forms.

ARTS 2347# CERAMICS II (2-4) CREDIT 3
Prerequisite: ARTS 2346 or permission of instructor
A continuation of Ceramics I with additional instruction and advanced work in ceramics processes and concepts. Students are encouraged to pursue their unique vision.

ARTS 2348# DIGITAL ART I – PHOTOGRAPHY (2-4) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading, Writing, and Math.
Introduction to basics of digital photography and image manipulations using Adobe Photoshop and a variety of input and output devices. Learning includes camera operations, basics of using Adobe Photoshop, inkjet printer, and flatbed scanner. Emphasis on composition, photographic techniques, and the study of history and contemporary ideas to develop an understanding of photographic aesthetics.
ARTS 2349#  DIGITAL ART II - PHOTOGRAPHY  (2-4) CREDIT 3
Prerequisite: ARTS 2348 or permission of instructor
Advance level course in digital photography, with the emphasis on advanced digital image manipulation techniques. Includes working with SLR digital camera and large format inkjet printer. The students are encouraged to develop and pursue their unique vision.

ARTS 2356#  PHOTOGRAPHY I - BLACK AND WHITE (2-4) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading, Writing, and Math
Introduction to the basics of black and white photography. Includes camera operation, techniques, knowledge of chemistry, and presentation skills. Emphasis on design, history, and contemporary trends as a means of developing an understanding of photographic aesthetics.

ARTS 2357#  PHOTOGRAPHY II - BLACK AND WHITE (2-4) CREDIT 3
Prerequisite: ARTS 2356 or permission of instructor
Continuing studies and instructions in techniques, aesthetics, and history of black and white photography. Instructions include working with studio lighting equipment, medium and large format cameras, and making archival black and white prints. The students are encouraged to develop and pursue their unique vision.

BCIS 1305#  BUSINESS COMPUTER APPLICATIONS (2-3) CREDIT 3
(For Business Majors)
Prerequisites: Texas Success Initiative complete or consent of instructor
Computer terminology, hardware, software, operating systems, and information systems relating to the business environment. The main focus of this course is on business applications of software, including word processing, spreadsheets, databases, presentation graphics, and business-oriented utilization of the Internet. A student may receive credit by passing a Departmental Exam for this course.  NOTE: No Credit if COSC 1301 is taken.

BIOL 1322#  NUTRITION & DIET THERAPY (3-0) CREDIT 3
Prerequisite: A grade of “C” or better in one semester of college-level chemistry, CHEM 1406 is recommended, plus Texas Success Initiative complete in Reading and Writing.
Recommended: Completion of one semester of college-level biology.
Biochemistry, physiology and metabolism of carbohydrates, lipids, proteins, vitamins and minerals; nutrient digestion, absorption and transport; nutrient requirements and deficiencies; dietary surveillance; life stage nutrition; evaluation of nutritional claims.

BIOL 1406#  GENERAL BIOLOGY FOR SCIENCE MAJORS (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading, Writing, and Math.
General biology for science majors and pre-professionals in health sciences. Presentation of basic concepts in biology including chemical basis of life, cytology, metabolism, and genetics. Laboratory exercises complement and reinforce lecture material.

BIOL 1407#  GENERAL BIOLOGY FOR SCIENCE MAJORS (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading, Writing, and Math.
Recommended: BIOL 1406
General biology for science majors and pre-professionals in health sciences. Presentation of basic concepts in biology including evolution; biodiversity; structure and function of plants, animals, and other organisms; and ecology. Laboratory exercises complement and reinforce lecture material.
BIOL 1408#  GENERAL BIOLOGY I, FOR NON-MAJORS (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading.
Fundamentals and principles of living organisms including properties of life, organization, functional evolutionary adaptation, classification, and ecology. Emphasis includes cells and tissues, plant studies, and use of speciation keys. Laboratory is required.

BIOL 1409#  GENERAL BIOLOGY II, FOR NON-MAJORS (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading.
Fundamentals and principles of living organisms including properties of life, organization, functional evolutionary adaptation, classification. Emphasis is placed on overviews of animal structure, and functional adaptation and genetics. Laboratory is required.

BIOL 2306#  ENVIRONMENTAL BIOLOGY (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
This course will examine human interactions, with and effects, upon plant and animal communities and the physical environment. Emphasis will be on conservation, pollution, water, energy, and other contemporary concerns. Study will be based on class participation in such activities as reports, panels, outside speakers, and field trips.

BIOL 2401#  HUMAN ANATOMY AND PHYSIOLOGY (3-3) CREDIT 4
Prerequisite: A grade of “C” or better in one semester of college-level biology or chemistry, CHEM 1406 is recommended, plus Texas Success Initiative complete in Reading and Writing.
Recommended: One semester of college-level biology.
Structure and function study of the following: introduction of the human body, cells, tissues, integumentary system, skeletal system, muscle, and nervous system. Laboratory is coordinated with the lecture and includes the use of the microscope, fresh and preserved specimens, along with anatomical charts and models. Various electronic instruments are used to measure and record physiological data.

BIOL 2402#  HUMAN ANATOMY AND PHYSIOLOGY (3-3) CREDIT 4
Prerequisite: BIOL 2401 with a “C” or better
Structure and function of the following: endocrine system, circulatory system, respiratory system, digestive system, metabolism, excretion, fluid and electrolytes, and reproduction. Laboratory is coordinated with the lecture and includes the use of fresh and preserved specimens, along with anatomical charts and models. Various electronic instruments are used to measure and record physiological data.

BIOL 2404#  INTRODUCTORY ANATOMY AND PHYSIOLOGY (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading.
Recommended: Successful completion of a freshman Lab Science Course or the successful completion of 12 hours of college level coursework. A one-semester course that includes structure and function of the human integumentary, musculoskeletal, neuroendocrine, circulatory, respiratory, digestive, urinary, and reproductive systems. Laboratory is coordinated with the lecture and includes the use of preserved specimens, along with histological slide preparations, anatomical charts, and models. This course is designed for the allied health student who needs a single semester of Human Anatomy and Physiology. This course will not substitute for BIOL 2401 or as a prerequisite for BIOL 2402.
BIOL 2420# MICROBIOLOGY (3-3) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading. Recommended: Successful completion or concurrent enrollment in a college-level chemistry or introductory anatomy and physiology. Biology 2420 is a study of microorganisms including the morphology, physiology, and taxonomy of representative groups of pathogenic and nonpathogenic microorganisms. Pure cultures of microorganisms are used in selected laboratory exercises that progressively develop skills in aseptic handling, staining, nourishing, detecting metabolic products, and studying diagnostic features of bacteria.

BMGT 1327 PRINCIPLES OF MANAGEMENT (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading
Concepts, terminology, principles, theories, and issues in the field of management.

BMGT 1341 BUSINESS ETHICS (3-0) CREDIT 3
Prerequisite: 15 Semester Credit Hours of college work. Texas Success Initiative complete in Reading and Writing.
Discussion of ethical issues, the development of a moral frame of reference, and the need for an awareness of social responsibility in management practices and business activities. Includes ethical corporate responsibility.

BMGT 2382 COOP ED-BUSINESS ADMINISTRATION AND MANAGEMENT, GENERAL (1-19) CREDIT 3
Prerequisite: Division approval required
Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
NOTE: Students must be employed in an appropriate position prior to the first class meeting.

BUSG 2309 SMALL BUSINESS MANAGEMENT ENTREPRENEURSHIP (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete
Starting, operating, and growing a small business. Includes essential management skills, how to prepare a business plan, accounting, financial needs, staffing, marketing strategies, and legal issues.

BUSI 1301# BUSINESS PRINCIPLES (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading & Writing
Introduction to the role of business in modern society. Includes overview of business operations, analysis of the specialized fields within the business organization, and development of a business vocabulary.

BUSI 1307# PERSONAL FINANCE (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Math.
Personal and family accounts, budgets and budgetary control, bank accounts, charge accounts, borrowing, investing, insurance, standards of living, renting or home ownership, and wills and trust plans.

BUSI 2301# BUSINESS LAW (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
Principles of law which form the legal framework for business activity.
CETT 1307  FUNDAMENTALS OF ELECTRONICS (2-2) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Math.  
Applies concepts of electricity, electronics, and digital fundamentals; supports programs requiring a general knowledge of electronics.

CETT 1325  DIGITAL FUNDAMENTALS (2-4) CREDIT 3  
An entry level course in digital electronics to include numbering systems, logic gates, Boolean algebra, and combinational logic.

CETT 1341  SOLID STATE CIRCUITS (2-4) CREDIT 3  
Prerequisite: CETT 1403 or Instructor Approval  
A study of various semiconductor devices incorporated in circuits and their applications. Emphasis on circuit construction, measurements, and analysis.

CETT 1345  MICROPROCESSOR (2-4) CREDIT 3  
Prerequisite: CETT 1349 or Instructor Approval  
An introductory course in microprocessor software and hardware: architecture, timing sequence, operation, and programming. Discussion of appropriate software diagnostic language and tools.

CETT 1349  DIGITAL SYSTEMS (2-4) CREDIT 3  
Prerequisite: CETT 1325 or Instructor Approval  
A course in electronics covering digital systems. Emphasis on application and troubleshooting digital systems using counters, registers, code converters, multiplexers, analog-to-digital to-analog circuits, and large scale integrated circuits.

CETT 1357  LINEAR INTEGRATED CIRCUITS (2-4) CREDIT 3  
Prerequisite: CETT 1341  
A study of characteristics, operations, and testing of linear integrated circuits. Applications include instrumentation and active filtering.

CETT 1403  DC CIRCUITS (3-3) CREDIT 4  
A study of the fundamentals of direct current including Ohm’s law, Kirchoff’s laws, and circuit analysis techniques. Emphasis on circuit analysis of resistive networks and DC measurements.

CETT 1405  AC CIRCUITS (3-3) CREDIT 4  
Prerequisite: CETT 1403 or Instructor Approval  
A study of the fundamentals of alternating current including series and parallel AC circuits, phasors, capacitive and inductive networks, transformers and resonance.

CHEM 1406#  INTRODUCTORY CHEMISTRY (3-3) CREDIT 4  
Prerequisite: Texas Success Initiative complete in Reading and Math.  
A course in general, organic, and biological chemistry for nonscience and allied health majors. Topics covered will include structure of the atom, stoichiometry, solutions, gas laws, equilibrium, acids, bases, salts and buffers, organic structures and nomenclature, functional groups, lipids, carbohydrates, proteins, and nucleic acids. Related laboratory exercises are performed during the semester.
CHEM 1411# GENERAL COLLEGE CHEMISTRY (3-3) CREDIT 4
Prerequisite: A grade of "C" or better in MATH 1314 or more advanced college mathematics course plus Texas Success Initiative complete in Reading.
A course in general chemistry for science majors, pre-medical, pre-dental, engineering, and other students who plan to take subsequent courses in chemistry. The course emphasizes atomic and molecular structure, bonding, stoichiometry, properties of gases, chemical reactions, thermochemistry, the periodic table, liquids and solids, and solutions. Related laboratory exercises are performed during the semester.

CHEM 1412# GENERAL COLLEGE CHEMISTRY (3-3) CREDIT 4
Prerequisite: A grade of C or better in CHEM 1411
A continuation of Chemistry 1411. The course emphasizes equilibrium, kinetics, acid-base concepts, thermodynamics, electrochemistry, descriptive chemistry of common elements and compounds, and a brief introduction to organic compounds. Related laboratory exercises are performed during the semester.

CHEM 2123# ORGANIC CHEMISTRY LAB (0-3) CREDIT 1
Prerequisite: A grade of C or better in CHEM 1412; Corequisite: CHEM 2323
Laboratory exercises focusing on the techniques of organic chemistry laboratory. Designed to complement topics in CHEM 2323.

CHEM 2125# ORGANIC CHEMISTRY LAB (0-3) CREDIT 1
Prerequisite: CHEM 2123 and 2323; Corequisite: CHEM 2325
Laboratory exercises focusing on the spectroscopy and organic syntheses. Designed to complement topics in CHEM 2325.

CHEM 2323# ORGANIC CHEMISTRY LECTURE (3-0) CREDIT 3
Prerequisite: A grade of C or better in CHEM 1412; Corequisite: CHEM 2123
The first semester of a two-semester sequence in organic chemistry for chemistry majors and preprofessional students. Topics covered include alkanes, alkenes, alkyl halides, and alcohols. Also covered are nomenclature, stereochemistry, and mechanisms of electrophilic addition and nucleophilic substitution reactions.

CHEM 2325# ORGANIC CHEMISTRY LECTURE (3-0) CREDIT 3
Prerequisite: A grade of C or better in CHEM 2123 and 2323; Corequisite: CHEM 2125
A continuation of CHEM 2323 covering in part aromatic compounds, carbonyl compounds, organometallic reagents, amines, and spectroscopy.

COSC 1301# INTRODUCTION TO COMPUTING (2-3) CREDIT 3
Prerequisites: Texas Success Initiative complete or consent of instructor.
Overview of computer systems—hardware, operating systems, and microcomputer application software, including the Internet, word processing, spreadsheets, presentation graphics, and databases. Current issues such as the effect of computers on society, and the history and use of computers in business, educational, and other modern settings are also studied. This course is not intended to count toward a student's major field of study in business or computer science. A student may receive credit by passing Departmental Exam for this course. NOTE: No credit if BCIS 1305 is taken.
COSC 1315# FUNDAMENTALS OF PROGRAMMING (Logic) (2-2) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Math or consent of instructor.
Introduction to computer programming. Emphasis on the fundamentals of structured design, development, testing, implementation, and documentation. Includes coverage of language syntax, data and file structure, input/output devices, and disks/files.

COSC 1436# PROGRAMMING FUNDAMENTALS I (JAVA) (3-3) CREDIT 4
Prerequisite: A grade of D or better in COSC 1315 or ITSE 1329 OR previous college credit programming language or consent of instructor.
Introduces the fundamental concepts of structured programming. Topics include software development methodology, data types, control structures, functions, arrays, files, and the mechanics of running, testing, and debugging. This course assumes computer literacy. The course is taught in JAVA.

COSC 1437# PROGRAMMING FUNDAMENTALS II (JAVA) (3-3) CREDIT 4
Prerequisite: A grade of C or better in COSC 1436 OR previous college credit programming language or consent of instructor.
Review of control structures and data types with emphasis on structured data types. Applies the object-oriented programming paradigm, focusing on the definition and use of classes along with the fundamentals of object-oriented design. Includes basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering. Course is taught using JAVA.

CRIJ 1301# INTRODUCTION TO CRIMINAL JUSTICE (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
History, philosophy, and ethical consideration of criminal justice; the nature and impact of crime; and an overview of criminal justice systems, including law enforcement and court procedures.

CRIJ 1306# COURT SYSTEMS AND PRACTICES (3-0) CREDIT 3
Prerequisite: CRIJ 1301 or CRIJ 1307
Study of the judiciary in the American criminal justice system and the adjudication processes and procedures.

CRIJ 1307# CRIME IN AMERICA (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
American crime problems in historical perspective, social and public policy factors affecting crime, impact and crime trends, social characteristics of specific crimes, and prevention of crime.

CRIJ 1310# FUNDAMENTALS OF CRIMINAL LAW (3-0) CREDIT 3
Prerequisite: CRIJ 1301 or CRIJ 1307
Study of criminal law, its philosophical and historical development, major definitions and concepts, classifications and elements of crime, penalties using Texas statutes as illustrations and criminal responsibility.

CRIJ 2301# COMMUNITY RESOURCES IN CORRECTIONS (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
An introductory study of the role of the community in corrections, community programs for adults and juveniles, administration of community programs, legal issues, and future trends in community treatment.
CRIJ 2313# CORRECTIONAL SYSTEMS AND PRACTICES (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Corrections in the criminal justice systems; organization of correctional system; correctional role; institutional operations; alternatives to institutionalization; treatment and rehabilitation; current and future issues.

CRIJ 2314# CRIMINAL INVESTIGATION (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Investigative theory, collection and preservation of evidence, sources of information, interview and interrogation, uses of forensic sciences, and case and trial preparation.

CRIJ 2323# LEGAL ASPECTS OF LAW ENFORCEMENT (3-0) CREDIT 3
Prerequisite: CRIJ 1301, CRIJ 1306 or CRIJ 1307
Policy authority, responsibilities, constitutional constraints, laws of arrest, search and seizure, and police liability.

CRIJ 2328# POLICE SYSTEMS AND PRACTICES (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
The police profession, organization of law enforcement systems, the police role, police discretion, ethics, police-community interaction and current and future issues.

CTEC 2680 COOPERATIVE EDUCATION-CHEMICAL TECH/TECHNICIAN (1-39) CREDIT 6
Prerequisite: AAS in Process Technology or Approval of Instructor.
Career related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the College and the employer, the student combines classroom learning with work experience. Includes a lecture component.

DAAC 1317# BASIC COUNSELING SKILLS (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
An overview of basic counseling skills.

DFTG 1325 BLUEPRINT READING AND SKETCHING (3-0) CREDIT 3
An introduction to reading and interpreting working drawings for fabrication processes and associated trades. Use of sketching techniques to create pictorial and multiple-view drawings.

DRAM 1310# INTRODUCTION TO THEATRE (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
Introduction to the fundamentals of acting, technical production, design, directing, and theatre management. This course is designed to give students a better appreciation and understanding of dramatic art. Includes the opportunity to work with departmental productions. Student participation & presentations may be videotaped for educational purposes.

DRAM 1351# ACTING I (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading.
Introduction to the basic theories, styles, and methods of acting. This includes increased sensory awareness, ensemble performing, character analysis, and script analysis. Emphasis is placed on the mechanics of voice, body, emotion, and analysis as tools of the actor. Includes working with departmental productions. Student participation & presentations may be videotaped for educational purposes.
DRAM 1352#  ACTING II (3-0) CREDIT 3  
Prerequisite: Acting I or consent of instructor  
Study of theories, styles, and methods of acting. This includes increased sensory awareness, ensemble performing, character analysis, and script analysis. Strong emphasis on character development. Includes working with departmental productions. Student participation & presentations may be videotaped for educational purposes.

DRAM 2351#  ACTING III (3-0) CREDIT 3  
Prerequisite: Consent of instructor and Acting I or II  
Continued study of theories, styles, and methods of acting for movies and television. Strong emphasis on character development. Includes working with departmental productions. Student participation & presentations may be videotaped for educational purposes.

DRAM 2352#  ACTING IV (3-0) CREDIT 3  
Prerequisite: Consent of instructor and Acting III  
Advanced study of theories, styles, and methods of acting for movies and television. Strong emphasis on character development. Includes working with departmental productions. Student participation & presentations may be videotaped for educational purposes.

ECON 2301#  PRINCIPLES OF MACROECONOMICS (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Math.  
An analysis of the economy as a whole, including measurement and determination of Aggregate Demand and Aggregate Supply, national income, inflation, and unemployment. Other topics include international trade, economic growth, business cycles, and fiscal policy and monetary policy.

ECON 2302#  PRINCIPLES OF MICROECONOMICS (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Math.  
Analysis of the behavior of individual economic agents, including consumer behavior and demand, producer behavior and supply, price and output decisions by firms under various market structures, factor markets, market failures, and international trade.

EDUC 1300#  LEARNING FRAMEWORK: ONCOURSE (3-0) CREDIT 3  
A study of the research and theory in the psychology of learning, cognition, and motivation; factors that impact learning; and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. EDUC 1300 is equivalent to PSYC 1300; credit will not be given for both EDUC 1300 and PSYC 1300. EDUC 1300 may substitute for SDEV 0301.
EDUC 1301# INTRODUCTION TO THE TEACHING PROFESSIONS (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
An enriched and integrated pre-service course and content experience that provides active recruitment and support for undergraduates interested in careers in teaching and opportunities to participate in early field experiences for the purpose of introducing and analyzing the culture of schooling and classrooms. Course includes 16 hours of field experience. State-mandated field-of-study course for elementary teacher certification, grades four through eight.

EDUC 2301# INTRODUCTION TO SPECIAL POPULATIONS (3-0) CREDIT 3
Prerequisite: EDUC 1301
An enriched, integrated pre-service course and content experience that: 1) provides an overview of schooling and classrooms from the perspectives of language, gender, socioeconomic status, ethnic and academic diversity, and equity with an emphasis on factors that facilitate learning; 2) provides students with opportunities to participate in early field observations of P-12 special populations; 3) course includes 16 hours of field experience in P-12 classrooms with special populations.

EECT 1303 INTRODUCTION TO TELECOMMUNICATIONS (2-4) CREDIT 3
Prerequisite: CETT 1341 or Instructor Approval
An overview of the telecommunications industry. Topics include the history of the telecommunications industry, terminology, rules and regulations, and industry standards and protocols.

EMSP 1160 CLINICAL, EMERGENCY MEDICAL TECHNICIAN - BASIC (0,0,5) CREDIT 1
Prerequisite: Admission into the EMSP Program
Corequisites: EMSP 1501 & 2237
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

EMSP 1261 CLINICAL, EMERGENCY MEDICAL TECHNICIAN - PARAMEDIC 1 (0,0,8) CREDIT 2
Prerequisite: Admission into the EMSP Program
Corequisites: EMSP 1355, 1356, & 1438
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. At the completion of this course, the student will be able to perform a comprehensive history and physical exam, develop differential diagnoses, establish and/or maintain a patent airway, oxygenate, and ventilate a patient, implement and evaluate a trauma care plan; perform venapuncture for phlebotomy and IV fluid infusion; safely prepare and administer medications, and communicate & document all pertinent information.

EMSP 1355 TRAUMA MANAGEMENT (2,2,0) CREDIT 3
Prerequisite: Admission into the EMSP Program
Corequisites: EMSP 1356 & 1438
Knowledge and skills in the assessment and management of patients with traumatic injuries. Upon completion of this course, the student will be able to integrate the pathophysiological principles and assessment findings to formulate a field impression; implement the treatment plan for the trauma patient; and integrate multiple determinates of trauma conditions into clinical care.

EMSP 1356 PATIENT ASSESSMENT AND AIRWAY MANAGEMENT (2,2,0) CREDIT 3
Prerequisite: Admission into the EMSP Program
Corequisites: EMSP 1355 & 1438
Knowledge and skills required to perform patient assessment, airway management, and artificial ventilation.
EMSP 1438  INTRODUCTION TO ADVANCED PRACTICE (3,3,0) CREDIT 4  
Prerequisite: Admission into the EMSP Program  
Fundamental elements associated with emergency medical services to include preparatory practices, pathophysiology, medication administration, and related topics.

EMSP 1501  EMERGENCY MEDICAL TECHNICIAN (5,1,0) CREDIT 5  
Prerequisite: Admission into the EMSP Program. Prior approval from EMSP Program Office  
Corequisites: EMSP 1160 & 2237  
Preparation for certification as an Emergency Medical Technician (EMT). Upon completion of this course, the student should be able to apply operational principles in out-of-hospital environment; demonstrate life saving care to patients at the Emergency Medical Technical (EMT) level; and display professional and ethical behaviors expected of emergency personnel.

EMSP 2237  EMERGENCY PROCEDURES (1,4,0) CREDIT 2  
Prerequisite: Admission into the EMSP Program  
Corequisite: EMSP 1160 and 1501  
Application of emergency medical procedures. This course was designed to be repeated multiple times to improve student proficiency.

EMSP 2243  ASSESSMENT BASED MANAGEMENT (1,3,0) CREDIT 2  
Prerequisite: Admission into the EMSP Program  
Corequisites: EMSP 1355, 1356, 1438, 2330, 2338, 2434, & 2444  
A capstone experience covering comprehensive assessment based patient care management. Includes specific care when dealing with pediatric, adult, geriatric, and special-needs patients. Upon completion of this course, the student will be able to integrate pathophysiological principles and assessment findings to formulate a field impression and implement a treatment plan for patients with common complaints.

EMSP 2262  CLINICAL, PARAMEDIC II (0,0,9) CREDIT 2  
Prerequisite: Admission into the EMSP Program  
Corequisites: EMSP 2330, 2434 & 2444  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. At the completion of this course, the paramedic student will be able to integrate pathophysiological principles and assessment findings to analyze differential diagnoses and develop, implement and evaluate care plans for patients with respiratory, cardiovascular, neurological, endocrine, allergic/anaphylactic, gastroenterologic, urologic, toxic exposure, hematopoietic, infectious/communicable disease, behavioral, and gynecological emergencies; normal and abnormal labor; and neonatal, pediatric, geriatric, abuse/assault, psychosocial, and chronic care emergencies; and communicate and document all pertinent information.

EMSP 2330  SPECIAL POPULATIONS (2,2,0) CREDIT 3  
Prerequisite: Admission into the EMSP Program  
Knowledge and skills necessary to assess and manage ill or injured patients in diverse populations to include neonatology, pediatrics, geriatrics, and other related topics.

EMSP 2338  EMS OPERATIONS (3,0,0) CREDIT 3  
Prerequisite: Admission into the EMSP Program  
Knowledge and skills to safely manage multi-casualty incidents and rescue situations; utilize air medical resources; identify hazardous materials and other specialized incidents.
EMSP 2352  **EMERGENCY MEDICAL SERVICES RESEARCH (3,0,0) CREDIT 3**
Prerequisite: Admission into the EMSP Program or permission of the instructor
Primary and/or secondary research in current and emerging issues in EMS. Basic research principles, scientific inquiry, and interpretation of professional literature are emphasized.

EMSP 2363  **CLINICAL, EMS CAPSTONE (0,0,15) CREDIT 3**
Prerequisite: Admission into the EMSP Program
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. At the completion of this course, the paramedic student will be able to manage the scene of an emergency; perform a comprehensive history and physical exam; integrate patho-physiological principles and assessment findings to analyze differential diagnoses and develop, implement and evaluate care plans within the scope of practice authorized by medical control; and communicate and document all pertinent information.

EMSP 2434  **MEDICAL EMERGENCIES (3,2,0) CREDIT 4**
Prerequisite: Admission into the EMSP Program
Knowledge and skills in the assessment and management of patients with medical emergencies, including medical overview, neurology, gastroenterology, immunology, pulmonology, urology, hematology, endocrinology, toxicology, and other related topics.

EMSP 2444  **CARDIOLOGY (3,3,0) CREDIT 4**
Prerequisite: Admission into the EMSP Program
Assessment and management of patients with cardiac emergencies. Includes single and multi-lead ECG interpretation.

ENGL 0300  **FOUNDATIONS OF ACADEMIC WRITING I (3-0) CREDIT 0**
This course is designed for students who score 199 or less on the writing section of the THEA or comparable college entrance exam. This course is designed to develop and expand students' basic writing skills in preparation for college level writing. Emphasis is placed on creating clear, correct, and expressive paragraphs and short essays. A sentence to paragraph concept is presented along with an introduction to essay format and modes of academic writing. Critical thinking skills and improved foundational work in grammar, punctuation, sentence formation, and paragraphing will be strengthened through extensive writing practice. Proper citation of texts using MLA format is also introduced.

ENGL 0301  **FOUNDATIONS OF ACADEMIC WRITING II (3-0) CREDIT 0**
Prerequisite: A grade of SA or SB or SC in ENGL 0300 or scores between 200 and 219 on the writing section of the THEA or equivalent on an approved alternate writing assessment.
This course is designed to enhance and expand students' basic essay writing skills in preparation for college level writing. Emphasis is placed on effective sentence and paragraph construction and incorporation of those concepts into proper academic essay format. Improvement of writing and critical thinking skills will be reiterated through class exercises and extensive writing practice. Preparation for writing in college level courses, including academic style, presentation, and MLA citation will also be emphasized.
ENGL 1301# **COMPOSITION I (3-0) CREDIT 3**  
**Prerequisite:** Texas Success Initiative complete in Reading and Writing.  
Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

ENGL 1302# **COMPOSITION II (3-0) CREDIT 3**  
**Prerequisite:** A grade of C or better in ENGL 1301  
Intensive study of and practice in the strategies and techniques for developing research-based expository and persuasive texts. Emphasis on effective and ethical rhetorical inquiry, including primary and secondary research methods; critical reading of verbal, visual, and multimedia texts; systematic evaluation, synthesis, and documentation of information sources; and critical thinking about evidence and conclusions.

ENGL 2307# **CREATIVE WRITING I (3-0) CREDIT 3**  
**Prerequisite:** Texas Success Initiative complete in Reading and Writing  
Practical experience in the techniques of imaginative writing. May include fiction, nonfiction, poetry, screenwriting, or drama.

ENGL 2311# **TECHNICAL WRITING (3-0) CREDIT 3**  
**Prerequisite:** A grade of C or better in ENGL 1301  
Intensive study of and practice in professional settings. Focus on the types of documents necessary to make decisions and take action on the job, such as proposals, reports, instructions, policies and procedures, e-mail messages, letters, and descriptions of products and services. Practice individual and collaborative processes involved in the creation of ethical and efficient documents.

ENGL 2322# **BRITISH LITERATURE I (3-0) CREDIT 3**  
**Prerequisite:** A grade of C or better in ENGL 1301  
A survey of the development of British literature from the Anglo-Saxon period to the eighteenth century. Students will study works of prose, poetry, drama, and fiction in relation to their historical, linguistic, and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

ENGL 2323# **BRITISH LITERATURE II (3-0) CREDIT 3**  
**Prerequisite:** A grade of C or better in ENGL 1301  
A survey of the development of British literature from the Romantic period to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

ENGL 2327# **AMERICAN LITERATURE I (3-0) CREDIT 3**  
**Prerequisite:** A grade of C or better in ENGL 1301  
A survey of American literature from the period of exploration and settlement through the Civil War. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from among a diverse group of authors for what they reflect and reveal about the evolving American experience and character.
ENGL 2328#  AMERICAN LITERATURE II (3-0) CREDIT 3
Prerequisite: A grade of C or better in ENGL 1301
A survey of American literature from the Civil War to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from among a diverse group of authors for what they reflect and reveal about the evolving American experience and character.

ENGL 2332#  WORLD LITERATURE I (3-0) CREDIT 3
Prerequisite: A grade of C or better in ENGL 1301
A survey of world literature from the ancient world through the sixteenth century. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

ENGL 2333#  WORLD LITERATURE II (3-0) CREDIT 3
Prerequisite: A grade of C or better in ENGL 1301
A survey of world literature from the ancient world through the sixteenth century. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

ENTC 1301  ROBOTICS I (2-3) CREDIT 3
Prerequisite: CETT 1403
An introduction to Robotics/Automation. Includes history, terminology, classification of robots, basic components, control systems, alternating current and hydraulic servomechanisms, programming, sensors, types of drive, end-or-arm tooling, end effectors, safety, and design procedures.

ENVR 1301#  ENVIRONMENTAL SCIENCE I (3-0) CREDIT 3
Prerequisite: Four hours of a laboratory science and Texas Success Initiative complete in Reading
A general interest course that offers a multiple disciplinary approach in basic concepts of biology, chemistry, and geology and relates scientific knowledge to problems involving energy and the environment. A field trip to Aransas Wildlife Refuge or to Matagorda Island is required. This course is primarily designed as a non-laboratory science/elective.
FIRS 1103  FIREFIGHTER FITNESS AND AGILITY PREPARATION (0,3) CREDIT 1
Prerequisite: Prospective students must meet the admission requirements for the Victoria College as stated in the current college catalog. Students are required to have mastered the skills Physical ability testing methods. Rigorous training in skills and techniques needed in typical fire department physical ability tests.

FIRS 1319  FIREFIGHTER CERTIFICATION IV (2-3) CREDIT 3
Prerequisite: FIRS 1401, 1407 and 1413
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION***

FIRS 1329  FIREFIGHTER CERTIFICATION VI (2-3) CREDIT 3
Prerequisites: FIRS 1401, 1407 and 1413
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION***

FIRS 1401  FIREFIGHTER CERTIFICATION I (2-4) CREDIT 4
Prerequisite: Admission into the Firefighting Program
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION***

FIRS 1407  FIREFIGHTER CERTIFICATION II (2-4) CREDIT 4
Prerequisite: Admission into the Firefighting Program
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION***

FIRS 1413  FIREFIGHTER CERTIFICATION III (2-4) CREDIT 4
Prerequisite: Admission into the Firefighting Program
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION***
FIRS 1423  FIREFIGHTER CERTIFICATION V (2-4) CREDIT 4  
Prerequisites: FIRS 1401, 1407 and 1413  
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION***

FIRS 1433  FIREFIGHTER CERTIFICATION VII (2-4) CREDIT 4  
Prerequisites: FIRS 1401, 1407 and 1413  
One in a series of courses in basic preparation for a new firefighter. Should be taken in conjunction with Firefighter Certification I, II, IV, V, VI, and VII to satisfy the Texas Commission on Fire Protection (TCFP) curriculum for Basic Structural Fire Suppression, Course #100. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION***

FIRT 1301  FUNDAMENTALS OF FIRE PROTECTION (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
Orientation to the Fire Service, career opportunities, and related fields.

FIRT 1307  FIRE PREVENTION CODES AND INSPECTIONS (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
Local building and fire prevention codes. Fire prevention inspections, practices, and procedures.

FIRT 1319  FIREFIGHTER HEALTH AND SAFETY (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
Firefighter occupational safety and health in emergency and non-emergency situations.

FIRT 1333  FIRE CHEMISTRY 1 (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
Chemical nature and properties of compounds as related to the fire service. Fundamental laws of chemistry, states of matter, gas laws, chemical bonding, and thermodynamics.

FIRT 1338  FIRE PROTECTION SYSTEMS (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
Design and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers.

FIRT 1329  BUILDING CODES AND CONSTRUCTION (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
Examination of building codes and requirements, construction types, and building materials. Includes walls, flooring, foundations, and various roof types and the associated dangers of each.

GEOG 1303#  WORLD REGIONAL GEOGRAPHY (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
The study of world regional geography designed to introduce a global understanding of human societies in relation to physical and cultural environments. In exploring selected regions of the world, the course will introduce basic concepts associated with physical geography including climatology and physiography, as well as topics related to human geography including historical geography, spatial analysis, demography, urbanization, and economic development.
GEOL 1305# ENVIRONMENTAL GEOLOGY (3-0) CREDIT 3
**Prerequisite:** Texas Success Initiative complete in Reading.
The earth as a habitat. A synthesis of knowledge from different disciplines of geology including geomorphology, petrology, hydrology, and structural geology. Inter-relationships between humans and the environment will be discussed. Other topics include resource management of petroleum, gas, and water (including treatment); aspects of pollution and waste disposal; and alternative energy resources. Geologic factors in urban and regional land use planning will also be examined. A field trip is required.

GEOL 1403# PHYSICAL GEOLOGY (3-3) CREDIT 4
**Prerequisite:** Texas Success Initiative complete in Reading.
The earth is studied as a dynamic planet as well as the relationship of the earth's present-day processes, earthquakes, volcanism, and plate tectonics that influence the earth. The nature of minerals and rocks, geologic time, and earth processes are covered in lab to give a more comprehensive understanding of physical geology. A field trip is required.

GEOL 1404# HISTORICAL GEOLOGY (3-3) CREDIT 4
**Prerequisite:** Texas Success Initiative complete in Reading.
An introduction to historical geology, including a review of the hypotheses of the earth's origin, the significance of fossils, the origin and character of selected geologic formations, stratigraphy, and the development of the North American continent. One time frame, the Mesozoic, highlights the development of dinosaurs. A field trip is required.

GOVT 2301# AMERICAN GOVERNMENT (3-0) CREDIT 3
(Federal & State Constitutions)
**Prerequisite:** Texas Success Initiative complete in Reading and Writing.
The origin and development of the federal system; national and Texas constitutions: national and Texas legislative, executive, and judicial structure and functions. Government 2301 satisfies the Texas Government requirement for teacher certification. Government 2301 and Government 2302 fulfill the legislative requirement of six hours of American Government.

GOVT 2302# AMERICAN GOVERNMENT (3-0) CREDIT 3
(Federal & State Topics)
**Prerequisite:** Texas Success Initiative complete in Reading and Writing.
Covers citizenship, civil rights, suffrage, political parties, pressure groups, local government, administrative policies, and the foreign policy making process. Government 2301 and Government 2302 fulfill the legislative requirement of six hours of American Government.

GOVT 2305# FEDERAL GOVERNMENT (3-0) CREDIT 3
(Federal Constitution & Topics)
**Prerequisite:** Texas Success Initiative complete in Reading and Writing.
Origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties, and civil rights.

GOVT 2306# TEXAS GOVERNMENT (3-0) CREDIT 3
(Texas Constitution & Topics)
**Prerequisite:** Texas Success Initiative complete in Reading and Writing.
Origin and development of the Texas constitution, structure and powers of state and local government, federalism and inter-governmental relations, political participation, the election process, public policy, and the political culture of Texas.
HIST 1301#  UNITED STATES HISTORY I (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change, immigration and migration, and creation of the federal government.

HIST 1302#  UNITED STATES HISTORY II (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the social, political, economic, cultural, and intellectual history of the United States from the Civil War/Reconstruction era to the present. United States History II examines industrialization, immigration, world wars, the Great Depression, Cold War and post-Cold War eras. Themes that may be addressed in United States History II include: American culture, religion, civil and human rights, technological change, economic change, immigration and migration, urbanization and suburbanization, the expansion of the federal government, and the study of U.S. foreign policy.

HIST 2301#  TEXAS HISTORY (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the political, social, economic, cultural, and intellectual history of Texas from the pre-Columbian era to the present. Themes that may be addressed in Texas History include: Spanish colonization and Spanish Texas; Mexican Texas; the Republic of Texas; statehood and secession; oil, industrialization, and urbanization; civil rights; and modern Texas.

HIST 2311#  WESTERN CIVILIZATION I (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from human origins to the 17th century. Themes that should be addressed in Western Civilization I include the cultural legacies of Mesopotamia, Egypt, Greece, Rome, Byzantium, Islamic civilizations, and Europe through the Middle Ages, Renaissance, and Reformsations.

HIST 2312#  WESTERN CIVILIZATION II (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from the 17th century to the modern era. Themes that should be addressed in Western Civilization II include absolutism and constitutionalism, growth of nation states, the Enlightenment, revolutions, classical liberalism, industrialization, imperialism, global conflict, the Cold War, and globalism.

HIST 2327  MEXICAN-AMERICAN HISTORY TO 1876 (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Economic, political, social and cultural development of Mexican-Americans in pastoral North America (May be applied to U.S. History requirement.)

HIST 2328  MEXICAN-AMERICAN HISTORY FROM 1876 TO THE PRESENT (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Economic, political, social, and cultural development of Mexican-Americans in the modern United States (May be applied to U.S. History requirement.)
HITT 1305  MEDICAL TERMINOLOGY I (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading.  
Study of medical terms through word origin and structure. Introduction to abbreviations and symbols, surgical and diagnostic procedures, and medical specialties.

HITT 2340  ADVANCED MEDICAL BILLING AND REIMBURSEMENT (2-3) CREDIT 3  
Prerequisite: POFM 2310 or instructor approval  
Skill development coding to prepare reimbursement forms in various health care settings for submission to payors.

HPRS 2200  PHARMACOLOGY FOR HEALTH PROFESSIONS (2-0) CREDIT 2  
Prerequisite: Admission to the ADN program or special permission of the ADN Program Chair.  
Corequisites: RNSG 1219, RNSG 1423, and RNSG 1260 or RNSG 1327 and RNSG 1261  
A study of drug classifications, actions, therapeutic uses, adverse effects, routes of administration, client education, and calculation of dosages. Introduction to the principles of pharmacology with an explanation of ethnic, cultural, and age considerations in drug therapy. The three systems most commonly used to calculate drug dosages will be reviewed. Conversion from one system to another will be illustrated. Emphasis will be on accuracy in calculating dosages. Prototype drugs will be used to illustrate each drug category with emphasis on nursing implications.

HRPO 1311  HUMAN RELATIONS (3-0) CREDIT 3  
Practical application of the principles and concepts of the behavioral sciences to interpersonal relationships in the business and industrial environment.

INTC 1343  APPLICATION OF INDUSTRIAL AUTOMATIC CONTROL (2-4) CREDIT 3  
Prerequisite: INTC 1401 or Instructor Approval  
A study of automatic process control including measuring devices, analog and digital instrumentation, signal transmitters, recorders, alarms, controllers, control valves, and process and instrument drawings. Includes connection and troubleshooting of loops.

INTC 1355  UNIT OPERATIONS (2-4) CREDIT 3  
Pre/Corequisite: INTC 1343 or Instructor Approval  
Automatic control requirements of industrial processes. Includes control systems, control loop tuning, and analysis.

INTC 1356  INSTRUMENTATION CALIBRATION (2-4) CREDIT 3  
Pre/Corequisite: INTC 1343 or Instructor Approval  
A study of techniques for calibrating electronic and pneumatic transmitters, controllers, recorders, valves, and valve positioners including tear down, assembly, alignment, and calibration of equipment.

INTC 1357  AC/DC MOTOR CONTROL (2-2) CREDIT 3  
Prerequisite: CETT 1405 or Instructor Approval  
A study of electric motors and motor control devices common to a modern industrial environment. A presentation of motor characteristics with emphasis on starting, speed control, and stopping systems.

INTC 1401  PRINCIPLES OF INDUSTRIAL MEASUREMENTS I (3-3) CREDIT 4  
Prerequisite: PTAC 1302 or Instructor Approval  
Principles of measurement. Includes operation of devices used to measure process variables and basic control functions.
INTC 2330 INSTRUMENTATION SYSTEMS TROUBLESHOOTING (2-2) CREDIT 3
Prerequisite: INTC 1343 or Instructor Approval
In-depth coverage of the techniques of troubleshooting in a complex instrumented environment. Laboratory exercises require troubleshooting upsets in chemical processes.

INTC 2336 DISTRIBUTED CONTROL AND PROGRAMMABLE LOGIC (2-4) CREDIT 3
Prerequisite: INTC 1343 or Instructor Approval
An overview of distributed control systems including configuration of programmable logic controllers, smart transmitters, and field communicators. Functions of digital systems in a process control environment.

INTC 2680 COOPERATIVE EDUCATION - INSTRUMENTATION TECHNOLOGY/TECHNICIAN (1-39) CREDIT 6
Prerequisite: AAS in Instrumentation or Instructor Approval
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and employer, the student combines classroom learning with work experience. Includes a lecture component.

ITCC 1340 SWITCHING BASICS (2-4) CREDIT 3
Prerequisite: A grade of C or better in ITNW 1325, or consent of instructor.
Internet Protocol addressing techniques, command line interface configuration of switched, Ethernet switching, and protocols associated with Virtual Local Area Networks (VLANs).

ITNW 1325 FUNDAMENTALS OF NETWORKING TECHNOLOGIES (2-3) CREDIT 3
Prerequisite: TSI complete in Reading and Math, or consent of instructor.
Instruction on networking technologies and their implementation. Topics include the OSI reference model, network protocols, transmission media, and networking hardware and software.

ITNW 1351 FUNDAMENTALS OF WIRELESS LANs (2-2) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading or consent of instructor.
Design, plan, implement, operate, and troubleshoot Wireless Local Area Networks (WLANs). Includes WLAN design, installation, and configuration; and WLAN security issues and vendor interoperability strategies.

ITNW 2305 NETWORKING ADMINISTRATION (MICROSOFT) (2-2) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading or consent of instructor.
Topics include network components, user accounts and groups, network file systems, file systems security, and network printing.

ITNW 2312 ROUTERS (2-4) CREDIT 3
Prerequisites: A grade of C or better in ITNW 1325 or consent of instructor.
Router configuration for local area networks and wide area networks. Includes Internet Protocol (IP) addressing techniques and intermediate routing protocols.
ITNW 2335  NETWORK TROUBLESHOOTING AND SUPPORT (2-4) CREDIT 3  
Prerequisites: Completion or concurrent enrollment in ITNW 2312, ITCC 1340, 
ITSY 2342, and ITSC 2339.  
Troubleshoot and support networks with emphasis on solving real world problems 
in a hands-on environment. Topics include troubleshooting and research tech-
niques, available resources, and network management hard/software.

ITSC 1325  PERSONAL COMPUTER HARDWARE & OS (A+) (2-3) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading or consent of 
instructor.  
Current personal computer hardware including assembly, upgrading, setup, con-iguration, and troubleshooting. Also an introduction to personal computer operating 
systems including installation, configuration, file management, memory and storage 
management, control of peripheral devices, and use of utilities. A student may 
receive credit for this course by passing the CompTIA A+ exams.

ITSC 2339  PERSONAL COMPUTER HELP DESK SUPPORT (2-2) CREDIT 3  
Prerequisite: A grade of C or better in ITSC 1325 or consent of instructor.  
Diagnosis and solution of user hardware and software related problems with on-
the-job and/or simulated projects.

ITSY 2301  FIREWALLS AND NETWORK SECURITY (2-2) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Math or con-
sent of instructor.  
Identify elements of firewall design, types of security threats, and responses to 
security attacks. Use best practices to design, implement, and monitor a network 
security plan. Examine security incident postmortem reporting and ongoing net-
work security activities.

ITSY 2342  INCIDENT RESPONSE AND HANDLING (2-4) CREDIT 3  
Prerequisite: A grade of C or better in ITSY 2301 or consent of instructor  
In-depth coverage of incident response and incident handling, including identifying 
Sources of attacks and security breaches; analyzing security logs; recovering the 
system to normal; performing postmortem analysis; and implementing and modify-
ing security measures.

MATH 0300  BASIC MATHEMATICS (3-0) CREDIT 0  
Topics include number concepts and arithmetic skills, word problems, graphs, 
tables, elementary algebraic skills, elementary two and three dimensional geom-
etry, Pythagorean theorem, reasoning skills, basic concepts of statistics, and 
measurement.

MATH 0301  BEGINNING ALGEBRA (3-0) CREDIT 0  
Prerequisite: A grade of S or SA or SB or SC in Math 0300 or scores between 
190 and 229 on THEA or equivalent on an approved alternate math assess-
ment test.  
This course is designed for students who have a good understanding of basic 
mathematics and pre-algebra concepts. Students should be ready to master funda-
mental algebraic manipulations. Topics include a review of the real number system, 
fundamental algebraic skills, solving equations, inequalities, exponents, polynomi-
als, factoring, graphing, word problems, quadratic equations, and concepts from 
geometry.
MATH 0303  INTERMEDIATE ALGEBRA (3-0) CREDIT 0
Prerequisite: Texas Success Initiative complete in Math (A grade of S or SA or SB or SC in Math 0301 or scores between 230 and 269 on THEA or equivalent on an approved alternate math assessment test).
A study of relations and functions, inequalities, factoring, polynomials, rational expressions, and quadratics with an introduction to complex numbers, exponential and logarithmic functions, determinants and matrices, and sequences and series.

MATH 0305  FOUNDATIONAL MATHEMATICS (2-3) CREDIT 0
This course is designed to assist students whose score on the Math portion on the THEA exam or alternate placement exam demonstrated a need for improvement in Math concepts. This course will prepare students for successful completion of a college level math course. Students will progress concept by concept from basic mathematics through intermediate algebra.

General Prerequisites for the following math courses:
A score of 270 or higher on the THEA mathematics section, SAT Math: 560, ACT Math: 21, Accuplacer Elementary Algebra: 80, Asset Elementary Algebra: 55, Compass Algebra: 65, or successful completion of Math 0303, is required for all college level math courses. A student who is TSI complete for mathematics, or exempt from assessment (see page 19), may take MATH 1332 or MATH 1342.

If a student takes a Victoria College math course as a prerequisite for another math course, but fails to make a grade of C or better, the student cannot then count coursework taken in high school as the prerequisite.

MATH 1314#  COLLEGE ALGEBRA (3-0) CREDIT 3
Prerequisite: A score of 270 or higher on the THEA mathematics section OR SAT Math: 560 OR ACT Math: 21 OR Accuplacer Elementary Algebra: 80 OR Asset Elementary Algebra: 55 OR Compass Algebra: 65, OR successful completion of Math 0303.
In-depth study and applications of polynomial, rational, radical, exponential and logarithmic functions, and systems of equations using matrices. Additional topics such as sequences, series, probability, and conics may be included.

MATH 1316#  PLANE TRIGONOMETRY (3-0) CREDIT 3
Prerequisite: A grade of C or better in MATH 1314 OR a score of 270 or higher on the THEA mathematics section (or equivalent on another placement exam) and high school Algebra II.
In-depth study and applications of trigonometry including definitions, identities, inverse functions, solutions of equations, graphing, and solving triangles. Additional topics such as vectors, polar coordinates, and parametric equations may be included.

MATH 1324#  MATHEMATICS FOR BUSINESS & SOCIAL SCIENCES I
(finite mathematics) (3-0) CREDIT 3
Prerequisite: A grade of C or better in MATH 1314 OR a score of 270 or higher on the THEA mathematics section (or equivalent on another placement exam) and high school Algebra II.
Topics from college algebra (linear equations, quadratic equations, functions and graphs, inequalities), mathematics of finance (simple and compound interest, annuities), linear programming, matrices, systems of linear equations, applications to management, economics, and business.
MATH 1325#  MATHEMATICS FOR BUSINESS & SOCIAL SCIENCES II (business calculus) (3-0) CREDIT 3  
Prerequisite: A grade of C or better in MATH 1314.  
Limits and continuity, derivatives, graphing and optimization, exponential and logarithmic functions, antiderivatives, integration, applications to management, economics, and business.

MATH 1332#  COLLEGE MATHEMATICS (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Math or a grade of “S or SA or SB or SC” in MATH 0301.  
Topics may include introductory treatments of sets, logic, number systems, number theory, relations, functions, probability and statistics. Appropriate applications are included. May not be used as a prerequisite for any other mathematics course.

MATH 1342#  STATISTICS (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Math or a grade of S or SA or SB or SC in MATH 0301.  
Collection, analysis, presentation and interpretation of data, and probability. Analysis includes descriptive statistics, correlation and regression, confidence intervals and hypothesis testing. Use of appropriate technology is recommended.

MATH 1350#  FUNDAMENTALS OF MATHEMATICS I (3-0) CREDIT 3  
Prerequisite: A grade of C or better in MATH 1314.  
Concepts of sets, functions, numeration systems, number theory, and properties of the natural numbers, integers, rational, and real number systems with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4 through 8) teacher certification.

MATH 1351#  FUNDAMENTALS OF MATHEMATICS II (3-0) CREDIT 3  
Prerequisite: A grade of C or better in MATH 1314.  
Concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers to concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4 through 8) teacher certification.

MATH 2312#  PRECALCULUS (3-0) CREDIT 3  
Prerequisite: A grade of C or better in MATH 1316.  
In-depth combined study of algebra, trigonometry, and other topics for calculus readiness.

MATH 2413#  CALCULUS I (4-0) CREDIT 4  
Prerequisite: A grade of C or better in MATH 2312 OR a score of 600 on the math portion of the SAT OR a score of 29 on the math portion of ACT.  
Limits and continuity; the Fundamental Theorem of Calculus; definition of the derivative of a function and techniques of differentiation; applications of the derivative to maximizing or minimizing a function; the chain rule, mean value theorem, and rate of change problems; curve sketching; definite and indefinite integration of algebraic, trigonometric, and transcendental functions, with an application to calculation of areas.

MATH 2414#  CALCULUS II (4-0) CREDIT 4  
Prerequisite: A grade of C or better in MATH 2413.  
Differentiation and integration of transcendental functions; parametric equations and polar coordinates; techniques of integration; sequences and series; improper integrals.
MATH 2415#   CALCULUS III (4-0) CREDIT 4  
Prerequisite: A grade of C or better in MATH 2414.  
Advanced topics in calculus, including vectors and vector-valued functions, partial differentiation, Lagrange multipliers, multiple integrals, and Jacobians; application of the line integral, including Green's theorem, the Divergence theorem, and Stokes' theorem.

MATH 2320#   DIFFERENTIAL EQUATIONS (3-0) CREDIT 3  
Prerequisite: A grade of C or better in MATH 2414.  
Ordinary differential equations, including linear equations, systems of equations, equations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, and boundary value problems; application of differential equations to real-world problems.

MCHN 1343   MACHINE SHOP MATHEMATICS (3-0) CREDIT 3  
Designed to prepare the student with technical, applied mathematics that will be necessary in future machine shop-related courses.

MLAB 1201   INTRODUCTION TO CLINICAL LABORATORY SCIENCE (1-3-0) CREDIT 2  
Prerequisite: Admission to MLT program  
An introduction to medical laboratory science, structure, equipment, and philosophy. Topics include quality control, laboratory math, safety, laboratory equipment, laboratory settings, accreditation, and certification. Skill development in the performance of a variety of blood collection methods using proper techniques and standard precautions. Includes vacuum collection devices, syringes, capillary skin puncture, butterfly needles and blood culture, and specimen collection on adults, children, and infants. Emphasis on infection prevention, patient identification, specimen labeling, quality assurance, specimen handling, processing, accessioning, professionalism, ethics, and medical terminology.

MLAB 1227   COAGULATION (2-1-0) CREDIT 2  
Prerequisite: Admission to MLT program  
A course in coagulation theory, procedures, and practical applications. Includes quality control, quality assurance, safety and laboratory procedures which rely on commonly performed manual and/or semi-automated methods.

MLAB 1231   PARASITOLOGY/MYCOLOGY (2-1-0) CREDIT 2  
Prerequisite: Admission to MLT program  
A study of the taxonomy, morphology, and pathogenesis of human parasites and fungi, including the practical application of laboratory procedures, quality control, quality assurance, and safety.

MLAB 1311   URINALYSIS AND BODY FLUIDS (2-2-0) CREDIT 3  
Prerequisite: Admission to MLT program  
An introduction to the study of urine and body fluid analysis. Includes the anatomy and physiology of the kidney, physical, chemical and microscopic examination of urine, cerebrospinal fluid, and other body fluids as well as quality control, quality assurance, and safety.

MLAB 1335   IMMUNOLOGY/SEROLOGY (3-1-0) CREDIT 3  
Prerequisite: Admission to MLT program  
An introduction to the theory and application of basic immunology, including the immune response, principles of antigen-antibody reactions, and the principles of serological procedures as well as quality control, quality assurance, and safety.
MLAB 1415  HEMATOLOGY (3-4-0) CREDIT 4  
Prerequisite: Admission to MLT program  
The study of blood cells in normal and abnormal conditions. Instruction in the  
theory and practical application of hematology procedures, including quality control,  
quality assurance, safety, manual and/or automated methods as well as blood  
cells maturation sequences, and normal and abnormal morphology with associated  
diseases.

MLAB 2371  ADVANCED TOPICS IN CLINICAL LABORATORY SCIENCE I (3-0-0)  
CREDIT 3  
Prerequisite: Admission to MLT program  
This course is designed to introduce the student to advanced topics in a case  
study format to enhance critical thinking skills. The topics will present the role of  
the Clinical Laboratory in diagnosis and treatment of diseases of different organs/  
systems. The course will integrate the separate disciplines of the Clinical Laboratory  
Sciences to allow the student to gain a broad perspective of laboratory medicine.  
Students will select and discuss the proper laboratory tests necessary to aid in  
the diagnosis and treatment of diseases of the upper and lower respiratory tracts,  
genitourinary tract, gastrointestinal tract, skin, and the central nervous system. The  
student will give two oral presentations of case studies and utilize computer ap-  
plication software, internet research and e-mail.

MLAB 2372  ADVANCED TOPICS IN CLINICAL LABORATORY SCIENCE II (3-0-0)  
CREDIT 3  
Prerequisite: Admission to MLT program  
This course is designed to introduce the student to advanced topics in a case  
study format to enhance critical thinking skills. The topics will present the role of  
the Clinical Laboratory in diagnosis and treatment of diseases of different organs/  
systems. The course will integrate the separate disciplines of the Clinical Laboratory  
Sciences to allow the student to gain a broad perspective of laboratory medicine.  
Students will select and discuss the proper laboratory tests necessary to aid in  
the diagnosis and treatment of diseases of the heart, liver, pancreas, endocrine sys-  
tem, and blood/bone marrow The student will give two oral presentations of case  
studies and utilize computer application software, internet research and e-mail.  
Students will take an exit exam covering all of the MLAB courses.

MLAB 2401  CLINICAL CHEMISTRY (3-4-0) CREDIT 4  
Prerequisite: Admission to MLT program  
An introduction to the principles, procedures, physiological basis, and significance  
of testing performed in Clinical Chemistry. Includes quality control, reference  
values, safety, basic chemical laboratory technique, electrolytes, acid-base balance,  
proteins, carbohydrates, lipids, enzymes, endocrine function, and toxicology.

MLAB 2431  IMMUNOHEMATOLOGY (3-4-0) CREDIT 4  
Prerequisite: Admission to MLT program  
A study of blood antigens and antibodies. Presents quality control, basic laboratory  
technique and safety. Includes the principles, procedures and clinical significance  
of test results in genetics, blood group systems, pre-transfusion testing, adverse  
effects of transfusions, donor selection and components, and hemolytic disease of  
the newborn.

MLAB 2434  MICROBIOLOGY (3-4-0) CREDIT 4  
Prerequisite: Admission to MLT program  
Instruction in the theory, practical application, and pathogenesis of clinical microbi-  
ology, including collection, quality control, quality assurance, safety, setup, identifi-  
cation, susceptibility testing, and reporting results.
MLAB 2460  CLINICAL I-CLINICAL/MEDICAL LABORATORY TECHNICIAN (0-0-24)  CREDIT 4  
Prerequisite: Admission to MLT program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Performance of procedures in phlebotomy, hematology, coagulation, urinalysis, immunology-serology, microbiology, clinical chemistry, and immunohematology in an affiliated medical laboratory facility. Areas stressed will be specimen collection and processing, quality control, preventive maintenance, laboratory safety, significance of abnormal results, and the utilization of Laboratory Information Systems.

MLAB 2461  CLINICAL II-CLINICAL/MEDICAL LABORATORY TECHNICIAN (0-0-24)  CREDIT 4  
Prerequisite: Admission to MLT program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Performance of procedures in phlebotomy, hematology, coagulation, urinalysis, immunology-serology, microbiology, clinical chemistry, and immunohematology in an affiliated medical laboratory facility. Areas stressed will be specimen collection and processing, quality control, preventive maintenance, laboratory safety, significance of abnormal results, and the utilization of Laboratory Information Systems.

MRKG 1311  PRINCIPLES OF MARKETING (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading  
Introduction to the marketing mix functions and process. Includes identification of consumer and organizational needs and explanation of environmental issues.

MUAP 1203  FRESHMAN VIOLIN (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of violin playing. Topics studied will include the fundamentals of technique (posture, proper instrument and bow holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1204  FRESHMAN VIOLIN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1203  
This is a continuation of MUAP 1203. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1207  FRESHMAN VIOLA (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of viola playing. Topics studied will include the fundamentals of technique (posture, proper instrument and bow holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 1208  FRESHMAN VIOLA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1207  
This is a continuation of MUAP 1207. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1211  FRESHMAN CELLO (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of cello playing. Topics studied will include the fundamentals of technique (posture, proper instrument and bow holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1212  FRESHMAN CELLO (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1211  
This is a continuation of MUAP 1211. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1213  FRESHMAN BASS (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of bass playing. Topics studied will include the fundamentals of technique (posture, proper instrument holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1214  FRESHMAN BASS (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1213  
This is a continuation of MUAP 1213. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1215  FRESHMAN ELECTRIC BASS (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of electric bass playing. Topics studied will include the fundamentals of technique (posture, proper instrument holding, scales, shifting, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.
MUAP 1216  FRESHMAN ELECTRIC BASS (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1215  
This is a continuation of MUAP 1215. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 1219  FRESHMAN FLUTE (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of flute playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1220  FRESHMAN FLUTE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1219  
This is a continuation of MUAP 1219. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1223  FRESHMAN OBOE (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of oboe playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, reed making, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1224  FRESHMAN OBOE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1223  
This is a continuation of MUAP 1223. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1227  FRESHMAN BASSOON (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of bassoon playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, reed making, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 1228 FRESHMAN BASSOON (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1227  
This is a continuation of MUAP 1227. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1231 FRESHMAN CLARINET (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of clarinet playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, reed selection, mouthpiece selection, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1232 FRESHMAN CLARINET (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1231  
This is a continuation of MUAP 1231. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1235 FRESHMAN SAXOPHONE (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of saxophone playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, reed selection, mouthpiece selection, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1236 FRESHMAN SAXOPHONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1235  
This is a continuation of MUAP 1235. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1239 FRESHMAN TRUMPET (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of trumpet playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 1240  FRESHMAN TRUMPET (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1239  
This is a continuation of MUAP 1239. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1243  FRESHMAN FRENCH HORN (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of French Horn playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1244  FRESHMAN FRENCH HORN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1243  
This is a continuation of MUAP 1243. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1247  FRESHMAN TROMBONE (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of trombone playing. Topics studied will include the fundamentals of technique (posture, breathing, positions, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1248  FRESHMAN TROMBONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1247  
This is a continuation of MUAP 1247. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1251  FRESHMAN BARITONE (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of baritone playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 1252  FRESHMAN BARITONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1251  
This is a continuation of MUAP 1251. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1255  FRESHMAN TUBA (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of tuba playing. Topics studied will include the fundamentals of technique (posture, breathing, fingering, scales, tonguing, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1256  FRESHMAN TUBA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1255  
This is a continuation of MUAP 1255. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 1259  FRESHMAN PERCUSSION (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of percussion playing. Topics studied will include the fundamentals of technique (posture, physical technique for a variety of percussion instruments, scales, etudes), music repertoire from at least three contrasting periods in musical history, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 1260  FRESHMAN PERCUSSION (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1259  
This is a continuation of MUAP 1259. Repertoire that requires more complex technical skills from at least three eras will be studied. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 1263  FRESHMAN GUITAR (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach students the fundamentals of classical guitar technique. Topics studied will include technique (posture, proper instrument holding, proper fingering for both hands, different positions on the fingerboard, scales, shifting), music repertoire from both the classical and popular styles, and stage performance skills. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.
MUAP 1264  FRESHMAN GUITAR (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1263  
This is a continuation of MUAP 1263. Repertoire that requires more complex technical skills from several style periods will be studied. Students must have at least scales, 2 études and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 1267  FRESHMAN ORGAN (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair.  
Students must have significant piano experience or written consent of the instructor to enroll in organ lessons. This course will teach fundamentals of organ playing. Topics studied will include the fundamentals of technique (posture, hand position, seating, pedal work), registration, music repertoire from the Baroque to present day, and performance skills. Students must have at least scales and 3 pieces prepared for their jury and perform one composition on the departmental recital. If no organ is available for the department recital, students will play for others in performance such as a church prelude, offertory, or postlude.

MUAP 1268  FRESHMAN ORGAN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1267  
This is a continuation of MUAP 1267. Repertoire will include compositions from eras different than those studied in MUAP 1267 and more complex technical skills. Students must have at least scales and 3 pieces prepared for their jury and perform one composition on the departmental recital. If no organ is available for the department recital, students will play for others in performance such as a church prelude, offertory, or postlude.

MUAP 1271  FRESHMAN PIANO (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair.  
Students may enroll in individual piano instruction after completing 4 semesters of Class Piano or with written consent of the instructor. This course will teach fundamental concepts in order to develop the playing ability of the student. Topics studied will include the fundamentals of technique (posture, hand position, seating, scales, études), memorization skills, music reading skills as needed, music representative of various periods in musical history, and stage performance skills. Students must have at least scales and 3 pieces prepared for their jury and perform one composition from memory on the departmental recital.

MUAP 1272  FRESHMAN PIANO (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1271  
This is a continuation of MUAP 1271. Repertoire will include compositions from eras different than those studied in MUAP 1271 and more complex technical skills. Students must have at least scales and 3 additional pieces prepared for their jury and perform one composition from memory on the departmental recital. Two of these pieces must be memorized for their jury.

MUAP 1283  FRESHMAN VOICE (1-1) CREDIT 2  
Prerequisite: Consent of Department Chair  
This course will teach fundamental vocal concepts in order to develop the singing ability of the student. Topics studied will include the fundamentals of singing (breathing, posture, head and chest registers, relaxed tone), vocal warm-ups, practice techniques, diction (English, Italian or Latin,) music representative of various periods in musical history, stage performance skills and tips for vocal health. Students must have 3 songs in at least two different languages memorized for their jury and perform one composition from memory on the departmental recital.
MUAP 1284  FRESHMAN VOICE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1283  
This course is a continuation of MUAP 1283. It will continue to develop the singing ability of the student. Topics studied will include the fundamentals of singing (breathing, posture, head and chest registers, relaxed tone), vocal warm-ups, practice techniques, diction (English, Italian, Latin, German), music representative of various periods in musical history, stage performance skills and tips for vocal health. Students must have 4 songs in at least two different languages memorized for their jury and perform one composition from memory on the departmental recital.

MUAP 2203  SOPHOMORE VIOLIN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1204  
This is a continuation of MUAP 1204. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1204. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2204  SOPHOMORE VIOLIN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2203  
This is a continuation of MUAP 2203. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2203. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2207  SOPHOMORE VIOLA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1208  
This is a continuation of MUAP 1208. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1208. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2208  SOPHOMORE VIOLA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2207  
This is a continuation of MUAP 2207. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2207. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2211  SOPHOMORE CELLO (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1212  
This is a continuation of MUAP 1212. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1212. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 2212  SOPHOMORE CELLO (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 2211
This is a continuation of MUAP 2205. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2205. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2213  SOPHOMORE BASS (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1214
This is a continuation of MUAP 1214. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1214. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2214  SOPHOMORE BASS (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 2213
This is a continuation of MUAP 2213. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2213. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2215  SOPHOMORE ELECTRIC BASS (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1216
This is a continuation of MUAP 1216. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1216. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 2216  SOPHOMORE ELECTRIC BASS (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 2215
This is a continuation of MUAP 2215. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2215. Students must have scales and at least 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 2219  SOPHOMORE FLUTE (1-1) CREDIT 2
Prerequisite: A grade of C or higher in MUAP 1220
This is a continuation of MUAP 1220. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1220. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 2220  **SOPHOMORE FLUTE (1-1) CREDIT 2**  
**Prerequisite: A grade of C or higher in MUAP 2219**  
This is a continuation of MUAP 2219. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2219. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2223  **SOPHOMORE OBOE (1-1) CREDIT 2**  
**Prerequisite: A grade of C or higher in MUAP 1224**  
This is a continuation of MUAP 1224. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1224. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2224  **SOPHOMORE OBOE (1-1) CREDIT 2**  
**Prerequisite: A grade of C or higher in MUAP 2223**  
This is a continuation of MUAP 2223. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2223. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2227  **SOPHOMORE BASSOON (1-1) CREDIT 2**  
**Prerequisite: A grade of C or higher in MUAP 1228**  
This is a continuation of MUAP 1228. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1228. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2228  **SOPHOMORE BASSOON (1-1) CREDIT 2**  
**Prerequisite: A grade of C or higher in MUAP 2227**  
This is a continuation of MUAP 2227. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2227. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2231  **SOPHOMORE CLARINET (1-1) CREDIT 2**  
**Prerequisite: A grade of C or higher in MUAP 1232**  
This is a continuation of MUAP 1232. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1232. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 2232  SOPHOMORE CLARINET (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2231  
This is a continuation of MUAP 2231. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2231. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2235  SOPHOMORE SAXOPHONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1236  
This is a continuation of MUAP 1236. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1236. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2236  SOPHOMORE SAXOPHONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2235  
This is a continuation of MUAP 2235. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2235. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2239  SOPHOMORE TRUMPET (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1240  
This is a continuation of MUAP 1240. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1240. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2240  SOPHOMORE TRUMPET (1-1) CREDIT 2  
Prerequisite: A grade of CC or higher in MUAP 2239  
This is a continuation of MUAP 2239. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2239. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2243  SOPHOMORE FRENCH HORN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1244  
This is a continuation of MUAP 1244. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1244. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 2244  SOPHOMORE FRENCH HORN (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2243  
This is a continuation of MUAP 2243. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2243. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2247  SOPHOMORE TROMBONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1248  
This is a continuation of MUAP 1248. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1248. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2248  SOPHOMORE TROMBONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2247  
This is a continuation of MUAP 2247. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2247. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2251  SOPHOMORE BARITONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1252  
This is a continuation of MUAP 1252. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1252. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2252  SOPHOMORE BARITONE (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 2251  
This is a continuation of MUAP 2251. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2251. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2255  SOPHOMORE TUBA (1-1) CREDIT 2  
Prerequisite: A grade of C or higher in MUAP 1256  
This is a continuation of MUAP 1256. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1256. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.
MUAP 2256  **SOPHOMORE TUBA (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 2255  
This is a continuation of MUAP 2255. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2255. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces. 1 piece or movement of a composition must be prepared with an accompanist.

MUAP 2259  **SOPHOMORE PERCUSSION (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 1260  
This is a continuation of MUAP 1260. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1260. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 2260  **SOPHOMORE PERCUSSION (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 2259  
This is a continuation of MUAP 2259. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2259. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 2263  **SOPHOMORE GUITAR (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 1264  
This is a continuation of MUAP 1264. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1264. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 2264  **SOPHOMORE GUITAR (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 2263  
This is a continuation of MUAP 2263. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2263. Students must have at least scales, 2 etudes and 3 pieces prepared for their jury and perform one composition on the departmental recital. They must also have started 3 additional pieces.

MUAP 2267  **SOPHOMORE ORGAN (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 1268  
This is a continuation of MUAP 1268. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1268. Students must have at least scales and 3 pieces prepared for their jury and perform one composition on the departmental recital. If no organ is available for the department recital, students will play for others in performance such as a church prelude, offertory, or postlude.

MUAP 2268  **SOPHOMORE ORGAN (1-1) CREDIT 2**  
**Prerequisite:** A grade of C or higher in MUAP 2267  
This is a continuation of MUAP 2267. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2267. Students must have at least scales and 3 pieces prepared for their jury and perform one composition on the departmental recital. If no organ is available for the department recital, students will play for others in performance such as a church prelude, offertory, or postlude.
MUAP 2271  SOPHOMORE PIANO (1-1) CREDIT 2  
**Prerequisite: A grade of C or higher in MUAP 1272**  
This is a continuation of MUAP 1272. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 1272. Students must have at least scales and 3 pieces prepared for their jury and perform one composition from memory on the departmental recital. 2 of these pieces or movements of a composition must be memorized for the student's jury.

MUAP 2272  SOPHOMORE PIANO (1-1) CREDIT 2  
**Prerequisite: A grade of C or higher in MUAP 2271**  
This is a continuation of MUAP 2271. Repertoire will include more difficult, longer, and more technically and musically challenging compositions than those studied in MUAP 2271. Students must have at least scales and 3 pieces prepared for their jury and perform one composition from memory on the departmental recital. 2 of these pieces or movements of a composition must be memorized for the student's jury.

MUAP 2283  SOPHOMORE VOICE (1-1) CREDIT 2  
**Prerequisite: A grade of C or higher in MUAP 1284**  
This course is a continuation of MUAP 1284. It will further develop the singing ability of the student. Topics studied will include the fundamentals of singing (breathing, posture, head and chest registers, relaxed tone), vocal warm-ups, practice techniques, diction (English, Italian, Latin, German, Spanish), music representative of various periods in musical history, stage performance skills and tips for vocal health. Students must have 5 songs in at least two different languages memorized for their jury and perform one composition from memory on the departmental recital.

MUAP 2284  SOPHOMORE VOICE (1-1) CREDIT 2  
**Prerequisite: A grade of C or higher in MUAP 2283**  
This course is a continuation of MUAP 2283. It will further develop the singing ability of the student. Topics studied will include the fundamentals of singing (breathing, posture, head and chest registers, relaxed tone), vocal warm-ups, practice techniques, diction (English, Italian, Latin, German, Spanish, French), music representative of various periods in musical history, stage performance skills and tips for vocal health. Students must have 6 songs in at least two different languages memorized for their jury and perform one composition from memory on the departmental recital.

MUEN 1100  GUITAR ENSEMBLE (0-3) CREDIT 1  
**Prerequisite: Written permission of the instructor.**  
The guitar ensemble provides students with performance experience in the chamber music setting by exposing the student to the standard repertoire of guitar ensemble literature as well as more recent, avant-garde, and popular literature for this performance medium.

MUEN 1121  CONCERT BAND (0-3) CREDIT 1  
The music department offers two years of training in the reading and performing of music for the concert band and wind ensembles. The repertoire covers the finest materials from band music literature.

MUEN 1123  JAZZ ENSEMBLE (0-3) CREDIT 1  
**Prerequisite: Written permission of the instructor.**  
The music department offers this course to train musicians in the styles of popular music which include Dixieland, swing, and various styles of jazz to contemporary form. The course includes training in improvisation.
MUEN 1131  MEGA-SAX JAZZ ENSEMBLE (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
The mega-sax ensemble provides students with performance experience in the chamber music setting by exposing the student to the standard repertoire of saxophone ensemble literature as well as more recent, avant-garde, and popular literature for this performance medium.

MUEN 1133  PERCUSSION ENSEMBLE (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
The percussion ensemble provides students with performance experience in the chamber music setting by exposing the student to the standard repertoire of percussion ensemble literature as well as more recent, avant-garde, and popular literature for this performance medium.

MUEN 1135  BRASS ENSEMBLE (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
The brass ensemble provides students with performance experience in the chamber music setting by exposing the student to the standard repertoire of brass ensemble literature as well as more recent, avant-garde, and popular literature for this performance medium.

MUEN 1137  MARIACHI DE VICTORIA (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
Participation in the Mariachi de Victoria is open to all students who like to perform a variety of traditional instrumental and vocal mariachi music. Performances include concerts in and around Victoria.

MUEN 1139  JAZZ COMBO (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
This course is available to both majors and non-majors who possess a desire to rehearse and perform outstanding jazz combo repertoire with musical understanding and artistic intent. Students will also focus on the nuances of playing in a small ensemble setting including listening, communicating, and improvisation. This course will also offer students a better understanding of jazz history and jazz theory.

MUEN 1141  COLLEGE CHOIR (0-3) CREDIT 1  
Participation in the College Concert Choir is open to all students who like to sing a variety of musical styles and improve their choral techniques. Performances include concerts in and around Victoria, may include a musical, and may include a concert with the Victoria Symphony Orchestra.

MUEN 1151  CHORALIERS (0-3) CREDIT 1  
Prerequisite: Written permission of the instructor.  
This course is a select group of voices chosen for additional musical performance and training, including trio and quartet work as well as ensemble. Repertoire includes madrigals and light popular works.
MUEN 1231 COMMERCIAL MUSIC ENSEMBLE (1-3) CREDIT 2
Prerequisite: Written permission of the instructor.
Students will be participating in a small commercial music ensemble concentrating on commercial music performance styles. Emphasis is placed on learning a wide variety of popular music styles heard on radio, television, soundtracks, and Web-based music distribution systems. This course involves the rehearsal and performance of contemporary pop and commercial styles, including rock, jazz, rhythm and blues, soul, folk, urban styles, country, and world beat. Guitarists, bassists, keyboardists, and drummers learn all the grooves, from Latin to country and rock, and become fluent in commercial notation systems, while sharpening their improvisational skills. Vocalists learn songs in a variety of genres and work as both lead and background singers. All of our musicians are part of a live band, with multiple performances a semester.

MUSI 1116# SIGHT SINGING AND EAR TRAINING (1-1) CREDIT 1
Prerequisite: Texas Success Initiative complete in Reading
Corequisite: MUSI 1311
This course is designed to improve the sight singing and ear training skills of music majors using drills to develop aural awareness. Melodic, harmonic, and rhythmic dictation are emphasized.

MUSI 1117# SIGHT SINGING AND EAR TRAINING (1-1) CREDIT 1
Prerequisite: Passing grade in MUSI 1116
Corequisite: MUSI 1312
This course is a continuation of MUSI 1116 designed to improve the sight singing and ear training skills of music majors using drills to develop aural awareness. Melodic, harmonic, and rhythmic dictation are emphasized.

MUSI 1159-2159# MUSICAL THEATER (0-5) CREDIT 1 EACH
This course is the study and performance of works from the musical theater repertoire.

MUSI 1166-1167# CLASS WOODWIND (1-1) CREDIT 1 EACH
Prerequisite for 1167: A grade of C or higher in MUSI 1166
This course is designed to help students develop knowledge of woodwind techniques, pedagogy, and literature for use as future teachers and as conductors of ensembles. Students will also develop a beginner's level playing proficiency on these woodwind instruments and become familiar with the traits, resources, and idiomatic concerns associated with teaching woodwind instruments. Students will learn to play clarinet, flute, oboe, bassoon, and saxophone. If a student has high school experience playing any of the mentioned instruments, then another instrument should be substituted.

MUSI 1168-2168# CLASS BRASS (1-1) CREDIT 1 EACH
Prerequisite for 2168: A grade of C or higher in MUSI 1168
This course is designed to help students develop knowledge of brass techniques, pedagogy, and literature for their use as future teachers and as conductors of ensembles. Students will also develop a beginner's level playing proficiency on these brass instruments and become familiar with the traits, resources, and idiomatic concerns associated with teaching brass instruments. Students will learn to play trumpet, horn, and trombone and also become familiar with the tuba and baritone. If a student has high school experience playing trumpet, horn, or trombone, then baritone or tuba should be substituted for that instrument.
MUSI 1181# CLASS PIANO (1-1) CREDIT 1
Co-enrollment or completion of MUSI 1311
Class Piano 1181 is designed for beginning piano students. Learning will take place primarily in class. This is a hands-on class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class.

MUSI 1182# CLASS PIANO (1-1) CREDIT 1
Prerequisite: A grade of C or better in MUSI 1181
Class Piano 1182 is a continuation of MUSI 1181. Learning will take place primarily in class. This is a hands-on class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class.

MUSI 1183# CLASS VOICE (1-1) CREDIT 1
Class Voice is a course designed for students who are beginning vocal studies. Students will receive both group and individual instruction. Students will learn techniques of proper posture, breathing, resonance, and diction. Students will also be introduced to basic vocal literature and prepare vocal selections for performance. Students will be encouraged to attend recitals and choral concerts to observe and evaluate other singers. Students may also work with each other on projects and other assignments.

MUSI 1184# CLASS VOICE (1-1) CREDIT 1
Prerequisite: A grade of C or better in MUSI 1183
Class Voice is a course designed for students who are beginning vocal studies. Students will receive both group and individual instruction. Students will learn techniques of proper posture, breathing, resonance, and diction. Students will also be introduced to basic vocal literature and prepare vocal selections for performance. Students will be encouraged to attend recitals and choral concerts to observe and evaluate other singers. Students may also work with each other on projects and other assignments.

MUSI 1188-2188# CLASS PERCUSSION (1-1) CREDIT 1 EACH
Prerequisite for 2188: A grade of C or higher in MUSI 1188
This course is designed to help students develop knowledge of percussion techniques, pedagogy, and literature for their use as future teachers and as conductors of ensembles. Students will also develop a beginner's level playing proficiency on these percussion instruments and become familiar with the traits, resources, and idiomatic concerns associated with teaching percussion instruments. Students will learn to play snare drum, bass drum, drum set, hand drums, cymbals, mallet keyboards, timpani, and orchestral accessories.

MUSI 1190-2190# CLASS STRING (1-1) CREDIT 1 EACH
Prerequisite for MUSI 2190: A grade of C or better in MUSI 1190
Class String 1190 is designed for beginning string instrument (violin, viola, violoncello, and string bass) students. Learning will take place primarily in class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class. Students will learn the basics of proper playing posture, technique, tuning, and note reading.
MUSI 1192-1193#  CLASS GUITAR (1-1) CREDIT 1 EACH
Prerequisite for MUSI 1193: A grade of C or better in MUSI 1192
Class Guitar is designed for beginning guitar studies. Learning will take place primarily in class. This is a self-paced, hands-on class. New concepts are introduced through demonstration and reinforced with group playing. Students must also reinforce these concepts with practice outside of class. Students will learn the basics of proper playing posture, classical guitar technique, tuning, note reading, and chord playing. In addition, students will learn to improvise, and play in an ensemble.

MUSI 1304#  FOUNDATIONS OF MUSIC (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
This course is designed for the non-music major who may wish to elect it, and for the music major or minor who may desire a review of music materials. It is a study of the basic fundamentals of music with an introduction to melody, rhythm and harmony through written work and playing the recorder. This course does not count toward a degree in music.

MUSI 1306#  MUSIC APPRECIATION (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
This course is a musical survey for non-music majors. Emphasis is placed upon the basic elements of music and learning to listen to large-scale works, stylistic differences between composers, and historical changes through the various genres of music from the Middle Ages to the present. This course does not count towards a degree in music.

MUSI 1308#  MUSIC LITERATURE I (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
This course is a musical survey of the literature, history, forms, and development of music from Ancient Times to 1770. (Offered spring of odd years only)

MUSI 1309#  MUSIC LITERATURE II (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
This course continues the survey of the literature, history, forms, and development of music from 1770 to the present. (Offered spring of even years only)

MUSI 1310#  AMERICAN MUSIC (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
This course is a musical survey for non-music majors to become familiar with the major developments in American popular music from the 1900s through the present. Students will be able to identify listening examples by form, period, and composer, as well as becoming familiar with the cultural environment in which the music was composed.

MUSI 1311#  MUSIC THEORY (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading. Ability to read notes on the treble and bass staves; ability to read and count basic rhythms in 2/4, ¾, and 4/4 using whole notes, dotted half notes, half notes, dotted quarter notes, quarter notes, eighth notes, dotted eighth notes, and sixteenth notes. A study guide is available from the department.
Corequisite: MUSI 1116
Music Theory is a basic study of the material of counterpoint and harmony. The study is made through listening and observation of the literature. Lessons in application include activities in keyboard, composition, and analysis.
MUSI 1312# MUSIC THEORY (3-0) CREDIT 3
Prerequisite: A passing grade in MUSI 1311
Corequisite: MUSI 1117
Music Theory II is a continuation of MUSI 1311, a basic study of the material of counterpoint and harmony. The study is made through listening and observation of the literature. Lessons in application include activities in keyboard, composition, and analysis.

MUSI 2116# ADVANCED SIGHT SINGING AND EAR TRAINING (1-1) CREDIT 1
Prerequisite: Passing grade in MUSI 1117
Corequisite: MUSI 2311
A continuation of MUSI 1117, the sight singing portion includes singing of modulating melodies, and contrapuntal examples. More complex melodic, harmonic, and rhythmic dictation will be covered.

MUSI 2117# ADVANCED SIGHT SINGING AND EAR TRAINING (1-1) CREDIT 1
Prerequisite: Passing grade in MUSI 2116
Corequisite: MUSI 2312
A continuation of MUSI 2116, the sight singing portion includes singing of non-tonal melodies and contrapuntal examples. More complex melodic, harmonic, and rhythmic dictation will be covered.

MUSI 2181# CLASS PIANO (1-1) CREDIT 1
Prerequisite: A grade of C or better in MUSI 1182
Class piano 2181 is a continuation of MUSI 1182. Learning will take place primarily in class. This is a hands-on class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class.

MUSI 2182# CLASS PIANO (1-1) CREDIT 1
Prerequisite: A grade of C or better in MUSI 2181
Class piano 2182 is a continuation of MUSI 1182. Learning will take place primarily in class. This is a hands-on class. New concepts are introduced through demonstration and reinforced with drills. Students must reinforce these concepts with practice outside of class.

MUSI 2192-2193# CLASS GUITAR (1-1) CREDIT 1 EACH
Prerequisite for MUSI 2192: A grade of C or better in MUSI 1193
Prerequisite for MUSI 2193: A grade of C or better in MUSI 2192
Class Guitar is designed for beginning guitar studies. Learning will take place primarily in class. This is a self-paced, hands-on class. New concepts are introduced through demonstration and reinforced with group playing. Students must also reinforce these concepts with practice outside of class. Students will learn the basics of proper playing posture, classical guitar technique, tuning, note reading, and chord playing. In addition, students will learn to improvise and play in an ensemble.

MUSI 2311# ADVANCED MUSIC THEORY (3-0) CREDIT 3
Prerequisite: A passing grade in MUSI 1312
Corequisite: MUSI 2116
Advanced Music Theory is a continuation of the comprehensive approach used in MUSI 1312, with an emphasis upon traditional forms and harmony.
MUSI 2312#  ADVANCED MUSIC THEORY (3-0) CREDIT 3  
Prerequisite: A passing grade in MUSI 2311  
Corequisite: MUSI 2117  
Advanced Music Theory is a continuation of the comprehensive approach used in MUSI 2311, with an emphasis upon traditional forms and harmony using altered chords. There is also an introduction to 20th century materials.

NUCP 1370  NUCLEAR FUNDAMENTALS I (3-0) CREDIT 3  
Prerequisite: PTAC 1302  
Introduces the student to the theory and systems that are foundational to nuclear power plants. Theory topics include nuclear physics, nuclear fission, neutron life cycle and properties of material used in nuclear plants. Basic overview of specific systems associated with the primary side of a nuclear power plant is included.

NUCP 1471  NUCLEAR FUNDAMENTALS II (4-0) CREDIT 4  
Prerequisite: PTAC 1302 and NUCP 1370  
Introduces basic concepts associated with power plants and overviews of specific systems associated with the secondary side of a nuclear power plant. Includes studies on fluid flow, heat transfer, lubrication, diesel engines, pipe supports, heating and ventilation, value operations, filters and strainers, pumps, air compressors, heat exchangers and steam traps. Most of this course is general in nature to all power plants, but some aspects are specific to nuclear power plants like radiation detection, radioactive waste and fuel handling systems.

NUCP 1472  NUCLEAR POWER PLANT ORGANIZATION AND PROCESSES (3-2) CREDIT 4  
Prerequisite: PTAC 1302 and NUCP 1370  
Introduces worker responsibilities specific to nuclear power plants including nuclear security, quality assurance, foreign materials exclusion, radiation protection, emergency response, plant access, equipment lock out for maintenance, human performance tools, and significant industry events.

PHED 1103  AEROBIC FITNESS (0-3) CREDIT 1  
The study and practice of physiological principles related to training programs for the development of flexibility, muscular strength, muscular endurance, cardiorespiratory endurance, and body composition.

PHED 1104  SOCIAL DANCE (0-3) CREDIT 1  
Social dance is a course designed to teach the student the fundamentals of a variety of dance styles including traditional ballroom (foxtrot, waltz, tango, swing), country/western (2 step, waltz, swing, polka), and Latin (merenque, rumba, cha cha, salsa). The course stresses good form, individual techniques, and performance. The emphasis of the course is on learning the techniques of the basic moves in the different dance rhythms. Check with the Physical Education department to see which style will be offered.

PHED 1105  BASKETBALL (0-3) CREDIT 1  
An activity course with emphasis on basic individual fundamental skills and strategies of basketball. Course will include instruction in: 1 on 1, 2 on 2, 3 on 3, and 5 on 5. Also included are group drills with emphasis on balance, agility, and conditioning that will enhance basketball success.
PHED 1106  **BOWLING (0-3) CREDIT 1**  
An activity course with emphasis on basic individual bowling skills and strategy. Instruction includes lecture, demonstration, individual drills, and intraclass competition. Also included is an overview of bowling history, scoring, etiquette, rules, terminology, and equipment.

PHED 1107  **FITNESS WALKING (0-3) CREDIT 1**  
An exercise program developed to assist students of any age, sex, background, and skill level to acquire the knowledge, skills, and attitudes necessary for participation in a fitness walking program.

PHED 1108  **GOLF (0-3) CREDIT 1**  
An activity course with emphasis on learning and developing the basic skills and techniques of golf through lectures, demonstrations, individual/group practices, and on-course application. Also included is an overview of golf history, etiquette, rules, terminology, and equipment.

PHED 1109  **JAZZ DANCE (0-3) CREDIT 1**  
This is an introductory course geared towards those with little or no jazz dance experience. Students will learn the fundamentals of jazz dance techniques through warm-ups, center, and across the floor combinations in various styles. Students will also learn anatomical terms, jazz dance history, and jazz dance vocabulary. Students are expected to attend class with an open mind and a willingness to actively participate each and every day.

PHED 1110  **SELF DEFENSE (0-3) CREDIT 1**  
This course is an introduction to the fundamentals of several aspects of the “Martial Arts” including Karate, Kungfu, Judo, Jiu-Jitsu, and Aikido. While class time will be focused on learning a karate form, time and attention will be spent on practical application. There will be some limited physical contact between all participants in this class.

PHED 1111  **TENNIS (0-3) CREDIT 1**  
An activity course with emphasis on learning the basic skills and strategy of tennis through lectures, demonstrations of skills, individual/group practice drills, and intraclass competition. Also included is an overview of tennis history, scoring procedures, etiquette, rules, terminology, and equipment.

PHED 1112  **VOLLEYBALL (0-3) CREDIT 1**  
An activity course with emphasis on the basic individual physical skills and strategy of volleyball. Instruction includes lecture, demonstration, individual and group drills, aerobic activities, and intraclass competition. Also included is an overview of volleyball history, scoring and officiating, etiquette, rules, terminology, and equipment used in volleyball.

PHED 1114  **WEIGHT TRAINING (0-3) CREDIT 1**  
A physical fitness course designed to develop muscular strength and endurance through weight lifting. Free weights, universal multi-station and Badger Magnum machines will be used. Some aerobic activities will be included.

PHED 1115  **PHYSICAL FITNESS / WEIGHT TRAINING & CONDITIONING (0-3) CREDIT 1**  
A fitness course specifically designed to study and practice physiological principles related to overall development of health-related fitness components. This course will concentrate on assisting students with individually designing a unique aerobic, weight training, and weight management program to meet each student’s goals and objectives.
PHED 1116  YOGA (0-3) CREDIT 1
Power Yoga integrates body and mind for total performance, and is therefore an effective means of achieving body/mind health. Stretching and deep breathing techniques for flexibility, stress reduction and relaxation, plus a variety of strength, endurance and cardiovascular training techniques using music to enhance the experience will be the focus of this class. Power Yoga is appropriate for all ages and all fitness levels to achieve and maintain overall health and fitness.

PHED 1117  ARCHERY (0-3) CREDIT 1
Archery is an activity course with emphasis on basic individual archery skills and strategy. Instruction includes lecture, demonstration, individual drills, and intraclass competition. Also included is an overview of archery history, equipment, etiquette, rules, and terminology.

PHED 1119  GROUP PHYSICAL FITNESS/WEIGHT TRAINING & CONDITIONING (0-3) CREDIT 1
A group fitness barbell weight course specifically designed to study and practice physiological principles related to overall development of health-related fitness components. This course will concentrate on assisting students with individually designing a unique weight training, aerobic, and weight management program to meet each student's goals and objectives.

This course will utilize BODYPUMP exercise workouts that will strengthen the entire body & challenge all major muscle groups. Choreographed workouts to inspiring music motivate students to reach their health-related fitness goals. Students will also participate in a variety of cardiovascular workouts, including, fitness walking, jogging, circuits, etc.

PHED 1120  PILATES (0-3) CREDIT 1
A physical fitness class designed to develop muscular strength and endurance through the methodology developed by Joseph Pilates. A variety of tools and methods will be used to achieve stated goals. Aerobic activity will also be incorporated into the class.

PHED 1121  SWIM CONDITIONING (0-3) CREDIT 1
This course is designed to teach and apply the principles of lifetime physical fitness, utilizing the five major components of fitness: cardiovascular endurance, muscle strength, muscle endurance, flexibility, and body composition. This course covers the mechanics of a variety of strokes, training methods, training principles, safety, with swim techniques that maximize fitness gains and minimize injuries.

PHED 1122  ADVANCED BASKETBALL (0-3) CREDIT 1
An advanced activity class with emphasis on learning the advanced skills and strategy of basketball through lectures, demonstration of skills, individual/group practice drills, and competition. Also included is training on strategic game play and conditioning for basketball.

PHED 1123  ADVANCED VOLLEYBALL (0-3) CREDIT 1
An advanced activity class with emphasis on learning the advanced skills and strategy of volleyball through lectures, demonstrations of skills, individual/group practices drills, and competition. Also included is training on strategic game play and conditioning for volleyball.
PHED 1125  LIFE GUARDING (0-3) CREDIT 1
Corequisites:
1. Swim 300 yards continuously, using these strokes in the following order:
   • 100 yards of front crawl using rhythmic breathing and a stabilizing, propellant kick
   • 100 yards of breaststroke using a pull, breathe, kick and glide sequence.
   • 100 yards of either the front crawl or breast stroke. The 100 yards may be a combination of crawl and breaststroke.
2. Starting in the water, swim 20 yards using front crawl or breaststroke, surface dive 7-10 feet, retrieve a 10 pound object, return to the surface, swim 20 yards back to the starting point with the object, and exit the water without using a ladder or steps, all within 1 minute, 40 seconds.
This course is designed to provide the student with the knowledge and skills needed to prevent and respond to aquatic emergencies. The course content and activities will prepare the student to recognize and respond quickly and effectively to emergencies and prevent drowning and injuries.

PHED 1124  DANCE PERFORMANCE (0-3) CREDIT 1
This is an advanced activity course geared towards those with advanced level of dance experience. Students will learn various advanced techniques and styles of dancing (Ballet, Hip Hop, Jazz, and Modern) in preparation for dance team performances throughout the semester. Students will focus on flexibility, conditioning, turns, jumps, and leaps. Students will also learn choreography, anatomical terms, dance theory, history, and vocabulary. Students must receive approval from the instructor to enroll in this class.

PHED 1166#  FIRST AID (0-3) CREDIT 1
Instruction in and practice of first aid techniques.

PHED 1308  SPORTS OFFICIATING I (3-0) CREDIT 3
This course is designed to provide the student with the knowledge and expertise necessary to officiate intramural, junior high, and high school volleyball and basketball. The classroom component of this course will involve a thorough study of the volleyball and basketball rule books along with the psychology of officiating. The oncourt component of this course will develop the proper mechanics of officiating volleyball and basketball. This class will require the student to participate in oncourt activity relating to both volleyball and basketball.

PHIL 1301#  INTRODUCTION TO PHILOSOPHY (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A general introduction to critical and reflective thinking as applied to the basic problems of existence and the meaning of human life and institutions.

PHIL 2306#  INTRODUCTION TO ETHICS (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Study of basic principles of the normal life with critical examination of traditional current theories of the nature of goodness, happiness, duty, and freedom.

PHIL 2321#  PHILOSOPHY OF RELIGION (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A critical examination of major religious ideas and experiences including the several theistic concepts of God as well as the concepts of evil, faith, miracles, and omnipotence as these have emerged in western civilization.
PHYS 1315#
PHYSICAL SCIENCE I (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Math.
A course in physical science for non-science majors. The course examines the nature of scientific inquiry and how science and technology affect our lives. Students will have the opportunity to practice critical thinking skills and decision-making as they examine issues in science. Topics from: physics, chemistry, geology, astronomy, meteorology and life processes.

PHYS 1401#
GENERAL COLLEGE PHYSICS (3-3) CREDIT 4
Prerequisite: A “C” or better in MATH 1332, Math 1314 or high school Algebra II.
This course is the first of a two-semester sequence which is a study of the basic laws and principles of physics and includes topics of mechanics, heat, vibrations, wave motion, and sound. Emphasis is on solutions to physics problems; a knowledge of algebra, geometry, and basic trigonometry is essential.

PHYS 1402#
GENERAL COLLEGE PHYSICS (3-3) CREDIT 4
Prerequisite: A “C” or better in MATH 1332, MATH 1314 or high school Algebra II. Recommended: PHYS 1401
This course is the second course in a two-semester sequence which is a study of the basic laws and principles of physics and includes the topics of electricity, magnetism, and light. Emphasis is on solutions to physics problems; a knowledge of algebra, geometry, and trigonometry is essential.

PHYS 2425#
MECHANICS, WAVE MOTION, AND HEAT FOR SCIENCE MAJORS (3-3)
CREDIT 4
Prerequisite: A “C” or better in MATH 2413 and registration in MATH 2414 and Texas Success Initiative complete in Reading and Math. Contact the instructor should you have any questions.
A study of the laws of motion including linear and projectile motion, circular motion, rotational motion, and gravity. The relationship of energy and matter are also discussed through the study of heat and wave motions including sound. This course is designed for students majoring in Physics, Chemistry, or Engineering.

PHYS 2426#
ELECTRICITY, MAGNETISM, AND LIGHT FOR SCIENCE MAJORS (3-3)
CREDIT 4
Prerequisite: A grade of C or better in MATH 2414 and a C or better in PHYS 2425
A study of electricity including laws governing static and dynamic charges. A study of simple electric circuits is also included. A study of the laws governing magnetism and the relationship with electrically charged particles. Properties of electromagnetic waves and light are also developed, including a study of properties of lenses. This course is designed for students majoring in physics, chemistry, or engineering.

POFI 1204
COMPUTER FUNDAMENTALS (1-2) CREDIT 2
Prerequisite: Familiarity with the PC. Note: No credit given if student has already taken COSC 1301 or BCIS 1305.
Computer applications specific to business-related software. Emphasizes the concurrent development of office skills and computer knowledge. This course is designed to be repeated multiple times to improve student proficiency.

POFI 1349
SPREADSHEETS (2-2) CREDIT 3
Prerequisite: A grade of C or better in BCIS 1305 or POFI 1204 or COSC 1301 or instructor approval
Skill development in concepts, procedures, and application of spreadsheets for business. This course is designed to be repeated multiple times to improve student proficiency.
POFI 2301  WORD PROCESSING (2-2) CREDIT 3  
Prerequisite: A grade of C or better in BCIS 1305 or Pofi 1204 or COSC 1301 or instructor approval  
Word processing software focusing on business applications. This course is designed to be repeated multiple times to improve student proficiency.

POFI 2331  DESKTOP PUBLISHING (2-2) CREDIT 3  
Prerequisite: A grade of C or better in POFI 2301 OR POFT 1328  
In-depth coverage of desktop publishing terminology, text editing, and use of design principles. Emphasis on layout techniques, graphics, multiple page displays, and business applications.

POFM 1300  MEDICAL CODING BASICS (3-0) CREDIT 3  
Prerequisite: A grade of C or better in HITT 1305  
Presentation and application of basic coding rules, principles, guidelines, and conventions utilizing various coding systems.

POFM 2310  INTERMEDIATE MEDICAL CODING (3-0) CREDIT 3  
Prerequisite: A grade of C or better in POFM 1300 or instructor approval  
Assignment and application of various coding guidelines with emphasis on physician billing and regulatory requirements. Includes code selection for Evaluation and Management (E/M) and Medical/Surgical cases.

POFT 1319  RECORDS & INFORMATION MANAGEMENT I (2-2) CREDIT 3  
Prerequisite: A grade of C or better in BCIS 1305 or POFI 1204 or COSC 1301 or instructor approval  
Introduction to basic records information management filing systems including manual and electronic filing.

POFT 1328  BUSINESS PRESENTATIONS (2-2) CREDIT 3  
Prerequisite: A grade of C or better in BCIS 1305 or POFI 1204 or COSC 1301 or instructor approval  
Skill development in planning and conducting business presentations including communication and media skills. This course is designed to be repeated multiple times to improve student proficiency.

POFT 2312  BUSINESS CORRESPONDENCE AND COMMUNICATION (2-2) CREDIT 3  
Prerequisite: A grade of C or better in ENGL 1301 or instructor approval  
Development of writing and presentation skills to produce effective business communications.

POFT 2321  MACHINE TRANSCRIPTION (2-2) CREDIT 3  
Prerequisite: A grade of C or better in BCIS 1305 or POFI 1204 or COSC 1301 or instructor approval  
Production of mailable documents using transcription techniques.

POFT 2331  ADMINISTRATIVE SYSTEMS (2-2) CREDIT 3  
Prerequisite: Curriculum Coordinator approval  
Advanced concepts of project management and office procedures integrating software applications.
PSYC 2301# GENERAL PSYCHOLOGY (3-0) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
A survey of the theories, concepts, and principles related to human behavior and mental processes. The course introduces the various areas of study and research included in the field of psychology.

PSYC 2314# HUMAN GROWTH AND DEVELOPMENT (3-0) CREDIT 3  
Prerequisite: A grade of C or better in PSYC 2301.  
Study of various aspects of human growth and development including physical, mental, and social development from conception through death.

PSYC 2315# PSYCHOLOGY OF PERSONAL ADJUSTMENT (3-0) CREDIT 3  
Prerequisite: A grade of C or better in PSYC 2301.  
Discussion of psychological adjustment and its background in personal-social relationships.

PSYC 2319# SOCIAL PSYCHOLOGY (3-0) CREDIT 3  
Prerequisite: A grade of C or better in PSYC 2301.  
The origin and development of personal behavior in interpersonal situations. A systematic introduction to theory and research on the ways that social factors influence individual and group behavior. This course examines major areas of research, key people in the field of social psychology, research methods, attitudes, social perception, conformity, leadership, group dynamics, and the establishment of norms, emphasizing their effects on behavior.

PTAC 1302 INTRO TO PROCESS TECHNOLOGY (3-1) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Math  
An introduction overview of the various processing industries. This is a survey of all process technology courses in the program. Topics include the roles, responsibilities, and work environment of a process technician; basic processes, equipment and systems; safety, environmental, and quality concepts.

PTAC 1308 SAFETY, HEALTH AND ENVIRONMENT I (3-1) CREDIT 3  
Prerequisite: Texas Success Initiative complete in Reading and Writing.  
An overview of safety, health, and environmental issues in the performance of all job tasks. Topics include components of a typical plant safety and environmental program; the role of a process technician in relation to safety, health, and environment; and safety, health, and environmental equipment uses.

PTAC 1354 INDUSTRIAL PROCESSES (3-1) CREDIT 3  
Prerequisite: A grade of C or better in PTAC 1410 and 1432  
The study of the common types of industrial processes.

PTAC 1410 PROCESS TECHNOLOGY I - EQUIPMENT (3-2) CREDIT 4  
Prerequisite: A grade of C or better in PTAC 1302 or Program Coordinator approval  
Introduction to the use of common process equipment. Topics include process equipment components, terminology to describe components of process equipment, basic functions of process equipment, and the scientific principles associated with process equipment.

PTAC 1432 PROCESS INSTRUMENTATION I (3-2) CREDIT 4  
Prerequisite: A grade of C or better in PTAC 1302 or Program Coordinator approval  
Study of the instruments and control systems used in the process industry including terminology, process variables, symbology, control loops, and basic troubleshooting.
PTAC 2314  **PRINCIPLES OF QUALITY (2-2) CREDIT 3**  
**Prerequisite:** Texas Success Initiative complete in Reading and Math  
Study of the background and application of quality concepts. Topics include team skills, quality tools, statistics, economics, and continuous improvement.

PTAC 2348  **SAFETY, HEALTH AND ENVIRONMENT II (3-0) CREDIT 3**  
Continued instruction in the application of concepts presented in Safety, Health, and Environment I. Emphasis on emergency response concepts. Topics include demonstration of appropriate response to emergency situations; recognition of hazardous situations for personnel, environment, and community; and application of team skills in response to emergency situations.

PTAC 2420  **PROCESS TECHNOLOGY II – SYSTEMS (3-3) CREDIT 4**  
**Prerequisite:** A grade of C or better in PTAC 1410 and 1432  
A study of the various process systems, including related scientific principles. Topics included the purpose, function and operation of common process systems, such as distillation, reaction systems, heat exchanger, cooling towers, and steam generation.

PTAC 2438  **PROCESS TECHNOLOGY III – OPERATIONS (3-3) CREDIT 4**  
**Prerequisite:** PTAC 2420  
This course emphasizes activities associated with the hands-on operation of process equipment. Students write and follow procedures and operate actual equipment.

PTAC 2446  **PROCESS TROUBLESHOOTING (3-3) CREDIT 4**  
**Prerequisite:** PTAC 2420  
Instruction in the different types of troubleshooting techniques, procedures, and methods used to solve process problems. Topics include application of data collection and analysis, cause-effect relationships, and reasoning.

PTHA 1160  **CLINICAL – PHYSICAL THERAPIST ASSISTANT (0-0-4) CREDIT 1**  
**Prerequisite:** Admission to the PTA Program  
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional for 4-8 hours a week for a total of 64 hours in the semester. This course provides the second semester Physical Therapist Assistant (PTA) student with initial exposure to a clinic setting and supervised application of previously learned techniques and skills in the rehabilitation of patients. The focus is on safe, legal, ethical, and effective use of physical therapy interventions. This course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the healthcare field. Supervision of the student at the beginning level is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the first of three Clinical Practice courses in the PTA Program.
PTHA 1201  THE PROFESSION OF PHYSICAL THERAPY (2-0-0) CREDIT 2
Prerequisite: Admission to the PTA Program
Introduction to the profession of physical therapy and the role of the physical therapist assistant. This course provides general information regarding the field of physical therapy (P.T.) to those persons who have been admitted into the program or who have an interest in the profession of P.T. The course focuses on the history and development of the profession, its relationship to the health care delivery system in the United States, the settings utilized in the delivery of therapy, and an exploration of the roles and functions of the workers in the field and their part on the healthcare team. The development of the professional organization (American Physical Therapy Association) and its purpose are presented as well as the general ethical, legal principles, and state laws relating to the delivery of physical therapy.

PTHA 1262  CLINICAL – PHYSICAL THERAPIST ASSISTANT (0-0-8) CREDIT 2
Prerequisite: Admission to the PTA Program
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional for approximately 20 hours a week for a total of 128 hours in the semester. This course provides the third semester Physical Therapist Assistant (PTA) student with supervised application of previously learned techniques and skills in the rehabilitation of patients. The focus is on safe, legal, ethical, and effective use of physical therapy interventions. This course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the healthcare field. Supervision of the student at the intermediate level is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the second of three Clinical Practice courses in the PTA Program.

PTHA 1305  BASIC PATIENT CARE SKILLS (2-4-0) CREDIT 3
Prerequisites: Admission to the PTA Program
This course covers the application of basic patient handling, functional skills, communication, and selected data collection techniques. It provides the future Physical Therapist Assistant (PTA) with an exposure to the duties that relate to the PTA scope of practice to include the principles and techniques of basic gait training with assistive devices, universal precautions, treatment preparation, client positioning, and clinic maintenance. The course also fosters the development of communication skills and interpersonal relationships with clients and colleagues in the health care field.

PTHA 1321  PATHOPHYSIOLOGY FOR THE PTA (3-0-0) CREDIT 3
Prerequisites: Admission to the PTA Program
The study of the pathophysiology of diseases/conditions commonly encountered in physical therapy. This course focuses on the etiology and characteristics of diseases of the body’s systems as they relate to physical therapy and includes a consideration of the general principles of tissue injury, inflammation, and healing.

PTHA 1413  FUNCTIONAL ANATOMY (3-3-0) CREDIT 4
Prerequisites: Admission to the PTA Program
This course introduces the student Physical Therapist Assistant to the relationship of the musculoskeletal and neuromuscular systems to normal and abnormal movement. It also discusses the relationship between physical laws and the biomechanical principles of joint motion as well as the concepts of normal posture and human locomotion contrasted with obvious posture and gait deviations.
PTHA 1431  PHYSICAL AGENTS  (2-6-0) CREDIT 4  
**Prerequisites:** Admission to the PTA Program  
The biophysical principles, physiological effects, intervention efficacy, and application of physical agents. It explores the use of thermal and athermal agents, mechanical traction, electrotherapy and electromagnetic modalities, as well as vasopneumatic compression. Students continue to use medical terms, charting skills, and role play to foster patient and family teaching as well as a deepening of self-awareness of communication skills and professionalism.

PTHA 2201  ESSENTIALS OF DATA COLLECTION  (1-4-0) CREDIT 2  
**Prerequisites:** Admission to the PTA Program  
The study of data collection techniques used to prepare the physical therapist assistant to assist in patient/client management. The student will perform data collection and measurement techniques specific to physical therapy and within the scope of practice of a physical therapist assistant. The student will utilize critical thinking skills to apply the data collected to decision making and problem solving related to patient management established by a physical therapist in the plan of care. Students continue to use medical terms, charting skills, and role play to foster patient and family teaching as well as communication skills and professionalism.

PTHA 2339  PROFESSIONAL ISSUES  (3-0-0) CREDIT 3  
**Prerequisites:** Admission to the PTA Program  
A capstone course which engages the student in the discussion of professional issues and behaviors related to clinical practice and which prepares the student for transition into the workforce. This course provides future physical therapist assistants with the principles of organization, management, supervision, productivity levels and performance evaluations. Other topics include: the legal and ethical aspects of physical therapist assistants’ occupation as described in the state board and national association regulations and standards; federal, state and private insurance regulation; professional liability insurance; job hunting skills; and the discussion of issues in the medical field as they impact physical therapy.

PTHA 2409  THERAPEUTIC EXERCISE  (2-6-0) CREDIT 4  
**Prerequisites:** Admission to the PTA Program  
An advanced course integrating previously learned and new skills/techniques and focusing on concepts, principles, and application of techniques related to therapeutic exercise and functional training. This course provides the student with a kinesiologically based approach to the clinical applications used in the treatment and rehabilitation of the client with musculoskeletal and related diagnoses. An additional focus is on safe, legal, ethical, and appropriate use of therapeutic exercise. Physiological and therapeutic effects as well as indications and contraindications of exercise will be included. This course fosters the development of communication skills, interpersonal relationships, and professionalism required for the health care field. It also requires a high level of critical thinking skills related to implementing and modifying physical therapy interventions.

PTHA 2435  REHABILITATION TECHNIQUES  (2-4-0) CREDIT 4  
**Prerequisites:** Admission to the PTA Program  
Advanced course integrating previously learned and new skills/techniques into the comprehensive rehabilitation of selected musculoskeletal, neuromuscular, cardiopulmonary, and integumentary disorders. Students continue to use medical terms, charting skills, and role play to foster patient and family teaching as well as communication skills and professionalism.
PTHA 2531 MANAGEMENT OF NEUROLOGICAL DISORDERS (3-6-0) CREDIT 5
Prerequisites: Admission to the PTA Program
Advanced course integrating previously learned and new skills/techniques into the comprehensive rehabilitation of selected neurological disorders. This course deals with the principles and clinical application of the functional activities and rehabilitation procedures relating to the management of therapy clients with neurological diagnoses. The course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the health care field. It requires a high level of critical thinking related to implementing and modifying physical therapy interventions.

PTHA 2663 CLINICAL – PHYSICAL THERAPIST ASSISTANT (0-0-30) CREDIT 6
Prerequisites: Admission to the PTA Program
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional for approximately 40 hours a week for a total of 480 hours in the semester. This course provides the fourth and final semester Physical Therapist Assistant (PTA) student with supervised application of previously learned techniques and skills in the rehabilitation of patients. The focus is on safe, legal, ethical, and effective use of physical therapy interventions. Supervision of the student at the entry level is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the second of three clinical practice courses in the PTA Program. This course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the healthcare field.

READ 0300 FOUNDATIONS OF ACADEMIC READING I (3-0) CREDIT 0
This course is designed to assist students who score 199 or less on the reading portion of the THEA exam or alternate placement exam. This course is designed to provide a fundamental understanding of skills in critical reading, comprehension, vocabulary, and rate. Emphasis is placed on building vocabulary, identifying and utilizing stated or implied main idea, increased reading rate, and developing college level study skills.

READ 0301 FOUNDATIONS OF ACADEMIC READING II (3-0) CREDIT 0
Prerequisite: A grade of SA or SB or SC in READ 0300 or scores between 200 and 229 on the THEA or equivalent on an approved alternate reading assessment.
This course is designed to provide enhanced understanding of skills in critical reading, comprehension, vocabulary and rate. Through direct instruction and extensive practice with higher order reading skills at the inferential and evaluative levels of comprehension, students will apply their knowledge of the reading process to functional and academic reading tasks. Reading skills addressed include enhancing functional and academic vocabulary, identifying main idea and supporting details, understanding relationships, identifying author's purpose and tone, and utilizing critical reasoning. Students will examine the organization of text structures and understand how structure assists in comprehension. Emphasis is given to vocabulary, comprehension, rate, and expression (verbal and written) using critical reasoning.
RNSG 1219 INTEGRATED NURSING SKILLS I (1-3-0) CREDIT 2
Prerequisite: Admission to the ADN Program.
Study of the concepts and principles necessary to perform basic nursing skills for care of diverse clients across the life span; demonstrate competence in the performance of nursing procedures. Content includes knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach.

RNSG 1260 CLINICAL I - REGISTERED NURSING/REGISTERED NURSE (0-0-10) CREDIT 2
Prerequisite: Admission to the ADN Program.
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 1423 is applied to clients throughout the life span in a variety of health care settings in this course. Basic critical thinking skills are utilized to implement the nursing process for clients receiving direct nursing care.

RNSG 1261 CLINICAL TRANSITION-REGISTERED NURSING/REGISTERED NURSE (0-0-6) CREDIT 2
Prerequisite: Admission to the ADN Program.
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 1327 is applied to clients throughout the life span in a variety of health care settings in this course.

RNSG 1327 TRANSITION FROM VOCATIONAL TO PROFESSIONAL NURSING (3-0-0) CREDIT 3
Prerequisite: Admission to the ADN Program.
Transition to the roles of the professional nurse and application of the nursing process to diverse clients of all ages, including the childbearing family. Content includes health promotion, expanded assessment, analysis of data, critical thinking skills, and systematic problem solving process, pharmacology, multidisciplinary teamwork, communication, and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework throughout the life span. This course lends itself to either a blocked or integrated approach. Communication and critical thinking skills are emphasized. Legal and ethical aspects of vocational and professional nursing practice are compared. Mental health concepts are utilized in providing direct nursing care to all clients. Learning experiences take place in a variety of health care settings.

RNSG 1423 INTRODUCTION TO PROFESSIONAL NURSING FOR INTEGRATED PROGRAMS (4-0-0) CREDIT 4
Prerequisite: Admission to the ADN Program.
Introduction to the profession of nursing including the roles of the professional nurse as provider of patient-centered care, patient safety advocate, member of health care team, and member of the profession with emphasis on health promotion and primary disease prevention across the life span; essential components of the nursing health assessment; identification of deviations from expected health patterns; the application of a systematic, problem-solving process to provide basic nursing care to diverse clients across the life span; and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach. Communication as the basis of the nurse-client relationship is stressed. Applying the nursing process and simple nursing diagnoses to diverse clients of all ages including the child-bearing family is introduced. Promotion of health and prevention of illness is related to the teaching role of the nurse; this includes principles of nutrition and safety. In addition, concepts of mental health interventions for all clients are integrated in the course.
RNSG 2461  CLINICAL II - REGISTERED NURSING/REGISTERED NURSE (0-0-12) CREDIT 4
Prerequisite: Admission to the ADN Program.
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 2504 is applied to clients throughout the life span in a variety of health care settings in this course.

RNSG 2462  CLINICAL III - REGISTERED NURSING/REGISTERED NURSE (0-0-12) CREDIT 4
Prerequisite: Admission to the ADN Program.
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 2514 is applied to clients throughout the life span in a variety of health care settings in this course.

RNSG 2463  CLINICAL IV - REGISTERED NURSING/REGISTERED NURSE (0-0-12) CREDIT 4
Prerequisite: Admission to the ADN Program.
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Content from RNSG 2535 is applied to clients throughout the life span in a variety of health care settings in this course.

RNSG 2504  INTEGRATED CARE OF THE PATIENT WITH COMMON HEALTH CARE NEEDS (5-0-0) CREDIT 5
Prerequisite: Admission to the ADN Program.
Application of a systematic problem-solving process, critical thinking skills, and concepts to provide nursing care to diverse patients and families across the life span with common health care needs including, but not limited to, common childhood/adolescent diseases, uncomplicated perinatal care, mental health concepts, perioperative care, frequently occurring adult health problems, and health problems and health issues relating to aging. Emphasis on secondary disease prevention and collaboration with members of the multidisciplinary health care team. Content includes roles of the professional nurse and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach. The role of the nurse as a teacher continues to be developed, student oral presentations are part of this course.

RNSG 2514  INTEGRATED CARE OF THE PATIENT WITH COMPLEX HEALTHCARE NEEDS (5-0-0) CREDIT 5
Prerequisite: Admission to the ADN Program.
Application of a systematic problem-solving process and critical thinking skills and concepts to provide comprehensive nursing care to diverse patients and families across the life span with complex health care needs including, but not limited to, complex childhood/adolescent diseases, complicated perinatal care, acute mental illness, complex perioperative care, serious adult health problems, and health issues related to aging. Emphasis on tertiary disease prevention, health maintenance/restoration and collaboration with members of the multidisciplinary health care team. Content includes the role of the professional nurse as client advocate and coordinator of care and applicable competencies in knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach. Students develop and implement client teaching plans during this course.
RNSG 2535  INTEGRATED PATIENT CARE MANAGEMENT (5-0-0) CREDIT 5  
Prerequisite: Admission to the ADN Program. 
Application of client assessment skills, critical thinking, and independent nursing interventions to care for diverse patients and families throughout the life span whose health care needs may be difficult to predict. Emphasis on collaborative clinical reasoning, nursing leadership skills, and patient management. Content includes the significance of professional development, trends in nursing and health care, and applicable knowledge, judgment, skills, and professional values within a legal/ethical framework. This course lends itself to an integrated approach. The roles of coordinator of care and client advocate are emphasized. Student oral presentations are part of this course.

RSPT 1141  RESPIRATORY HOME CARE/REHABILITATION (0-2) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
A study of home care/rehabilitation equipment, procedures, and patient education, emphasizes treatment of patients in a home care and alternative settings.

RSPT 1163  CLINICAL III - RESPIRATORY THERAPY/ThERAPIST (0-0-6) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

RSPT 1207  CARDIOPULMONARY ANATOMY AND PHYSIOLOGY (1-3) CREDIT 2  
Prerequisite: Admission into the Respiratory Care Program  
Anatomy and physiology of the cardiovascular and pulmonary systems. Students will prepare an abstract on a current topic related to the field of respiratory care using word processing, Internet research, and e-mail.

RSPT 1213  BASIC RESPIRATORY CARE PHARMACOLOGY (2-1) CREDIT 2  
Prerequisite: Admission into the Respiratory Care Program  
A study of basic pharmacological principles/practices of respiratory care drugs. Emphasis on classification, routes of administration, dosages/calculations, and physiological interaction.

RSPT 1272  CLINICAL BLOOD GASES (2-1) CREDIT 2  
Prerequisite: Admission into the Respiratory Care Program  
A study of the diagnosis and management of clinical oxygenation and acid-base disturbances.

RSPT 1335  CARDIOPULMONARY TESTING (2-4) CREDIT 3  
Prerequisite: Admission into the Respiratory Care Program  
A study of pulmonary testing functions and cardiac dysrhythmias interpretation.

RSPT 1429  RESPIRATORY CARE FUNDAMENTALS I (2-6) CREDIT 4  
Prerequisite: Admission into the Respiratory Care Program  
Introduction to respiratory care fundamentals. Calculations, with practice problems of cylinder contents, oxygen delivery, oxygen/air entrainment ratios, gas density, and the metric system will be included. The use of a microcomputer for application software is required.

RSPT 1431  RESPIRATORY CARE FUNDAMENTALS II (2-6) CREDIT 4  
Prerequisite: Admission into the Respiratory Care Program  
Continued development of knowledge and skills for respiratory care. The use of a microcomputer for application software is required.
RSPT 1460  CLINICAL I - RESPIRATORY THERAPY/THERAPIST I (0-0-14) CREDIT 4  
Prerequisite: Admission into the Respiratory Care Program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

RSPT 1461  CLINICAL II - RESPIRATORY THERAPY/THERAPIST II (0-0-14) CREDIT 4  
Prerequisite: Admission into the Respiratory Care Program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

RSPT 2133  RESPIRATORY CARE CASE MANAGEMENT (0-3) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
Investigation, organization, and presentation of case studies. An oral presentation and written research paper is required using word processing, Internet research, e-mail, and multimedia software.

RSPT 2135  PEDIATRIC ADVANCED LIFE SUPPORT (0-3) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
A comprehensive course designed to develop the skills for resuscitation of the infant and child. Includes strategies for preventing cardiopulmonary arrest and identification of high risk infants and children. May include certification.

RSPT 2139  ADVANCED CARDIAC LIFE SUPPORT (0-3) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
Advanced Cardiac Life Support (ACLS) with an emphasis on airway management. Designed to develop skills for resuscitation of the adult. Includes strategies for managing and stabilizing the cardiopulmonary arrested patient. May include certification.

RSPT 2147  SPECIALTIES IN RESPIRATORY CARE (0-3) CREDIT 1  
Prerequisite: Admission into the Respiratory Care Program  
Emerging and specialty practices in respiratory care. Oral presentations and written research papers are required using word processing, Internet research, e-mail, and multimedia software.

RSPT 2231  SIMULATIONS IN RESPIRATORY CARE (0-4) CREDIT 2  
Prerequisite: Admission into the Respiratory Care Program  
Theory of clinical simulation examinations. Includes construction types, scoring, and mechanics of taking the computerized simulation examination. Students will be required to pass both the entry-level self-assessment examination, and written registry and clinical simulation self-assessment examinations. The use of a microcomputer for application software is required.

RSPT 2261  CLINICAL V - RESPIRATORY THERAPY/THERAPIST V (0-0-12) CREDIT 2  
Prerequisite: Admission into the Respiratory Care Program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

RSPT 2310  CARDIOPULMONARY DISEASE (2-3) CREDIT 3  
Prerequisite: Admission into the Respiratory Care Program  
Etiology, pathogenesis, pathology, diagnosis, history, prognosis, manifestations, treatment, and detection of cardiopulmonary diseases. This course will emphasize the various obstructive lung diseases.
RSPT 2353  NEONATAL/PEDIATRIC CARDIOPULMONARY CARE (2-4) CREDIT 3
Prerequisite: Admission into the Respiratory Care Program
A study of neonatal/pediatric cardiopulmonary care. The use of a microcomputer for application software is required.

RSPT 2414  MECHANICAL VENTILATION (2-6) CREDIT 4
Prerequisite: Admission into the Respiratory Care Program
The study of mechanical ventilation with emphasis on ventilator classification, methods, principles, and operational characteristics. Includes indications, complications, and physiologic effects/principles of mechanical ventilation. Emphasizes initiation, management, and weaning of ventilatory support. The use of a microcomputer for application software is required.

RSPT 2425  CARDIOPULMONARY DIAGNOSTICS (2-6) CREDIT 4
Prerequisite: Admission into the Respiratory Care Program
A study of physical, radiological, hemodynamic, laboratory, nutritional, and cardiopulmonary diagnostic assessments. Course will emphasize restrictive lung diseases, neuromuscular, and cardiac diseases. The use of a microcomputer for application software is required.

RSPT 2460  CLINICAL IV - RESPIRATORY THERAPY/THERAPIST (0-0-12) CREDIT 4
Prerequisite: Admission into the Respiratory Care Program
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

SDEV 0301  STUDENT SUCCESS: ON COURSE (3-0) CREDIT 0
A study of the research and theory in the psychology of learning, cognition, and motivation; factors that impact learning; and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. EDUC 1300 (3 credits) may substitute for SDEV 0301.

SOCI 1301#  INTRODUCTION TO SOCIOLOGY (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
Traces the origin and growth of social groups and institutions and analyzes cultural development and change.

SPAN 1300#  CONVERSATIONAL SPANISH I (3-0) CREDIT 3
Develops the student’s ability to speak the language; stresses the use of idiomatic expressions; builds the vocabulary through extensive practice; stresses oral and grammatical proficiency through presentation and discussion of cultural, historical, and literary topics.

SPAN 1411#  ELEMENTARY SPANISH I (FOR BEGINNERS) (3-2) CREDIT 4
Prerequisite: Texas Success Initiative complete in Reading.
A comprehensive course covering the essentials of Spanish: pronunciation, basic vocabulary, common idioms, functional grammar, and cultural insights. Students will be expected to carry on short conversations in Spanish by the end of Spanish 1411.
SPAN 1412# ELEMENTARY SPANISH II (3-2) CREDIT 4
Prerequisite: SPAN 1411 or consent of instructor after departmental placement exam.
Elementary Spanish II continues the introduction of the grammatical structure in an attempt to give the student a basic understanding of and ability to use the language. Besides the emphasis on language skills, the course continues to provide an understanding of the civilization, culture, and customs of Spanish-speaking people.

SPAN 2311# INTERMEDIATE SPANISH I (3-0) CREDIT 3
Prerequisite: SPAN 1412 or consent of instructor after departmental placement exam.
Intermediate Spanish I furthers the knowledge of students' language skills through review of the fundamentals of Spanish structure and by emphasizing oral reading comprehension and self-expression in speaking and writing. The course also expands students' understanding of the civilization, culture, and customs of Spanish-speaking people.

SPAN 2312# INTERMEDIATE SPANISH II (3-0) CREDIT 3
Prerequisite: SPAN 2311 or consent of instructor after departmental placement exam.
Intermediate Spanish II, a continuation of Intermediate Spanish I, emphasizes the fundamentals of Spanish structure in written and oral communication. Readings give students a panoramic view of the literature and culture of Spanish-speaking people.

SPCH 1315# FUNDAMENTALS OF PUBLIC SPEAKING (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A background course for speech performance designed to develop poise, confidence, and ability in various communication situations. Emphasis on organizing, supporting, and presenting ideas in public settings. Student participation & presentations may be videotaped for educational purposes.

SPCH 1318# INTERPERSONAL COMMUNICATION (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A nonperformance course that deals with theory and practice of communications in life situations. Study of self-concept, perception, emotions, nonverbal communication, interpersonal relationships and conflict. Student participation & presentations may be videotaped for educational purposes.

SPCH 1321# BUSINESS AND PROFESSIONAL SPEAKING (3-0) CREDIT 3
Prerequisite: Texas Success Initiative complete in Reading and Writing.
A study of the types of speech most frequently used by business and professional people. Included in the course are informative, persuasive, and good-will speeches as well as interviews and group presentations. Practice is also given in impromptu speaking and in recording speeches for personal analysis. Student participation & presentations may be videotaped for educational purposes.

VNSG 1116 NUTRITION (1-0-0) CREDIT 1
Prerequisite: Admission to the Vocational Nursing Program
Introduction to nutrients and the role of diet therapy in growth and development and in the maintenance of health.
VNSG 1119  LEADERSHIP AND PROFESSIONAL DEVELOPMENT (1-0-0) CREDIT 1  
Prerequisite: Admission to the Vocational Nursing Program  
Study of the importance of professional growth. Topics include the role of the licensed vocational nurse in the multi-disciplinary health care team, professional organizations, and continuing education. Includes basic principles of leadership and management, purposes and function of community/expanded care agencies, and availability/accessibility of career mobility.

VNSG 1138  MENTAL ILLNESS (1-0-0) CREDIT 1  
Prerequisite: Admission to the Vocational Nursing Program  
Study of human behavior with emphasis on emotional and mental abnormalities and modes of treatment incorporating the nursing process.

VNSG 1227  ESSENTIALS OF MEDICATION ADMINISTRATION (1-2-0) CREDIT 2  
Prerequisite: Admission to the Vocational Nursing Program  
General principles of medication administration including determination of dosage, preparation, safe administration, and documentation of multiple forms of drugs. Instruction includes various systems of measurement.

VNSG 1231  PHARMACOLOGY (2-1-0) CREDIT 2  
Prerequisite: Admission to the Vocational Nursing Program  
Fundamentals of medications and their diagnostic, therapeutic, and curative effects. Includes nursing interventions utilizing the nursing process.

VNSG 1304  FOUNDATIONS OF NURSING (3-0-0) CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
Introduction to the nursing profession including history, standards of practice, legal and ethical issues, and the role of the vocational nurse. Topics include mental health, therapeutic communication, cultural and spiritual diversity, nursing process, holistic awareness, and growth and development principles across the life span.

VNSG 1330  MATERNAL-NEONATAL NURSING (3-0-0) CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
Utilization of the nursing process in the assessment and management of the child-bearing family. Emphasis on the bio-psycho-socio-cultural needs of the family during the phases of pregnancy, childbirth, and the neonatal period including abnormal conditions.

VNSG 1332  MEDICAL-SURGICAL NURSING II (3-0-0) CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
Continuation of Medical-Surgical Nursing I with application of the nursing process to the care of adult patients experiencing medical-surgical conditions along the health-illness continuum in a variety of health care settings.

VNSG 1334  PEDIATRICS (3-0-0) CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
Study of childhood diseases and childcare from infancy through adolescence. Focus on the care of the well and the ill child utilizing the nursing process.
VNSG 1360  CLINICAL -LICENSED PRACTICAL/LICENSED VOCATIONAL NURSE (0-0-12)  CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. The student Vocational Nurse will rotate for clinical experience to regional health care facilities, i.e.: acute care, long term care, child and adult care, and home care. Clinical activities enhance acclamation into the role of team member. Learners are provided opportunities to participate in clinical conferences.

VNSG 1420  ANATOMY AND PHYSIOLOGY FOR ALLIED HEALTH (4-1-0) CREDIT 4  
Prerequisite: Admission to the Vocational Nursing Program  
Introduction to the normal structure and function of the body including an understanding of the relationship of body systems in maintaining homeostasis.

VNSG 1423  BASIC NURSING SKILLS (2-6-0) CREDIT 4  
Prerequisite: Admission to the Vocational Nursing Program  
Mastery of entry level nursing skills and competencies for a variety of health care settings. Utilization of the nursing process as the foundation for all nursing interventions.

VNSG 1429  MEDICAL-SURGICAL NURSING I (4-1-0) CREDIT 4  
Prerequisite: Admission to the Vocational Nursing Program  
Application of the nursing process to the care of the adult patient experiencing medical-surgical conditions along the health-illness continuum in a variety of health care settings.

VNSG 2331  ADVANCED NURSING SKILLS (2-4-0) CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
Mastery of advanced level nursing skills and competencies in a variety of health care settings utilizing the nursing process as a problem-solving tool.

VNSG 2360  CLINICAL -LICENSED PRACTICAL/LICENSED VOCATIONAL NURSE (0-0-15)  CREDIT 3  
Prerequisite: Admission to the Vocational Nursing Program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. The student Vocational Nurse will rotate for clinical experience to regional health care facilities. The student will be assigned clinical experience for attaining medication administration proficiency. Experiences shall include health promotion and preventive aspects; nursing care of persons with acute, chronic and aging illnesses and care of obstetric and pediatric patients; and opportunity to gain experience in use of therapeutic communication techniques. Students shall participate in instructor-supervised patient teaching. Students are provided opportunities to participate in clinical conferences.
VNSG 2463  CLINICAL -LICENSED PRACTICAL/LICENSED VOCATIONAL NURSE (0-0-20)  CREDIT 4  
Prerequisite: Admission to the Vocational Nursing Program  
A health-related, work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. The student Vocational Nurse will rotate for clinical experience to regional health care facilities. The student will be assigned clinical experience for attaining leadership management proficiency. Experiences shall include the administration of medications; health promotion and preventive aspects; nursing care of patients with acute, chronic or aging illnesses; rehabilitative care. Learner shall participate in instructor-supervised patient teaching. Learner will be provided opportunities to participate in clinical conferences.

WLDG 1417  INTRODUCTION TO LAYOUT AND FABRICATION (2-4) CREDIT 4  
Prerequisite/Corequisite: WLDG 1421  
A fundamental course in layout and fabrication related to the welding industry. Major emphasis on structural shapes and use in construction.

WLDG 1421  WELDING FUNDAMENTALS (2-4) CREDIT 4  
An introduction to the fundamentals of equipment used in oxy-fuel and arc welding, including welding and cutting safety, basic oxy-fuel welding and cutting, basic arc welding processes, and basic metallurgy.

WLDG 1430  INTRODUCTION TO GAS METAL ARC WELDING (2-4) CREDIT 4  
*Instructor recommends completion or co-enrollment in WLDG 1421  
Principles of gas metal arc welding, setup and use of GMAW equipment, and safe use of tools/equipment. Instruction in various joint designs.

WLDG 1434  INTRODUCTION TO GAS TUNGSTEN ARC WELDING (2-4) CREDIT 4  
*Instructor recommends completion or co-enrollment in WLDG 1421  
Principles of gas tungsten arc welding (GTAW), including setup, GTAW equipment. Instruction in various positions, and joint designs.

WLDG 2406  INTERMEDIATE PIPE WELDING (2-4) CREDIT 4  
*Instructor recommends completion of WLDG 2443  
A comprehensive course on the welding of pipe using the shield metal arc welding (SMAW) process. Welding will be done using various positions. Topics covered include electrode selection, equipment setup, and safe shop practices.

WLDG 2435  ADVANCED LAYOUT AND FABRICATION (2-4) CREDIT 4  
*Instructor recommends completion of WLDG 1417  
An advanced course in layout and fabrication. Includes production and fabrication of layout, tools, and processes. Emphasis on application of fabrication and layout skills.

WLDG 2443  ADVANCED SHIELDED METAL ARC WELDING (2-4) CREDIT 4  
Pre/Corequisite: WLDG 1421  
Advanced topics based on accepted welding codes. Training provided with various electrodes in shielded metal arc welding processes with open V-groove joints in all positions.

WLDG 2451  ADVANCED GAS TUNGSTEN ARC WELDING (2-4) CREDIT 4  
Pre/Corequisite: WLDG 1434  
Advanced topics in GTAW, including welding in various positions and directions.

WLDG 2452  ADVANCED FLUX CORED ARC WELDING (2-4) CREDIT 4  
*Instructor recommends completion of WLDG 1430  
Advanced concepts of flux cored arc welding of structural and fabricated steel products. Skill development in multi-pass fillet and V-groove welding.
