FAQS

Listed are common frequently asked questions.

After registering, when do I have to pay?

Students must make payment arrangements by noon on the registration/payment deadline listed in the CTE-CE schedule to remain enrolled. If students do not coordinate full payment by the deadline, they will be dropped from the class. Registration is not complete until your classes have been paid in full or you have initiated a payment plan. Financial aid and scholarships do not cover 100% of tuition. If you have received a financial aid or scholarship award notification, it will not be applied to your account until you have contacted our office AND paid any remaining balance.

What is your cancellation policy?

Victoria College reserves the right to cancel classes and change class times or instructors as needed without notice.

In the event of inclement weather, class may be cancelled.

Students will be notified of cancellations via the phone number listed on their Pirate Portal account and/or their VC email address.

What is the Refund Policy?

No refunds will be given after the course start date.

A 100% refund is given if a withdrawal request is received before the class begins, or if the class is cancelled by the College. No refund is issued after the class begins. Law Enforcement Academy students will receive an 80% refund if the withdrawal is completed during the first five calendar days following the first class meeting.

Direct deposit refunds are made to students who have designated a checking or savings account through their student portal. If no direct deposit profile has been established, a check is mailed to the student's mailing address of record on file with the registrar.

What special accommodations are available?

Any participants with disabilities who need special accommodations should call to request those accommodations as soon as possible, but no later than one week prior to the beginning of class. For more information, please call (361) 572-6405.

Is tobacco allowed at your training locations?

Tobacco use and the use of smokeless devices like electronic cigarettes is prohibited in all College facilities, grounds, and parking lots.

Thank you, VC Foundation, for your
continued support and generosity
on behalf of our students!

TUITION ASSISTANCE

Career & Technical Education-Continuing Education

It's recommended that you apply for Financial Aid at least 4 weeks before the course start date.

FINANCIAL AID

STEP 1

Complete the Free Application for Financial Student Aid (FAFSA) at www.FAFSA.gov.

STEP 2

- Complete the CE Student Information Sheet located in the Pirate Portal > Financial Aid Dashboard > General Links.

STEP 3

Call the Financial Aid Office at (361) 572-6415 to ensure completion of your FAFSA application.

SCHOLARSHIPS

STEP 1

Complete the Continuing Education Scholarship Application at VictoriaCollege.edu/CTECE.

STEP 2

Include your FAFSA confirmation number in your scholarship essay.

STEP 3

If you are updating a previously submitted scholarship application, call the Career & Technical Education-Continuing Education Office at (361) 582-2528.

BUSINESS & TECHNOLOGY

The schedule is subject to change including cancellation/postponement of classes. Visit VictoriaCollege.edu/CTECE for current information.

Fiber Optics Technician - \$1,100

CSIR 1052

Prerequisite: Basic working knowledge of computers, the ability to see and identify small items, and the ability to speak the English language.

This introductory fiber optics technician course, which is offered in partnership with BDI DataLynk, is designed for anyone interested in becoming a Certified Fiber Optic Technician. The course combines theory and 85% hands-on activities to prepare the student to take the CFOT (Certified Fiber Optic Technician) exam that is sanctioned by the FOA (Fiber Optics Association). Students will learn how to identify fiber types; recognize various connectors used in fiber installation; and install, terminate, splice, and properly test installed fiber cable to existing standards. Certification exams will be administered and graded during the class. Students must pass both the written and hands-on exams to successfully pass this course. All course materials, certification exam costs, and 1-year membership to the FOA are included. 20 contact hours

VICTORIA-CRN: 41033

Registration & Payment Deadline: Sept. 8 at Noon

Sept. 15-17 • CRN: 41033 • Term: CE First Quarter 2025-2026

Mon.-Tues. • 8 a.m.-5 p.m.

Wed. • 8 a.m.-Noon

VC Emerging Technology Complex

Conference and Education Center, Room 306

Fiber Optics Specialist - \$2,000

CSIR 1091

Corequisite: Registration in Fiber Optic Technician (CSIR 1052); the ability to see, manipulate, and hold small tools and test equipment; and ability to read and speak the English language.

This comprehensive fiber optics course, which is offered in partnership with BDI DataLynk, explains the variety of testing standards, equipment, and technological approaches used in fiber network testing and splicing and how to choose among them. This course combines theory and 85% hands-on activities to prepare the student to take two certification exams, including the CFOS/T (Certified Fiber Optics Testing & Maintenance Specialist), and CFOS/S (Certified Fiber Optic Specialist in Splicing) tests that are sanctioned by the FOA (Fiber Optics Association). Students will explore the overall spectrum of testing and maintenance of singlemode fiber optics networks, see demonstrations of various pieces of equipment used in testing and maintenance, and learn fusion and mechanical splicing of either single or multimode fiber optic cables. Certification exams will be administered and graded during the class. Students must pass both the written and hands-on exams to successfully pass this course. All course materials, certification exam costs, and 1-year membership to the FOA are included. 20 contact hours

VICTORIA-CRN: 41034

Registration & Payment Deadline: Sept. 8 at Noon

Sept. 17-19 • CRN: 41034 • Term: CE First Quarter 2025-2026

Wed. • 1-5 p.m.

Thurs.-Fri. • 8 a.m.-5 p.m.

BUSINESS & TECHNOLOGY

The schedule is subject to change including cancellation/postponement of classes. Visit VictoriaCollege.edu/CTECE for current information.

Microsoft Excel Level 2 - \$95

ITSW 1022

Prerequisite: Successful completion of Microsoft Excel Level 1.

This course builds on the basic concepts learned in our Level 1 course to provide more advanced tools for analysis and presentation of complex, realistic data in Microsoft Excel: how to manage complex workbooks, build more complex functions, use data analysis tools, make an impact with powerful chart and presentation features, and collaborate with other users. All course materials included. Provided textbook: Excel 2021/365 Level 2. 8 contact hours

VICTORIA-CRN: 41041

Registration & Payment Deadline: Nov. 3 at Noon

Nov. 18-20 • CRN: 41041 • Term: CE First Quarter 2025-2026

Tues. & Thurs. • 1-5 p.m.

VC Emerging Technology Complex
Conference and Education Center, Room 305

Microsoft Word Basics - \$45

POFI CE01

Learn to use the most widely used and recognized word processing software from Microsoft Office. Students will receive an overview of the production of documents, tables, and graphics. Course topics will include word processing terminology and concepts; editing functions; formatting options; special text options; and tables/graphics. All course materials included. Provided reference: Word 2021/365 ShortTrack Training Card. 4 contact hours

VICTORIA-CRN: 41039

Registration & Payment Deadline: Sept. 2 at Noon

Sept. 16 • CRN: 41039 • Term: CE First Quarter 2025-2026

Tues. • 1-5 p.m.

VC Emerging Technology Complex
Conference and Education Center, Room 307

Technical Writing - \$135

ETWR 1005

Learn how to transform confusing reports into polished, easy-to-understand documents that truly communicate your message. This practical course will guide you through identifying and correcting common writing issues, with a focus on improving document layout, word choice, and overall structure. You'll gain the skills and confidence to write with clarity and purpose—no matter who your audience is. Ample time will be provided for practice and feedback, so you can immediately apply what you've learned. 8 contact hours

VICTORIA-CRN: 41038

Registration & Payment Deadline: Oct. 3 Sept. 29 at Noon

INDUSTRIAL TRADES

The schedule is subject to change including cancellation/postponement of classes. Visit VictoriaCollege.edu/CTECE for current information.

National Center for Construction Education & Research (NCCER)

National Center for Construction Education & Research (NCCER) offers training, assessment, certification, and career development for construction and maintenance craft professionals.

NCCER's industry-recognized credentials provide students and craft professionals with national portability of skills. Victoria College partners with IMSEF, the Industrial Merit Shop Education Foundation, an NCCER Accredited Training Sponsor, NCCER Accredited Assessment Center, and NCCER Authorized Assessment Site, to provide NCCER certification to all students who successfully complete our Core Curriculum, Carpentry, Electrical, HVAC, Millwright, Pipefitting, Plumbing, Power Line Worker, Scaffolding, or Welding training.

Available Options

If you like working with your hands, are mechanically inclined, and enjoy designing and building things, consider a career in industrial trades.

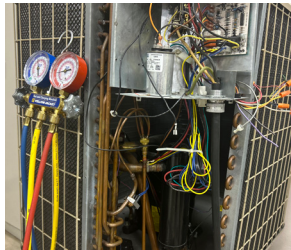

Carpentry⁺

*(Class will not be held Nov. 24-28.)

Industrial Electrician Certified Performance

Verification - \$400

ELPT CE01

Prerequisite: Successful completion of Knowledge Verification for Industrial Electrician through the Industrial Merit Shop Education Foundation (IMSEF)

To take the written exam for Industrial Electrician Knowledge Verification, contact Shelley Callaway, Director of Education for IMSEF, at (361) 485-6839 or Shelley.Callaway@VictoriaCollege.edu.

Formerly known as the "Certified Plus" credential, the "Certified" credential establishes that an individual has reached the journey-level minimum competency for knowledge and performance. Successful certification requires you to pass the Knowledge Verified and Performance Verification assessments which results in you receiving wallet cards, a transcript, and a certificate.

Industrial Electrician Certified Performance Verifications will be scheduled on an as needed basis. Please contact (361) 582-2528 for scheduling options.

This course is offered at the VC Emerging Technology Complex, Industrial Training Center, Room 121. Course length will depend on experience level, with a maximum of 4 hours allowable.

Visible Emissions Training

Victoria College hosts Visible Emissions Observation Evaluation Training which includes Methods 9, 22, 203A, 203B, and 203C in the spring and fall.

Initial certifications and recertifications available.

Contact Nicole Uresti at (361) 582-2590 for details, including costs and upcoming dates.

OWN A SMALL BUSINESS?

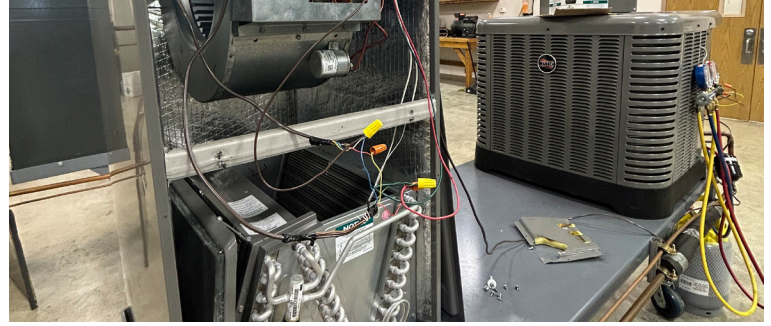

You could get free training for your employees!

Through the Texas Workforce Commission's Skills for Small Business Program, small businesses (under 100 employees) can apply for funding to cover employee training at Victoria College. Whether you're training new hires or upskilling current staff, this program can help.

For details, contact Nicole Uresti at (361) 582-2590 or Nicole.Uresti@VictoriaCollege.edu.

INDUSTRIAL TRADES

The schedule is subject to change including cancellation/postponement of classes. Visit VictoriaCollege.edu/CTECE for current information.

HEATING, VENTILATION, & AIR CONDITIONING **NCCER**

Heating, Ventilation, & Air Conditioning (HVAC) Level 1-\$1,000

HART 1038

Prerequisite: Successful completion of NCCER Core Curriculum:
Introductory Craft Skills (see page 15)

This introductory course covers heating, ventilation, and air conditioning (HVAC) principles. Topics include introduction to cooling and heating; basic electricity; air distributing systems; copper and plastic piping practices; soldering and brazing; trade mathematics; ferrous metal piping practices. All course materials, including textbook, provided. 108 contact hours.

Truck Driving – Class A & Class B CDL Training (Texas Specific)

Page 11

Prerequisites:

- Valid Texas Class C Driver License
- Valid Texas Commercial Learner Permit (CLP) for the appropriate class (A or B) with no outstanding unpaid citations
- Medical Examiner's Certificate and Medical Report
- Ability to pass a DOT physical, drug, and alcohol assessment (coordinated by VC)

Overview:

This course provides comprehensive training for individuals seeking a State of Texas Commercial Driver License (CDL) in either Class A or Class B. The course includes preparation for mastery of the CDL examination, general truck driving skills with hands-on components, and instruction coordinated with the Department of Transportation.

• Class A CDL Training

(***NEW - launching Night/Weekend classes in July 2025**)

- 200 contact hours
- Tuition: \$4,750
- Prepares students to operate tractor-trailer combinations, with an emphasis on safe operation, vehicle inspection, and maneuvering in a variety of traffic situations and environments

• Class B CDL Training (**NEW – launching in October 2025**)

- 100 contact hours
- Tuition: \$2,800
- Focuses on the operation of single vehicles with a gross vehicle weight rating (GVWR) of 26,001 pounds or more, such as dump trucks and box trucks. Instruction covers essential safety practices, driving techniques, and regulatory compliance specific to Class B vehicles

The Truck Driving course prepares students for entry-level employment in the commercial driving industry. At the conclusion of the course, students will be able to demonstrate the safe operation of a commercial vehicle, perform required driving maneuvers, and comply with legal regulations. After earning ELDT certification, students will take the Commercial Driver License driving examination at the Department of Public Safety as a post-course requirement.

View the Truck Driving requirements, upcoming dates, registration information, FAQ's, and useful links at www.VictoriaCollege.edu/TruckDriving.

Online registration is unavailable for these classes. Contact the applicable individual below to complete the course requirements.

Basic Motorcycle Safety - \$250

(includes cost of MSF ePackage 1 eCourse)

MBRC CE01

The Motorcycle Basic RiderCourse is designed for both the beginner rider and the experienced rider to sharpen existing skills and learn new ones. Special emphasis is placed on mastering full control of the motorcycle. The course also covers advanced physical and mental skills needed to ride the motorcycle safely, and defensive street riding strategies. Upon successful completion of the course, students are issued an MSB-8 certificate which should satisfy the Texas Department of Public Safety's written and driving exams for those 18 and over. Students less than 18 years of age will still need to take the TX DPS driving exam. Motorcycle is provided. Prior to class, students are required to complete the MSF online ePackage 1 eCourse. Cost of the eCourse is included in tuition. Classes fill quickly; early registration is encouraged. 12 contact hours.

Summer/Fall Course Dates:

June 14-15	Class is full.	Sept. 6-7
June 21-22	Class is full.	Sept. 13-14
July 5-6		Sept. 20-21
July 12-13		Oct. 4-5
July 19-20		Oct. 18-19
Aug. 2-3		Oct. 25-26
Aug. 16-17		Nov. 1-2
Aug. 23-24		

Class times

This course takes a full weekend to complete. Class meets Saturday 7:30 a.m.-1:30 p.m. and Sunday 7:30 a.m.-1:30 p.m.

Location

This class is held at the VC Emerging Technology Complex, Industrial Training Center, Room 221 which is adjacent to the motorcycle riding range.

Online registration is unavailable for this course. Registration information can be found on our website at: www.VictoriaCollege.edu/MotorcycleSafety.

Motorcycle Safety

"Coach was very informative. I learned way more than expected in this course and believe it will greatly improve my ability to ride in a variety of situations. It opened my awareness and ability to analyze my driving behaviors."

LEGO ENGINEERING

presented by Fastforward Kids

\$98 per camp (4 days)

June 23-26, 2025

Victoria College

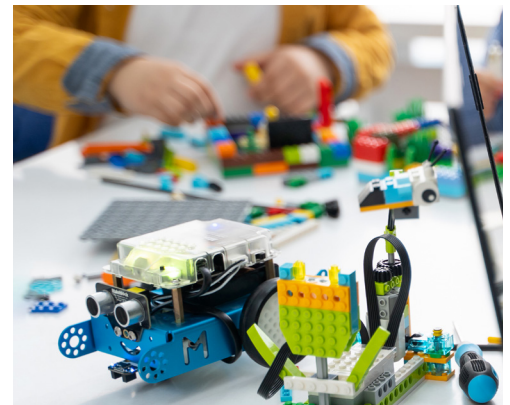

**Emerging Technology Complex, Room
306**

Camp 1: 9-11 a.m. • Ages 6-7

Camp 2: 11:30 a.m.-1:30 p.m. • Ages 8-12

Camp 3: 2-4 p.m. • Ages 8-12

Young builders will experience a creative, engineering environment and will have opportunities for hands-on construction with Lego kits not found in stores. Under the guidance of a Texas certified educator along with detailed technical plans to follow, students will build robots, traffic lights, race cars, four-by-four trucks, cranes, pulleys, levers, and more during this energized week of discovery with Legos! Motivated by fun, creativity, and success, builders will expand their knowledge of math, science, and STEM technology in an exploratory hands-on cooperative environment.
